**Subject:** Petition for 322 Islington Street

To: Members of the Historic District Commission

I am writing to strongly support the request, submitted by Stephen Bucklin, for renovations to 322 Islington Street.

The carriage house on the property is currently in a state of severe deterioration and looks like it is ready to tumble down. It is truly an eyesore in the neighborhood.

As an abutter to that property (I live at 271 Islington St.), I am thrilled that Mr. Bucklin is going to renovate 322 Islington. I look forward to the proposed changes and I am certain that, when completed, it will be a wonderful improvement for the neighborhood.

I urge you to grant this petition.

Thank you.  
Barbara
