**AGENDA**

**I. APPROVAL OF MINUTES**

Meeting of September 21, 2004

**II. PUBLIC HEARINGS**

1) Petition of **Lawrence and Ruth Gray, owners**, for property located at **80 Curriers Cove** wherein a Variance from Article III, Section 10-301(7)(a) is requested for retroactive approvals for the following where the minimum setback from salt water marsh wetlands / mean high water line is 100'. Item 1) Approval is sought for an existing second story deck with dimensions of 10' x 14' which differs from the plan submitted to the Board showing the second floor deck having dimensions of 8' x 14'. The second floor deck constructed by the Applicant's contractor has a curved front which results in the deck being 10' x 14', the maximum extent of the "bump out". The plan submitted shows this Item as being 74' from salt water marsh wetlands / mean high water line. Item 3) In June 2002 a building permit was issued to convert a screened porch and deck to living space. The screen porch converted to living space had a cropped corner to accommodate an existing tree. Subsequently the tree was removed and the cropped corner was extended and enclosed. The Application seeks approval for the enclosure of the corner. The plan submitted shows this Item as being 81' from salt water marsh wetlands / mean high water line. Item 4) In 2003 the Applicant received approvals to construct an 8' x 14' deck with a 4' x 4' platform and steps to the ground. Due to the geographical features on the ground, the steps and platform were configured in a manner different from plans submitted. The Applicant seeks approval of the platform and steps as they are presently configured in this Application. The plan submitted shows this Item as being 67' from salt water marsh wetlands / mean high water line. Item 5) During the renovation of the Applicants home, a new bow window was installed in the kitchen. The bow window makes no contact with the ground. The Applicants seek approval of this bow window. The plan submitted shows this Item as being 60' from salt water marsh wetlands / mean high water line. Said property is shown on Assessor Plan 204 as Lot 14 and lies within the Single Residence B district. Case # 9-2
