

Maplehaven Preconstruction Meeting

There will be a pre-construction meeting for the Maplehaven Storm Drainage Project at 6:30 PM on Thursday June 30th, 2011 at the new fire station on Lafayette Road. Residents are requested to walk over if possible due to parking constraints. Residents will be able to meet the Contractor's representatives and the City's project Manager and will learn of the tentative construction schedule. This is part of a City funded project to eliminate urban flooding in the neighborhood. Once all of the drainage is installed, the City will be resurfacing the streets. Any questions can be asked of David Desfosses, project Manager at 603-766-1411.
