

ADDENDUM #1  
City of Portsmouth, New Hampshire  
Public Works Department  
Bid #40-13, Daniel Street Streetscape Improvements

Issued April 3, 2013

This Addendum forms part of the original document “Daniel Street Streetscape Improvements”

The following product is deemed an approved equal to the Silva Cell® product used in bid item number 650 ‘tree grates with Silva Cell System’:

Citygreen® StrataCell®. If this product is chosen in lieu of the Silva Cell system, contractor to provide enough StrataCells in order to mimic the volume that would have been available under the Silva Cell® option. Product is to be installed as instructed by the Manufacturer using all manufacturer ancillary parts and materials. The tree grate and guard portion of the original item is to remain the same.

Using either product, the first installation of the product is to be inspected by a field representative of the respective companies.
