Hi Peter,

Please go ahead and postpone Nobles Island from next week's meeting.

I will have drawings by the end of next week which will be schematic only, but will show sono tube locations in plan view and a X-section through the deck.

No response from Stefanie Dialongo yet but I left her a voicemail right after we spoke yesterday. I'll keep trying. Can you send me her email address to make sure I have it correct?

Thanks for all your help. These applications/permits are all a first for me. It's hard to keep straight sometimes.
