## Little Harbor School

Other from Q10:

Lincoln/Miller intersection safety

walks with friend or adult already

overall we feel safe in Portsmouth

my child doesn't want to ride a bike to school

just paranoid

crazy people

I just think they are too young to walk a mile on main roads by self

it's good for all of us to walk or bike

child's comfort level with walking w/out adult

Lincoln/Miller unsafe to cross!

younger sibling needs to get to pre-school

dangerous intersection

crossing guard shouldn't be in car until kids arrive (be proactive)

violence - I don't believe this could be controlled unless there

were more adults around to watch the kids at different areas

younger child at home

ability of child to make smart educated choices

This is where I believe they are most vulnerable but the only way to improve

their safety is through educating them to make safe choices

I don't think it is ok to walk alone
