

PRECONSTRUCTION MEETING NOTICE

The City of Portsmouth will be holding a preconstruction meeting for the Sheafe and Chapel Streets reconstruction project. The meeting will be held on:

Wednesday, May 27, 2015

At

6:30 p.m.

Portsmouth City Hall

In

Conference Room A

The construction project will take place this summer. The project will replace all of the existing utilities under the street, and then reconstruct the roadway pavement and sidewalks. Plans can be seen on the City's website at <http://cityofportsmouth.com/finance/bids/68-15ConstDrawings.pdf>

At this meeting, the project's scope, schedule and sequence of construction will be presented. The City's staff, their consulting engineer (Underwood Engineering) and the contractor (Lyman & Sons) will be on hand to answer any questions you may have.

The construction will be starting in June. During construction, street access will be restricted to foot traffic with no parking on the street. Very limited access to driveways and parking lots should also be expected during working hours which are from 7AM-6PM from Monday through Thursday and 7AM-2PM on Fridays.

The meeting will be an opportunity to ask questions about the project and you are urged to attend. If you have any questions prior to the meeting or if you are unable to attend the meeting, please contact Dave Desfosses, Public Works Department at 766-1411.
