Re: Property at 322 Islington St., Permit LU- 19-11

Assessor plan 145, Lot 3

Dear Board of Adjustment,

I would like to request the extension of the permit that was approved and granted March 1, 2019. There have been many delays in the planning process for this project related to Covid. The extension will allow for additional planning time for this restoration project.

I appreciate your consideration for this extension.

Regards,

Stephen Bucklin
