HAVEN RD., PORTSMOUTH, NH.**

**\*2-Narrative**

**\*3-Addressing the (5) "criteria" and "unnecessary hardship".**

**\*4-Plan Set, including Existing and Proposed Site Plans, with Dimensional Table  
and Proposed Floor Plans and Elevations.**

**PROPOSED REMODEL AND ADDITION AT #64 HAVEN RD.,  
PORTSMOUTH, NH.**

**NARRATIVE**

This 1 ¾, Cape style house is in the middle of a well established 1940's neighborhood. An addition has been done to the main structure, likely in the 60's or 70's, over the Garage. The surrounding neighborhood houses are consistently non conforming for the required front yard setback, and this house has a non conforming left side structure (Enclosed Porch) within the left side setback.

It is proposed to preserve the main Cape core of the house, but demolish the Garage and later addition, including the Enclosed Porch. The new addition to replace this to replace this would give greater space to the setback, but allow more volume at 2<sup>nd</sup> Floor level.

The left side setback would be increased from 3' to 7', with a slight reduction in the actual house area within the setback.

There is a slight increase in lot coverage, but remains below that allowed (20%) at 15%.

**ADDRESSING THE (5) "CRITERIA" AND "HARDSHIP", #64 HAVEN RD., PORTSMOUTH, NH.**

**1: PUBLIC INTEREST.**

The existing left side Enclosed Porch is non-conforming to required setbacks. The proposal decreases this set-back non-conformity. The existing appearance will be improved by the new, more stylistically conforming addition. This incorporation into the "look" of the main structure will enhance the essential character of the neighborhood. Through the necessity of meeting code compliance, the buildings will become more-safe, and energy efficient. There does not appear to be any Public Interest contrary to this proposal.

**2: SPIRIT OF THE ORDINANCE.**

The proposal continues some of the original building's historic non-conforming use, but reduces the level of non-conformity. The re-developed structure will be more in keeping with the intent of the Zoning Ordinance.

**3: SUBSTANTIAL JUSTICE.**

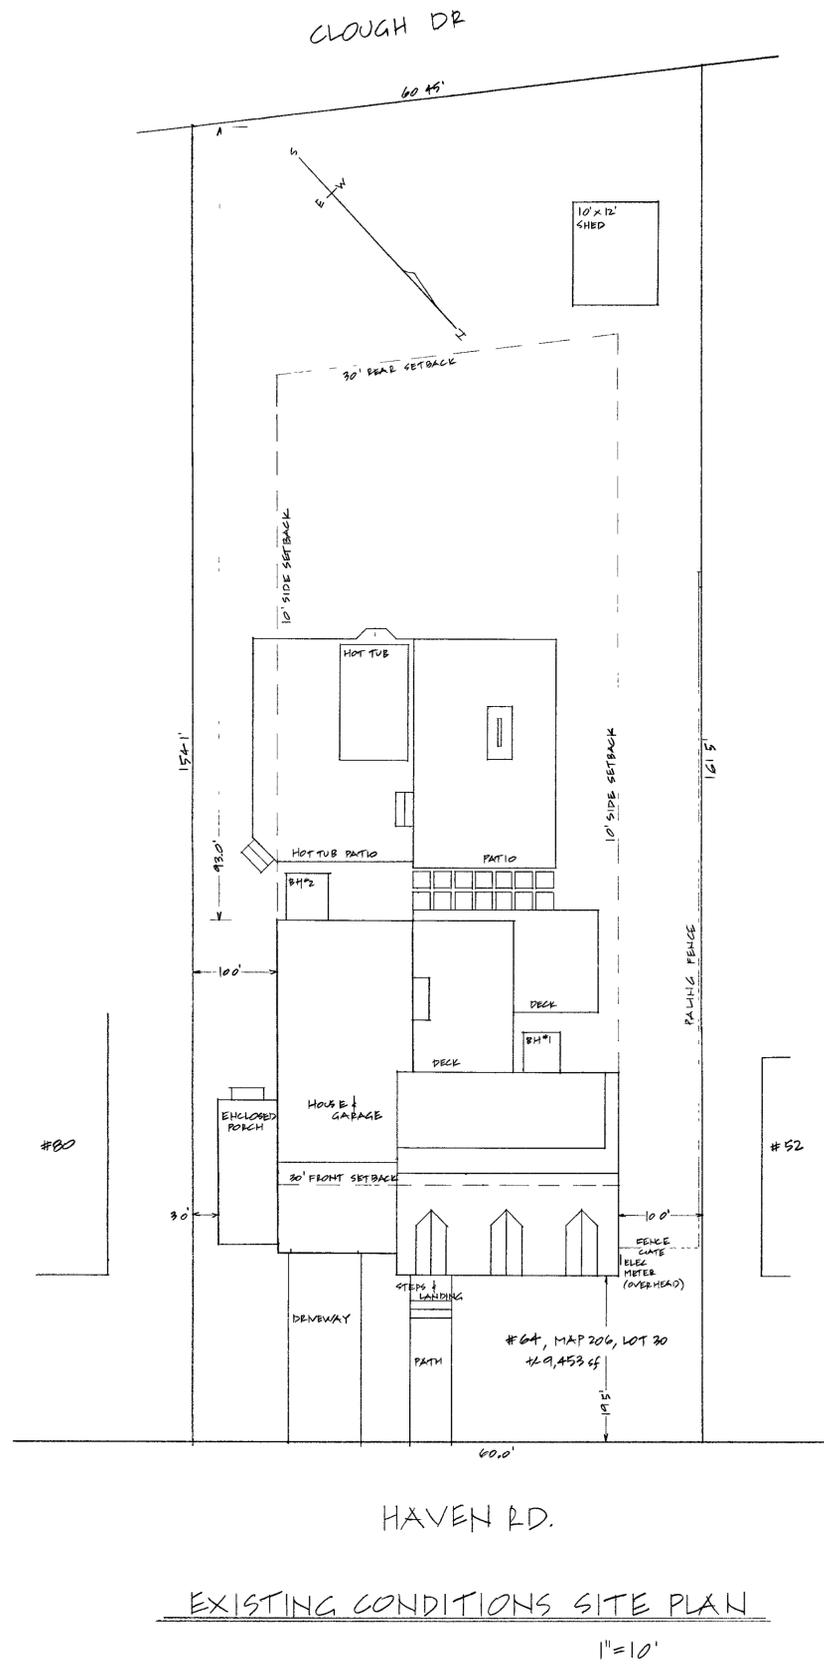

The proposed use does not cause any harm to the general public or other individuals and accommodates substantive and costly renovation and improvements to the property.

**4: VALUE OF SURROUNDING PROPERTIES WILL NOT BE DIMINISHED.**

The increased investment and preservation of this property will enhance and elevate the value of the properties surrounding it.

**5: LITERAL ENFORCEMENT WOULD RESULT IN "UNNECESSARY HARDSHIP".**

The property is unique given its period of development and its historic use in its current form. This use predates the implementation of the current zoning ordinance. The proposed use, while continuing some non-conformities, more aligns with the intent of the ordinance. The period nature of this property, and the existing structure, make it a special case to accommodate moderate development in line, and enhancing, existing use.
