Subject: 2/10 Meeting questions/concerns re: working session for 279 Marcy Street, Unit #3

Importance: High

Hello Historical Committee,

My name is Melissa Ozkurt and I live next door to 279 Marcy Street at 287 Marcy Street and am unavailable to attend tonight's meeting due to a family commitment. I wanted to send a few questions/thoughts for your working session:

1. Hello neighbors at 279 Marcy Street we have not met but look forward to in the near future, and my questions and concerns are brought to really try to have a better understanding of what you have proposed.
2. Your diagram of proposed decking document on file for 279 Marcy Street is very confusing to me so could another document be created, by elevation and or 3 D be made so that neighbors could have a clear understanding? What materials are proposed?
3. We only have a few feet between our homes so I am concerned about how this proposed deck will affect our home and surrounding areas.
4. 287 being right next door within a few feet, how will noise be handled on the deck where our bedrooms are located adjacent to one deck area and again a few feet away.

Thank you for bringing questions/concerns to your working session.
