Record Type: Building Permit Application Address: 279 WIBIRD ST, Portsmouth, NH 03801
Applicant: Zachary Haithcock Detailed Description of Work: Residential Alter: Solar Array Installation without structural changesProject to include:Installation of a 5.85 kW PV Solar roof array, consisting of 18
Hanwha Q.Peak Duo 325w solar modules, and 18 Enphase Micro inverters. Per Vector Engineers letter dated February 25, 2019. Structure deemed adequate to support loading of solar array. No Structural Changes Required NOTE* This project was discussed specifically with Carl Roediger regarding the required setbacks. Because there is adequate room on either side of each dormer, as well as over a 36" setback to the peak on each dormer, we were told that we would be able to layout the solar modules as shown in the design.

Record Type: Building Permit Application
Address: 54 PRAY ST, Portsmouth, NH 03801
Applicant: James Olcott
Detailed Description of Work: The project involves the repair of a portion (+/- 145 Inft) of an existing timber bulkhead/seawall (+/-300 Inft overall) along the perimeter of the frontage.
The bulkhead is integral to the integrity of both the commercial structure and the surrounding parking lot above. Repairs have been done previously on the northerly +/-156 Inft of
bulkhead circa 2013-2014, and any future work will be done to match aesthetically. Wall repairs will be made with timber, and all lumber will all be 2.5CCA PTSYP below the wall top.
+/- 12 2.5CCA PTSYP structural pilings will be replaced along wall. Two (2) broken float piles will be replaced along the existing float system to help secure it in place. All debris will
be removed and disposed of off-site by contractor. This project will span three (3) lots along the waterfront, all of the same ownership
Cost: \$97000

uescribes work done at 303 Preasant Street regarding the conversion of a second floor kitchen into a laundry room, which was undertaken in March and April of 2015. The	
	describes work durie at 505 Preasant Street regarding the conversion of a second hoor kitchen into a laundry room, which was undertaken in March and April of 2015. The

homeowner completed the demolition of walls, ceiling, and flooring material, as well as the removal of old inferior cabinetry and appliances. Because the room had been fitted with kitchen services, already in place were hot and cold water supply, drain, and (inferior) 220v receptacle. Homeowner employed Regan Electric Co to upgrade and reroute 220v service to power new washer and dryer units and replace all other existing receptacles with GFCI for code compliance, as the room would thereafter be considered a "wet room". Homeowner employed Pettigrew Plumbing & Heating to install NEW hot and cold water supply lines as well as code compliant drain to tie in to line in first floor ceiling directly beneath, so as not to overload existing drain from adjacent second floor bathroom. The new dryer unit is a condensing dryer which does not need to be vented to the exterior. Cost: \$3000 Record ID: BLDG-19-187 Date Created: 3/20/19 8:05:57 PM Record Type: Building Permit Application Address: 58 STATE ST, Unit 2, Portsmouth, NH 03801 Applicant: Bill Mouflouze Detailed Description of Work: None Cost: \$0 Record ID: BLDG-19-188 Date Created: 3/20/19 8:58:48 PM Record Type: Building Permit Application Address: 12 AVIATION AVE, Portsmouth, NH 03801 Applicant: Joel Hilton Detailed Description of Work: Commercial Renovation - Renovation to approximately 1,200 square feet of aircraft hangar to include reception, office, and common space. Applicant: Zachary Halthcock Detailed Description of Work: Installation of a 5.85 kW PV Solar roof array, consisting of 18 Hanwha Q.Peak Duo 325w solar modules, and 18 Enphase Micro inverters. This project
was discussed specifically with Carl Roediger regarding the required setbacks. Because there is adequate room on either side of each dormer, as well as over a 36" setback to the
peak on each dormer, we were told that we would be able to layout the solar modules as shown in the design.
Cost: \$17500

Record Type: Commercial Plumbing/Mechanical/Gas Permit
Address: 903 MIDDLE ST, Portsmouth, NH 03801
Applicant: james mazzola
Detailed Description of Work: Move Pipes for hydronic radiators, install TWO (2) toe kick heaters under kitchen cabinets, install Mitsubishi Mini Split THREE (3) ZONE 30k
Condensor and THREE (3) indoor evaporator heads. Moving pipes was added to my scope on an emergent basis to maintain the progression of work on site due to Plumbers
schedule not being able to perform the work. I moved the pipes without thinking about the permit, it was always our intention to pull a mechanical permit for work that was in our
scope.
