

## HealthTrust Wants to Help You Get Moving with a Fitness Device.

Welcome to your 2019 Fitness Device program. You can receive \$100 towards the purchase of a fitness tracker or smart scale. For more expensive devices, \$100 will be deducted from the cost and you will need to provide a credit card to pay for the balance. Devices under \$100 will be covered in full, but you will not receive “money back” if you choose a device that costs less than \$100. Here’s how to shop and receive your fitness device!

### How to Order Your Fitness Device:

1. Log in to your secure account at [healthtrustnh.org](http://healthtrustnh.org) and click on the “Onlife Health” button. For the best experience, we recommend using one of these browsers: Google Chrome, Firefox, Microsoft Edge, or Safari.
2. Scroll through the blue “Journey” tiles to find the “Order a Fitness Device” tile and click on the orange “Shop Now” button.

3. A new window will open and you must accept the Terms and Conditions to continue through to the site.
4. Shop for and select the item you would like to purchase. Eligible fitness device brands include Fitbit, Garmin, Nokia, Apple Watch and Suunto.
5. Follow the remaining prompts to complete your order.
