Subject

Clough Road as possible site for new Police Station

Address

45 Haven Road, Portsmouth, NH 03801

Portsmouth, New Hampshire. 03801

Message

I fully support the opposition to Clough Street being considered as a possible site for any new Police station. I have attended in person or online the prior two meeting reviewing possible sites and there are at least two sites that would be better than Clough Street and would have less sever negative impact on the neighborhood, amd City youth. The open space on Clough is frequently used for youth sports and provides safe and convenient access for children as well as nearby parking for adults interested to those youth activities.

Please indicate if you would like your comment to be part of the public record for the upcoming City Council meeting.

Yes
