You don't often get email from danjcorcoran@comcast.net. [Learn why this is important](#)

As an abutter to the Lorencic property located at 209 Marcy Street, I am writing to support the changes that the property owners wish to make. I have seen and reviewed the plans previously presented. I strongly believe that the proposed changes will significantly improve the current property and will result in a structure much more in keeping with the historic architecture of the entire neighborhood. I encourage the Board Members to consider the positive changes that will result and vote to approve the requests.
