

# TRANSFORM DIABETES CARE PROGRAM

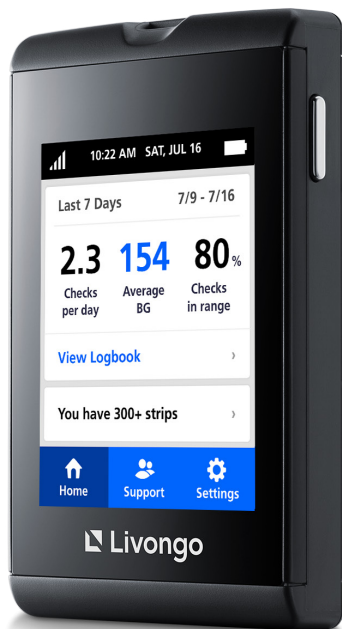

**Available now** to Enrollees in a HealthTrust medical plan that includes CVS Caremark® prescription coverage.

## More Resources, Better Health Outcomes for Individuals with Diabetes

Taking care of yourself and your diabetes is important to your health. So we are offering specialized resources and extra benefits to make managing diabetes easier for eligible covered individuals – *all available at no cost to you*. Here's what this program provides:

- **Livongo connected meter** tracks glucose levels, trends and shares data with providers you choose.
- **Unlimited strips and lancets** delivered to your door at no out-of-pocket costs.
- **One-on-one coaching anytime, anywhere** by phone, email, texts or mobile app with a Certified Diabetes Educator.
- **Personalized tips in real time** based on current glucose readings to help you stay on track and make informed choices for your health.
