

CITY OF PORTSMOUTH

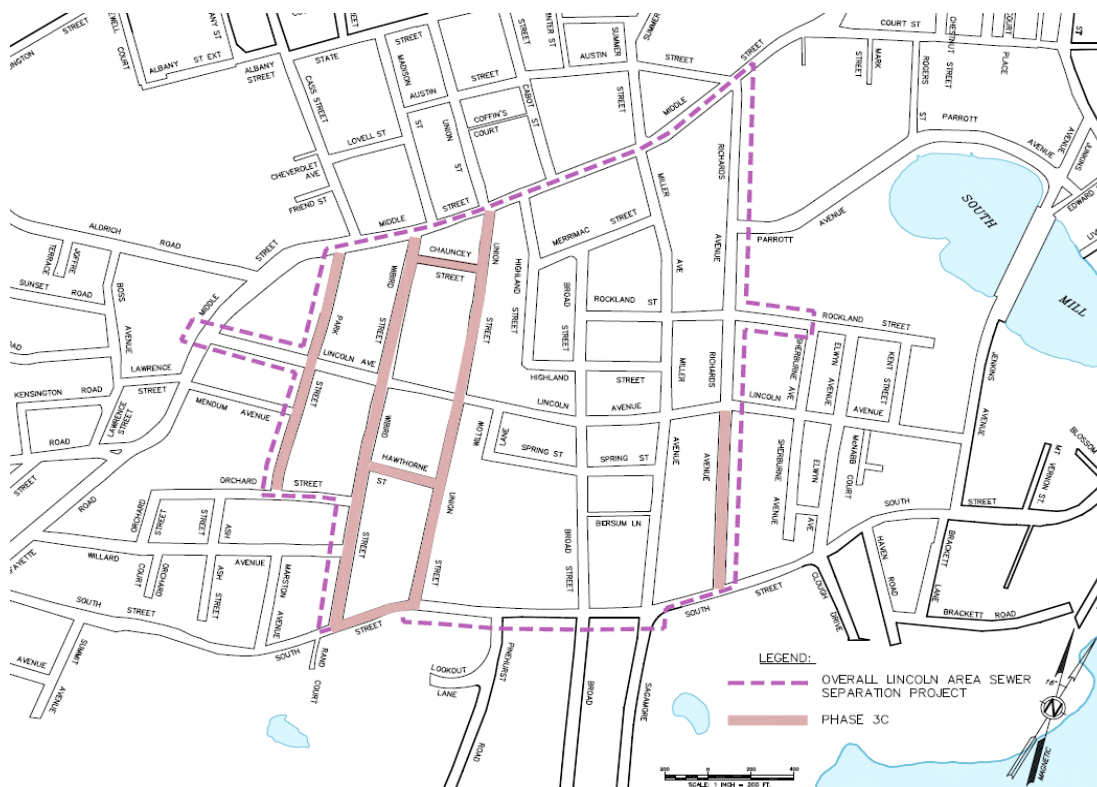

# Pre-Construction Meeting on Lincoln Area Contract 3C Sewer Separation Project

**PORTSMOUTH**—The City has scheduled a public information session on Thursday, August 8, 2013 to discuss the start of construction for the Lincoln Avenue Area “Contract 3C” sewer separation project to upgrade water, sewer and drain lines. The meeting will begin at 6:30 p.m. in the Portsmouth Public Library Levenson Room. The project work area involves portions of Richards Avenue (from Lincoln Ave to South St), Union Street (from Middle St to South St); Wibird Street (from Middle St to South St); Chauncey Street; Hawthorne Street; South Street (from Wibird St to Union St); and Park Street (from Middle St to Orchard St).

The meeting will provide an overview of the project scope, present a preliminary schedule, and provide residents the ability to meet the contractor performing this work. It will also allow the opportunity to ask questions about the project and learn how construction may impact the area.

This project is part of the City’s ongoing sewer separation program and is required by the Environmental Protection Agency as part of a Consent Decree. Work is anticipated to start in the middle of August 2013, and expected to take one and a half years to complete. The City realizes the project will be disruptive and appreciates residents’ patience during construction.

Additional information is available on the City website ([www.portsmouthwastewater.com](http://www.portsmouthwastewater.com)) for your convenience.
