*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Portsmouth
New Hampshire**

For the Fiscal Year Beginning

July 01, 2024

Christopher P. Morrell

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to The City of Portsmouth, New Hampshire for its annual budget for the fiscal year beginning July 1, 2024. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to its eligibility for another award.

How to Read the Budget

(Where To Find The Information You Need)

- **Budget Message & Budget Highlights** – The first significant section of the proposed Budget document is the City Manager’s Budget Message followed by the Budget Highlights Section. This is an important introduction to help in understanding the budget challenges, operational changes, and the City’s financial plan Citywide.
- **Strategic Planning/Goals & Initiatives** – This section shares the City’s mission, vision, and strategic goals. Each goal is identified with an icon that is presented throughout the Budget document, linking Department goals and objectives back to the strategic planning documents.
- **Citywide Recognitions & Accomplishments** – This section provides information on City awards received and major City project accomplishments from the prior fiscal year.
- **Community Profile & Economic Indicators** – This section provides the reader with an understanding of the City’s statistics, including demographic data, economic indicators, tax and assessing information along with the City’s overall unique economic profile.
- **Budget Document & Budget Process** – This section provides a breakdown of the Budget document, including major fund information, Budget process, and the Budget calendar.
- **Fund Summaries** – This section features the Tax Rate calculation for the FY24 Budget, FY25 Budget, and the Proposed FY26 Budget, along with expenditures by Funds and Departments **for the General Fund, Enterprise Fund, and Special Revenue Funds.**
- **Financial Policies & Guidelines** – This section includes the City’s Financial Policies and Long-Term Financial Guidelines, with which the preparation of the annual budget and financial statements acts in accordance.
- **Revenues** – This section provides the reader with a better understanding of all City and applicable State revenues and illustrates major revenue trends.
- **Debt Service** – This section provides a detailed long-term debt service forecast model and computation of legal debt margin for current and projected bonds and State Revolving Fund (SRF) loans Citywide.
- **Personnel Summary** – This section features a summary of Citywide positions and full-time equivalents (FTEs) by Department and details position changes in the FY26 Proposed Budget. Also provided is a list of all positions that are allocated over multiple Departments and Funds.

City Manager's Fiscal Year 2024 Proposed Budget Highlights

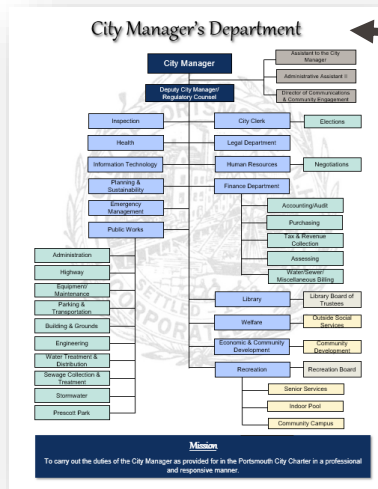

Category	FY24	FY25	FY26
General Fund	1,234,567	1,345,678	1,456,789
Enterprise Fund	567,890	678,901	789,012
Special Revenue	345,678	456,789	567,890

Personnel Summary

Category	FY24	FY25	FY26
General Fund	1,234,567	1,345,678	1,456,789
Enterprise Fund	567,890	678,901	789,012
Special Revenue	345,678	456,789	567,890

- **City Departments** – Each Department includes an organizational chart, services provided, budget summary of expenditures, personnel information, line-item detail, goals & objectives, and performance measurements.

Department Budget Summary

The City Manager's proposed budget for FY24 is \$207,000. This represents an increase of \$4,000 or 1.9% from the FY23 budget. The net change in the City Manager's budget is due to the creation of the position of Director of Communications and Community Engagement, which will replace and expand the City's public communication efforts and promote community engagement across the City. Of note, effective FY24, the Deputy City Manager will recognize her primary responsibility to the City Manager's Department and relinquish her Deputy City Attorney title. She will however still act as Regulatory Counsel for the City and as such will consult with the Legal Department on an as-needed basis.

Budget Summary of Expenditures

	FY23	FY24	FY25	FY26

Citywide Goal(s) Addressed by this Department Goal

Corresponding Performance Measure (to each Department Goal)

Programs and Services

Foreword of the City Manager - The City Manager is appointed by a two-thirds majority of the City Council to function as the Chief Executive and Administrative Officer of the City and is responsible for the proper administration of all the departments of City government in accordance with the City Charter. Responsibilities include:

- Carrying out policy decisions of the City Council, and implementing all property owned by the City.
- Informing the Council of the City's needs and ongoing conditions and making such reports as may be required by law, requested by Council, or judged necessary by the Manager.
- Participating in decisions that come before the City Council.
- Supervising all Department Heads and appointing, disciplining and removing all municipal employees in the administrative service of the City, and
- Providing to the City Council an operating budget, a budget statement, and a long-range capital plan, which outlines the immediate and long-range financial plans and projects.

Goals and Objectives

Goal #1: Administer effectively responsiveness to City Councilors

Objectives:

- Ensure timely responses to all City Council directives and requests for service

Performance Measure: Percent of City Council Requests Requested/Received Within a 24-Hour Period

FY23	FY24	FY25	FY26
90%	90%	90%	90%

Citywide Goal Addressed:

- Continuously Enhance City Council Best Practices to Deliver a Timely, Transparent and Responsive Process

- **Appendices** – This section contains 6 Appendices: I) Rolling Stock Replacement Program; II) Capital Improvement Plan Summary of long-term planning for major capital needs; III) Fee Schedule which is adopted annually; IV) Format of Accounts; V) Glossary and Acronyms; and VI) Budget Exercise.

Karen S. Conard
City Manager

To: Honorable Mayor Deaglan McEachern and City Council Members
From: Karen S. Conard, City Manager
Date: April 28, 2025
Re: Fiscal Year 2026 Budget Message

Pursuant to Article VII of the City Charter, I am pleased to present the Fiscal Year 2026 (FY26) Proposed Budget for all appropriated City Funds which include General, Water, Sewer, Stormwater, Parking & Transportation, Prescott Park, Community Campus, Indoor Pool, and Community Development. This document also includes the City's FY26 Rolling Stock Replacement Program, a summary of the Capital Improvement Plan, the FY26 Fee Schedule, Citywide goals and accomplishments, and an outline of priorities for the coming year.

The budget theme this year is dedicated to celebrating City services provided by our dedicated and talented staff members as we uphold the City's proud tradition of delivering high-quality services to our residents, businesses, and visitors. This includes public safety, emergency assistance, education, solid waste and recycling collection, road maintenance, and other essential daily operations, along with the continued robust library and recreation offerings. As a means to provide context and insight into our daily operations, we have added a "Did You Know?" section to each departmental narrative. As stated in our Mission Statement, our primary goal is to preserve and enhance the quality of life for Portsmouth's citizens by providing top-tier services with an emphasis on safety, sustainability, preservation, culture, wellness, and diversity.

The continued implementation of long-term financial policies and planning, put into place decades ago, continues to play an integral part in our ability to navigate challenges in the economy and in the financial market, and set us up for financial success in the years to come. The City continues to maintain a strong financial position, demonstrated by our fiscal stability and maintenance of our AAA bond rating by Standard & Poor's (S&P) rating agency. In their summary from June 2024, awarding the City's 12th consecutive AAA rating, S&P cited the City's strong "very strong management and economic profile, which it thinks will likely continue to support positive financial operations, resulting in the continued maintenance of high reserves." They attributed FY23's "positive results to conservative budgeting, which led to higher-than-expected revenue and lower expenditures."

Strategic Planning

The City Council held a retreat in February 2024 to set their goals for the two-year term and identified their five priorities as follows:

- ❖ Enhance the supply of housing choices, especially the supply of below-market rate housing options.
- ❖ Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community.
- ❖ Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government.
- ❖ Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources.
- ❖ Explore opportunities to support all modes of transportation options.

Progress toward these goals will likely include:

- ❖ Robust community engagement and efforts to craft the 2035 Master Plan;
- ❖ Tangible, meaningful deliverables from the Housing Blue Ribbon Committee in recognition of its mission to expand below-market rate housing by 500 units;
- ❖ Continued creative community engagement, including a revisioning of public dialogue to hear from those traditionally unreached;
- ❖ Encouragement of, support for, and promotion of implementation items within the Climate Action Plan – from the municipal side and the community at large;
- ❖ Continued work to upgrade to “greener” participation in Portsmouth Community Power;
- ❖ Continued support for the Arts & Cultural Commission, with implementation of items addressed in the 2024 Cultural Plan; and
- ❖ Completion of the Market Square Master Plan and Bicycle & Pedestrian Plan Update.

Please see details in the **Strategic Planning, Citywide Goals, and Initiatives** section.

The Budget Environment: FY25 Recap and Impacts for FY26

The adopted FY25 budget included the continued, conservative, and deliberate restoration of planned investments in our infrastructure, rolling stock, and information technology upgrades and replacements while sustaining essential municipal services. With the budget guidance that total expenditures not increase more than 3.5-4.5%, with no additional headcount unless the positions were self-funded, we submitted a budget that met the guidance, responsibly allocated resources, maintained the expected levels of services, and continued our practice to protect the City’s strong financial position. The final FY25 adopted budget of \$144,861,347 (representing a net increase of 4.5%) added 0.32 FTEs through a series of position changes and reallocations in the Finance, Inspection, Public Works, Planning & Sustainability, and School Departments.

As we prepare for FY26, we continue to face inflationary pressures affecting materials, construction, wages, and utility costs. There is mounting fiscal pressure and uncertainty at both the State and federal levels, affecting potential funding in the areas of education, public safety,

library services, and climate action and resiliency work among others. At the time of this publication, we are in active negotiations with eight of the City’s 16 collective bargaining units. In addition, we must absorb increases in health insurance, workers’ compensation, and other contractual obligations.

General Fund FY26 Proposed Budget

Following the January 2025 budget work session, the City Council provided the budget guidance that total expenditures should not increase more than 2.9%, with no additional headcount unless the positions are self-funded. There was initial guidance of no more than 3.5%, which prompted a discussion relative to inflation indicators. Some wished to see a zero-increase budget, while others mentioned tying the City’s budget increase to that mirroring the Social Security Index increase of 2.5%. The City’s benchmark of the 10-year rolling average of the CPI-U (currently at 2.84%) was also considered, ultimately leading to the vote taken by the Council supporting a 2.9% increase over prior year spending.

In the process of subsequent budget development, City administrators identified two measurable budget items driven by State and federal mandates that add up to a 1% budget increase by themselves. The Welfare Department, as directed by State statute, provides direct assistance to residents in need of emergency shelter, food, and other support. The total projected cost of assistance will grow by more than \$112,000 in FY26. The School Department projects roughly \$1.3 million in special education cost increases for out-of-district placements of Portsmouth students. Those placements are directed by the Individualized Education Program (IEP) of each student, which is developed by a team of educators, specialists, and parents. Together these two mandated cost increases total over \$1.4 million for FY26. With the first 1% of budget increase identified, we are committed to restricting the remaining budget increase, including contingency for ongoing collective bargaining costs, to the 2.5% Social Security Index benchmark or less.

Working closely across departments to prioritize their needs to continue essential services while facing both familiar and new economic pressures, we have honored the objective to submit a budget that meets the City Council’s guidance, responsibly utilizes resources, maintains current services, and protects the City’s strong financial position, while reducing the total headcount by over 15 FTEs. As a result, the FY26 Proposed Budget, both Operating and Non-Operating, is presented at \$149,894,940, a net increase of \$5,033,593 or 3.47%.

<i>FY26 PROPOSED TOTAL BUDGET</i>	FY25 BUDGET	FY26 PROPOSED BUDGET	\$ CHANGE FROM FY25	% CHANGE FROM FY25
<i>Operating</i>	\$118,554,293	\$123,291,398	\$4,737,105	4.00%
<i>Non-Operating</i>	\$26,307,054	\$26,603,542	\$296,488	1.13%
<i>Total Proposed Budget</i>	\$144,861,347	\$149,894,940	\$5,033,593	3.47%

Operating Budget Highlights

The total Operating Budget, which represents 82% of the total budget, is \$123,291,398. This is an increase of \$4,737,105 or 4.00% over FY25. The Operating Budget finances the services provided by the General Government, Police, Fire, and School Departments as well as General Fund obligations to the Indoor Pool, Prescott Park, and Community Campus.

FY26 PROPOSED OPERATING BUDGET	FY25 BUDGET	FY26 CITY MANAGER RECOMMENDED BUDGET	\$ CHANGE FROM FY25	% CHANGE FROM FY25
General Government	\$26,470,064	\$26,664,357	\$194,293	0.73%
Police Department	14,586,704	14,910,638	323,934	2.22%
Fire Department	12,507,527	12,868,512	360,985	2.89%
School Department	64,061,713	65,915,610	1,853,897	2.89%
Collective Bargaining Contingency	-	1,990,000	1,990,000	N/A
Total of Departments	\$117,626,008	\$122,349,117	\$4,723,109	4.02%
Transfer to Indoor Pool	200,000	200,000	-	0.0%
Transfer to Prescott Park	262,930	271,370	8,440	3.2%
Transfer to Community Campus	465,355	470,911	5,556	1.2%
Total Other	\$928,285	\$942,281	13,996	1.5%
TOTAL OPERATING	\$118,554,293	\$123,291,398	\$4,737,105	4.00%

Salaries and Benefits – The proposed salaries and benefits portion of the budget for General Government, Police, Fire, and School Departments is \$101,868,049, which represents an increase of \$2,832,958 or 2.86% over FY25. Cost drivers are outlined below.

- Health and Dental (4.9% overall), Workers’ Compensation (5.5%), and New Hampshire Retirement (-2.1%)
- A reduction in Personnel of net 15.11 FTEs, which includes a reduction of 10.71 in General Fund positions (see detail in **Personnel Summary** section of this document) as follows:
 - Finance – allocating the salary of one FTE to 50% Water and 50% Sewer
 - Human Resources – delaying the upgrade of the Benefits Specialist to Deputy Human Resources Director by six months
 - Information Technology – addition of a Cybersecurity Analyst
 - Library – unfunding one Library position following a planned retirement
 - Legal – increasing one part-time paralegal to full-time, increasing the hours of one part-time legal assistant from 25 to 30 hours, and delaying the hire of a Prosecutor position for six months
 - Police – unfunding three (3) patrol officers and one (1) dispatcher
 - School – reducing a net of 5.11 FTE including multiple teacher positions with offsetting additions of paraeducator and administrative supports

As mentioned above, eight of the City’s 16 collective bargaining units all have contracts which expire June 30, 2025. As such, there is collective bargaining contingency included in this proposed budget. Cost of Living Adjustments (COLAs) vary by bargaining unit; the 10-year rolling average of the Consumer Price Index is 2.84% and is the number associated with a majority of the contracts.

The New Hampshire Retirement System (NHRS) employer contribution rates for FY26 will be reduced by the amounts in the table below.

RETIREMENT-EMPLOYER CONTRIBUTION RATES				
	FY25 Rates	FY26 Rates	Rate Change	% Change
GROUP I				
Employees	13.53%	12.75%	-0.78%	-5.8%
Teachers	19.64%	19.23%	-0.41%	-2.1%
GROUP II				
Police	31.28%	30.95%	-0.33%	-1.1%
Fire	30.35%	29.15%	-1.20%	-4.0%

Investment Interest Rate Assumptions

The City's prudent investment strategy, coupled with conservative assumptions in interest rates, have directly resulted in a favorable increase in anticipated revenue. Interest revenue projections for FY26 remain consistent with the FY25 budget.

Non-Operating Budget Highlights

For FY26, the proposed non-operating budget is \$26,603,542. This is an increase of \$296,488 or 1.13% from FY25. Approximately 75.3% includes the continued investment in the City's program and infrastructure needs, as identified in the CIP through Debt Service, Capital Outlay, and IT Equipment Replacement. The remaining 24.7% includes Rockingham County tax, property & liability coverage, and the interest expense related to overlay.

Use of American Rescue Plan Act (ARPA) Funds

In 2021, the City was awarded a one-time allocation of \$12.88 Million in ARPA funds. As of the December 31, 2024 deadline, 100% of the City's allocation has been obligated. As of the date of this writing, approximately \$11.2 Million of the funds have been expended. The deadline to expend all ARPA funds is December 2026.

Estimated Revenues

Estimated revenues, excluding Property Tax levy, and use of fund balance are estimated to result in a net increase of \$1,136,505 or 3.8% over FY25 for a total of \$30,889,010. Major estimated changes in revenue include:

- \$124,000 decrease in PDA Airport District
- \$475,000 increase in total local fees, licenses and permits
- \$300,000 increase in motor vehicle permits
- \$100,000 increase in ambulance fees

Use of Fund Balance

Each year, the City utilizes Fund Balance to help mitigate the effect on property taxes. For FY26, I propose to use \$3.7 million from Fund Balance. Historically, the City has used an average of approximately \$3.7 million over the last eight years. See further details in the Highlights Section of this document.

Estimated Tax Rate

We recognize that taxpayers expect and deserve a high level of City services. With the budget as presented, this will result in an *estimated* tax rate of \$11.57, which represents an increase of \$0.39 or 3.49% over FY25.

The estimated tax rate would result in an annual increase of \$301.12 or \$25.10 per month for the median single family residential home valued at \$772,100.

Please note that the tax rate is set by the New Hampshire Department of Revenue Administration (DRA) in the Fall, once all State revenues, property valuations, and County tax obligations are finalized. The City typically announces the final tax rate for the Fiscal Year in November and issues tax bills for the first half of the Fiscal Year due in December.

Water and Sewer Enterprise Funds

The Water and Sewer Divisions are strongly impacted by the capital costs associated with federal and State regulatory issues and the ongoing need to upgrade and maintain infrastructure. The City's comprehensive rate model, first implemented in Fiscal Year 2014, created a financial plan to address the current and future major capital requirements while mitigating unexpected spikes in the user rates. *For more detail on the rate study and description of services budgeted, see the Water and Sewer Enterprise Fund sections of this document.*

Water and Sewer User Rates for Fiscal Year 2026

Water Division – The FY26 user rates for water consumption reflect a 9% increase over FY25 rates. For comparative purposes, the FY25 rate increase was 6%. Due to inflation which continues to force major increases in chemical, material, and project costs, as well as pending costs associated with EPA's Lead and Copper Rules and new PFAS regulations, we need to go above and beyond the typical increase as suggested by the rate model in order to provide

additional financial support for water operations. The City continues its proactive, conservative approach in planning for water source protection and interconnection.

Sewer Division – The FY26 user rates for Sewer, based on water consumption, reflect a 4% increase over FY25 rates. This compares to a 5% increase in FY25. While similar to the increase seen in the Water Division, the Sewer Division has seen slightly less financial impact in its ability to manage inflation and corresponding increases in chemical, material, and project costs. This rate increase also forecasts future costs associated with the Pease Wastewater Treatment Facility and Mechanic Street Pump Station upgrades.

With the ever-increasing State and federal regulatory compliance requirements, and our advancements in water and sewer treatment technology, the City's higher standard of treatment both for public drinking water and for the discharge of wastewater results in expenditures greater than older technologies. More materials, chemicals, and technicians are required and there are higher utility elements and associated costs.

Conclusion

The FY26 Proposed Budget combines years of intentional, long-term financial planning with our continued consideration for appropriate, measured management responses to opportunities and challenges. It remains my privilege to lead a City that has achieved solid ratings in the financial realm and the enduring support of our residents and businesses, as we strive to implement creative, effective, and efficient solutions designed to keep the City vibrant and fiscally strong.

We have much to be proud of in the City of Portsmouth. The recognition, awards, and accolades received in the last year are a testament to our continued desire for excellence. Please review the Citywide Recognitions & Accomplishments section of this Budget document to learn more about the exemplary work achieved by my esteemed colleagues - your loyal and dedicated City staff.

I would like to offer heartfelt thanks to the entire Finance team, led by Deputy City Manager – Finance & Administration Nathan Lunney. This effort would not be possible without the important contributions from all Department Heads. On behalf of the entire organization, we continue our proud service to this great community in a professional and respectful manner and look forward to working with the City Council and the public throughout the Fiscal Year 2026 Budget process.

Components of the General Fund

The General Fund is the chief operating fund and accounts for appropriations for the Operating and the Non-Operating Budget. The Operating Budget funds services provided by each department that are associated with the day-to-day operations while the Non-Operating Budget funds obligations of the City not associated with individual departments. The components include:

Operating Budget Expenditures Associated with:

- General Government Departments
- Police Department
- Fire Department
- School Department
- Transfers to Other Funds
- Collective Bargaining Contingency

Non-Operating Budget Expenditures Associated with:

- Debt Service
- Capital Outlay
- Rockingham County Tax
- Rolling Stock – Vehicles & Equipment
- Overlay Interest Expense
- Contingency
- Other General Non-Operating

Balanced Budget

The FY26 annual budget of \$149,894,940 is a balanced budget in which total anticipated revenues equal budgeted appropriations.

Expenditures: The total proposed budget is comprised of the Operating Budget of \$123,291,398 and the Non-Operating Budget of \$26,603,542, 82% and 18% of total budget respectively. **Salaries and Benefits represent 68% of the total proposed budget.**

Revenues: Property taxes are Portsmouth's largest funding source at 77% of total revenues. The remaining 23% are from local and state revenues.

EXPENDITURES:	
OPERATING	123,291,398
NON-OPERATING	26,603,542
PROPOSED BUDGET	\$149,894,940
REVENUES:	
1) LOCAL FEES AND PERMITS	2,949,600
2) OTHER LOCAL SOURCES	12,431,752
3) NET PARKING REVENUES	2,500,000
4) INTEREST / PENALTIES	2,470,000
5) SCHOOL TUITION / OTHER	7,129,764
6) STATE REVENUES	3,407,894
7) USE OF FUND BALANCE	3,731,519
REVENUES	\$34,620,529
PROPERTY TAX LEVY	\$115,274,411
TOTAL REVENUES	\$149,894,940

Proposed Operating Budget

The following General Government, Police, Fire, and School budgets represent the City Manager recommended FY26 budgets.

The Operating Budget for the departments of General Government, Police, Fire, and School of \$123,291,398 (*including transfers*) represents an increase of \$4,737,105 or 4.00% over FY25.

FY26 PROPOSED OPERATING BUDGET	FY25 BUDGET	FY26 CITY MANAGER RECOMMENDED BUDGET	\$ CHANGE FROM FY25	% CHANGE FROM FY25
General Government	\$26,470,064	\$26,664,357	\$194,293	0.73%
Police Department	14,586,704	14,910,638	323,934	2.22%
Fire Department	12,507,527	12,868,512	360,985	2.89%
School Department	64,061,713	65,915,610	1,853,897	2.89%
Collective Bargaining Contingency	-	1,990,000	1,990,000	N/A
Total of Departments	\$117,626,008	\$122,349,117	\$4,723,109	4.02%
Transfer to Indoor Pool	200,000	200,000	-	0.0%
Transfer to Prescott Park	262,930	271,370	8,440	3.2%
Transfer to Community Campus	465,355	470,911	5,556	1.2%
Total Other	\$928,285	\$942,281	13,996	1.5%
TOTAL OPERATING	\$118,554,293	\$123,291,398	\$4,737,105	4.00%

The Total Operating Budget of \$123,291,398 includes:

- ✓ Funding of \$200,000 for the operations of the Indoor Pool
- ✓ Funding of \$271,370 for the operations of Prescott Park
- ✓ Funding of \$470,911 for the operations of Community Campus

Operating Budget by Department

The next four tables summarize major expenditures for each of the four components of the Operating Budget: General Government, Police, Fire, and School Departments. The tables provide the FY24 Budget and Actual, FY25 Budget, and the FY26 City Manager's Recommended Budget as well as the dollar and percent change over FY25. The Charter Departments (Police, Fire, and School) each have a FY26 Department request column displaying the amount approved by their respective board or commission, each a higher request than recommended by the City Manager. *[Detailed information regarding each of these major departments is located in their respective sections of this document.]*

In these tables, the categories labeled *Other Benefits* and *Other Operating* primarily include the following details.

Other Benefits:

- Social Security
- Medicare
- Clothing Allowance (*Police & Fire*)
- Unemployment Compensation
- Life and Long-Term Disability

Other Operating:

- Telephone, Postage, Office Supplies, Advertising
- Small Office Equipment, Copier Lease and Printing
- Repairs to Vehicles and Equipment
- Furniture and Fixtures
- Janitorial Supplies
- Sand and Salt

General Government

The General Government includes services provided by the following departments:

City Council	Legal	Inspection	Public Welfare
City Manager	Information Technology	Health	Outside Social Services
Human Resources	Economic & Community Development	Public Works	General Administration
City Clerk/Elections	Finance	Public Library	Senior Services
Emergency Management	Planning & Sustainability	Recreation	

The total proposed City Manager recommended FY26 budget for General Government is \$26,664,357. This is an increase of \$194,293 or 0.73% from FY25.

Salaries

Cost of Living Adjustments (COLA) in eight of the ratified collective bargaining agreements were determined by the 10-year rolling average of the November-November Boston-Cambridge-Newton MA-NH Consumer Price Index (CPI) with a floor of 2% and a ceiling of 5% for FY26.

This year the CPI was reported at **3.09%**, making the 10-year rolling average 2.84%.

The other eight contracts had varying COLA adjustments as depicted in the chart below.

Retirement

Funding for the New Hampshire Retirement System (NHRS) comes from investment earnings, employee contributions, and employer contributions. The employee contribution rates are set by NH State Statute. The NHRS sets the employer contribution rate every two years based upon an actuarial valuation to ensure adequate funding for future pension liabilities. FY26 marks the first of the two-year certification period. **All rates for FY26 will see reductions from FY25 per the table below.**

The following tables depict both the employer and employee contribution rates.

RETIREMENT-EMPLOYER CONTRIBUTION RATES				
	FY25 Rates	FY26 Rates	Rate Change	% Change
GROUP I				
Employees	13.53%	12.75%	-0.78%	-5.8%
Teachers	19.64%	19.23%	-0.41%	-2.1%
GROUP II

Fire	30.35%	29.15%	-1.20%	-4.0%

EMPLOYEE CONTRIBUTION RATES	
	Rates
GROUP I	
Employees	7.00%
Teachers	7.00%
GROUP II	
Police	11.55%
Fire	11.80%

The FY26 Proposed Budget of \$12,110,839 for retirement contributions represents a decrease of \$259,339 or 2.10% from FY25 as shown in the following table.

RETIREMENT APPROPRIATION				
	FY25 Budget	FY26 Proposed Budget	\$ Change	% Change
General Government	1,706,491	1,630,511	(75,980)	-4.45%
Police Department	2,326,054	2,340,611	14,557	0.63%
Fire Department	2,257,092	2,235,993	(21,099)	-0.93%
School Department	6,080,541	5,903,724	(176,817)	-2.91%
Total	\$12,370,178	\$12,110,839	(\$259,339)	-2.10%

Retirement – Elimination of State Contributions from 2010

The City of Portsmouth has been forced to pay the portion of the retirement contribution that was historically paid by the State of New Hampshire. Prior to FY10, the State contributed 35% of employer contributions for Teachers, Police, and Fire personnel but reduced this contribution to 30% in FY10, 25% in FY11, and 0% in FY12 and for all subsequent years.

The result of the elimination of State contributions will cost the City of Portsmouth’s taxpayers an estimate of \$3.4 Million for FY26 alone and a total of \$36 Million over 17 years.

Health Insurance

Per the Collective Bargaining Agreements, the City offers HealthTrust products supported by Anthem Blue Cross to employees in the General Government, Police, and Fire Departments and SchoolCare products supported by Cigna to employees in the School Department.

HealthTrust set the premiums for FY26 with an increase of 9.0% over FY25 and SchoolCare set the premiums for FY26 with an increase of 8.9% over FY25.

- ✓ For FY26, the estimated total health insurance premium for General Government, Police, Fire, and School Departments is projected at just over **\$20.2 million**.
- ✓ The City employees’ share represents approximately **\$2.1 million** or 10.3% of the total cost. Per each of the collectively bargained union agreements, employee contributions range from 6%-20%.
- ✓ The City’s contribution represents approximately **\$18.1 million** or 89.7% of the total cost.

Health Insurance Stabilization Reserve Policy - The Health Insurance Stabilization Reserve Policy was created in 2002 with operating surplus from previous years. The intent of the policy is to avoid large spikes within each department's annual budget by determining the appropriation amount by increasing the prior year's budget by the average change of the premiums over a ten-year period. At the close of each year, any shortfall would be subsidized from the reserves; any surplus would increase the reserves. *[Detailed information on the Health Insurance Stabilization Fund Policy can be found in the Financial Policies and Guidelines section of the budget document.]*

HealthTrust - The premium increase of 9.0% over FY25 results in the 10-year rolling average increase of 4.2%.

SchoolCare - The premium increase of 8.9% over FY25 results in the 10-year rolling average increase of 5.4%.

The proposed health insurance appropriations for FY26 for General Government, Police, and Fire Departments increased over FY25 by the 10-year average of 4.2% while the School Department increased by 5.4%. The total proposed FY26 appropriation for health insurance is \$15,515,686, an increase of \$738,746 or 5.0% over FY25. With this appropriation, it is anticipated that the City would utilize approximately \$2,556,778 from the Health Stabilization Reserve to fund the total cost of the premiums as depicted in the following table.

HEALTH INSURANCE		FY26 Budget % Change	FY26 Budget \$ Change	FY26 Proposed Budget	Use of Health Ins Stabilization Reserve	FY26 Estimated City Cost	FY26 Employees Contribution	FY26 Total Health Premium

Total General Fund	\$14,776,940	5.0%	\$738,746	\$15,515,686	\$2,556,778	\$18,072,464	2,075,686	20,148,150

Leave at Termination

Leave at Termination is the amount owed to employees for accumulated sick and annual pay when they leave municipal employment.

Leave at Termination Stabilization Reserve Policy – The Leave at Termination Stabilization Reserve Policy was created in 1999 with operating surplus from previous years. The intent of the policy is to avoid large spikes within each department’s annual budget by budgeting a fixed amount for each fiscal year determined by an analysis and periodic review. The appropriation is then transferred into a Leave at Termination Fund where this liability is paid. At the close of each year, any shortfall would be subsidized from the reserves; any surplus would increase the reserves. *[Detailed information on the Leave at Termination Stabilization Fund Policy can be found in the Financial Policies and Guidelines section of the budget document.]*

The appropriation for FY26, as shown in the table, represents a decrease from FY25.

POLICE	180,203	180,203	0	0.0%
FIRE	120,084	120,084	0	0.0%
SCHOOL	300,000	250,000	(50,000)	-16.7%
GENERAL FUND TOTAL	\$950,287	900,287	(50,000)	-5.3%

As of June 30, 2024,

4.26% of General Fund employees remain eligible for the sick leave payout upon termination.

The following charts display the history of actual Leave Payout versus the Annual Appropriation and how this policy mitigated budgetary spikes and valleys for the General Government, School, Police, and Fire Departments.

Workers' Compensation

The Workers' Compensation premium for FY26 increased from the prior year by 5.5% for the General Fund.

<i>WORKERS' COMPENSATION</i>	FY25 BUDGET	FY26 PROPOSED BUDGET	\$ CHANGE	% CHANGE
GENERAL GOVERNMENT	175,127	189,835	14,708	8.4%
POLICE	133,003	146,781	13,778	10.4%
FIRE	553,165	597,418	44,253	8.0%
SCHOOL	164,124	148,048	(16,076)	-9.8%
TOTAL GENERAL FUND	\$1,025,419	\$1,082,082	\$56,663	5.5%

The Fire Department pays the highest share of the premium as a result of the following legislation:

- 1) HB 407 requires workers' compensation to cover all medical expenses related to preventive medical treatment started after an identified critical exposure or unprotected exposure in order to prevent infection and the development of disease; and
- 2) SB 541 requires workers' compensation to cover costs to firefighters who have cancer.

Total Salaries and Benefits

The total proposed FY26 budget for salaries and benefits is \$101,868,049. This represents an increase of \$2,832,958 or 2.86% over FY25, which includes increases in cost-of-living adjustments (COLA), health insurance premiums, leave at termination, retirement, federal taxes, and other benefits associated with collective bargaining agreements.

<i>FY 26 PROPOSED SALARIES & BENEFITS</i>	FY25 BUDGET	FY26 BUDGET	\$ Difference from FY25	% Difference from FY25
<i>General Government, Police, Fire, and School Departments</i>				
Salaries/Stipends/Holiday/OT	\$63,872,674	\$64,171,009	\$298,335	0.47%
Health & Dental Insurance	16,034,847	16,836,505	801,658	5.00%
Leave at Termination	950,287	900,287	(50,000)	-5.26%
Retirement	12,370,178	12,110,839	(259,339)	-2.10%
Workers Compensation	1,025,419	1,082,082	56,663	5.53%
Other Benefits	4,781,686	4,777,327	(4,359)	-0.09%
Collective Bargaining Contingency	-	1,990,000	1,990,000	
<i>Total Salaries and Benefits</i>	<i>\$99,035,091</i>	<i>\$101,868,049</i>	<i>\$2,832,958</i>	<i>2.86%</i>

The allocation of total salaries and benefits is represented in the pie graph below.

While Salaries and Benefits of \$101,868,049 represents 83% of the total *Operating Budget* of \$123,291,398, the remaining \$21,423,349 or 17% is comprised of non-salary costs such as utilities, contracted services, building and equipment repairs and maintenance, supplies, welfare assistance, outside social services, special needs tuition, pupil transportation, and transfers to other funds.

*Salaries and benefits make up 68% of the **total** proposed budget of \$149,894,940.*

Non-Operating Budget

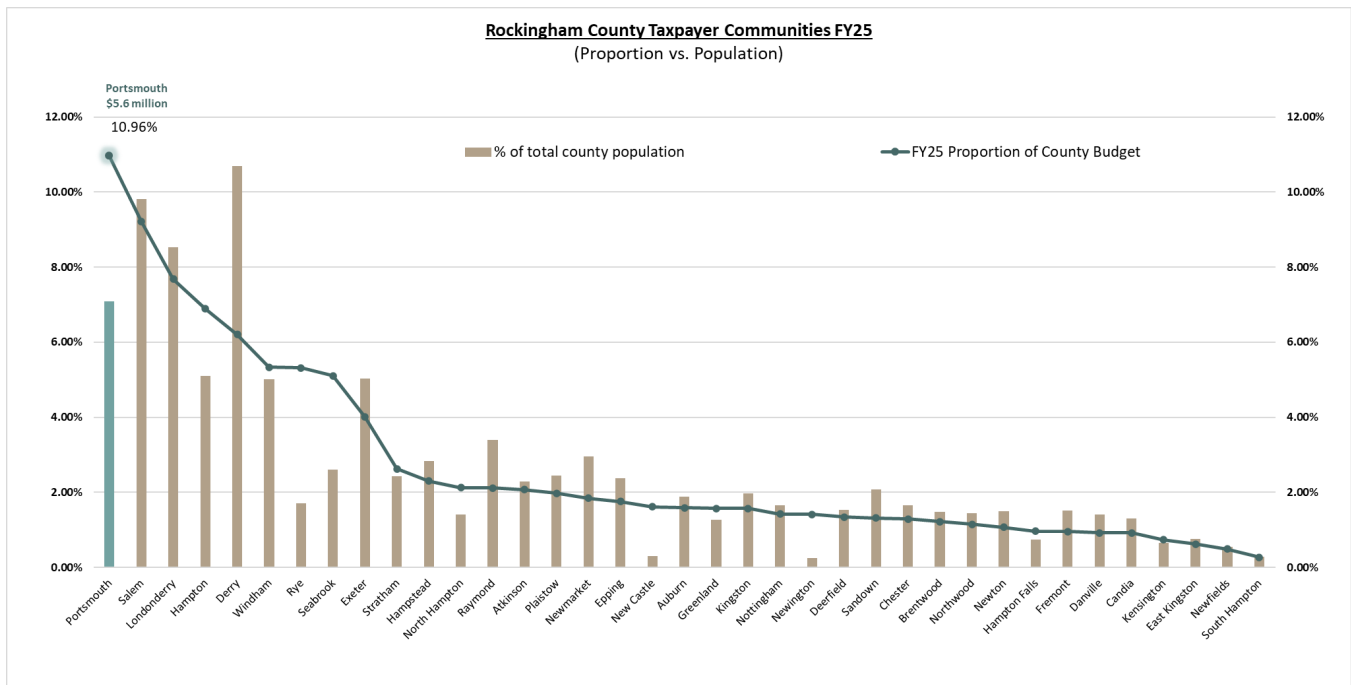

The Non-Operating Budget of \$26,603,542 represents a net increase of \$296,488 or 1.13% from FY25 primarily due to the first year of payments for Police body cameras and tasers.

The Non-Operating Budget consists of expenditures for the following:

FY26 PROPOSED NON-OPERATING BUDGET	FY25 BUDGET	FY26 CITY MANAGER PROPOSED BUDGET	\$ CHANGE FROM FY25	% CHANGE FROM FY25
Debt Service and Related Expenditures	14,284,300	14,311,948	27,648	0.19%
Overlay Interest Expenses	60,000	60,000	-	0.00%
Property & Liability (excluding School)	424,292	508,005	83,713	19.73%
Rockingham County Tax	5,730,000	6,000,870	270,870	4.73%
Contingency	300,000	300,000	-	0.00%
Rolling Stock	783,650	789,000	5,350	0.68%

Capital Outlay	1,638,000	1,560,000	(78,000)	-4.76%
Landfill Closure-Coakley/Jones	292,750	259,410	(33,340)	-11.39%
Other Non-Operating	1,301,882	1,723,059	421,177	32.35%
ProfService - Outside Counsel	500,000	-	(500,000)	-100.00%
TOTAL NON-OPERATING	26,307,054	26,603,542	296,488	1.13%

County Tax

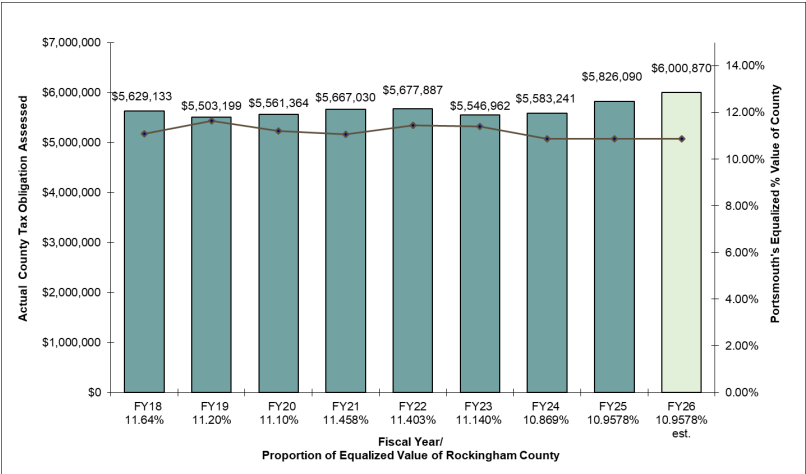

The City of Portsmouth is annually assessed for its portion of the Rockingham County budget based on the City's share of the equalization of property values for the entire county. While the City of Portsmouth has just the 4th largest population (7.1% of county population) of the 37 communities in Rockingham County, it contributes the largest amount of County Tax (FY25 10.958%) as depicted in the following graph.

It is estimated that Portsmouth will pay approximately \$6.0 million to Rockingham County in FY26. However, the proportion of the City’s share, which determines the actual amount due to the County, is established by the New Hampshire Department of Revenue Administration just prior to setting the tax rate in the fall. The following table depicts the actual property tax obligation and the equalized assessed value proportion history of the City of Portsmouth to Rockingham County for the last eight (8) years as well as the estimated tax for FY26.

Tax Obligation is calculated by:

- 1. The County’s Adopted Budget; and**
- 2. Proportion of all 37 communities in Rockingham County based on equalized values.**

Capital Improvement Plan (CIP)

The City Council adopted the six-year Capital Improvement Plan (CIP) which includes Capital Outlay and Information Technology Upgrades and Replacements.

The City Manager’s recommended proposed Capital Outlay appropriation is \$1,560,000. This represents 1.08% of the current fiscal year appropriation, which is below the policy goal of *annually budgeting up to 2% of the prior year’s General Fund Budget to capital projects*.

The

The average expenditure for Capital Outlay over the 10-year period including the proposed FY26 budget is \$1,578,900 per year.

following table lists the Capital Outlay projects adopted by the City Council in the amount of \$1,560,000. Details on each of these projects can be found in Appendix II of this document.

TOTAL GENERAL FUND	\$783,650	\$789,000	\$5,350	1%

Use of Fund Balance

While property taxes remain the City of Portsmouth's major source of funding for the services provided by the General Government, Police, Fire, and School Departments, the City has diligently utilized other sources of revenue to minimize the impact to the tax rate. Another resource is the use of Fund Balance. Each year it is utilized to help mitigate the effects on property taxes through either the budget process or with supplemental appropriations. In FY26, the amount of \$3,731,519 is scheduled to be utilized from Fund Balance. The annual use of Fund Balance is depicted in the table below:

Use of:	FY19	FY20	FY21	FY22	FY23	FY24	FY25	FY26	Total FY19-FY26
Committed Fund Balance	3,559,114	2,500,000	2,050,000	3,380,000	2,800,000	4,428,379	2,700,000	3,731,519	25,149,012
Unassigned Fund Balance	-	-	150,000	2,316,000	650,000	1,340,000	-	-	4,456,000
Total Use of Fund Balance	\$3,559,114	\$2,500,000	\$2,200,000	\$5,696,000	\$3,450,000	\$5,768,379	\$2,700,000	\$3,731,519	\$29,605,012

Average Use Per Year	\$3,700,627
-----------------------------	--------------------

The City has historically used Fund Balance to offset taxes - both through the budget process and supplemental appropriations. The average use over the last eight years is \$3,700,627 per year.

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business. Enterprise Funds must have fees and/or charges sufficient to cover the cost of providing goods and services, including capital costs (i.e. depreciation and debt service). The City of Portsmouth has two Enterprise Funds: Water and Sewer.

The following are highlights of the City's Water and Sewer Enterprise Funds presented on a full accrual basis of accounting required for financial reporting purposes. User rates for both Water and Sewer are calculated based on the cash requirements less estimated revenues for the fiscal year. The calculation of user rates is presented in the departmental section of this document where more detail and rate information are described.

WATER ENTERPRISE FUND

Total Appropriation

Appropriations on a full accrual basis of accounting for the Water Enterprise Fund total \$13,966,323. This is an increase of \$943,726 or 7.25% from the FY25 budget. The following table is a summary of major expense categories for the FY24 budget and actual, FY25 budget, and the proposed FY26 Budget.

Water Fund	FY24 Budget	FY24 Actual	FY25 Budget	FY26 City Manager Recommended	% Change	\$ Change
EXPENSES						
<u>Operations and Maintenance Expenses</u>						
Personnel Costs	3,865,197	3,720,436	4,303,257	4,750,318	10.39%	447,061

TOTAL	\$11,944,697	\$11,495,307	\$13,022,597	\$13,966,323	7.25%	\$943,726

The Water Fund budget consists of six (6) major functions:

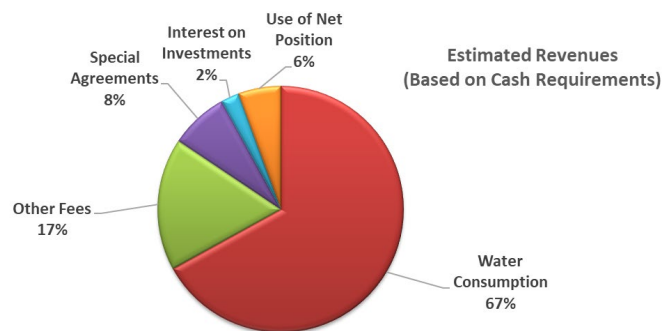

1. Administration/Engineering: Costs related to employee benefits, administrative overhead, Geographic Information Systems (GIS) services, and engineering
2. Depreciation
3. Interest and Financing Debt
4. Distribution: Services, hydrants, mains, meters, meter reading and cross connections
5. Supply and Treatment: Madbury Treatment Facility, Pease Water Treatment Facility, laboratory, a booster station, ten wells, and five storage tanks
6. Air Force Reimbursement

Revenues

Adjustments from the Full Accrual to Cash Requirements are itemized on the rate model calculation sheet in the Water Division section of this document. Cash requirements of \$15,005,356 would be funded from the following sources to meet these cash requirements:

➤	\$10,051,915	Water Consumption
➤	2,609,033	Other Fees
➤	1,142,172	Special Agreements
➤	360,000	Interest on Investments
➤	842,236	Use of Net Position
	\$15,005,356	Total

Capital Outlay

The Water Division, through the Capital Improvement Plan (CIP), requests funds from revenues to support the pay-as-you-go policy of the City in regard to capital improvements. Once the CIP is approved, the funds for the capital projects are requested through the budget process. There were no projects funded with Capital Outlay for FY26. *[Detail on each capital project can be found in Appendix II of this document.]*

Equipment	320,750	267,627	250,000	359,314	43.7%	109,314
Non-Operating Expenses Subtotal	9,294,378	8,848,402	9,068,760	9,622,541	6.1%	553,781
TOTAL	\$21,684,216	\$21,678,479	\$22,522,370	\$24,326,356	8.01%	\$1,803,986

The Sewer Fund budget consists of five (5) major functions:

1. Administration/Engineering: Costs related to employee benefits, administrative overhead, engineering, and GIS services
2. Depreciation
3. Interest on Debt
4. Collection: Force mains, laterals, and meter reading
5. Treatment: Peirce Island Treatment Facility, Pease Treatment Facility, two laboratories, and 22 pump stations

Revenues

Adjustments from the Full Accrual to Cash Requirements are itemized on the rate model calculation sheet in the Sewer Division section of this document. Cash requirements of \$27,271,009 would be funded from the following sources to meet these cash requirements:

➤	\$21,185,626	Sewer Consumption
➤	1,060,000	Interest on Investments
➤	1,833,105	State Aid Grant
➤	495,000	Miscellaneous Fees
➤	8,507	Special Agreements
➤	<u>2,688,771</u>	Use of Net Position
	\$27,271,009	Total

Capital Outlay

The Sewer Division, through the Capital Improvement Plan (CIP), requests funds from revenues to support the pay-as-you-go policy of the City in regard to capital improvements. Once the CIP is approved, the funds for the capital projects are requested through the budget process. There is one pay-as-you-go capital request for FY26. *[Detail on each capital project can be found in Appendix II of this document.]*

Sewer Fund Capital Outlay Projects Fiscal Year 2026			
Appendix II Page:	CIP #		Sewer Revenues
II-119	COM-25-PW-96	Lafayette Park and Monroe Street Drainage Improvements	250,000
Total Sewer Fund Capital Outlay			\$250,000

Rolling Stock

The Rolling Stock program provides a schedule of the replacement of vehicles and equipment necessary to conduct daily City activities. The complete 10-year schedule is located in Appendix I of this budget document. The following table lists the vehicles and equipment identified for FY26 per the Rolling Stock Program for the Sewer Fund.

FY26 SEWER DIVISION REQUEST

Mack 10 Wheel Dump w/Plow (Year 3 of 4)	70,000
Vactor (Year 4 of 5)	130,000
F-250 w/plow (Year 1 of 2)	30,000
Van w/lift (Split with Water)	65,000
Misc. Equipment	200,000

TOTAL \$495,000

PARKING AND TRANSPORTATION SPECIAL REVENUE FUND

Special Revenue Funds account for the proceeds from revenues that are legally restricted to expenditures for a specific purpose.

Total Appropriation

The total proposed appropriation for the Parking and Transportation Fund is \$10,016,449. This is a decrease of \$432,325 or 4.14% from the FY25 budget. *[Detail of budget changes can be found in the Parking & Transportation section of this budget document.]* The following table is a summary of major expenditure categories for the FY24 budget and actual, FY25 budget, and the proposed FY26 budget.

	FY24 BUDGET	FY24 ACTUAL	FY25 BUDGET	FY26 CITY MANAGER RECOMMENDED	% CHANGE	\$ CHANGE
OPERATING						
PERSONNEL COSTS	3,607,739	3,249,524	3,964,410	4,040,786	1.93%	76,376

Services provided by the Parking & Transportation Fund offset Property Taxes

The FY26 Budget reflects a continued distribution of \$2,500,000 from parking-related revenues to the General Fund. In addition, the Parking and Transportation Division provides services which are typically funded in the General Fund. The following table lists these services, including the revenue retained in the General Fund.

For FY26, services provided by parking revenues will offset Property Taxes by 64¢.

For the median single-family home valued at \$772,100, this equates to a tax offset of \$492.59.

Services Provided by the Parking Fund which would be typically funded in the General Fund

	FY24	FY25	FY26
Revenues Retained in the General Fund	2,500,000	2,500,000	2,500,000
Transportation Programs	647,229	817,782	910,790
Salaries & Benefits	1,263,003	1,533,623	1,562,802
Snow Removal	300,000	300,000	300,000

1. COAST Dues, Senior Transportation, Trolley Match, Shuttle Services, and Downtown Loop

Capital Outlay

The Parking & Transportation Fund, through the Capital Improvement Plan (CIP), requests funds from parking revenues to support the pay-as-you-go policy of the City in regard to capital improvements. Once the CIP is approved, the funds for the capital projects are requested through the budget process. The following is a list of projects requested by the Department in FY26 for a total of \$350,000. *[Detail on each of these projects can be found in Appendix II of this document.]*

Parking & Transportation Capital Outlay Projects Fiscal Year 2026

Appendix II Page:	CIP #		City Council Adopted 12/2/2024
II	62	Level 2 and Level 3 EV Charging Stations	50,000
II	77	Parking Lot Paving	150,000
II	78	Parking Meters	50,000
II	79	Bicycle/Pedestrian Plan Implementation	50,000
II	90	Traffic Calming	50,000
Total Parking & Transportation Fund Capital Outlay			\$350,000

Rolling Stock

The Rolling Stock program provides a schedule of the replacement of vehicles and equipment necessary to conduct daily City activities. The complete 10-year schedule is located in Appendix I of this budget document. The following table lists the vehicles and equipment identified for FY26 per the Rolling Stock Program for the Parking & Transportation Fund.

Strategic Planning, Citywide Goals, & Initiatives

The Strategic Planning Process

Visioning, strategic planning, and goal setting in the City is a dynamic and collaborative process. Our strategic planning documents, shaped by extensive community engagement, are guided by our mission, vision, and goals. The City embodies the community's values while leveraging its professional expertise to foster productive engagement and prioritize these goals, which include the goals of the current City Council and the organization's long-term objectives, focusing on service, stability, compliance, and professionalism. City Departments use these Goals to develop their initiatives for the year.

The Council established the following five goals for their upcoming term in January of 2024:

- Enhance the supply of housing choices, especially the supply of below-market rate housing options.
- Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community.
- Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government.
- Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources.
- Explore opportunities to support all modes of transportation options.

Strategic Planning Documents

The focus of the strategic planning process and goal setting takes into account citizen engagement, collaboration, affordability, communication, delivery of services, good governance, and

sustainability. These considerations are integrated throughout the FY26 Budget Document and illustrated in each department's goals and objectives.

- **The Capital Improvement Plan (CIP)** is a six-year capital planning tool – organized by project type – which provides project descriptions, justifications, anticipated timelines, associated studies and planning documents, and funding source details. The CIP process uses Strategic Plan goals to help prioritize projects, and resident engagement in advance of CIP Planning Board action. For more information, visit: portsnh.co/cip.
- **A Recreational Needs Study** was recently completed and lays out a vision for Portsmouth's Recreation program to be community-building and supportive; accessible, equitable, and connected; multi-generational; diverse, and focused on the health and wellbeing of all Portsmouth residents. For more information, visit: portsnh.co/recneeds2023.
- **The Climate Action Plan** was also recently completed and provides a set of actions that can be taken by the community and the municipality to tackle greenhouse gas reduction and address sustainability and resiliency issues. This plan establishes targets for the City to meet and will serve as a foundational pillar for the Community to move towards a more climate adaptive and resilient future. For more information, visit: portsmouthnh.co/climatefuture.
- **The Cultural Plan** was adopted in March 2024 and developed through a process of inclusive community consultation and decision-making. This plan, last done in 2002, is designed to help Portsmouth's leaders identify cultural resources, think strategically about how these resources can help the community to achieve its civic goals, and create a rich cultural environment for all, this plan is a foundational pillar for the upcoming update to the Citywide Master Plan. For more information, visit: portsnh.co/2023CulturalPlan.
- **The Market Square Master Plan** process began in March 2024 and will continue through the end of the calendar year. The goal is to capture the community's vision for upgrades to this vibrant square at the heart of downtown. The changes proposed will set the stage for design and implementation plans for the needed infrastructure upgrades. This plan will become a foundational pillar to the upcoming Citywide Master Plan. For more information, visit: portsnh.co/marketsquaremasterplan.
- **The Citywide Master Plan** is a planning document to guide land use and development within Portsmouth. Under New Hampshire State law, the Planning Board is required to prepare and periodically amend and update the Master Plan. The

- Planning Board adopted Portsmouth's current Master Plan 2025 in February 2017 and kicked off in the spring of 2025. For more information, visit: portsnh.co/masterplan.
- **The Parking Utilization Study** was launched in 2022 to re-evaluate the City's public parking program and the Guiding Parking Principles for the Central Business District adopted by the City Council in 2012. The study was accepted by the City Council in February 2025. For more information, visit: portsnh.co/2023parkingneeds.

Quality of Life Documents

- **The Bike/Pedestrian Plan** completed in 2014 will be updated with an anticipated completion date in the spring of 2025. This plan will comprehensively inventory all the City's bike and pedestrian accommodations, evaluate current and future needs, and prioritize system wide improvements. Outcomes of this report will address strategies identified in the Climate Action Plan and will be input into the upcoming Citywide Master Plan. For more information, visit: portsnh.co/bikepedplan.
- **The Open Space Plan** was adopted in 2020 and supports the Citywide Master Plan goal to manage existing open spaces and acquire additional spaces for passive recreation and environmental preservation. In addition to prioritizing land for protection and stewardship guidance, this plan identifies opportunities to expand connections between open spaces, neighborhoods, and trails, integrating climate resiliency objectives as appropriate. For more information, visit: portsnh.co/openspace2020.
- **A Complete Streets Policy** was adopted in 2013 to formalize the City's commitment to "approach every transportation improvement and project phase as an opportunity to create safer, more accessible streets for all users" and to use the best and latest design standards available. These efforts include traffic-calming initiatives, annual sidewalk and paving projects, and gateway corridor improvement projects. For more information, visit: portsnh.co/completestreets.
- **The Community Health Improvement Plan** offers specific recommendations for consideration by the City Council and staff to address the challenges identified by the Community Health Profile. The Plan was adopted by City Council in FY25. For more information, visit: portsnh.co/healthprofile.

Budget/Financial Documents

- **The City's Annual Budget Document** serves as a value statement, a valuable communication tool, and a planning document for the upcoming year's proposed budget expenditures for all City Departments. Each Department has selected and prioritized its goals and objectives to align with the Strategic Plan Goals in each Department's Budget section. These Department-specific goals and objectives are measured by performance metrics to illustrate progress towards these department goals. For more information, visit: portsnh.co/budgets.

New and Highlighted Committees, Boards, and Commissions

The following boards, committees, or commissions were formed to support our strategic planning efforts.

- **The Housing Blue Ribbon Committee** was established by the City Council in February 2024 to support its goal of enhancing the supply of housing in the City. This committee will continue the work of the former Land Use Committee and will explore a variety of policy options within the City's purview. For more information, see the **Initiatives Section** of this document or visit: portsnh.co/housingete.
- **The Arts & Cultural Commission** was established to encourage support for arts and culture within the wider Portsmouth community. It will also foster the implementation of the Cultural Plan, support the establishment of arts and cultural institutions in Portsmouth, promote the welfare of existing arts and cultural institutions, and support coordination and communication among local artists, arts, and cultural institutions. For more information, visit: portsnh.co/artsculture.
- **The Public Art Review Committee** was established to champion high-quality public art for the City and to advise on public art-related topics. They are tasked with commissioning public art projects, providing guidance, developing, and installing works of public art. This will ensure that public art decisions, including those subject to land use approvals, follow established criteria, identifying locations for public art installations, and promoting engagement with public art sites throughout the City. For more information, visit: portsnh.co/PARC.
- **The Sustainability Committee**, formerly a Blue Ribbon Committee, was established as a standing committee to focus on three main areas: increasing awareness of the importance and value of sustainable practices, advising the City Council and City

Manager on improving the sustainability of City operations and advising the City Council on a sustainable approach to the future growth and redevelopment of Portsmouth. For more information, visit: portsnh.co/sustaincte.

- **The Municipal Building Blue Ribbon Committee** was established to explore and recommend to the City Council investments in the Municipal Complex which would:
 - Upgrade the existing police space to improve adjacencies of key functions and to renovate or build better workspaces
 - Accommodate the public more effectively, and increase security with a single point of service
 - More efficiently allocate municipal services within the building
 - Maximize the investment in critical building components to provide a safe, comfortable and energy-efficient environment

For more information, visit: portsnh.co/municipalbuildingbrc.

Citywide Goals & Initiatives

Vision

The City of Portsmouth strives towards innovative, reflective leadership, to preserve its historical authenticity while embracing its sense of community.

Mission

To preserve and enhance the quality of life for the citizens of Portsmouth by providing the highest quality services with a focus on safety, sustainability, preservation, culture, wellness, and diversity.

Values

- **Integrity and Honesty** – Our actions are guided by a commitment to ethical conduct and transparency. We believe in upholding the highest standards of integrity, ensuring that every decision and interaction reflects our dedication to truthfulness and trustworthiness.
- **Community** – Our community is why we exist; the City staff are here to serve the citizens of Portsmouth. We embrace the richness of diversity and foster an inclusive environment where every voice is heard and valued. Through collaboration and mutual support, we cultivate a resilient community that stands strong in the face of challenges and celebrates collective achievements.
- **Vibrancy** – Sustainability and resilience are essential to our vitality. We envision a community that honors the past, thrives in the present and will do so for generations to come. When we embrace sustainable practices and innovative solutions, we ensure our community remains vibrant and resilient.
- **Leadership** – We believe in leading by example. We foster a culture of mentorship and collaboration with our team and the community that we serve. We strive to be leaders in our respective fields and trusted resources for our colleagues in the region, the state, and nationwide.
- **Historic Preservation and History** - Historic preservation is not merely about preserving buildings and artifacts, it includes the stories and legacies that shape our identity. History lights our path toward the future.

City Council Goals

Enhance the supply of housing choices, especially the supply of below-market rate housing options.

- Leverage the resources available via the City's successful participation in the InvestNH Housing Navigator program (one of six cities in NH chosen).
- Capitalize on the creation of the Housing Blue Ribbon Committee to establish tangible goals and early wins for affordable and workforce housing.
- Continue to investigate and implement zoning changes to facilitate the development of housing – particularly below-market housing.

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community.

- Encourage, support, and promote completion of Climate Action Plan implementation items. Actions to include both the municipal side and the community at large.
- Identify potential changes to municipal zoning and permitting to support sustainability and resiliency.
- Train and support community leaders.

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government.

- Bring City Hall (Council, City staff) to neighborhoods, including Portsmouth Housing Authority properties and condo/apartment associations.
- Encourage new voices, conduct surveys on engagement opportunities, re-envision public dialogue with City Councilors.
- Meet residents where they are!

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources.

- Encourage, support, and promote implementation items from the Cultural Plan, Public Art Review Committee and initiatives spearheaded by the Arts & Cultural Commission.
- Support recommendations from the Economic Development Commission relative to economic resilience and small business development and retention.

Explore opportunities to support all modes of transportation options.

- Investigate feasibility of a long-discussed downtown loop shuttle, and ways to encourage optimal movement throughout the city to the benefit of all users and neighborhoods.
- Continue collaboration with regional transportation partners.
- Consider metrics of transportation equity.
- Plan for the future of smart, autonomous, connected vehicles and mobility as a service type, to include potential providers and options.

Organizational Goals

Welcome and support diversity in the workplace and community

The City endeavors to create a welcoming, safe, and diverse community for residents, businesses, and visitors. To achieve this goal, the City has implemented plans, policies, and initiatives, including the following:

- In June 2020, the Portsmouth City Council passed Resolution #13-2020, declaring Portsmouth to be a Racial Justice Municipality. Included in the resolution are several commitments that the City has begun to implement. For more information, visit: portsnh.co/racialjustice.

- The City of Portsmouth has a diversity, equity, and inclusion statement that was developed by an internal working group representing a wide variety of departments. For more information, visit: portsnh.co/dei.
- The Portsmouth Public Library acts as a gateway to reading, information, culture, community activities and self-directed learning, serving all within the community. Like the City as a whole, the Library is dedicated to diversity, equity, and inclusion. Leadership in this area includes the establishment of the Taskforce for Inclusion, Diversity and Equity (TIDE), which meets weekly to discuss and combat racism in the building, collections, and profession.
- The Senior Activity Center (portsnh.co/seniorcenter), opened in 2020, in a greatly expanded space, with increased activity rooms, and a large Assembly Hall. The Center incorporates many design features recommended by the National Council on Aging and has become a vital, active center for seniors in the City.
- Community Campus (portsnh.co/communitycampus), purchased in 2022, allowed the Recreation Department to expand their offerings and provide high-quality programming and facilities. In Fall 2024, it will also become the home of Robert J. Lister Academy, Portsmouth's Alternative High School.

Maintain financial stability

The City follows specific financial policies and long-term financial guidelines to manage its financial and budgetary affairs. By doing so, the City ensures that its financial resources are responsibly stewarded to meet the current and future needs of the citizens of the City of Portsmouth. The City has created several approaches to maintain and improve fiscal stability. (These policies are described in the Financial Policies section of this document.)

Deliver services and programs with courtesy, professionalism, and efficiency

- | | |
|--|--------------------------------|
| • Unassigned Fund Balance Ordinance | • Rolling Stock Programs |
| • Bond Rating | • Capital Improvement Plan |
| • Leave at Termination | • Capital Outlay Policy |
| • Health Insurance Stabilization Reserve | • Debt Service Planning |
| | • Municipal Fee Review Process |

- Investment Policy
- Property Valuation
- Performance Measures
- Enterprise Fund User Rate Policy
- GFOA Award programs

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

The City adheres to local, state, and federal laws and regulations while also identifying opportunities to help shape the laws that impact Portsmouth. The City, through its Legislative Subcommittee, plays an active role with our federal and state legislative delegations on matters that impact residents.

City staff strive to deliver services efficiently and diligently. The City models fiscal responsibility with long-standing, stable and predictable financial policies and practices. Professionalism, hard work, and dedication are hallmarks of City staff. Those in essential service roles continue to deliver the high-quality level of service that residents and businesses have come to expect and enjoy.

Maintain and improve infrastructure to meet the needs of the community

Municipalities depend on their infrastructure in the same way a living organism depends on its skeleton, nervous system, circulatory system, and brain. Without safe, efficient, functioning water, stormwater and sewer networks, bridges, streets and sidewalks, parking lots, garages, utility conduit and the interconnected “operating system” of knowledge, experience and resources, the City would not thrive. Infrastructure is the framework by which a city delivers the services its residents, business, and visitors depend on. One glance at the City’s Capital Improvement Plan (CIP) reveals just how complex the infrastructure has become to build, operate, and maintain.

School Board and Charter Commission Goals

Provide an educational environment that maintains School Board Goals and supports its pillars of opportunity, equity, student wellness, and a strong sense of community to every youth

The Portsmouth School Department, part of SAU 52, works in collaboration with the City on many initiatives. These include projects in energy efficiency, sustainability, and connectivity. Students are encouraged to be active participants in projects aligned with City goals. Our school community strives to create the following as a portrait of a graduate:

- **Passion for Knowledge** – Learners who are intrinsically motivated and well prepared to chart their own paths using curiosity, creativity, and critical thinking
- **Global Awareness & Community Contribution** – Learners who are service-oriented leaders in their own communities, who can see beyond their own shores - they have a deep appreciation for other cultures as well as a desire to establish themselves as advocates and contributors in the global landscape
- **Collaboration & Communication** – Learners who exhibit strong communication and collaboration skills that enable them to amplify diverse perspectives and skillfully navigate complex challenges
- **Transferable Skills** – Learners who possess practical life skills and strong work habits enabling them to adapt and to thrive as independent adults
- **Personal Well Being** – Learners who are healthy individuals, who find joy through a strong sense of self, belonging and an ability to actualize their own goals utilizing, resilience, flexibility, and a growth mindset
- **Empathy & Kindness** – Learners who embody kindness, empathy and compassion inclusive of all individuals

Protect the community through fire protection and crime prevention for its residents and businesses

- Police and Fire personnel serve and protect our community through various crime and fire cessation and prevention for residents and businesses alike. These critical Public Safety departments strive to maintain an active role within the community through community programs and life safety skills classes offered to the public.
- The Portsmouth Police Department (portsnh.co/police) utilizes full-time and auxiliary (part-time) Police Officers, and non-sworn civilians (dispatchers and administration

staff) to maintain safety and security in the City. The Department is made up of uniformed officers, police K-9, motorcycle patrol, animal control, members of the Seacoast Emergency Response Team (SERT), and Police Explorer Post. An Investigative Division is responsible for major crime investigations, juvenile investigations, Crime Stoppers, crime analysis, and the undercover narcotics unit.

- The Department follows the model of Community Policing for proactive problem-solving. At a time of social questioning, Community Policing continues to demonstrate that developing and maintaining partnerships is essential to sustaining dialogues that prevent the conditions that can produce crime and disorder. The police work within the community to build trust with residents and lower anxieties amongst the more vulnerable populations.
- The Portsmouth Fire Department (portsnh.co/fire) provides a full-time, all-hazards fire protection, hazardous materials response, fire prevention, special rescue, and advanced life support services organization through three fire stations staffed 24 hours per day.
- The Department also provides residential and commercial safety inspections, fire extinguisher and safety classes, and fire station tours to keep the City safe and to better educate the public on potential fire and safety hazards.
- The Department stands ready to act as vaccinators as they did during the pandemic, in the event of such a need, which serves to maintain and strengthen the reliable delivery of essential and critical emergency and non-emergency services and promoting the safety of the community and employees through comprehensive education and training.
- The Department seeks to minimize the risk of life and property loss through proactive planning, education, and enforcement of applicable codes and standards.

Citywide Initiatives

Planning & Sustainability

- **Market Square Master Plan**

This plan has developed designs, needed infrastructure upgrades, and enhancements for Market Square. The plan is expected to be accepted in spring 2025. For more information, visit: portsnh.co/marketsquaremasterplan.

- **Bicycle Pedestrian Plan Update 2024-2025**

The updated plan is intended to evaluate and measure progress towards implementing bicycle and pedestrian amenities and help to guide capital investments, while identifying additional funding options. The plan is nearing completion. For more information, visit: portsnh.co/bikepedplan.

- **Citywide Master Plan**

The City has recently contracted with Utile Design to develop the next Citywide Master Plan. Work began in the spring of 2025. For more information, visit: portsnh.co/masterplan.

Citywide Goals Addressed:

Enhance the supply of housing choices, especially the supply of below-market rate housing options

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Explore opportunities to support all modes of transportation options

Deliver services and programs with courtesy, professionalism, and efficiency

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Maintain and improve infrastructure to meet the needs of the community

Human Resources (HR)

- **Human Resource Information System (HRIS)**

This system will be launched as part of the new Enterprise Resource Planning (ERP) software. HRIS helps organizations reduce manual effort, improve efficiency, make data-driven decisions, ensure compliance, and enhance both the employee and HR experience. Key advantages include:

- Streamlined HR processes
- Data centralization
- Improved decision-making
- Enhanced compliance
- Employee self-service
- Talent management and recruitment
- Enhanced communication
- Scalability

Citywide/Council Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Maintain and improve infrastructure to meet the needs of the community

Communications & Community Engagement

- **Communications Working Group**

This Working Group is an ongoing collaborative effort with representatives from many City Departments to troubleshoot communication challenges, discuss strategies, manage changes, and share information and resources.

- **Website Improvements**

Website Improvements – In FY26, several functionality improvements are anticipated for the website, including a new SMS and email notification system, calendar, and meeting notice

enhancements. This work is being done in close collaboration with the Information Technology (IT) Department and other stakeholders.

- **Branding & Style Guide**

An Editorial Style Guide, a Design Style Guide, and a Communications Guide (a resource for staff and Committee members for Community Engagement) will be completed and distributed.

- **Public Outreach for City Initiatives**

The Communications Team continues to work across departments to produce effective surveys, listening sessions, outreach campaigns, and materials to model an approach for future efforts to meet the community's needs and expectations.

Citywide Goals Addressed:

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Deliver services and programs with courtesy, professionalism, and efficiency

Recreation

- **Community Campus Building Improvements**

The City received a grant of \$1 million from the NH Community Development Finance Authority (CDFA) in FY24 to support Community Campus upgrades. Along with \$1.5 million in ARPA funding approved by the City Council, these funds allow for building improvements which include tenant space updates and relocations in the building, IT improvements, security upgrades, and more programming and office space for the City's Recreation Department. The project began in September 2024 and is slated to be completed in July 2025. For more information, visit: portsnh.co/campusconstruct.

- **New Turf Athletic Field**

Design for the new field was completed and construction of an additional turf field and related amenities adjacent to the existing turf athletic field at the Community Campus property is scheduled to start in fall 2025.

- **South Mill Pond Playground**

This project includes design, complete renovation, and replacement of the current playground, creating a new, ADA compliant, age-friendly, inclusive playground. For more information, visit: portsnh.co/southmill25.

- **Expanded Teen Programming**

In order to meet the increasing demand for teen programming, the Department is offering

afterschool programs at the Middle School, as well as a six-week Teen Adventure Summer Program in 2025.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain and improve infrastructure to meet the needs of the community

Finance

- **New Enterprise Resource Planning (ERP) Software**

The Finance Department has undertaken the search for a replacement to our aging accounting software, in use by the City for more than two decades. An RFP generated a great response, and the multi-department selection committee is moving the process forward. Extended implementation planning and process mapping are expected to be followed by initial configuration, training, and transition during calendar year 2026 with ancillary applications to be considered and implemented in the months to follow.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain and improve infrastructure to meet the needs of the community

Legal

- **Gateway Neighborhood Overlay District (GNOD)**

The Legal Department worked closely with the Planning & Sustainability Department, the Housing Committee, and representatives of the Kane Company in drafting the GNOD. It is anticipated that a substantial number of new housing units will be created in this pilot housing zone.

- **Land Conservation**

Begun in FY25, a major project for the Legal Department continues to be the negotiation and crafting of the conservation easement document to preserve 94 acres of open space on Elwyn Road. In partnership with the Southeast Land Trust, the City has committed to providing up to \$1 Million for this easement to protect one of the largest undeveloped properties in the City. For more information, visit: portsnh.co/concomm.

- **Implementation of Prosecution by Karpel (PbK)**

PbK is case management software designed for the Prosecution Unit. The County Attorney's Offices use this software to manage their caseloads and maintain their files digitally. The software also provides for the automated creation of standard documents and correspondence, efficient production of discovery materials to defendants, and collection of data needed to apply for and file reports on the Federal Grants (VOCA & VAWA) that fund the Victim/Witness Advocate.

- **Ongoing Implementation of HighQ**

HighQ is case management software which will streamline and allow for our collaboration with other City Departments. The Public Records Module has been implemented, processing 118 requests, to date. Configuration of the litigation module is almost complete and will be used by the Assessing Office for Abatement cases at the State Board of Tax and Land Appeals and the NH Superior Court.

- **OpenGov Procurement Project**

The implementation of OpenGov Procurement software has updated and streamlined all of the City's contracting and procurement functions into one system for all staff and vendors to use. The Legal Department has collaborated closely with members of the Finance and Public Works Departments in the implementation of this program. Full functionality and staff training is expected in FY26. For more information, and to see the new software, visit: portsnh.co/bids.

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain financial stability

Health

- **Health In All Policies Approach**

In FY25, the City Council adopted the [Community Health Improvement Plan](#) (CHIP), paid for with ARPA funds. The Plan includes a Health in All Policies approach to policy development, planning, investment, and infrastructure. This framework will be incorporated in the next Master Plan and other Citywide initiatives that affect public health and the safety of all residents, including those most vulnerable.

- **Community Resource Network Online Directory**

The Health Department continues to work with the [Community Resource Network](#) (CRN). The Department recently utilized ARPA funds to contract with consultant Darci Creative to create an online directory of health and human service agencies serving Greater Portsmouth. For more information, visit: portsnh.co/health.

Citywide Goals Addressed:

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Library

- **Bookmobile**

Utilizing ARPA funds, the library has ordered a bookmobile and will inaugurate it in early FY26 with outreach programs including the Farmer's Market, Homebound deliveries, festivals, and more.

Citywide Goals Addressed:

Maintain and improve infrastructure to meet the needs of the community

Deliver services and programs with courtesy, professionalism, and efficiency

Information Technology

- **Information Technology (IT) Infrastructure**

The Information Technology Upgrades & Replacement project incorporates the general government (City Hall, Public Works, Recreation, and the Public Library), Police, Fire, and School Departments' technology needs. The replacement and upgrade of computers, servers, and other technology that has reached its end of life for FY26 supports the ability of all departments to deliver services efficiently.

- **Cybersecurity**

The City addresses cybersecurity by the continual assessment of the technology environment through services provided by the US Cybersecurity and Infrastructure Security Agency (CISA) and remediation to improve our security posture.

- **Enterprise Resource Planning (ERP) Software**

The various software used to perform the necessary financial functions of the City are being upgraded and expanded for Citywide efficiencies. Due to the size and cost of the project, funding is spread out over several years with a phased implementation which began in FY25.

Citywide Goals Addressed:

Maintain financial stability

Maintain and improve infrastructure to meet the needs of the community

Deliver services and programs with courtesy, professionalism, and efficiency

Public Works

Construction Projects

- **Elwyn Park Sidewalks & Traffic Calming**

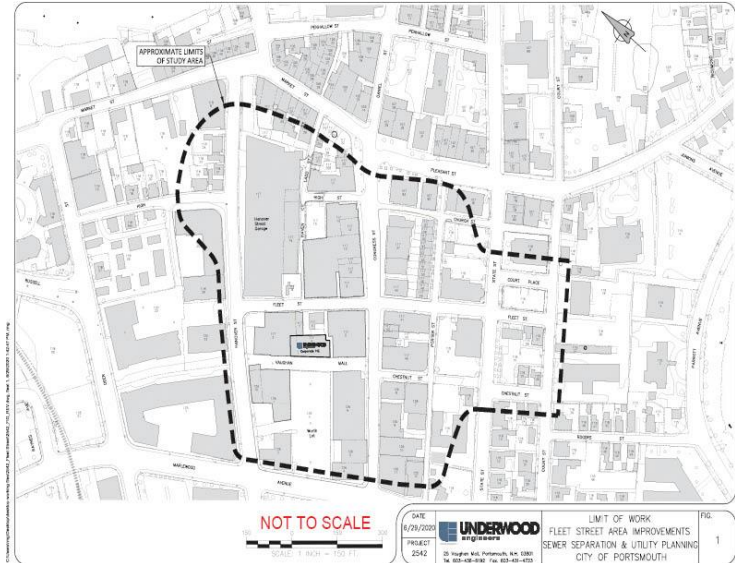

This project will improve pedestrian connections and safety for all travelers in the Elwyn Park neighborhood. The addition of sidewalks and related traffic calming measures were recommended in the City's 2010 [Safe Routes to School Action Plan](#) and identified as a project in the City's 2014 [Bicycle and Pedestrian Plan](#) with an emphasis on providing safe bicycle and pedestrian connections to the Dondero Elementary School. For more information, visit: portsnh.co/elwynsidepath.

- **Fleet Street Area Reconstruction**

This project includes water, sewer, and drainage upgrades along with a full streetscape rework and other pedestrian enhancements. Funding will come from the Water and Sewer

Enterprise Funds and the General Fund. Design work and permitting continues on all three construction areas: Upper Congress Street and Vaughan Mall, Maplewood Avenue from the railroad tracks to Hanover Street for the drainage outfall, and Fleet Street. Vaughan Mall and the construction of a new drain line under Maplewood Avenue from Hanover Street to the North Mill Pond are the first two projects to take place in 2025.

In 2026, the construction moves into the Upper Congress Street area from Fleet Street to Maplewood. The anticipated project completion is 2027. For more information, visit: portsnh.co/fleetreconstruction.

- **Woodbury Avenue Traffic-Calming Project**

Residents in the Woodbury Avenue neighborhood have requested traffic calming measures between Market Street and Bartlett Street. City Staff presented revised conceptual plans to construct several speed cushions and median islands on Woodbury Avenue between Echo Avenue and Dennett Street to alter Woodbury Avenue's wide and straight alignment, provide pedestrian crossing refuge areas, and to slow vehicle speeds. For more information, visit: portsnh.co/woodburycalm.

- **Peverly Hill Road Project**

NHDOT has approved the Preliminary Design and has given the City authorization to proceed with Final Design and Right of Way Phases to obtain the necessary land for construction of the project. Following NHDOT review of the next steps, construction could begin as soon as 2026. For more information, visit: portsnh.co/peverlycomplete.

- **Chapel Street**

This project will include the reconstruction of Chapel Street from Bow Street to Daniel Street. Work will include replacement of the water main, sewer main, and drainage improvements along the roadway.

- **Hanover Garage**

The Hanover Garage, built in 1985, is in the final phase of a three-year renovation that started in July 2022. The project includes maintenance and upgrades to steel structural beams and columns as well as the precast floor slabs and follows from the engineering analysis, completed in 2021. Construction has required phased closures of up to 300 parking spaces at a time. For more information, visit: portsnh.co/hanovergarage.

- **Mechanic Street Pump Station**

The Mechanic Street Wastewater Pumping Station is the largest in the City. The City developed a [Pump Station Master Plan](#) to perform limited upgrades. However, in 2023 and 2024, pump failures and flooding events which required temporary pump installation on the site and emergency repairs, underscored the need for a comprehensive replacement and upgrade program. The City intends to present concepts to the City Council and the community in 2025 before moving forward with the project. For more information, visit: portsnh.co/mechanicupgrade.

- **Pease Tradeport Wastewater Treatment Facility**

This project will upgrade the Pease Tradeport Wastewater Treatment Facility (WWTF) to address treatment capacity limitations based on projected buildout of the Tradeport for both domestic and industrial customers. Much of the Pease Tradeport WWTF equipment has reached the end of its service life and cannot accommodate the future flows and loads associated with the buildout. Improvements include upgrades to the liquid and solids treatment processes and ancillary systems to address nitrogen removal requirements. The project includes an electrical system upgrade, mechanical equipment replacement, expansion of the secondary treatment capacity, and conversion of the effluent disinfection system from chlorination/dechlorination to ultraviolet. Construction is anticipated to take approximately two years, and the facility will remain in operation throughout construction. For more information, visit: portsnh.co/peasewwtf.

- **South Mill Pond Playground**

This project is to replace the existing South Mill playground with a new, universal design, ADA-compliant, age-friendly, inclusive playground. The design team conducted a public survey and hosted a public input session to ensure the project meets community needs. For more information, visit: portsnh.co/southmill25.

- **Elementary School Playgrounds**

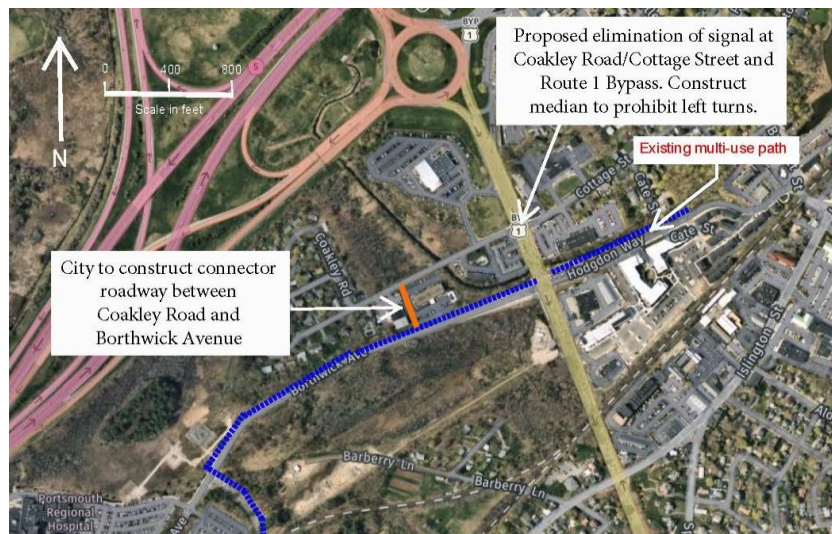

Upgrades to the playgrounds at Dondero, Little Harbour, and New Franklin schools are anticipated in the outyears of the CIP, starting with concepts for universal design and accessibility.

- **Campus Drive, Multi-Use Athletic Field**

Site improvements to existing fields and recreation facilities are planned which will increase playability and improve services while addressing drainage issues, improving turf systems, converting practice fields to competition fields, and upgrading infrastructure at the site.

- **Route 1 Bypass/Coakley/Cottage Intersection**

The City of Portsmouth received approval from the New Hampshire Department of Transportation (NHDOT) on its \$1.2 million Congestion Mitigation and Air Quality (CMAQ) project plan to improve traffic flow on the Route 1 Bypass. It calls for removing the traffic signal at the intersection of Route 1 Bypass, Coakley Road, and Cottage Street and extending the median on Route 1 Bypass to prohibit left turns. To provide left turn access to and from the Bypass for users of Coakley Road, the City will construct a connector road from Coakley Road to Borthwick Avenue. The City held a public information meeting to discuss the project in detail and to invite public input on the plans on October 22, 2024. For more information, visit: <https://portsnh.co/bypasscoakley>.

- **Middle/Miller/Summer Streets Intersection Redesign**

This project includes the realignment of the intersection to provide safer and better sight distance by replacing the existing, outdated traffic signal with new equipment that meets current design standards. Included in this project are new mast arms, signal heads, pedestrian signals, accessible curb ramps, signal detection, and a signal controller. Modifications to the pavement markings and lanes are also proposed. For more information, visit: <https://portsnh.co/middlemiller>.

- **Russell/Market Street Intersection Upgrade**

Due to increased traffic volume, this intersection was identified for an upgrade. Improvements will address traffic flow and safety. The upgrades will be designed to complement the recently completed Market Street Gateway Project.

- **Cate Street Bridge Replacement**

This bridge is beyond its 50-year design life and must be replaced to remain open and ensure emergency vehicle access to Portsmouth Regional Hospital from the neighborhood. The City will continue make temporary repairs until State funding is available for the bridge replacement.

- **Market Square Master Plan**

The Market Square study completed in FY25 will inform capital investments needed in the Square. After engaging the community in a Citywide process to understand the vision, values, and funding priorities for Market Square the project will be implemented in multiple phases which are reflected in funding requests for FY28 and FY30, including streetscape

improvements, pedestrian enhancements, and upgrades to water, sewer, drainage. For more information, visit: portsnh.co/marketsquaremasterplan.

Citywide Goals Addressed:

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Maintain financial stability

Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain and improve infrastructure to meet the needs of the community

Municipal Facilities

- **Upgrade to DPW Complex**

Work is intended to improve garage, maintenance, and HVAC control systems and to provide needed garage storage space.

- **Community Campus Improvements**

Facility maintenance and improvements at the Community Campus are included in the approved FY25-30 Capital Improvement Plan. This 20+ year old building needs ongoing maintenance. The roof is in need of repair. The aging fire alarm system and HVAC controls are also of concern. Budgeted CIP funds are being used to address those improvements as well as ongoing maintenance of plumbing infrastructure, playgrounds, retaining walls, and kitchen equipment. A security card access system was installed, and improvements were made to exterior lighting. The Tenant Improvement Project Phase 1 was completed in FY25 under budget. For more information, visit: portsnh.co/campusconstruct.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Maintain and improve infrastructure to meet the needs of the community

Deliver services and programs with courtesy, professionalism, and efficiency

Water Division

- **Water Service Line Inventory**

The U.S. Environmental Protection Agency (EPA) required that all public water suppliers, including the City of Portsmouth, submit an inventory of the materials in water service lines (the pipes that deliver drinking water from the public water mains to customers) by October 16, 2024. Of the 8,400 water service lines in the City, 7,760 were identified with material types. As required by the EPA, the Water Division continues to notify customers whose water service line material is identified as galvanized steel or whose service line material has not been identified. No lead services lines were identified in the Portsmouth or Pease water systems. For more information, visit: portsnh.co/serviceinventory.

- **Little Bay Water Line Project**

This project consists of design and construction of a new water transmission main beneath Little Bay to provide redundancy for the two existing water mains that have been in place for nearly seventy years. Because bids for the waterline installation were too high, the project was split into two phases. Phase One, completed in 2024, covered the installation of new valves on the existing mains on either side of the bay to allow either of the transmission mains to be closed in an emergency. Phase Two, the installation of a new transmission main is being revised in response to permit requirements and modifications to acceptable construction methods. For more information, visit: portsnh.co/waterprojects.

- **Conservation Easements to Protect Reservoir**

The Portsmouth Water System depends on the 22-square mile watershed that drains to the City's 440 acre Bellamy Reservoir. The City acquired conservation easements in 2018 and 2020, totaling 178 acres of properties that abut the Bellamy Reservoir, through the combined efforts of the City, Southeast Land Trust and the Town of Madbury. The City is working to acquire a 45-acre parcel near the surface water intake and anticipated securing the Fernald property by the end of FY25. For more information, visit: portsnh.co/BellamyEasement2023.

- **Greenland Well Treatment**

This project involves the design and construction of a PFAS treatment facility at the Greenland Well. EPA regulations (finalized in 2024) set drinking water limits at levels slightly below the current PFAS levels tested at the Greenland Well. New drinking water limits must be met by 2029. This facility is being designed to provide compliance with these new regulations. For more information, visit: portsnh.co/waterprojects

- **Chapel Street**

This project will include the reconstruction of Chapel Street from Bow Street to Daniel Street. Work will include replacement of the water main, sewer main, and drainage improvements along the roadway.

- **Chapel Street**

This project will include the reconstruction of Chapel Street from Bow Street to Daniel Street. Work will include replacement of the water main, sewer main, and drainage improvements along the roadway.

- **NH Seacoast Greenway**

The City plans to create additional access points to the Greenway at Barberry Lane, between Borthwick Avenue and Islington Street and at Ocean Road. For more information, visit: portsnh.co/greenway.

Citywide Goals Addressed:

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Maintain financial stability

Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain and improve infrastructure to meet the needs of the community

Parks & Public Greenery Division

- **Portsmouth Tree Viewer**

A new feature of the City's website details the City's tree inventory. There are over 15,000 trees in Portsmouth that provide natural and historic character, filter environmental pollutants, aid in storm water runoff and filtration, provide wildlife habitat, provide

screening, increase biodiversity, and improve quality of life. For more information, visit: portsnh.co/treeview.

Citywide Goals Addressed:

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Deliver services and programs with courtesy, professionalism, and efficiency

Parking & Transportation Division

- **Implementation of the 2025 Parking Utilization Plan**

Based on the recommendations of the Plan, and working with the City Council, the Division began development of short, medium, and long range operational plans. Initially, the focus is on the high-impact, near-term projects, including:

- A new Homewood Suites Hotel and high-density residences near the Foundry Place parking garage
- The development and loss of the Sheraton Hotel public parking lot
- The return to full capacity of the Hanover Garage after three years of maintenance and upgrades removed 300 spaces from the City's parking inventory

For more information on the Parking Utilization Plan, visit: portsnh.co/2023parkingneeds.

- **Wayfinding Technology Upgrades**

The Division is researching an application-based wayfinding product in conjunction with the current meter parking vendor ParkMobile, which now accounts for nearly 70% of all metered transactions in Portsmouth. The application would notify users as they arrive in Portsmouth to assist them in locating available parking or send alerts for special events that may impact the available parking inventory. Using the concept of “know before you arrive” will make the parking experience better for users, reduce congestion, pollution, and the carbon footprint of those drivers as they search for parking.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Explore opportunities to support all modes of transportation options

Maintain financial stability

Deliver services and programs with courtesy, professionalism, and efficiency

School Department

- **Elementary School Redistricting Plan** – In January 2025, the School Board approved an elementary redistricting plan. This plan realigns catchment area boundaries with an eye toward more equitable utilization of our schools. For more information, visit: portsnh.co/redistrict2025.
- **Strategic Focus Area One: Rigorous and Aligned K-12 Curriculum** – The following steps are being taken in conjunction with this focus area:
 - Develop a steering committee with a shared vision of K-12 curriculum outcomes composed of teachers and administrators
 - Audit current/existing information across the district regarding curriculum maps
 - Create a shared format and common tools to use
 - Establish teams across schools to complete pacing maps in all curricular areas, including world language
 - Secure curriculum coordination at PMS through the budget process
 - Plan early release and professional development days for the 2025-2026 calendar
 - Include training on Universal Design for Learning (UDL) and Multitiered Systems of Support (MTSS)
- **Strategic Focus Area Two: Building Educator Capacity** – The following steps are being taken in conjunction with this focus area:
 - Examine current evaluation practices within schools across the district
 - Establish a steering committee for evaluations composed of teachers and administrators
 - Investigate new tools that for professional staff evaluation
 - Select 2-3 structures and explore their implementation
 - Review teacher effectiveness and evaluate if changes need to be made
 - Create a schedule for administrators for evaluations to be conducted
 - Reconsider the Collective Bargaining language regarding evaluation and make necessary adjustments
- **Strategic Focus Area Three: Student Safety, Well-Being, & Belonging** – The following action steps are being taken in conjunction with this focus area:
 - Implement Social Emotional Learning (SEL) programs at all levels, K-12

- Establish steering committee to incorporate Collaborative for Academic, Social, and Emotional Learning (CASEL)
- Standards within district SEL guidelines
- Examine data to assess student engagement in academics and school culture
- Implement the *Navigate 360 Emergency Suite* districtwide
- Conduct a Safety Assessment with NH Homeland Security & Emergency Management

Citywide Goals Addressed:

Provide an educational environment that maintains School Board Goals and supports its pillars of opportunity, equity, student wellness, and a strong sense of community to every youth

Deliver services and programs with courtesy, professionalism, and efficiency

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Police Department

- **International Chiefs of Police (IACP) Trust Building Campaign**

The Department joined this multi-year campaign which “seeks to enhance trust between police agencies and the communities they serve by ensuring positive community-police partnerships that promote safe, effective interactions; create strategies to prevent and reduce crime; and improve the well-being and quality of life for all.”

- **The 30 x 30 Advancing Women in Policing Initiative**

Currently, women across the nation comprise only 14% of sworn officers. This ongoing initiative seeks to increase the representation and experiences of women in all ranks of policing. The stated goal, to reach a proportion of 30% women among sworn staff by 2030, is having positive results. The Department is currently at 10%, up from 9% in 2024.

- **Policing Facility**

The Police Department has been seeking a new facility since 2014. This project is moving forward, and site selection has concluded. In 2025, the Mayor appointed a Municipal Building Blue Ribbon Committee to review the Policing Facility and the City Hall complex as a whole. For more information, visit: portsnh.co/municipalbuildingbrc.

- **Staffing Study**

A staffing study with Matrix Consulting Group is currently underway in tandem with the work of the Municipal Building Blue Ribbon Committee. They will review the operations

and the facilities to make recommendations for staffing levels, which will impact the size of the proposed Policing Facility. For more information, visit: portsnh.co/municipalbuildingbrc.

- **Body Cameras**

Implementation of body worn cameras is anticipated in FY26. The initial stage of the equipment rollout involves creating standard operating procedures that will ensure the program complies with State and federal laws, best practices for the operation of the entire program, and proper deployment.

- **Accreditation**

The Department continues to work toward the next, “top tier,” re-accreditation process with the Commission on Accreditation for Law Enforcement Agencies (CALEA). The Department is in the process of achieving New Hampshire Accreditation – a new program.

- **Computer Aided Dispatch/Records Management System (CAD/RMS)**

In FY24, the Department kicked off implementation of a new system for dispatch and records management. Data migration anticipated to be completed in the second quarter of FY26, with testing and training to follow. An advocacy group of over 100 City residents recently proposed a set of policy changes to the Police Commission to enhance Commission and Department transparency, accountability, performance, goodwill, and community confidence. The recommendation of data gathering/analysis from this effort informs the new CAD/RMS system. The first set of quarterly data is anticipated to be available in FY26.

- **Training Events**

The Department will continue with all public safety training events in FY26 to include CRASE (Civilian Response to Active Shooter Events), ALICE (Alert, Lockdown, Inform, Counter, and Evacuate), Fraud Awareness, Personal Safety, and Bank Safety.

- **Community Events**

The Department will continue initiatives in Community Policing such as Coffee with a Cop, Shop with a Cop, National Walk to School Day, Senior Summer Picnic, National Night Out, Veterans Breakfast and Senior Thanksgiving Luncheon.

Citywide Goals Addressed:

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Deliver services and programs with courtesy, professionalism, and efficiency

Protect the community through fire and crime cessation and prevention for its residents and businesses

Welcome and support diversity in the workplace and community

Maintain and improve infrastructure

Fire Department

- **Fire Station 3**

In FY26, the Fire Department is continuing the implementation of full-time status of a third Advanced Support Ambulance out of Fire Station 3.

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency.

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Citywide Recognitions, Awards, Grants, and Accomplishments for Fiscal Year 2024

Recognitions & Awards

Planning & Sustainability

- In December 2024, the City received the Housing Champion Award from NH Department of Business and Economic Affairs, recognizing Portsmouth's outstanding commitment to fostering an environment that supports innovative and sustainable solutions to address New Hampshire's housing needs.
- In December 2024, the City received the SolSmart Bronze Award in recognition of its solar energy efforts. For more information, visit: portsnh.co/news.
- In January 2025, the City received a Bronze-level Bicycle Friendly Community award from the League of American Bicyclists. For more information, visit: portsnh.co/news.

Recreation

- **Age Friendly City** – The City continues to be recognized as an Age Friendly Community through the American Association of Retired Persons' (AARP) Livable Community initiative. Age Friendly efforts strive to support people of all ages and improve the quality of life for everyone.

A community benefits from the adoption of policies and programs that increase health and wellness programming, feature transportation options, enable access to key services, and provide opportunities to participate in social activities. Well-designed, age friendly communities make for happier, healthier residents regardless of age.

Approximately 37% of Portsmouth residents are aged 50 and older. The City supports a Senior Activity Center to coordinate activities, partnerships, and programs that support an aging population. The Recreation Department and Portsmouth Public Library host hundreds of activities for all ages year round.

- **Conference Presenter** – Assistant Director Brinn Sullivan was a featured presenter at the Northern New England Recreation Conference, speaking on Reframing Aging.

- **Chamber Collaborative** – Assistant Director Brinn Sullivan received the CelebrateHER Award (Large Business/Organization) from the [Chamber Collaborative of Greater Portsmouth](#) for exhibiting leadership, tenacity, and strength.
- **Outstanding Aquatics Program** – The New Hampshire Recreation and Park Association (NHRPA) recognized the Portsmouth Recreation Department with the 2025 Outstanding Aquatics Program award on Thursday, April 10th, 2025. It highlights the successful programs that run at the Indoor Pool, Outdoor Pool, and Spinnaker Point including the robust Swim Lesson classes that provide instruction to over 1,000 people in the Greater Portsmouth area each year.

Legal

- **New Hampshire Bar Association** – Of Counsel, Robert P. Sullivan, who retired after serving as the City Attorney for 40 years, was presented with the New Hampshire Bar Foundation’s Frank Rowe Kenison Award. This award recognizes an attorney who makes “substantial contributions to the betterment of New Hampshire citizens through the administration of justice, the legal profession, or the advancement of legal thought.”

Library

- **The Jim Horrigan Award** – This award was presented to the Library by the Portsmouth Democrats in recognition of outstanding service to our community. The presentation stated: “The Portsmouth Public Library offers a wide range of activities and resources for our community. Their commitment to the children of Portsmouth is outstanding. The staff of the library offers a welcoming environment and are available to assist with any library needs you may have. During COVID, they modified their services for our community that were admired and appreciated by all. Our library is a gem for the citizens of Portsmouth.”

Department of Public Works

- **Arbor Day Foundation Tree City & Tree Growth Awards** – [The Arbor Day Foundation](#) once again recognized Portsmouth as a Tree City USA as it has for over twenty years. [The Tree City USA](#) program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and National Association of State Foresters. Portsmouth achieved Tree City USA recognition by meeting the program’s four requirements: supporting a tree board or department, a tree-care ordinance, an annual community forestry budget of at least two dollars per capita, and an Arbor Day observance and proclamation. Since 2019, the Parks and Greenery Department has also received The Arbor Day Foundation's [Tree Growth Award](#), which is based on the Department’s high-achieving levels of education, partnerships, planning and management, and tree planting and maintenance.

School Department

- **Top-Ranked Schools** – *US News and World Report* placed all City schools in the top 25 schools in NH for 2025
 - New Franklin Elementary School (NFS) #6
 - Little Harbour Elementary School (LHS) #14
 - Dondero Elementary School (DON) #22
 - Portsmouth Middle School (PMS) #9
 - Portsmouth High School (PHS) #15
- **Standardized Testing** – Portsmouth elementary schools continue to perform “well above expectations” in literacy and math on the Statewide Assessment System (SAS), with 72% of students in grades 3-5 scoring proficient or above proficient at LHS and 82% proficient and above at NFS.
- **University of New Hampshire (UNH) Internship** – LHS and NFS were chosen as partnership sites for UNH graduate interns. Due to a declining number of students enrolled in the education program, securing an intern has become increasingly competitive. Additionally, both schools host Reading Practicum students from UNH, partnering undergraduate students with classroom teachers to shadow, observe, and work with students. These students also participate in workshops hosted by our Reading Specialists on teaching reading based on the Science of Reading strands.
- **Consular Recognition** – The Italian Consulate in Boston recognized three students from LHS and three DON students in a contest celebrating Italian Creativity, which required students to interpret and demonstrate understanding of a text in a creative way.
- **Coccia-Inserra Award for Excellence** – PHS World Language teacher Joseph Marquette won the National Coccia-Inserra Award for Excellence in the teaching of Italian. This is a K-12 national award.
- **World Languages** – PHS World Language teacher Helaine Wemple presented a pedagogical project developed during her recent Fulbright in Colombia at the Global Education Benchmark Group’s National Conference in Miami in April.
- **Junior Seal of Biliteracy** – Students in Portsmouth Middle School will be awarded the Junior Seal of Biliteracy from the State of NH for participating in two years of Foreign Language study during Middle School.
- **Seal Shout Out** – LHS revamped their Seal Shout Out awards to incorporate their values more directly; this includes recognizing and celebrating students for acts that show leadership, good citizenship, and a commitment to lifelong learning.
- **Career Technical Education Center (CTE) Recognition**
 - Four PHS CTE Computer Science Pathway students won the District 1 Congressional App Challenge for developing the Google Extension: Clarity. Congressman Chris Pappas visited in February 2025 to recognize these students and their amazing work. Their work will be on display in Washington, DC.

- Four PHS CTE Careers in Education learners have been accepted to present workshops at the Educators Rising National Conference in Orlando, Florida this June. They will be accompanied by two Educators Rising Spring Competitive Events winners who have earned a place to compete nationally.
- The PHS CTE Business students have seen success with Future Business Leaders of America membership and through participating in their Statewide leadership competition. Three young women studying Business were just recognized by the Chamber Collaborative of Portsmouth and the Women's Business League, as "Lighting Our Way Honorees" at their CelebrateHER event in February. This past fall, Accounting Pathway students travelled to UNH and participated in a Fraud Challenge Competition. Our students earned first and second place in the competition against their peers from across the State.
- PHS CTE continues its strong relationship with Hospital Corporation of America's Portsmouth Regional Hospital. This school year, we have had 16 interns placed across units such as: Emergency, Nursing, Trauma, Family Services, Surgical Sterile and the Intravascular Cardiac Unit. Summer internships and spring clinical experiences for our Health Science Technology students will continue to add to the number of learners jumping into high skill, in demand career pathways in healthcare.
- Several students in the Culinary Arts Pathway have received local and State recognition this year. In early October, students won many 1st, 2nd, and 3rd place ribbons in their first ever submissions to the Deerfield Fair. One blue ribbon winner is having their recipe included in the Deerfield Fair's 150th Anniversary Cookbook. Two students from Culinary Arts won the New Hampshire Lodging and Restaurant Association's (NHLRA) Annual Gingerbread Competition. One member of the Culinary Arts program was selected to be a teaching assistant – while still a high school student – in Great Bay Community College's (GBCC's) Culinary Arts and Sustainable Foodways program which started in February 2025.
- **STEAM Activities** – Jillian Foote, second grade teacher at DON, received a class set of Hess Trucks to implement STEAM activities into her classroom.
- **Sustainable Design** – The Architecture, Construction, and Engineering (ACE) Mentor Program NH student team captains from Portsmouth High School presented their sustainable design project of a community recreation center incorporating upcycled shipping containers to the Planning Board in October. The team presented the design, budget estimates, and projected timeline to the board for their feedback.
- **Debate Performance**
 - PHS Debate competed at Yale's National tournament early in the school year. The team competed in 5 NH Debates this year with around 50 competitors each, and Portsmouth came in first in both the speaker and team category in all of them. The team competed at Newton South High School in Newton, MA and had an undefeated team.

- PHS sent students to compete at Harvard's National Speech and Debate Tournament along with over 500 other schools.
- **Poetry Out Loud** – PHS Senior Claire Audet won the school-wide Poetry Out Loud competition and competed in the NH state semi-finals.
- **Literary Recognition** – PHS Literary Magazine, *Epitome*, gained national recognition as "Superior" by the National Council of Teachers of English.

Police Department

- **Patriot Award** – On February 18, 2025, Police Chief Mark Newport was honored with the prestigious Patriot Award by members of the New Hampshire Air National Guard through the Employer Support of the Guard and Reserve program (ESGR). Chief Newport was nominated for the award by a patrolman who also serves in the Guard. The Patriot Award recognizes employers who demonstrate exceptional support of their employees during times of military deployment and training. In accepting the award, Chief Newport emphasized that the recognition reflects a collective effort of the entire Portsmouth Police Department, to support our coworkers who serve in the Air National Guard. The Patriot Award highlights the importance of fostering a supportive work environment for those serving in the military, and the Portsmouth Police Department's ongoing dedication to supporting their members both on and off duty.
- **Community Policing Award** – In September 2024, the Department was awarded the New England Association of Chiefs of Police Community Policing Award. This award honors a Department that demonstrates community focused, problem-oriented policing, grounded in the belief that the police are part of the community, and as such, must work in partnership with those they serve. An application was submitted in May, highlighting a case that was representative of the on-going teamwork between Patrol, Investigations, and help from the public, to solve cases in the City that lead to the arrest and conviction of perpetrators.

Finance Department

- **Government Finance Officers Association (GFOA) Awards Annual Comprehensive Financial Report Award (ACFR)**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the City of Portsmouth its 31st Certificate of Achievement for Excellence in Financial Reporting for the fiscal year-ended June 30, 2023 ACFR. The Certificate of Achievement recognizes the publication of “a readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards.” Such reports must satisfy both Generally Accepted Accounting Principles (GAAP) and applicable legal requirements.

- **Budget Presentation Award**

The City received the GFOA’s Distinguished Budget Presentation Award for the 19th consecutive year for the Proposed Budget Document for fiscal year beginning July 1, 2024 (FY25). The award recognizes the City’s budget documents as “proficient as a policy document, a financial plan, an operations guide and a communication device.”

- **Popular Annual Financial Report (PAFR) Award**

The City received the GFOA’s Popular Annual Financial Report (PAFR) Award for the 7th consecutive year for the fiscal year-ended June 30, 2023 report. This award recognizes the publication of “a document that extracts information from their Annual Comprehensive Financial Report to produce a high quality Popular Annual Financial Report specifically designed to be readily accessible and easily understandable to the general public and other interested parties without requiring a background in public finance.”

- **Triple Crown Medallion**

The City of Portsmouth received its 6th consecutive GFOA Triple Crown Medallion for achieving all three (3) awards for exceptional financial reporting: the City’s FY25 Budget Document, the FY23 Annual Comprehensive Financial Report, and the FY23 Popular Annual Financial Report.

- **Bond Rating**

Standard & Poor’s (S&P), the national rating agency, completed another municipal bond credit rating review in June 2024 and affirmed the City’s AAA rating, the highest rating possible with S&P 12 consecutive times. The City has maintained this rating since 2013. In their summary, S&P noted that their report “[R]eflects S&P Global Ratings’ opinion of the city’s very strong management and economic profile, which we believe will continue to support its positive financial operations, resulting in continued maintenance of the city’s high reserve levels.”

Notable Media Accolades

The following is a highlight of the media coverage received in FY25:

- Parade (March 17, 2025), [Samantha Brown's Best US Destination Recommendation is a Vibrant Hub Of Shops And Eateries](#)
- Boston Globe (March 7, 2025), [The Best of Portsmouth, N.H., According to These Three Insiders](#)
- Luxury Travel (November 26, 2024), [Private Jet Thanksgiving Getaways: Small Towns Edition](#)
- USA Today (November 22, 2024), [Christmas Lights NH: 5 Must-See Displays in 2024](#)
- Travel + Leisure (November 22, 2024), [America's Best Towns for the Holidays](#)
- Knox News (October 9, 2024), [New Hampshire offers Breezy Beaches, Historic Sites](#)
- TripAdvisor.com (July 29, 2024), [The 15 Best Things to Do in New Hampshire](#)
- Wanderlust (July 25, 2024), [Best Time to Visit New Hampshire](#)
- Fortune (July 23, 2024), [50 Best Places to Live Will Serve Multigenerational Families for the Long Haul](#)
- For more Accolades, visit: portsnh.co/accolades

Grant Awards

The City diligently seeks out grants through federal and State agencies to fund capital projects and services. For FY25, the City has received the following grants:

General Administration & Finance

- Grant from Moose License Plate Conservation program – \$8,999.50
- Donation from Carl Austin Hyatt, Rodney and Wickie Rowland, Eric MacDonald, M. Christine Dwyer, Pauline G. Elkin, Tim Ellis, Shelagh E. Mahoney, Ben Auger, Eric Gregg, and Michael and Glicka Kaplan for the Carl Austin Hyatt artwork, “Portsmouth Salt Piles S-1” – \$10,000
- Donation from David and Jacqueline Mahoney Fund for the restoration of Old North Cemetery – \$10,000
- Donation to the Historic Cemetery Committee from residents – \$200
- Donation from EightKPH LLC to the Historic Cemetery Committee – \$2,500
- Donation from Appledore Marine Engineering LLC/The Webs Foundation for a memorial to Dinah Chase Whipple at North Cemetery – \$1,000
- Grant from HealthTrust for wellness programs – \$2,000
- Grant from the State of NH, Department of Justice, Victims of Crime Act (VOCA) to partially fund the Victim/Witness Advocate in the Prosecution Unit – \$24,739

- Grant from the State of NH, Department of Justice, Violence Against Women Act (VAWA) to partially fund the Victim/Witness Advocate in the Prosecution Unit – \$25,025
- Grant from the NH Department of Information Technology through the Overwatch Foundation .GOV “In a Box” Program – \$10,000

Planning & Sustainability

- Grant from InVestNH from the Housing Opportunity Planning (HOP) 2.0 Grant program to further the community’s efforts to address housing challenges with analysis and targeted recommendations on regulatory amendments – \$65,321
- Grant from Great Bay Resource Protection Partnership to install wetland buffer plantings and purchase and install an educational sign for freshwater wetland buffer plantings – \$10,000 (with a City match of \$4,099)
- Grant from Great Bay Resource Protection Partnership to install tidal wetland buffer plantings and install an educational sign – \$9,991 (with a City match of \$4,099)
- Grant from New Hampshire Department of Environmental Services Coastal Program to design and develop outreach materials and educational signs for tidal and freshwater wetland plantings – \$9,486 (with a City match of \$5,264)
- Grant from Portsmouth Garden Club for raised garden beds, accessories to the gardens, and for a future memorial garden – \$880
- Grant from Foundation for Seacoast Health for increase of caregiver support at the Senior Activity Center and the continuation of concerts at the Center to reduce Senior isolation – \$10,000

Department of Public Works

- Grant for Cate Street Bridge Replacement Funding Agreement from NH Department of Transportation – \$275,294.46
- Grant from NH Department of Environmental Services for water service line inventory activities – \$60,000
- Grant from State of New Hampshire Department of Safety Pre-Disaster Mitigation Grant Program – \$965,333.33 (with a City match of 25%)
- Grant from NH Department of Environmental Services Grant for Household Hazardous Waste Collection – \$4,951
- Donations for labor and materials to construct a pump track adjacent to the Skatepark and NH Greenway:
 - NH Charitable Foundation, Altus Engineering Charitable Fund – \$5,000
 - Neal Ouellett and Darlene Furbush Ouellett – \$5,000
 - Severino Trucking Company – \$10,000
- Grant Amendment for ARPA Funded Sewer Rehabilitation Contract 1 Project – \$220,000

School Department

- Grant from the Clipper Foundation for Expanded Woodworking was awarded to Middle School educator Venera Gattonini – \$3,900
- Grant from the Clipper Foundation to implement Flex Farms was awarded to Portsmouth Middle School educator Meg Rice – \$11,849.75
- Grant from the Clipper Foundation for Art Show Display Material was awarded to Dondero Art teacher Adam Bastille and New Franklin Art teacher Jill Johnson – \$11,550
- Grant from the Clipper Foundation to create a resource lending library for parents, caregivers, educators, and students was awarded to Little Harbour School teacher, Michelle Fijalkowski-Santy, in collaboration with Steve Krzyzanowski at Robert J. Lister Academy – \$5,000
- Grant from the Portsmouth Garden Club to Little Harbour School PTA for replacing garden beds and fencing to keep the garden blossoming – \$200
- Grant from the Portsmouth Garden Club to Cheryl Harrington, Dondero school garden coordinator, to add raised beds to the school garden area. – \$300

Fire Department

- Grant from the Federal Emergency Management Agency Assistance to Firefighters Grant for training – \$324,327
- Donation from Paul Gormley and Kim Iguchi – \$1,000
- FEMA Public Assistance Disaster Grant for Fire and Public Works Departments – \$9,703.48
- Donation from Allen Hawthorne – \$100

Police Department

- Just Assistance Grant (JAG) for leadership and wellbeing training for law enforcement officers – \$11,987
- Grant from the Patrick Lahey Bulletproof Vest Partnership – \$5,392.49
- Grant from Internet Crimes Against Children (ICAC) – \$368,355
- Grant from the Department of Justice Body Worn Camera Program – \$196,000
- Forensic Shield Grant from the NH ICAC Task Force – \$1,300,000 (over two years 2023-2025)
- Grant from Homeland Security 2024 Award from the Department of Safety for Seacoast Emergency Response Team SWAT equipment – \$11,076
- Portsmouth residents' donation – \$5,050
- NH Department of Safety grant – \$26,300

- Donation from Service Credit Union for Portsmouth Police Auxiliary Unit – \$500
- Donation from Jason Page for Police Explorers Post 2609 – \$300

Accomplishments

The following are Citywide Accomplishments in support of Citywide Goals:

Planning & Sustainability

- **Portsmouth's Climate Future** – The Climate Action Plan was adopted on August 19, 2024 by the Portsmouth City Council, and offering a roadmap for residents, businesses, community members, and the municipal government to follow to achieve net zero greenhouse gas emissions. The targets set by the Plan are for the Portsmouth community to achieve net zero emissions by 2050 and for the City's municipal operations to lead by example by a more ambitious target date of 2040. For more information, visit: portsnh.co/climatefuture.
- **Housing Navigator** – With the support of a Housing Opportunity Grant, the City had the assistance of a Housing Navigator for two years, ending in December 2024. This work supported the Places to Live – Portsmouth Listens Study Circle effort, a Market Feasibility Analysis, the creation of the ADU Handbook, and staffed the Housing Blue Ribbon Committee. For more information, visit: <https://portsnh.co/housing>.

Citywide Goals Addressed:

Enhance the supply of housing choices, especially the supply of below-market rate housing options

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Deliver services and programs with courtesy, professionalism, and efficiency

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

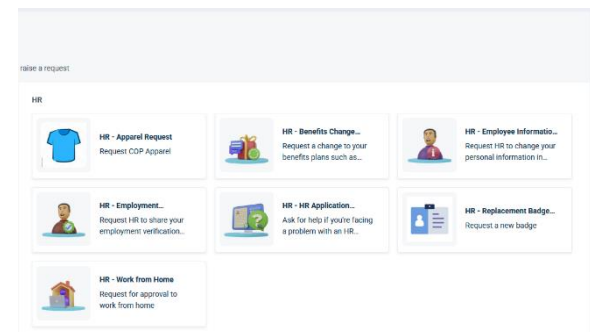

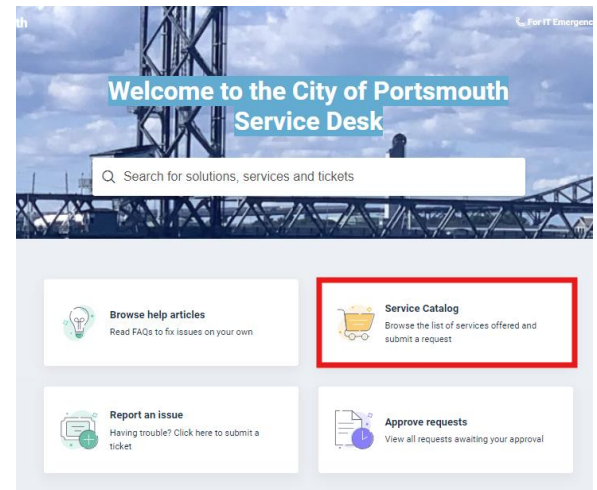

Maintain and improve infrastructure to meet the needs of the community

Human Resources

- **Implementation of an HR Service Catalog** – Utilizing the existing IT Support Portal ticketing system, HR launched a new Service Catalog for employees to track and manage common requests more efficiently.

Requests available in the catalog include:

- Apparel Request – to order City-branded apparel
- Benefits Change Request – to add or remove beneficiaries or change coverage
- Employee Information Update – name, address, or emergency contact information
- Employee Offboarding
- Employee Status Change / Internal Transfer
- Employment Verification Letter – to obtain a loan or verify the loss of insurance
- HR Application Support – for help with HR applications such as CivicHR, Criterion, or FinancePlus
- Replacement ID Badge Requests
- Requisition Request – request HR to hire a new candidate
- Work from Home – request for approval to work from home
- Since its implementation in late October 2024, HR has received 136 service requests

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain financial stability

Communications & Community Engagement

- **Accessory Dwelling Unit Handbook** – Worked with the Planning & Sustainability Department to rework, refine, and overhaul the design of the Accessory Dwelling Unit (ADU) Handbook – a guide for homeowners seeking to build an ADU. For more information, visit: portsnh.co/adu.
- **Messaging and Public Engagement** – Coordinated the messaging and public engagement for the Community Policing Facility, Market Square Master Plan, Bicycle Pedestrian Master Plan Update, .gov transition, Parking Utilization Study, 2024 Property Revaluation, Sherburne Property Redevelopment, and [Employee Recruitment Video](#).
- **Communications Working Group** – Engaged this internal task force on topics including Artificial Intelligence in the Workplace, resource sharing, greater organizational

efficiencies, the .gov transition, communications challenges, and effective communication strategies.

- **Website Updates and Upgrades** – Worked with the IT Department to prioritize website design and functionality updates and to identify Website Leads in each Department who can make edits to their respective Department pages.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Deliver services and programs with courtesy, professionalism, and efficiency

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Recreation

- **Bike Park** – In December 2024, in collaboration with Public Works, the help of multiple volunteers, and the donation of funds, services, and labor from many local companies, the City completed the construction of a bike park adjacent to the NH Greenway Trail and Skatepark. It includes a pump track and mountain bike trails through the wooded area.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain financial stability

Maintain and improve infrastructure to meet the needs of the community

Economic & Community Development

- **Customer Relationship Management (CRM) System** – In December 2024, the Economic Development Office (EDO) launched a CRM which allows for two-way electronic communication with the business community. This supports recommendations from the Economic Development Commission relating to economic resilience and small business development and retention.
 - The CRM stores contact information and email correspondence for hundreds of City businesses, which enables the EDO to have high-touch, service-oriented interactions.
 - It has the capability to initiate and track ongoing projects for better communication.

- Contacts can be sorted, connected with initiatives, and informed of opportunities to support growth.
- Businesses now receive periodic surveys to inform the EDO and the business community of changes and critical issues that affect economic development.

Citywide Goals Addressed:

Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Deliver services and programs with courtesy, professionalism, and efficiency

Finance

- **Implementation of New Procurement Solution** – The Finance, Purchasing, and Legal teams collaboratively selected and implemented a new software solution to manage the formal procurement process of the City. OpenGov Procurement provides a next generation portal for the City’s solicitations for bids, proposals, and qualifications. The solution streamlines the creation, review, and approval of solicitations and subsequent contracts, automates pricing submission and tabulation, and provides greater transparency and interaction with bidders and the public. For more information, visit: portsnh.co/bids.
- **Successful Adjustment to the Budget Timeline** – The timeline for budget development of this Proposed FY26 Budget was adjusted with positive results. The Capital Improvement Plan (CIP) process moved back with public hearings and final adoption in December rather than the traditional March. This allowed for earlier preparation of the capital and debt service elements of the proposed budget which in turn left more time for consideration of salaries and programming decisions. For more information, visit: portsnh.co/budgets.

Citywide Goals Addressed:

Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain financial stability

Legal

- **Settlement of the McIntyre Lawsuits** – In FY25, the Legal Department negotiated a settlement of the McIntyre Lawsuits which were dismissed by the Court on February 10, 2025. The City paid no damages in the settlement and agreed to join with the developer to fund \$500,000 in the newly created Below Market Rate Housing Trust Fund. In addition, the developer in the lawsuit agreed to provide a parcel of land to the City for the development of permanent, below market rate housing in the newly created Gateway Neighborhood Overlay District (GNOD). The Legal Department worked closely with the Planning & Sustainability Department, the Housing Blue Ribbon Committee, and the

developer in drafting the GNOD. It is anticipated that the developer will create a substantial number of new housing units in the GNOD. For more information visit:

portsnh.co/mcintyre.

- **Below Market Rate Housing Trust Fund** – The City Council voted to establish the Below Market Rate Housing Trust Fund in the spring of 2025. The Fund was developed in collaboration with the Housing Blue Ribbon Committee, the Trustees of the Trust Funds and the Legal Department and is funded by donations, grants and the inaugural contribution by the City and SoBow Square, LLC. For more information, visit: portsnh.co/trustees.
- **Code Enforcement** – The Legal Department initiated action in Superior Court to enjoin ongoing significant violations of the building code and Fire Code at 909 Islington Street. The City was successful in its efforts to cure the violations and was awarded \$35,000 in damages.

Citywide Goals Addressed:

Enhance the supply of housing choices, especially the supply of below-market rate housing options

Maintain financial stability

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Health

- **Community Health Profile, Needs Assessment, and Improvement Plan** – In FY25, the Health Department completed the [Community Health Improvement Plan](#) (CHIP), providing priorities and response strategies specific to the health and wellness needs of people who live and work in Greater Portsmouth. The recommendations are the result of findings from the [Community Health Profile](#) compiled last year and a [Community Health Needs Assessment](#) that took the form of interviews and focus group conversations with human services agencies that serve the Seacoast. Together, these elements describe Portsmouth's most vulnerable populations and the impacts they and local agencies have faced, especially due to the pandemic and the after-effects. For details, visit: portsnh.co/health.
- **Emergency Sheltering Capacity Expansion** – In FY25, the Health Department significantly expanded local emergency public health sheltering and mass prophylaxis response capacity through upgrades to an existing garage and with the purchase of additional cots, supplies, and five transport trailers, utilizing American Recovery Plan (ARPA) funds.
- **Increased Efficiency and Consumer Convenience through IT Solutions** – In FY25, the Health Department successfully transitioned to FoodCode-Pro inspection software which complies with national standards, reduces inspection documentation time in the field, and provides efficient and easy access to inspection results for business owners and Food Service Managers. The Department also expanded the use of [OpenGov](#) to allow online applications for temporary events, greatly simplifying the application process for vendors from a broad geographic area.

- **ARPA Fund Distribution** – In December 2024, the City distributed \$350,000 in ARPA funds as one-time assistance to 34 local human service nonprofits providing for the needs of the numerous local vulnerable populations identified in the Community Health Improvement Plan.

Citywide Goals Addressed:

Welcome and support diversity in the workplace and community

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Maintain financial stability

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Maintain and improve infrastructure to meet the needs of the community

Library

- **Library Courtyard** – In FY25, in cooperation with the City's Facilities group, the Library completed Phase I of the Courtyard renovation project. The project was funded by a generous donation from the Mahoney Family and paired with City funds. This allowed the creation of a new design for the courtyard and the masonry work on the surrounding wall which sets the stage for outdoor activities. New plantings and landscaping work will be added in spring and summer 2025.

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Maintain financial stability

Maintain and improve infrastructure to meet the needs of the community

Information Technology

- **Domain Transition to portsmouthnh.gov** – On the recommendation of the New Hampshire Public Risk Management Exchange (PRIMEX), the Department of Homeland Security (DHS), and the US Cybersecurity and Infrastructure Security Agency (CISA), the City migrated to a .gov web domain to protect against cyber threats and gain the advantage of additional cyber services. For more information, visit: portsnh.co/switch.

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Maintain financial stability

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Maintain and improve infrastructure to meet the needs of the community

Public Works

- **Islington Street Sewer Separation Project** – Work includes replacement of underground utilities (water, sewer, and storm drain), roadway reconstruction, curbing and sidewalk installations, and landscaping improvements including ornamental lighting, street trees, benches and final paving. The work is being done in discrete sections in order to limit the impact on residents and businesses. In FY25, crews completed Phase 2A of construction from Dover Street to Cornwall Street and Phase 2B, from Cornwall Street to Middle Street will be completed in FY26. For more information, visit: portsnh.co/islingtonreconstruction.
- **Bartlett Street Sewer Separation Project** – This project included the reconstruction of underground public utilities (water, sewer, and storm drain) on Bartlett Street from Hodgdon Brook to Dennett Street, and Thornton Street from Woodbury Avenue to Bartlett Street, as well as connections to existing utilities on side streets of Morning Street, Clinton Street, Pine Street, Meredith Way, and Woodbury Avenue. Work in the spring of 2025 includes final pavement, roadway striping, the installation of a raised crosswalk at Pine Street, a raised intersection at Thornton Street, and final landscaping. For more information, visit: portsnh.co/bartlettstreet.
- **Contract 1 Sewer Rehabilitation** – The City is utilizing data collected from the sewer system infiltration/inflow study to rehabilitate sections of the sewer infrastructure, with a focus on areas the study found to have excessive infiltration. This is an effort to reduce the amount of groundwater entering the sewer collection system through leaking manholes and cracked or damaged pipe or from sump pumps, basement drains, yard drains, catch basins, and rooftop drains. The majority of the work will be “trenchless construction,” and will

take place from inside the pipes and manholes. For more information, visit: portsnh.co/wastewaterprojects.

- **Corporate Drive Sewer Improvement Project** – The City has completed the replacement of existing drainpipes in Goosebay Drive and Corporate Drive from Rye Street to Goosebay Drive. For more information, visit: portsnh.co/corporatedrive25.
- **Maplewood Avenue Bridge Reconstruction Project** – The rehabilitation of the bridge using an adhered lining system on the arch and reconstruction of the walls has allowed the City to extend its lifespan at a lower cost than an immediate full replacement. This rehabilitation work includes reconstructing the sidewalks, replacing the bridge's guard rails in the spring of 2025, and resurfacing of the roadway at the end of summer 2025. For more information, visit: portsnh.co/maplewoodbridge.
- **Union Street Sewer Separation Project** – DPW is conducting sewer separation work in the Union Street area as required by the U.S. Environmental Protection Agency (EPA) and New Hampshire Department of Environmental Services (NHDES). The project involves the replacement of water mains and services, sewer mains and services, separation of stormwater drainage, reconstruction of the streets and sidewalks. The project will help reduce combined sewer overflows (CSOs). The final paving of Union Street (State to Middle), Coffins Court, and the remaining driveways will conclude the project in spring 2025. For more information, visit: portsnh.co/unionstreetproject.
- **Willard Avenue Sewer Separation Project** – This project involved the installation of new drinking water, wastewater and stormwater pipes, along with reconstruction of the streets to help reduce combined sewer overflows (CSOs). It included the reconstruction of the Willard Street area from Middle Street to Marston Street, Orchard Street, and Ash Street. The replacement of sidewalks and pavement are part of the project. Final drainage, curbing, sidewalks and paving will be completed in spring 2025. For more information, visit: portsnh.co/willardave.
- **Sagamore Avenue Sewer Separation Project** – This project extends sewer service to the Sagamore Avenue area and Walker's Bungalow Road area (including Sagamore Avenue, Walker Bungalow Road, Shaw Road, Cliff Road, Little Harbor Road, Sagamore Grove, and Wentworth House Road) by constructing a sewer system to serve the residential, commercial, and recreational properties in the project area. FY25 work including the widening of Sagamore Avenue was substantially completed with the remaining work to be finished in spring 2025. For more information, visit: portsnh.co/sagamoresewer.

- **Road Raising Project** – In September 2023, the City received \$965,333 in Congressionally Directed Spending (CDS) from the Federal Pre-Disaster Mitigation (PDM) Grant Program through the NH Department of Homeland Security and Emergency Management for the Peirce Island Road Resiliency Project. Work on the project started the week of April 15, 2024 and was completed in December 2024 to raise a 400-foot-long section of Peirce Island Road and the adjacent parking area to three feet above the current 100-year floodplain to protect it against predicted sea level rise and offer greater protection to the force mains under the road that carry wastewater to the Peirce Island Waste Water Treatment Facility (WWTF). For more information, visit: portsnh.co/PI-resiliency.

- **Marjorie Street Pump Station** – This project involved building a small new wastewater pumping station for service within the Marjorie Street and Sylvester Street area and includes the construction of a new sewer force main to direct flow into the existing sewer system on Essex Avenue. For more information, visit: portsnh.co/2024marjoriepump.
- **Pavement Management** – Based on the ongoing Pavement Condition Management Program, started in 1993, the City's network of roads is evaluated and road-paving programs implemented to maintain street conditions at current levels for an expected lifespan of 20 years. Recently completed pavement projects include: Pannaway Manor, sections of Market Street, Cutts Avenue and Chase Drive, sections of Atlantic Heights, and sections of Elwyn Park. For more information, visit: portsnh.co/paving.
- **Portsmouth Public Library** – In cooperation with the City's Facilities group, the Library completed the reconstruction and upgrade of the Library courtyard. The project was funded by a generous donation from the Mahoney Family.
- **Portsmouth Historical Society ADA Access** – The DPW rebuilt the access ramp to the parking lot at the Portsmouth Historical Society, the tenant in a City-owned building, to make it ADA compliant, adding lights and a handrail.
- **Municipal Complex Improvements** – Work continued to address the antiquated heating and air conditioning system at City Hall to mitigate pipe corrosion, heavy condensation, and leaks which could contribute to mold growth. Renovations to the lobby included new signage and carpet. Roof repairs and the repointing of the brick façade were completed. The aging steam boiler chimney was removed.

- **EV Charging Stations** – The City continued to expand its Electric Vehicle (EV) charging station network, adding two stations in the Bridge Street Lot.
- **Energy Efficiency Audit** – The City’s consultants Energy Efficient Investments Inc. (EEI) completed an audit of building control systems, security, automation and energy efficiency on six City facilities: the Municipal Complex (City Hall and the Portsmouth Police Station), all three Fire Department stations, Community Campus and the DPW complex on Peverly Hill Road in order to consider projects for the FY26 CIP.
- **Peirce Island Outdoor Pool Aquatics Upgrade** – The project includes improvements to the aquatics, mechanical systems, and pool structure. The project was divided into two phases, with active outside construction scheduled during the off-season so as not to interrupt the seasonal operation of the outdoor pool. For more information: visit: portsnh.co/24outdoorpool.
- **Bicycle Park** – A group of volunteers spent the weekend of December 7, 2024 building a bike park adjacent to the Skatepark and Seacoast Greenway Trailhead, rebuilding the dirt jumps and platforms at the “Portsmouth Pit.” This project was made possible by donations of funds, materials, and labor from Altus Engineering Charitable Fund, Neal Ouellett and Darlene Furbush Ouellett, Site Structures Landscaping, and Severino Trucking Company. For more information, visit: portsnh.co/skatepark.
- **Historic Cemetery Improvements** – The City is responsible for maintaining the grounds, headstones, hill, ledgers, chest tombs, cemetery walls, and related structures for six historic cemeteries. DPW completed work on the retaining wall at the rear of North Cemetery. For more information, visit: portsnh.co/cemeterycte.
- **NH Seacoast Greenway** – NHDOT provided federal funding for the acquisition and initial design of the rail trail from Hampton to Portsmouth. The Trail officially opened with a ribbon-cutting on September 4, 2024. In addition to the federal funding, the City has enhanced the Portsmouth portion of the rail trail and created access points at the Skate Park off of Route 33 and at Banfield Road. For more information, visit: portsnh.co/greenway.

Citywide Goals Addressed:

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Explore opportunities to support all modes of transportation options

Maintain financial stability

Deliver services and programs with courtesy, professionalism, and efficiency

Meet or exceed state and federal legal/regulatory requirements including those for a safe and healthy community and environment

Maintain and improve infrastructure to meet the needs of the community

Parking & Transportation Division

- **Foundry Window Art Restoration** – The Division contracted local printer, AlphaGraphics, to restore and make permanent the window art on the first floor at the Foundry Garage. The original temporary art pieces were re-created in UV-protected perforated vinyl and installed.
- **ParkMobile Resident Verification Program** – In January 2025, the Division partnered with the Tax Office to develop a program to allow residents completing their automobile registration paperwork to immediately sign up for the ParkMobile Resident Discount Program, which gives residents reduced meter rates across the City. Monthly additions to the program have since increased ten-fold.
- **Completion of year two of the Hanover Street Garage Restoration Project** – Work has included a redesign of the Hanover Street entry/exit point, and installation of new, highly-efficient access control hardware and software. The project is expected to be completed by the end of summer 2025.
- **Parking Division Office Construction** – The design phase of this project is complete, with construction expected to be finished in June 2025. The new offices will consolidate all Parking Division business units in one location, increasing efficiency and enhancing the experience of all who engage with the Parking Division.
- **Completion of the 2025 Parking Utilization Study** – The Division oversaw the finalization of the 2025 Parking Utilization Study project, coordinating with vendor Desman Design Management to develop a series of recommendations. The City Council accepted the study at their February 3, 2025 meeting.

Citywide Goals Addressed:

Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Support the needs of residents, businesses, nonprofits, arts and cultural institutions by leveraging City and local resources

Explore opportunities to support all modes of transportation options

Maintain financial stability

Deliver services and programs with courtesy, professionalism, and efficiency

Maintain and improve infrastructure to meet the needs of the community

School Department

- **District Strategic Plan** - In fall 2024, the School District finalized its five-year Strategic Plan. This is the culmination of a two-year process that includes a large number of stakeholders. For more information, visit: portsnh.co/schoolstrat29.
- **Homestays and Visits**
 - PHS Spanish students participated in a homestay in Costa Rica's Osa Peninsula.
 - Italian students participated in a homestay in Sister City Santarcangelo di Romagna, Italy.

Citywide Goals Addressed:

Provide an educational environment that maintains School Board Goals and supports its pillars of opportunity, equity, student wellness, and a strong sense of community to every youth

Police Department

- **Citizens Police Academy** – The Department restarted the Citizen's Police Academy. This class offers provides citizens of Portsmouth insight into the daily work of the Police Department. Topics include Laws and Arrests, Cold Case Analysis, Drone Unit, and Investigations.
- **Community Policing Efforts** – The Department's ongoing investment in the community is embedded in the Community Police philosophy. In addition to teaching public classes which include the Citizen's Police Academy, safety classes, how to avoid fraud and predatory scams, and internet safety classes for parents, it is the mission of the Department to integrate with the community in these other ways:
 - **Community Events** – Department personnel participate in annual events, including National Night Out, the BIPOC Festival, Cops with Kids, social hours at senior living facilities, the Explorer program for students, conducting citizen surveys, working with school parent-teacher organizations, and serving holiday meals to seniors.
 - **Charity Events** – The Department is involved in charity events, including the Special Olympics Torch Run, Battle of the Badges, Blue for Bucks that supports the Rockingham County Child Advocacy Center, and the annual fire truck pull that benefits children of fallen patriots.
 - **Downtown Business Association** – The Department reinstated the Downtown Business Association (DBA) in 2024. In the past, the DBA group consisted of downtown business owners and representatives from the Department. The group's goals were to identify areas and issues that benefit from a proactive police approach to address crimes business owners were experiencing or observing, identify where police could help by being more visible, and to strengthen community relations between the police and business owners. The group gave business owners a voice, and an opportunity to become more involved in solving

downtown issues. Reconstituting this group creates an opportunity to add City staff to the conversation as needed.

- **Enhanced Services** – The new Department social worker was hired less than a year ago and has already impacted many lives in Portsmouth. She has expanded the Department’s service capabilities to the public by offering crisis intervention, advocacy, community outreach, mediation, education about support services, and referring people who need assistance with housing, substance misuse, and mental health needs.
- **Department Collaboration** – The social worker collaborates with police officers, local recovery centers, mental health agencies, the Welfare Department, shelters, the School Department, and child and senior services.
- **Electric Bikes** – The Department has added two electric bikes to the fleet. These bikes give officers another police option to engage with the community, as they allow officers to patrol through crowds and respond to City events where patrol cars would not be suitable.
- **FARO 3D** – The Department acquired the FARO 3D imaging system through a combination of grant, equitable sharing, and regular budget funds. This cutting-edge technology will be used for investigations of all types. Investigators now have the ability to process a crime scene much faster, preserving important evidence. Once the imaging and mapping is complete, the system provides the ability to “view and walkthrough” a crime scene virtually instead of relying solely on static pictures. The end-product can also be used as evidence in prosecuting a case.
- **Tasers** – The Department rolled out the new Taser 10. It has a maximum range of about 45 feet with the probes traveling at 200 feet per second. It has 10 probes and provides a more precise deployment. These new attributes allow more time to de-escalate a situation and resolve conflicts. The new Axon system also includes a virtual training environment component that provides officers with realistic scenarios with which to train.
- **K9 Unit** – The Portsmouth Police K9 Unit was instrumental in writing Max’s Law, named for our former K9 Max who died from an injury sustained during training. The law allows all licensed EMT and Paramedics to provide pre-hospital care and emergency transport of a sick or injured Operational Police K9s to a veterinary care facility. NH-OP-K9, a nonprofit comprised of paramedics, K9 handlers, and veterinary professionals, provides EMS personnel and K9 handlers with specialized skills and knowledge. The training aims to enhance the overall emergency response capabilities and foster collaboration between EMS and K9 units. The hope is that this will increase a K9’s survival and ability to continue to serve their community. The Department conducted a community survey, as required by CALEA in 2024. For more information, visit: portsnh.co/surveypd2025.

Citywide Goals Addressed:

Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Deliver services and programs with courtesy, professionalism, and efficiency

Protect the community through fire and crime cessation and prevention for its residents and businesses

Fire Department

- **Emergency Operations Plan Update** – Reviewed and updated the City’s Local Emergency Operations Plan with all City Departments. The Plan was filed with NH Homeland Security and Emergency Management and the Federal Emergency Management Agency, and was adopted by the City Council.
- **Scheduling Software** – Implemented new scheduling software and a mobile application to help manage time off requests, staffing, and detail coverage for Department personnel.
- **Self-Contained Breathing Apparatus** – Implemented a new grant-funded Self-Contained Breathing Apparatus (SCBA) and related accountability system. Upgraded portable radio system to integrate with new SCBA. Trained and adopted new procedures and policies around the upgrades.
- **Hazard Mitigation Plan Update** – Reviewed and updated the City’s Hazard Mitigation Plan with all City Departments. The Plan was filed with NH Homeland Security and Emergency Management and the Federal Emergency Management Agency, and was adopted by the City Council.
- **Trained Essential Staff** – Graduated three new Paramedics from the accredited Emergency Medical Services pre-hospital care program.

Citywide Goals Addressed:

- *Deliver services and programs with courtesy, professionalism, and efficiency*
- *Protect the community through fire and crime cessation and prevention for its residents and businesses*

Citywide Goals Addressed:

Deliver services and programs with courtesy, professionalism, and efficiency

Protect the community through fire and crime cessation and prevention for its residents and businesses

Equalization

What is Equalization?

Each year the New Hampshire State Department of Revenue Administration (DRA) performs a statistical study of all of the State’s municipal valuations. The study utilizes sales data to adjust all municipalities to 100% market value. This process is called equalization.

How is Equalization Used?

The State of New Hampshire utilizes the Equalized Value of each Town or City in order to proportionately share common tax burdens such as County Taxes and State Education Property Tax.

Total Equalized Tax Rate 2023 (FY 2024) for NH’s 13 Cities

Property Tax

Tax Rate 2024 Tax Year (FY2025) \$11.18 (per \$1,000)

Municipal - \$4.98

County - \$0.58

Local Education - \$4.49

State Education \$1.13

The total taxable parcel count for Tax Year 2024 (Fiscal Year 2025) is 9,117. Commercial properties make up 15% of the total City parcel count while comprising 38% of the total assessed value of the City. Respectively the Residential properties make up 85% of the total parcel count while comprising 62% of the total assessed value for Portsmouth.

Total Valuation Before Exemptions TY2024 (FY25)

	Total	Count
Commercial *	\$ 3,824,879,358	1,407

Tax Relief Programs

Filing Deadline for all Exemptions and Credits is April 15th

Veterans' Tax Credits

Optional Veteran's Tax Credit RSA 72:28 - \$750

- 90 days on active service in the armed forces of the United States in any qualifying war or armed conflict listed below:
 - "World War I" between April 6, 1917 and November 11, 1918, extended to April 1, 1920 for service in Russia; provided that military or naval service on or after November 12, 1918 and before July 2, 1921, where there was prior service between April 6, 1917 and November 11, 1918 shall be considered as World War I service;
 - "World War II" between December 7, 1941, and December 31, 1946;
 - "Korean Conflict" between June 25, 1950, and January 31, 1955;
 - "Vietnam Conflict" between December 22, 1961, and May 7, 1975;
 - "Vietnam Conflict" between July 1, 1958, and December 22, 1961, if the resident earned the Vietnam service medal or the armed forces expeditionary medal;
 - "Persian Gulf War" between August 2, 1990, and the date thereafter prescribed by Presidential proclamation or by law; and
 - Any other war or armed conflict that has occurred since May 8, 1975, and in which the resident earned an armed forces expeditionary medal or theater of operations service medal.
- Honorably discharged.
- Terminated from the armed forces due to a service-related disability or the surviving spouse of such a resident.
- The surviving spouse of any New Hampshire resident who suffered a service-connected death.

All Veterans RSA 72:28b - \$750

90 Days of active duty, honorable discharge, cannot combine with 72:28 or 72:35.

Permanent & Total Service-Connected Disability RSA 72:35 - \$4,000

Must be permanent and total, may be less than 100%

Surviving Spouse RSA 72:29-a - \$2,000

Veteran killed or died while on active duty.

Certain Disabled Veterans RSA 72:36-a - Total Exemption

Permanent and Total Service-Connected Disability and double amputee or blindness and owns specially adapted homestead acquired with assistance of the VA.

Combat Service RSA 72:28-c - \$500

Veteran killed or died while on active duty.

For information on qualifications and how to apply please visit the City's Website at <https://www.cityofportsmouth.com/assessors/tax-credits-veterans>.

Elderly and Disabled Exemptions

Elderly Exemption (RSA 72:39-a)

Age 65 or over as of April 1st of the year applying and a resident of New Hampshire for three consecutive years (as of April 1st). The property on which the exemption is claimed must be the applicant's principal place of abode.

Elderly Exemption Amount off Assessed Valuation

- Ages 65-74 - \$235,000
- Ages 75-79 - \$285,000
- Ages 80+ - \$335,000

Elderly Income Limit

- Single - \$50,137
- Married - \$68,598

Elderly Asset Limit

- Single or Married - \$500,000

Disabled Exemption (RSA 72:37-b)

Eligible under Social Security Title II or XVI and a resident of New Hampshire for five years as of April 1st. The property on which the exemption is claimed must be the applicant's principal place of abode.

Exemption Amount off Assessed Valuation - \$235,000

Disabled Income Limit

- Single - \$50,137
- Married - \$68,598

Disabled Asset Limit

- Single or Married - \$500,000

Elderly or Disabled Tax Deferral (RSA 72:38-a)

If eligible taxpayers are experiencing hardship paying their tax bill, the City of Portsmouth offers the option of tax deferral.

Who Qualifies for this deferral?

Taxpayers that are 65 years or older or eligible under Title II or Title XVI of the federal Social Security Act for benefits for the disabled may qualify for a tax deferral program in accordance with RSA 72:38-a.

What is a tax deferral?

A tax deferral is a postponement for all or part of the taxes due, plus annual interest at five percent (5%) if the tax liability is proven to cause the taxpayer an undue hardship or possible property loss.

Blind Exemption (RSA 72:37)

A resident who is legally blind as determined by the Services for Blind and Visually Impaired, Department of Education shall be exempt each year. A certification letter from the State of New Hampshire Bureau of Services for Blind and Visually Impaired must be submitted with a Permanent Application State form PA-29 to the Assessing Department.

Blind Exemption Amount - \$25,000

Find more info about qualifications and how to apply visit the city's website at [cityofportsmouth.com/assessors/elderly-disabled](https://www.cityofportsmouth.com/assessors/elderly-disabled).

Alternative Energy Exemptions

Solar Exemption (RSA 72:62)

For persons owning real property equipped with a solar energy system as defined in RSA 72:61. The City shall exempt from taxes an amount equal to the assessed value of the solar energy system. Visit

<https://www.cityofportsmouth.com/assessors/solar-energy-systems-exemption> for more information

Wind-Powered Energy Systems Exemption (RSA 72:66)

For persons owning real property equipped with a wind-powered energy system as defined in RSA 72:65. The City shall exempt from taxes an amount equal to the assessed value of the wind-powered energy system. Visit

<https://files.cityofportsmouth.com/files/assessors/Wind-PoweredEnergySystemsExemption.pdf> for more information.

Tax Abatements

What is an abatement?

An official reduction or elimination of one's assessed valuation after completion of the original assessed value.

Abatement Process

An appeal process occurs when a property owner believes there to be an error in the physical data of the property or can prove the assessment is not proportional to other properties.

Any taxpayer who wish to apply for an abatement from Municipal Property Taxes must file an abatement application with the municipality by March 1st following the notice of tax.

Filing a tax abatement does not delay the collection of any contested taxes; taxes should be paid as assessed. If and abatement is granted, a refund with interest will be paid.

How do I file an Abatement? – What is the next step?

- **Step One:** Taxpayer must file the abatement application with the municipality by March 1st following the notice of tax.

Abatement applications can be found on the City's website at

<http://www.cityofportsmouth.com/assessors/abatements-state-low/moderate-income-program>

or in the Assessor's Office within City Hall.

- **Step Two:** Municipality has until July 1 following the notice of tax to grant or deny the abatement application.
- **Step Three:** Taxpayer may file an appeal either at the Board of Tax & Land Appeals (BTLA) (RSA 76:16-a) or in the superior court (RSA 76:17) but not both. An appeal must be filed:
 - No earlier than
 - A) After receiving the municipality's decision on the abatement application or
 - B) July 1 following the notice of tax if the municipality has not responded to the abatement application; and
 - No later than
 - September 1 following the notice of tax

What makes an abatement successful?

Abatements can be granted "for good cause shown" (RSA76:16).

- Good cause is generally established by showing an error in the assessment calculation or a disproportionate assessment.
- Good cause can also be established by showing poverty and inability to pay the tax.
- If the Abatement application is based on disproportionate assessment, the taxpayer has the burden to show how the assessment was disproportionate.

Economic Profile

The City of Portsmouth is a seaport community on the Piscataqua River, dividing New Hampshire and Maine. It serves as a regional economic and cultural hub for New Hampshire, and lies 56 miles north of Boston, Massachusetts, and 53 miles south of Portland, Maine.

Quality of Life and Economic Assets

Settled in 1623, Portsmouth is the nation's third-oldest city with a rich heritage as a working seaport and the home of the State of New Hampshire's only deep-water port. Portsmouth has an authentic New England appeal that is unique. Contributing to that allure are the following attributes:

- Vibrant, walkable downtown
- Historic architecture
- Independent retail offerings and strong culinary destinations
- Low crime rate
- Excellent K-12 school system
- Strong creative arts and cultural economy
- Easy access to the interstate highway to the Boston, MA, and Portland, ME metro areas
- Home to Portsmouth International Airport and the Office/Industrial Tradeport at Pease
- High resident educational attainment - 63.0% of Portsmouth residents at the age of 25 or over have a college bachelor's degree or higher (Source: US Census)

Workforce

According to the New Hampshire Department of Employment Security, Portsmouth's total public and private average quarterly employment at the end of the second quarter of 2024 was 34,890, and the average weekly wage was \$1,677. This is compared to the second quarter of 2022 where employment stood at 33,793 and average wages were at \$1,597. There were 31,461 residents of the NH portion of the Portsmouth NH-ME Metro New England City and Town Area (MetroNECTA), age 16 and over, who both live and work in the area. On average, 68,468 commuters, age 16 and over, travel to work in the MetroNECTA. 45.2% live in the area, 38.2% live in another NH Labor Market Area, and 16.5% live out-of-state.

In 2024, the City of Portsmouth’s unemployment rate increased slightly to 2.1% from a very low 2.0%. During this same period, the NH unemployment rate increased to 2.5% from 2.3% and the national rate increased to 4.3% from 3.0%.

Portsmouth Business Sectors by Employment

The local economy consists primarily of private, service-producing industries as opposed to manufacturing industries. The City’s quality of life and economic attributes have attracted a wide variety of industries employing young, entrepreneurial, and highly skilled workers in the technology, finance, biotech, and health sectors. This contributes to the strong business diversity in the Seacoast region. Portsmouth historically fares well through economic changes due, in part, to its diversity and lack of reliance on one industry or workforce as illustrated in the following chart (Source: New Hampshire Economic & Labor Market Information Bureau).

School Enrollments

The Portsmouth public school system serves approximately 2,481 students in grades K-12. The School Department includes a preschool program, three elementary schools (K-5), one middle school (6-8), one high school (9-12), and one alternative high school program (9-12). The high school also includes a Career Technical Education program available to students in grades 9-12.

Education and Child Care (source: New Hampshire Employment Security (NHES) Community Profile, Portsmouth 2023)				
	Elementary	Middle/ Junior High	High School	Private/ Parochial
# of Schools	4	1	1	2
Grade Levels	Pre-K, K-5	6-8	9-12	Pre-K, K, 1-8
Total Enrollment	946	472	1025	283
Career Technology Centers	Portsmouth Career Tech Center #19			
Nearest Community College	Great Bay Community College			
Nearest College or University	University of New Hampshire			
2022 NH Licensed Child Care Facilities (DHHS Bureau of Licensing)	Total Facilities – 14 Total Capacity – 1,242			

Post-Secondary Education - In addition to the University of New Hampshire located 12 miles away in Durham and Great Bay Community College in Portsmouth, many institutions of higher education are serving our area through robust online services. These institutions include Granite State College and Southern New Hampshire University.

Utilities

Electric and Gas – Eversource, interconnected with the New England Power Company Exchange, supplies all electrical power within the City. Portsmouth is one of over 60 communities in New Hampshire which benefits from lower prices, local control, consumer choice and cleaner energy, having joined the Community Power Coalition of NH in 2023. Gas service is provided by Unitil, Allied Gas Division, and Sea 3. Both natural gas and liquefied petroleum gas (LPG) are available.

Water and Sewer – Municipal water and sewer services are provided by the City of Portsmouth which are sustained through Enterprise Funds with user charges set to ensure adequate coverage of operating expenses and payments on outstanding debt for capital expenditures.

Transportation Services

Overnight truck delivery is available from Portsmouth throughout the Northeast market, serving 36% of the nation's population plus Eastern Canada. Portsmouth is served by twenty-one (21) regular route carriers including FEDEX and UPS. In addition, CSX Railroad provides

freight service in the greater Portsmouth area. By vehicle, it is a one-hour commute south to Logan International Airport, as well as the financial and medical centers in Boston. C&J Transportation operates a convenient bus service to Boston (including Logan Airport) and to New York City as well as private charter services.

Amtrak passenger rail service is offered between Portland, ME, and Boston, MA with stops in Dover, Exeter, and Durham, New Hampshire. The regional bus service is provided by COAST (Cooperative Alliance for Seacoast Transportation). COAST serves the region with frequent service, with a network hub in downtown Portsmouth.

The New Hampshire State Port Authority's Market Street Marine Terminal in Portsmouth currently provides a concrete pier that is 600 feet by 50 feet, with a 35-foot-deep berth alongside, a 10-acre storage area, and 50,000 square feet of warehouse space. The Terminal accommodates bulk cargo products as well as container and barge services, and in 2024 hosted several overnight stays by American Cruise Line vessels. Of note: Portsmouth Harbor is ice-free year-round and is geographically the closest ice-free port to Europe. The Port Authority also oversees and manages the Portsmouth Fish Pier, a separate building on Peirce Island that supports smaller, commercial fishing entities.

Along with its skilled workforce and superior quality of life, the City benefits from major economic assets that attract diverse businesses and workers. The City's economic assets include a vibrant tourism scene, the Pease International Tradeport, the New Hampshire State Port, the Foreign Trade Zone, and the Portsmouth Naval Shipyard, each of which is highlighted below.

Unique Economic Drivers

Arts and Culture

Portsmouth also serves as the cultural and culinary destination for the region. This has resulted in a significant creative economy of for-profit and nonprofit businesses, ranging from theatres and museums to galleries and design/architectural firms. The most recent economic impact study of this sector in 2023 by Americans for the Arts (AFTA) indicated that the City's nonprofit cultural institutions and organizations alone contribute over \$70 million to the local economy, up from \$58 million in 2016.

The contributions of these institutions and organizations are significantly higher than the arts and cultural contribution of similar sized cities. These organizations, along with many year-round cultural offerings, make Portsmouth a preferred, cultural tourist destination.

Pease International Tradeport - Pease International Tradeport is a former Air Force Base that was redeveloped as an international business park within the City of Portsmouth in the 1990's. The Tradeport, managed by the Pease Development Authority (PDA), a state of NH entity, is

conveniently located off Interstate 95, just 50 miles from the major cities of Boston, Portland, and Manchester.

The City of Portsmouth provides municipal services to the Tradeport. Per the terms of the Municipal Services Agreement, the City received \$8 million in FY 2024. Along with serving as a Foreign Trade Zone, Pease is home to Portsmouth International Airport, a customs-ready facility with commercial and passenger flights, cargo services, and business charter flights.

With over 250 companies and 10,000 direct hires, Tradeport businesses play a significant role in the region's economic vitality. It is home to eight of the City's top 20 employers including the National Passport and Visa Centers, Lonza Biologics, High Liner Seafoods, Amadeus, Hubble, and Sprague Energy.

The Portsmouth International Airport at Pease (PSM), an asset to the Northeast region, the nation and the globe, is a convenient gateway to the United States. Its proximity to Boston's Logan International Airport, Portland's International Jetport, and the Manchester-Boston Regional Airport creates a unique opportunity to capture both passenger and airplane service companies.

The diversity of services at PSM includes the New Hampshire Air National Guard's (NHANG) 157th Air Refueling Wing, passenger commercial services, corporate aviation technical services, vehicle rentals, and unique cargo operations.

Currently, scheduled passenger flights are available on both Allegiant Airlines and Breeze Airways as well as several charter and private jet operators that utilize the airport. The 2024 passenger count through the airport terminal was 198,042. Phase 2 of the terminal expansion program, which added 5,200 square feet for an Arrivals Hall, was completed in November 2024.

The NHANG is a critical component of the Tradeport. The twelve new KC-46A refueling aircraft represent a total replacement of the US Air Force refueling aircraft completed in 2023. This presence contributes significantly to the local economy, specifically in terms of training activities from across the nation and subsequent overnight stays in the area hotels.

The Port of New Hampshire

The Port of New Hampshire, located on the Piscataqua River in downtown Portsmouth, is the State's only deep-water port. The Port is overseen by the Pease Development Authority. Its strategic location on a deep natural harbor makes it viable for international cargo shipping as well as for visiting cruise ships. The Harbormaster offices and docks are located onsite. Port infrastructure includes a 600-foot-long wharf, a 310-foot barge pier, two (2) large warehouse structures, and open areas for bulk storage and container facilities. The Port leases space to local charter fishing and harbor cruise operators and regularly hosts the popular Tall Ships that periodically visit the City, at both its Market Street Marine Terminal and Portsmouth Fish Pier.

Foreign Trade Zone (FTZ)

New Hampshire has one Foreign Trade Zone (FTZ) consisting of five (5) distinct sites, three (3) of which are located in Portsmouth: 1,095 acres at the Tradeport, 10 acres at the Port, and 50 acres at the Portsmouth Industrial Park. A Foreign Trade Zone (FTZ) is a site within the United States where items may be imported, stored, and processed with deferral or elimination of customs duties and excise taxes, allowing firms to operate more competitively in the international market. The FTZ, in conjunction with the State's International Trade Resource Center, provides both opportunity and technical assistance for businesses interested in foreign commerce.

Portsmouth Naval Shipyard (PNSY)

The Portsmouth Naval Shipyard (PNSY) is located in Kittery, Maine, just across the Piscataqua River from the City. Established in 1800, PNSY is the U.S. Navy's oldest continuously operating naval shipyard and serves as a major submarine overhaul and refueling facility. PNSY is the largest employer in the region, with a highly skilled, technical workforce.

The following is a summary of the Seacoast Shipyard Association's most current regional economic impact report for Calendar Year (CY) 2023:

- Overall, PNSY had an economic impact of \$1,536,567,511, an increase of approximately \$80 million from the \$1,457,952,317 CY 2022 figure. The majority of this increase is from increased civilian payroll and facilities contracts.
- PNSY employs 7,356 employees with a civilian payroll of \$663 million, a decrease from \$670 million in CY 2022.
- PNSY purchased \$160 million of goods and services, a decrease of \$36 million from CY 2022.
- Total contracted facility services purchased was \$626 million, an increase from \$559 million in CY 2022.

Budget Document

A GUIDE TO THE BUDGET DOCUMENT

The City of Portsmouth is a municipal corporation governed by a City Council, including a Mayor and eight Councilors, and an appointed City Manager. The City's financial operations are budgeted and accounted for in several funds. Each fund is a separate accounting entity with self-balancing accounts.

The budget process is key to the development of the City of Portsmouth's strategic fiscal plan. The budget is the single most important document the City has for establishing policies, guidelines, and control over the direction of change and for determining the future.

This budget serves six vital functions:

1. It is a *policy document*, which establishes the City's priorities for expending funds for services to be provided for the coming fiscal year.
2. It is a *financial plan* for the City for the upcoming fiscal year.
3. It is an *operations guide*, which establishes the activities, services, and functions to be conducted by the City's departments.
4. It is an important *means of communication*, which conveys to Portsmouth residents, local businesses, as well as other parties (such as bond rating agencies and the news media) how the City is being managed.
5. It is a *historical document*, which reflects the past level of services provided by the City.
6. It is a *legal document*, which establishes the legal guidelines for spending each year.

BUDGET DOCUMENT CONTENTS

The budget document contains the following funds and activities to assist in the understanding of the City's operations:

GENERAL FUND - This fund accounts for all general operating expenditures and revenues. This is the City's largest fund. Revenues in the general fund are primarily from property taxes.

ENTERPRISE FUNDS - Enterprise Funds are supported by user fees and are used to account for ongoing organizations and activities which are like those often found in the private sector. The City of Portsmouth maintains two enterprise funds: Water and Sewer.

SPECIAL REVENUE FUNDS - These funds account for the proceeds of specific revenue sources, such as federal, State, and local grants, private donations, and transfer from other funds that are restricted to expenditure for specified purposes. There are six special revenue funds detailed in this document, which require a budget and are a part of the budget adoption

process: Parking and Transportation, Community Development Block Grant (CDBG), Community Campus, Indoor Pool, Stormwater, and Prescott Park.

DEBT SERVICE - This document includes an analysis of debt service for the General Fund, Parking & Transportation Fund, Debt Service Fund, Water Fund, and Sewer Fund. The analysis includes the computation of legal debt margin, long-term debt forecast model, projected long-term debt service as a percentage of the general fund budget, and long-term debt outstanding balance.

CAPITAL IMPROVEMENT PLAN (CIP) - The long-term planning for major capital projects is set forth in the six-year Capital Improvement Plan and adopted by the City Council. The capital projects are funded through capital outlay, state and federal aid, revenues, public-private partnerships, and bond issues. This document provides a summary of the Capital Improvement Plan in Appendix II; however, the City also publishes a more detailed long-term CIP under a separate cover as well as online at <https://portsnh.co/cip>.

ROLLING STOCK PROGRAM - The Rolling Stock Program is intended to provide an overall schedule for the expenditure of City funds on the replacement of vehicles and equipment necessary to conduct daily City activities. City departments with rolling stock requirements that participate in the program include the Public Works, Police, Fire, School, Parking/Transportation, Water, Sewer, Stormwater and Prescott Park. Such a program serves to inform the City Council and the community that certain expenditures for upgrading the existing equipment are to be expected in the years ahead. The Rolling Stock Program details are in Appendix I of this document.

FEE SCHEDULE - A City ordinance was enacted stating that all municipal fees shall be adopted and may be amended by resolution during the annual budget adoption process. Appendix III provides a detailed list of all City fees which are reviewed every year.

BUDGETARY FUND STRUCTURE

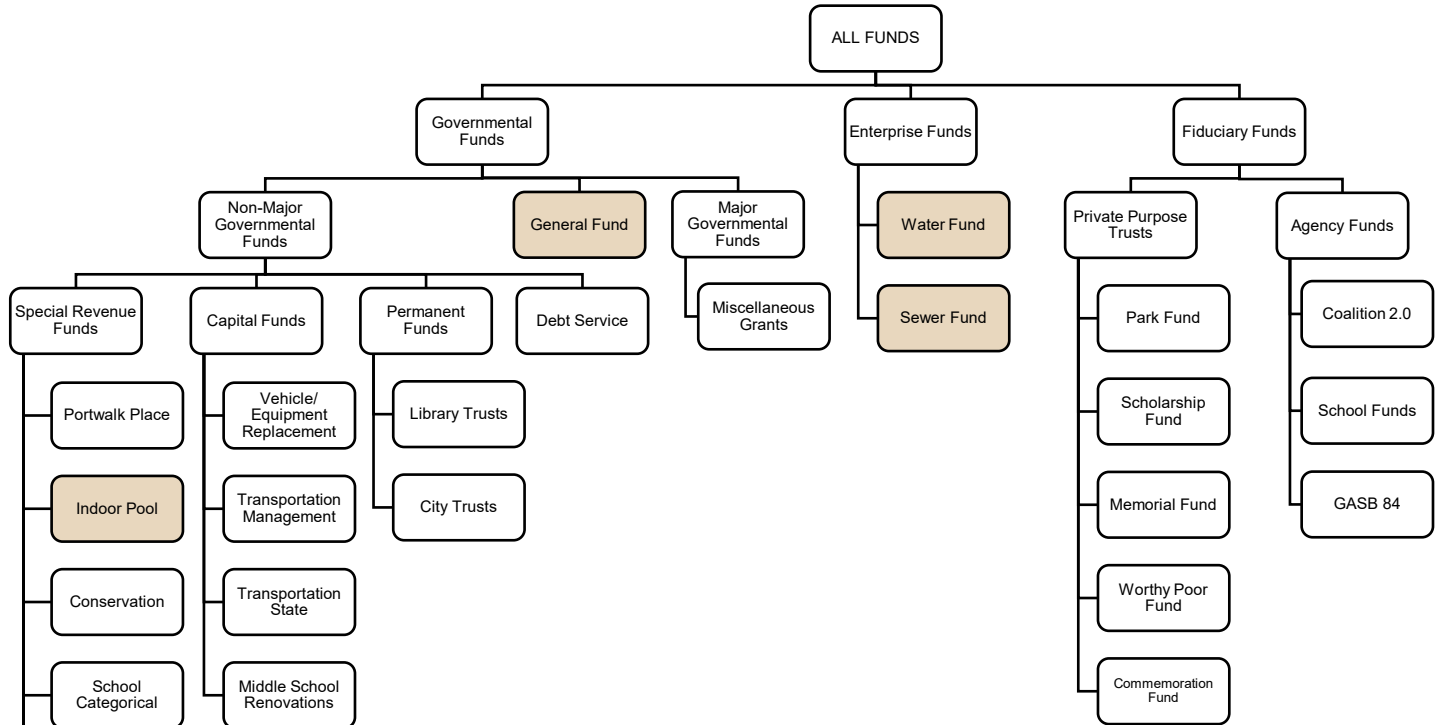

The City's budgetary fund structure (appropriated funds) which are included in this document are: the General Fund; the Community Development, Parking & Transportation, Community Campus, Indoor Pool, Stormwater, and Prescott Park Funds (Special Revenue Funds); and the Water and Sewer Funds (Enterprise Funds).

The fund structure in the audited financial statements include all Governmental Funds (General, Special Revenue, Capital Projects, Debt Service, and Permanent Funds), Enterprise Funds (Water and Sewer Funds), and Fiduciary Funds (Private Purpose Trusts and Agency Funds).

The following chart shows the City's audited fund structure and highlights the appropriated funds in this document and Department/Fund relationships.

MAJOR FUND DESCRIPTIONS:

Major funds for budgetary purposes are those funds whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the appropriated budget.

GENERAL FUND

The General Fund is a Governmental Fund. It is established to account for all resources obtained and used for those services commonly provided by cities which are not accounted for in any other fund. These services include, among other items: General Government, Public Safety, Education, Public Works, Health and Human Services, and Culture and Recreation. The primary sources of revenue of the General Fund are property taxes, unrestricted state revenue sharing grants, certain restricted grants, and fees for services rendered.

NON-MAJOR FUND DESCRIPTIONS:

WATER FUND

The Water Fund is an Enterprise Fund. It accounts for the operation of a water treatment plant, City wells, and water system. The activity of the fund is self-supporting based on user charges.

SEWER FUND

The Sewer Fund is an Enterprise Fund. It accounts for the operation of two sewer treatment plants, pumping stations, and sewer lines. The activity of the fund is self-supporting based on user charges.

STORMWATER

Stormwater is a Special Revenue Fund which accounts for operations for compliance with the United States Environmental Protection Agency's National Pollution Discharge Elimination System Stormwater Phase II regulations. Stormwater is funded by a transfer from both the General and Sewer Funds.

PARKING AND TRANSPORTATION

The Parking and Transportation Fund is a Special Revenue Fund, which is funded by parking system user fees including parking passes, on-street and garage parking, and parking fines. It accounts for operations of the City's parking facilities, parking enforcement, parking meter operations, and parking administration funded by funds generated from these parking activities.

PRESCOTT PARK

Prescott Park is a Special Revenue Fund which accounts for expenditures associated with the maintenance of the Park. It is funded by the Josie F. Prescott Trust, Marine Maintenance Trust, a transfer from the General Fund, and revenues generated from weddings and license agreements.

COMMUNITY CAMPUS

Community Campus was purchased in March 2022 from The Foundation for Seacoast Health. The campus consists of a 72,000 square foot building on 34 acres. The building is now home to the Recreation Department and the School Department's Robert J. Lister Academy program in addition to several nonprofit human service organizations that benefit the community and the Seacoast region. This Special Revenue Fund facilitates the operations of the building with funding from rental income and a transfer from the General Fund.

INDOOR POOL

Prior to FY 2011, the Indoor Pool was supported in full with appropriations from the General Fund along with associated revenues also being recorded in the General Fund. From FY11 through FY22, a nonprofit organization named Save the Indoor Portsmouth Pool (SIPP), by way of an agreement with the City, funded the operations and capital needs of the Indoor Pool with a General Fund transfer to a Special Revenue Fund as well as user fees and donations. Portsmouth never relinquished ownership of the pool. In FY23, the city re-established the operations of the pool with operating revenues and expenditures recorded in a Special Revenue Fund.

COMMUNITY DEVELOPMENT BLOCK GRANT

The Community Development Fund is a Special Revenue Fund. It accounts for the use of Community Development Block Grant (CDBG) Funds as received from the Federal Government through the New Hampshire Office of State Planning. Current grants are designed for City of Portsmouth economic development activities, housing rehabilitation, social service agencies, and public facilities. The Community Development Division is a division of the Economic & Community Development Department.

BASIS OF ACCOUNTING – BUDGETARY BASIS OF ACCOUNTING

When considering any report of financial activity, the question of which basis of accounting to use must be addressed. Basis of accounting refers to when revenues, expenditures, expenses, transfers, and related assets and liabilities are recognized in the accounts and reported in the financial statement.

The GASB (Government Accounting Standards Board) states that methods of local government budgetary practices are outside the scope of financial reporting standards and, therefore, do not prescribe a basis of accounting for use in budgetary reporting. The City of Portsmouth, in most cases, uses the same basis of accounting when preparing both the financial statements and annual budgets.

For Governmental Funds, the City of Portsmouth prepares its budgets using a modified accrual basis, which means the accrual basis with modifications; it emphasizes sources and uses of current financial resources. Governmental Funds account only for current expendable available resources, so only those transactions classified as "current" (that is, affecting the current flow of revenues and expenditures) are recorded.

For Enterprise Funds, the City of Portsmouth prepares its budgets using the accrual basis, which results in an accounting measure that records the substances of transactions or events,

not merely cash inflows or outflows. It recognizes non-cash transactions at the time they occur, considering not only accruals, but also deferrals, allocations, and amortizations.

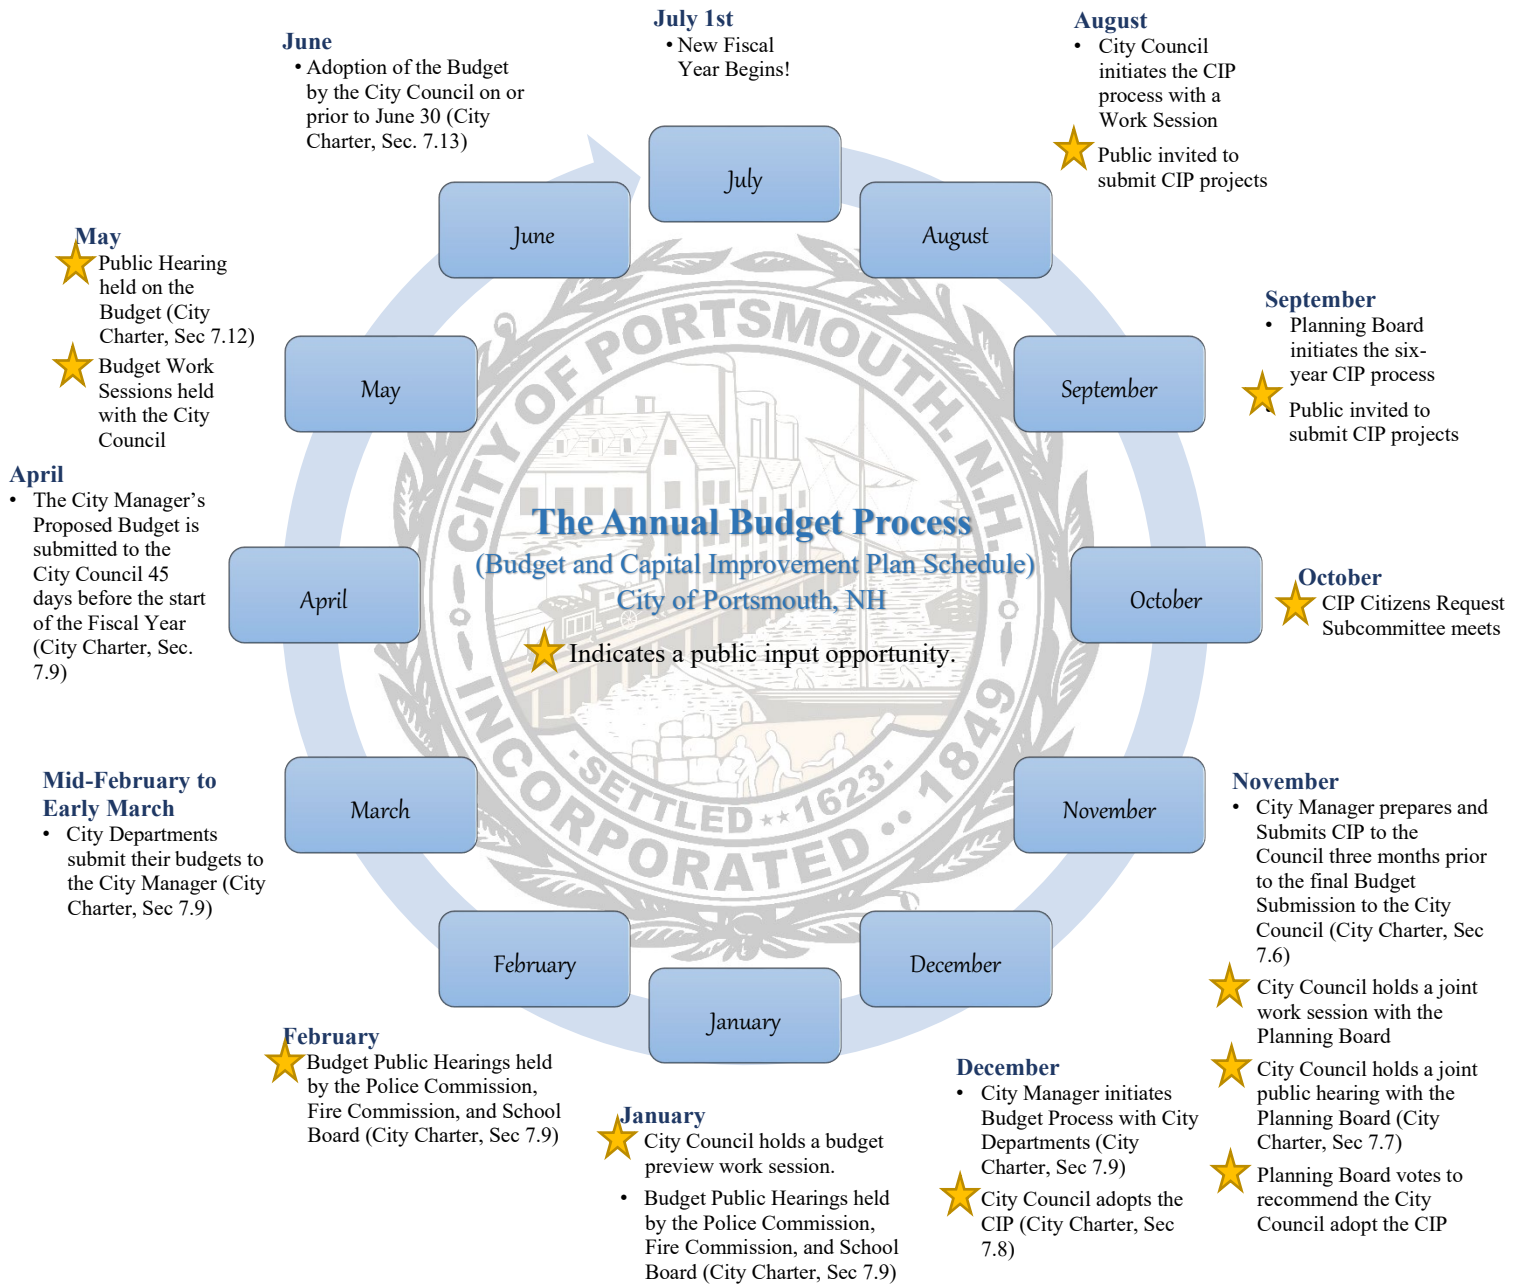

The Annual Comprehensive Financial Report displays the status of the City's finances based on "Generally Accepted Accounting Principles" (GAAP). The City in most cases conforms to GAAP in reference to the fund-based financial statements, when preparing its budget.

Exceptions are as follows:

1. In the General Fund, a full accrual of the amount anticipated to be billed is recorded rather than adjusted for the 60-day rule, receipt of prior fiscal year tax payments and adjustments for abatements.
2. Rockingham County Property Tax is recorded as a Property Tax Revenue and County Tax Expenses in the budget and as an Addition and Deduction in the Statement of Changes in Fiduciary Net Position - Custodial Funds, according to GAAP.
3. Compensated absences are accrued as earned by employees using GAAP and recorded as expenditures as used in the budget.
4. Use of unassigned fund balance, committed fund balance, and unrestricted net position are recorded as revenue in the budget apart from the Combined Statement of Revenues and Expenditures and Changes in Unassigned Fund Balance and Unrestricted Net Position.
5. Transfers in and out are recorded as revenue and expenditures in the budget.

THE BUDGET PROCESS

The City annually conducts a comprehensive and extensive budget-setting process for the Capital Improvement Program and the Operating/Non-Operating budget, in accordance with the City Charter, as depicted below.

CAPITAL IMPROVEMENT PROGRAM PROCESS

The Capital Improvement Plan (CIP) is prepared by the Planning Board according to State statute. The intent of the CIP is to classify capital projects according to their priority and need and schedule those improvements over a six-year time period. The CIP process begins in early Fall. City departments evaluate their six-year capital needs, including projects submitted by the public, and submit recommended projects to the Planning Board. These requests are reviewed and adopted by the Planning Board prior to submission to the City Manager. The City Manager prepares and submits the six-year CIP to the City Council three months prior to the final budget submission. The City Council holds a public hearing on the CIP and adopts the plan. The capital costs shown in year one of the CIP represent the only impact to the proposed budget and may be revised by the City Council during the budget approval process.

BUDGET PROCESS – LEGAL LEVEL OF BUDGET CONTROL

The City Manager initiates the budget process with City departments and provides guidelines for budget preparation in conjunction with work sessions held with the City Council. Each department submits its estimates of revenues and expenditures to the City Manager for review by mid-February. Prior to this date, the Police Commission, Fire Commission, and School Board each hold public hearings.

The City Manager meets with every department, reviews the budget requests in detail, and makes final decisions regarding the proposed budget. The City Manager, per the City Charter, recommends a proposed budget to the City Council. This must occur at least 45 days before the start of the fiscal year.

All monies appropriated in the annual budget for the support of the public schools shall be subject to the control of the School Board, which shall have line-item control over its own budget per the City Charter.

The City Council, per the City Charter, holds a public hearing prior to the adoption of the budget for public input. The City Council then holds a series of Work Sessions with each department including a “Listening Session” to allow the public to comment and pose questions to the City Council.

The City Council must adopt a final budget by June 30th. If the City Council takes no action on or prior to June 30th, the budget submitted by the City Manager is deemed to have been adopted by the City Council per the City Charter.

The City will adopt a balanced budget, by fund, for all funds maintained by the City, in which total anticipated revenues will equal budgeted expenditures for each fund. A budget is considered balanced when total estimated revenues (monies coming in) are equal to total appropriations (monies approved to spend).

Once the budget is adopted, no appropriations shall be made for any purpose not included in the annual budget as adopted unless voted by a two-thirds majority of the City Council after a public hearing is held to discuss said appropriation.

FY 2026 BUDGET SCHEDULE

August 2024

19 Monday 6:00 PM City Council CIP Work Session

September 2024

20 Friday Citizen Submission Deadline for CIP Projects

27 Friday Departments Submission Deadline for CIP Projects

October 2024

15 Tuesday 5:30 PM ** City Council Citizens Request Subcommittee ~ Review the Citizens Request Projects

November 2024

12 Tuesday 6:00 PM CIP Joint Work Session with City Council and Planning Board (full presentation)

18 Monday 7:00 PM CIP Joint Public Hearing with City Council and Planning Board

21 Thursday 6:00 PM Planning Board Meeting - Recommendation of the CIP to City Council

December 2024

2 Monday 7:00 PM City Council Meeting - Adoption of the CIP

January 2025

15 Wednesday 6:00 PM City Council Budget Planning Work Session

February 2025

4 Tuesday 7:00 PM School Board Public Hearing #1 on the proposed department budget

11 Tuesday 6:00 PM * Fire Commission Public Hearing on the proposed department budget

12 Wednesday 5:30 PM ** Police Commission Public Hearing on the proposed department budget

March 2025

4 Tuesday 7:00 PM *** School Board Public Hearing #2 on the proposed department budget

April 2025

Week of April 28th Proposed Budget document submitted to the City Council

May 2025

12 Monday 6:00 PM City Council Budget Work Session #1 - General Fund

14 Wednesday 6:00 PM City Council Budget Work Session #2 - Enterprise & Special Revenue Funds

28 Wednesday 6:00 PM City Council Work Session - Budget Review

June 2025

9 Monday 7:00 PM City Council Meeting - Continuation of Public Hearing and Adoption of the Budget

All Meetings, Work Sessions, and Public Hearings will be held in the Eileen Dondero Foley Council Chambers unless noted as follows:

* Fire Station 2 (3010 Lafayette Road) - George Pierce Training Room

** Conference Room A - City Hall

*** School Department Conference Room - City Hall

Fund Summaries

Tax Rate Calculation, Expenditures by Funds and Departments, and the Combined Statement of Revenues and Expenditures and Changes in Fund Balance & Net Position

CALCULATION OF PROPERTY TAX RATE

The State of New Hampshire does not assess a sales or income tax. As a result, property tax is the primary method of financing local government.

The preparation of the Annual General Fund Proposed Budget includes a calculation of the estimated property tax rate or ad valorem, which is a tax levied in proportion to the value of property.

The following page provides the property tax levy, (*the difference between the gross appropriations and estimated revenues*), and the calculation of the estimated tax rate based on:

- The City Manager's Proposed FY26 Budget,
- Estimated county tax obligation,
- Estimated local and State revenues, and
- Estimated taxable property valuation

The final tax rate will be set by the New Hampshire Department of Revenue Administration in late fall. Property valuation, State Revenues, and county tax obligation are estimated for budget purposes. The final tax rate may vary from the proposed tax rate stated in this budget document.

EXPENDITURES BY FUNDS AND DEPARTMENTS

List of expenditures by funds and departments for the FY24 budget and actual, FY25 budget, and the FY26 City Manager's recommended budget, as well as the dollar and percent change over FY25.

COMBINED STATEMENT OF REVENUES AND EXPENDITURES AND CHANGES IN UNASSIGNED FUND BALANCE AND UNRESTRICTED NET POSITION

Provides a projection of the unassigned fund balance and unrestricted net position for the General, Special Revenue, Water, and Sewer Funds presented in this budget document.

Financial Policies and Long-Term Financial Guidelines

The following section outlines financial policies and long-term financial guidelines which the City follows in managing its financial and budgetary affairs. The goal of these policies and guidelines is to ensure that financial resources are managed and available to meet the present and future needs of the citizens of the City of Portsmouth. The City has created several approaches to maintain and improve fiscal stability.

UNASSIGNED FUND BALANCE ORDINANCE

In Fiscal Year 1998, the City Council adopted a Fund Balance Ordinance which was amended in 2012 to comply with the fund balance model established by [Governmental Accounting Standards Board \(GASB\) Statement No. 54](#). The operational objective of the Ordinance was further amended in 2013 to recognize that the financial management goal of the City of Portsmouth is to annually maintain an Unassigned Fund Balance of between 10% and 17% of total General Fund appropriations. As of June 30, 2024, the Unassigned Fund Balance of \$18,923,866 represents 13.65% of appropriations. The chart below shows the history of unassigned fund balance for the last 14 years.

BOND RATING

The City's current bond rating of AAA by Standard and Poor's Rating Group was affirmed for the 12th time as part of the June 2024 bond issue. Rating agencies weigh a host of financial, economic, debt, and managerial information and assign a rating to the issue. Higher bond ratings indicate a lower perceived risk of default. The City has taken many steps and will continue to seek improvements to maintain fiscal stability. Table 1 highlights where the City's rating is today with respect to the model, and Table 2 provides the history of the City's rating.

1994-1999	6	A

The following graph charts the path and relationship between the City's Unassigned Fund Balance and its bond rating since the inception of the Unassigned Fund Balance Ordinance.

LEAVE AT TERMINATION

Leave at Termination is the amount owed to employees for accumulated sick and annual pay when they leave municipal services. In the mid 1990's, the trend of this liability predicted substantial future growth. The City has addressed with two methods the significant future liability.

1. Reduce Future Liability: The City eliminated future growth in this liability by negotiating in all labor agreements that new employees can no longer accumulate and cash-out unlimited sick leave. Thus, the liability can be capped, and it is now possible to estimate reductions of this liability through attrition.
2. Stabilizing the General Fund Annual Operating Budget: The Leave at Termination Reserve for the General Fund, which was created in fiscal year 1999, eliminated annual budget spikes which negatively impacted the operating budget associated with sick leave pay owed to employees upon termination. General Government, Police, Fire and School Departments annually budget a fixed amount for each fiscal year determined by an actuarial study and periodic review, which is transferred into a Leave at Termination Fund where this liability is paid. These departments build a fund balance, which is carried over from year to year to fund future liabilities, thus stabilizing the annual operating budget. In the event there is a short fall at fiscal year-end, this short fall is subsidized by Committed Fund Balance-Reserve for Leave at Termination. In the event there is a surplus at year-end, the surplus replenishes the Committed Fund Balance-Reserve for Leave at Termination.

As of June 30, 2024, total liability for earned sick payout for eligible employees and annual leave for all employees is:

- General Fund - \$4.10 Million.
- Enterprise Funds - \$0.598 Million.

The previous chart illustrates the leave liability for the General Fund decreasing over time. This is in direct correlation with the phasing out of employees' ability to cash-out unlimited accumulated sick leave upon termination. *[Detailed information and annual budget allocation are addressed in the Budget Highlights section of this budget document].*

HEALTH INSURANCE STABILIZATION RESERVE

The City currently offers two health insurance plans: HealthTrust products supported by Anthem Blue Cross Blue Shield for employees in the General Government, Police, and Fire Departments and SchoolCare products supported by Cigna for School Department employees. These health care plans are negotiated with each collective bargaining unit.

The increase in premium rates has spiked both up and down over the last several years causing unpredictability.

The City has addressed this issue with the following approaches:

1. The City negotiated with all labor agreements to share in the cost of health insurance premiums. Every employee contributes a percentage of their medical plan cost. This reduces the City's liability.
2. The City created the Health Insurance Stabilization Reserve to stabilize annual budgetary spikes that often negatively impact the operating budget. Generally, the appropriation amount is determined in accordance with the average increase of Health Insurance rates provided by HealthTrust and SchoolCare over 10 years with periodic review. This rate is then added to the prior fiscal year budgetary appropriation. The Health Insurance Stabilization Reserve has been established in the General Fund from operating surplus from previous years. In the event premiums spike higher than the appropriation, the reserve subsidizes this shortfall. A policy has been established that the utilization of this reserve in any given year shall not be more than 25% of its balance.

The annual budget and allocation of costs are addressed in the Budget Highlights section of this budget document.

INVESTMENT POLICY

The City of Portsmouth recognizes an investment program as one aspect of sound public financial management. The investment program aims to match the structure of the money market and operations of the City to achieve the best possible results for the City, considering such matters as safety, liquidity, and overall yield.

In accordance with New Hampshire State Statutes, the City Council adopts annually an Investment Policy pursuant to RSA 48:16, which authorizes the City Treasurer as custodian of City funds to invest funds not immediately needed for the purpose of expenditure. The statute specifically identifies eligible investments instruments as defined as follows:

1. The Public Investment Pool established pursuant to RSA 383:22; and
2. Deposits including money market accounts, certificates of deposits, or repurchase agreements, and all other types of interest-bearing accounts, of federally insured banks chartered under the laws of New Hampshire, or in obligations outside of the state fully guaranteed as to principal and interest by the United States government.

PROPERTY VALUATION

New Hampshire State Statute RSA 75:8-a states “the assessors and/or selectmen shall reappraise all real estate within the municipality so that the assessments are at full and true value at least as often as every fifth year beginning with the first year the Commissioner of the Department of Revenue Administration reviews the municipalities assessments pursuant to RSA 21-J:3 XXVI, the assessors and or selectman shall value all real estate within the municipality so that the assessments are valued in accordance with RSA 75:1” which states “ shall appraise all taxable property at its market value.” Pursuant to RSA 75:8-a, the City of Portsmouth conducted a Statistical Revaluation for Fiscal Year 2025 / Tax Year 2024.

PERFORMANCE MEASURES

The FY26 Budget document includes a Performance Measures section in each departmental narrative. The departments use their respective performance measures to better communicate departmental progress and/or efficiencies achieved within the department.

Performance measures include statistical and analytical information about departmental performance and services. In general, performance measures can describe relationships between resources (inputs) and what is provided through a department’s programs and services (outputs). In some cases, these measures will describe a department’s workload (i.e., number of Police calls for service) or provide some measure of units of service (i.e., number of businesses assisted). Such measures are useful when compared across fiscal years, relaying information about trends and changes in service levels and needs, which can provide some context to budgetary requests.

Performance measures can be both quantitative and qualitative in nature. Often, they can be expressed in ratios, percentages, averages, or simple quantifiable outputs, which provide information about a program or service. Many of the performance measures identified in the departmental summaries are tied to Citywide goals.

ROLLING STOCK PROGRAM

The City has established a long-term rolling stock program to avoid large expenditures in any one year and to forecast certain expenditures for replacing and upgrading existing equipment in the years ahead. The program has enabled all City departments to replace vehicles and equipment based on life cycle costing, which has reduced costs in repairs and maintenance. The purchase of vehicles and equipment is funded through the non-operating budget. This program provides departments with vehicles and equipment that are more efficient and reliable. [Detailed information on the Rolling Stock Program can be found in Appendix I of this document.]

CAPITAL IMPROVEMENT PLAN

The Capital Improvement Plan (CIP), recommended by the Planning Board and adopted by the City Council, identifies equipment, vehicles, buildings, information systems, transportation, and Enterprise Fund infrastructure needs over a six-year period. The City Council reviews these projects and annually appropriates from Governmental and Enterprise Funds, capital outlay to be combined with grants, matching funds, and other programs. All projects funded by long-term debt need separate authorization from the City Council. The following is a funding summary for the FY26 Capital Improvement Plan. [Detailed information for each project can be found in Appendix II of this document.]

Capital Improvement Plan FY 2026-2031 (FY 2026 Funding)

	General Fund	Enterprise Funds	Bond/Lease	Federal/State	Other/Revenues	PPP	FY26 Total
GOVERNMENTAL FUNDS	\$1,560,000	\$0	\$21,505,000	\$2,760,173	\$1,736,678	\$25,000	\$27,586,851
WATER FUND	\$0	\$0	\$11,450,000	\$0	\$0	\$0	\$11,450,000
SEWER FUND	\$0	\$250,000	\$8,615,000	\$0	\$0	\$0	\$8,865,000
TOTAL	\$1,560,000	\$250,000	\$41,570,000	\$2,760,173	\$1,736,678	\$25,000	\$47,901,851

GENERAL FUND ANNUAL CAPITAL OUTLAY

To avoid utilizing a dollar target for the General Fund Capital Outlay which loses value over the years, the City uses a policy to tie in capital expenditures from the General Fund to a percentage of the City's overall budget. Specifically, the City's goal is to allocate an amount up to 2% of the prior year's General Fund Budget to capital projects.

DEBT SERVICE PLANNING

The City's debt service planning goals are to keep the debt burden and operational debt costs at manageable levels while simultaneously ensuring that capital needs will be met on an ongoing basis. With these goals in mind, the City has three main Debt Service Planning policies:

1) Pay-As-You-Go Financing

The City will pay for all capital projects on a pay-as-you-go basis using current revenues whenever possible.

2) Net Debt Service as Percent of General Fund Appropriations

One measurement to ensure debt costs are manageable is identifying a maximum net debt service as a percentage of total General Fund appropriation. The City policy is to use no more than 10% of annual appropriations toward net debt service payments. The FY26 proposed budget includes a projected net debt of 7.97% of the proposed General Fund appropriation. A six-year projected net long-term debt service as a Percentage of the General Fund chart and graph are located in the Debt Service section of this budget document.

3) Debt Burden

It is the policy of the City to maintain a governmental debt burden of less than 3% of the City's full valuation. The debt burden measures how leveraged the City is by calculating the amount of debt outstanding as compared to the City's full valuation. The City's governmental activities' debt burden as of June 30, 2024, per the last completed independent audit, was 1.2%.

MUNICIPAL FEE REVIEW PROCESS

To create a more efficient system for the City to adopt and adjust municipal fees, a process was adopted to review municipal fees annually. A City ordinance was enacted stating that all municipal fees shall be adopted and may be amended by resolution during the annual budget adoption process. This ordinance was amended during FY25 to allow City Council to adopt fees or fee changes at such other times as may be in the best interest of the City. Annually, all City Departments review their respective fees and propose changes where they consider it necessary to keep abreast of rising administration costs. (Fees are listed in Appendix III.) A Fee Committee consisting of two City Councilors, the City Manager and a Finance Department representative then reviews the departments' requests. The Fee Committee recommendation is presented to the City Council for approval through a resolution. The approved municipal fee list becomes law on the first day of the upcoming fiscal year.

ENTERPRISE FUND POLICIES FOR RATE SETTING

In FY14, the City implemented a rate model to review annually the water and sewer rates for current as well as future years. The rate model serves as a tool to allow for long-term planning. Prudent financial planning will result in predictable and stable rate increases, which will generate revenues adequate to cover operating expenses, meet the legal requirements of bond covenants and State Revolving Fund (SRF) loans, and allow adequate capital replacement as well as reserve funding of future capital needs and federal mandates. This policy would increase, or utilize, net position to create a rate structure that is stable and predictable from year to year to lessen the user rate impact due to future capital investments or unanticipated losses of revenue.

ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR) CERTIFICATE OF ACHIEVEMENT

The City will seek annual renewal of the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting. The Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting. The City has received thirty-one awards for the fiscal years ended June 30, 1988, 1989, and 1995 – 2023.

DISTINGUISHED BUDGET PRESENTATION AWARD

The City will seek annual renewal of the Government Finance Officers Association's Distinguished Budget Presentation Award. The Distinguished Budget Presentation Award is designed to encourage governments to prepare budget documents of the highest quality to meet the needs of decision makers and citizens. The City of Portsmouth was the first and is one of only two communities in New Hampshire to receive the award. The City of Portsmouth received the GFOA's Distinguished Budget Presentation Award for eighteen consecutive years beginning July 1, 2006.

AWARD FOR OUTSTANDING ACHIEVEMENT IN THE POPULAR ANNUAL FINANCIAL REPORTING (PAFR)

The City will seek annual renewal of the Government Finance Officers Association's award for outstanding achievement in the Popular Annual Financial Report (PAFR). The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of the state and local government popular reports. The City of Portsmouth received the GFOA's PAFR award for seven consecutive years beginning with the fiscal year ended June 30, 2017.

For additional information regarding the City's ordinances and administrative policies visit <https://www.portsmouthnh.gov/cityclerk/city-ordinances>

FY26 General Fund Revenues by Category

Major Revenue Sources for the City are property taxes, school tuition, parking related revenues, Pease Development Authority airport district services fees, motor vehicle permits, and building inspection permits. The following includes descriptions of all General Fund revenues as well as budget to actual trends (graphed) for major revenue sources along with the methodology used to forecast the estimated revenues.

Local Fees, Licenses, Permits:

Revenue raised from locally administered fees, licenses, and permits are collected by a variety of departments. Fees charged as well as statistics for each fee are listed in Appendix III of this budget document. Local fees are administered to recoup administrative costs associated with producing a specific service.

Other Local Sources:

- **Payment In Lieu of Taxes (PILOT)** – Payments made to the City by otherwise nontaxable entities; these payments help alleviate the financial impact created by the entity.
- **Motor Vehicle Permit Preparation Fees** – RSA 261:152 \$2.00 Clerk fee charged for each motor vehicle registration. RSA 261:74-d \$3.00 Agent fee charged for each motor vehicle registration when the state portion is completed.
- **Motor Vehicle Permits** – RSA 261:153 Registration permits for motor vehicles are based on the year and list price of the vehicle. Following are registered vehicle numbers for previous fiscal years:

The state statute sets the motor vehicle fee as follows:

- 18 mills on each dollar of the maker's list price for current model year vehicle
- 15 mills on each dollar of the maker's list price for the first preceding model year vehicle
- 12 mills on each dollar of the maker's list price for the second preceding model year vehicle
- 9 mills on each dollar of the maker's list price for the third preceding model year vehicle
- 6 mills on each dollar of the maker's list price for the fourth preceding model year vehicle
- 3 mills on each dollar of the maker's list price for the fifth preceding model year vehicle and any model year prior thereto

What is a Mill Rate?

A mill rate is the amount of every dollar of a property or item's assessed value that is taxed.

A mill =
\$1.00 of tax for each
\$1,000 of assessment

Revenue produced is a direct product of how many vehicles are registered, the vehicle's value, and the vehicle's age. Revenue is determined using quantitative forecasting trend analysis.

- **Title Applications** – RSA 261:4 For preparation, examination, record keeping and filing of application for certificate of title, the City collects \$2 for each application.
- **Boat Agent and Collection Fees** – RSA 270-E \$5.00 fee charged for each boat registration processed. RSA 72-A:4 \$1.00 fee charged for the collection of each boat fee as set forth by RSA 72-A:3.
- **PDA Airport District** – RSA 12-G - A Municipal Service Agreement (MSA) effective July 1, 1998, allows for a service cost to be collected by the City on property within the Airport District of the Pease Development Authority (PDA). The Service Cost is an amount equal to the amount that would have been paid annually as Property Tax excluding any school tax component in respect to such property. The City Council voted on November 16, 2015, to accept a partial waiver of the Municipal Service Fee on the property occupied by the General Services Administration (GSA). The GSA will pay \$0.75 per square foot versus payment based on value.

The Finance Department projects the estimated revenue in accordance with the MSA by factoring the assessed valuation of all properties located in the Airport District by the estimated tax rate less the school tax component.

- **Water/Sewer Overhead** – A calculation of Water/Sewer Departments usage of General Government employees and office space which is reimbursed to the General Fund from the Enterprise Funds.
- **Dog Licenses** – RSA 466 – An annual License Fee. Of each license fee: \$2.00 goes to the State of New Hampshire Animal Population Fund, \$0.50 goes to the State of New Hampshire General Fund, while \$5.00 remains with the local municipality.
- **Marriage Licenses** – RSA 457:29 - \$50 is collected for issuing a Marriage License with \$43 remitted to the State and \$7 remaining with the City.
- **Certificates-Birth, Death, and Marriage** – RSA 5-C:10 – The City collects a \$15 fee per record in advance from individuals requesting any copy or verification of vital records. Subsequent requests are a \$10 fee per record.
- **Cable Franchise Fee** – The Portsmouth Cable Franchise Agreement between the City and local cable television provider Portsmouth Public Media (PPMtv) stipulates that a 5% franchise fee will be charged to local cable television subscribers. The City Council voted on August 3, 2009, to allow any franchise fee collected over \$360,000 to be directed to the Cable Television Public Access Charitable Trust. The amount directed to the trust in FY24 for FY25 was \$87,000. In addition, on September 23, 2024, the City Council voted to send an additional \$48,000 from FY25 Cable Franchise fee collections.
- **Handgun Permits** – RSA 159:6: Revenues received when the Chief of Police issues a Handgun Permit if the applicant is a suitable person to be licensed.
- **Police Outside Detail** – The overhead portion received from the rate charged to vendors when a police detail is used.
- **Ambulance Fees** – City Ordinance Chapter 5: Article VI Section 601 – Establishes the rate for which emergency medical services shall be charged by the Fire Department.
- **Welfare Dept. Reimbursements** – RSA 165 – Reimbursements come from federal or State agencies if a welfare recipient becomes eligible for retroactive Social Security or Medicaid, from liens on legal settlements and on real property, from other New Hampshire towns which may be financially responsible for the recipient, or directly from recipients if they become able to reimburse.

Interest and Penalties:

- **Interest on Taxes** – RSA 76:13 & RSA 80:69 – Property taxes are received semiannually. An 8% per annum interest rate is charged upon all property taxes not received by the due date. The interest rate increases to 14% per annum upon the execution of a real estate tax lien until payment is made in full.

- **Interest on Investments** – The amount of interest earned from deposits.

Research of predicted future investment interest rates along with forecasting cash balances are used to estimate interest revenue for the coming fiscal year.

	FY19	FY20	FY21	FY22	FY23	FY24	FY25	FY26
Budget	700,000	1,100,000	550,000	150,000	700,491	1,400,000	2,319,800	2,320,000
Actual	1,336,087	1,205,712	526,494	201,845	1,812,447	2,976,173		

School Revenues:

Tuition - Tuition received from SAU 50 communities: Greenland, New Castle, Newington, and Rye. This is the City's second largest General Fund Revenue source, with property taxes being the largest. Tuition is estimated for the number of students scheduled to attend from neighboring communities. Both the amount per student to be charged to neighboring communities and the number of students to be sent to the Portsmouth schools are estimated for budgetary purposes.

Estimated revenues are determined in accordance with the Area Agreement with SAU 50. The forecasting model incorporates future tuition student population as well as estimated current fiscal year expenditures to determine the estimated tuition revenue.

- **Other Sources** – The majority of revenue produced in Other Sources is received from rent charged to organizations for utilizing school buildings for special functions. The increase in FY24 was due to a Dental Premium Holiday issued by the insurance carrier. A premium holiday is a refund from a previous fiscal year premium payment due to cost avoidance.

Parking Revenue:

- **Parking Meter Fees** – City Ordinance Chapter 7: There are 671 metered parking spaces throughout the City. Under the Stay and Pay pricing ordinance (effective March 18, 2024), the City charges \$2.00 per hour for each of the first three hours and \$5.00 per hour thereafter. Payment for resident and visitor use of the City Parking inventory is enforced as follows: Monday through Saturday 9am to 8pm and Sunday from Noon to 8pm.
- **ParkMobile Smartphone App** – Residents and visitors are encouraged to take advantage of ParkMobile, a smartphone-based parking payment application. ParkMobile can be downloaded for free and is used to initiate and/or extend active parking sessions through the user's personal device. Qualified residents are eligible to receive discounted parking rates using the ParkMobile app.

Parking meter fees revenue is determined using quantitative forecasting trend analysis.

- **Parking Metered Space Rental** – City Ordinance Chapter 7: The Department of Public Works may issue to a contractor or person actively engaged in construction and repair work a temporary permit for exclusive use of a metered parking space for the parking of a vehicle or other equipment being used in construction or repair work (\$50 per day).

- **High Hanover Parking Facility Revenue – Transient Parking:** City Ordinance Chapter 7 - Transient Parking refers to revenue from non-monthly pass (transient) customers in the High-Hanover Parking Facility. Estimated revenue has been calculated using an hourly rate of \$2.00, as presented in the fee schedule in Appendix III. Qualified residents can park for \$5.00 all day on Sundays. A rehabilitation project during FY23-24-25 closed 33% of spaces each year.

As with Parking Meters, Parking Garage revenue is determined using quantitative forecasting trend analysis.

- **High Hanover Parking Facility Revenue – Monthly Passes:** City Ordinance Chapter 7 - The FY26 fee schedule (see Appendix III) proposes a change to the non-resident monthly pass rate from \$275 to \$300 per month, keeping the resident monthly rate at \$200. As of February 2025, there were 410 monthly pass holders, 285 non-residents and 125 residents. A rehabilitation project during FY23-24-25 closed approximately 33% of spaces each year.

High Hanover Parking Facility Pass revenue is determined using quantitative forecasting trend analysis.

- **Foundry Place Parking Facility Revenue – Transient Parking:** City Ordinance Chapter 7 - Transient Parking refers to revenue from non-pass (transient) customers in the Foundry Place Parking Facility. FY26 rates are set at \$1.00 per hour, which saw no change from FY25 (see Appendix III). Qualified residents can park for free on Sundays.

- **Foundry Place Parking Facility Revenue – Monthly Passes:** City Ordinance Chapter 7 - The FY26 fee schedule (see Appendix III) proposes a change to the monthly non-resident pass rate from \$125 to \$200 per month, keeping the resident rate at \$100 per month. As of February 2025, there were 380 monthly pass holders, 247 non-residents and 133 residents.
- **Pass Reinstatement Fee -** City Ordinance Chapter 7: An administration fee to re-issue passes to leaseholders that have misplaced their original card or when payment is not received by the due date
- **Parking Violations -** City Ordinance Chapter 7: Payments received from violations of parking ordinances
- **Immobilization Administration Fee -** City Ordinance Chapter 7: Reimbursement received from City expenses incurred to immobilize (boot) a vehicle
- **Transfer to Parking and Transportation Fund –** Annually, any revenue more than \$2,500,000 is recorded in the Parking & Transportation Fund for operations and capital needs.

The table below depicts the total history of parking and transportation revenue by category.

	Actuals FY19	Actuals FY20	Actuals FY21	Actuals FY22	Actuals FY23	Actuals FY24	Budget FY25	Budget FY26

Parking-Other Revenue	14,090	9,666	13,569	68,155	16,500	57,500	77,000	53,500
Total Parking Revenue	8,444,481	7,622,242	7,465,181	9,675,160	8,249,100	9,767,500	10,109,300	12,516,449

State Revenues:

- **Highway Block Grant** – RSA 235:23: Each fiscal year, the State Department of Transportation Commissioner allocates an amount not less than 12% of the total toll revenue and motor vehicle fees collected in the preceding fiscal year to a local highway aid fund. The fund is distributed to each community where $\frac{1}{2}$ of the amount is based on the proportion which the mileage of regularly maintained class IV and V highways in each municipality bears to the total of such mileage in the state, and $\frac{1}{2}$ of the amount is based on the local community's population as a percentage of the State's population.
- **School Building Aid** – RSA 198-15: The City receives aid in the amount of 55% for the High School, 40% for the Middle School, and 30% on Elementary school portions of principal payments made during the fiscal year on debt attributed to those schools. The City received Middle School Building Aid during FY25 for \$740,973.
- **Rooms and Meals Tax** – RSA 78 –A:26: Disposition of revenue from the State is based on local community's population as a percentage of the state population. The RSA states disposition levels of 30% of the tax collected to communities, leaving 70% for the State. This law changed for the December 2021 disposition. The previous law was for a goal of 40% disposition to communities which was never obtained.

American Rescue Plan Act – State and Local Fiscal Recovery Funds (ARPA-SLFRF):

In 2021, the City was awarded a one-time allocation of \$12.88 million in ARPA funds. To date, 100% of these funds have been allocated for eligible projects by current and previous City Council actions. The City obligated all funds by the deadline of December 2024, and has until December 2026 to expend 100% of the funds. As of the end of FY24, the City has expended approximately \$11.2 million in ARPA funds. In FY25, the City used \$2,183,054 of American Rescue Plan Act-State and Local Fiscal Recovery Funds (ARPA-SLFRF) under the Revenue Loss category.

Fund Balance:

Annually, the City utilizes Fund Balance to offset property taxes. The use of Fund Balance from Committed, Assigned, and Unassigned Fund Balance is appropriated during the budget process. Once the budget is adopted, a supplemental appropriation from Fund Balance may be made for a specific project after a public hearing and a two-thirds (2/3) majority vote by the City Council. An approved supplemental appropriation amends the adopted budget.

The following table depicts the percentage of Total Fund Balance to General Fund appropriations. The City has been able to maintain a strong Total Fund Balance for several years.

Budgetary and Supplemental Use of Committed, Assigned, and Unassigned Fund Balance

Property Taxes:

- **Property Taxes** – Property taxes are Portsmouth’s largest revenue source. The City levies and collects taxes according to state law. Property taxes are an ad valorem tax (Latin for according to value). There are approximately 9,117 residential and commercial properties assessed taxes within the city. The amount of property tax levied is directly related to the amount of appropriation less all other revenues estimated. Budgeted property tax revenue is estimated to be \$115,274,411 in the FY26 proposed budget.
- The Tax Assessor is mandated to assess all property at its market value as of April 1 of each year making a tax year April 1 to March 31 while the Fiscal Year is July 1 to June 30. The City issues tax bills twice a year, due December 1st and June 1st.

Assessed Value	FY20	FY21	FY22	FY23	FY24	FY25
With Utilities	6,151,840,476	6,301,589,965	6,398,641,017	6,493,196,779	6,577,145,132	10,078,592,037

Water Fund Revenue Descriptions and Trends

The City of Portsmouth Water Fund operates as a financially self-supporting enterprise fund. It is expected that revenues generated from rates, fees and retained earnings will sustain the cost of all operations and any debt service; no General Fund (tax) support is expected. Revenue sources for the City of Portsmouth Water Fund are classified into five categories:

- 1) Water Consumption Revenues
- 2) Other Fees
- 3) State Revenues
- 4) Special Agreements
- 5) Other Financing Sources

Following are descriptions of all Water Fund revenues with budget to actual trends (graphed) for major revenue sources.

Water Consumption Revenues:

- **Water Consumption Revenues** – City Ordinance Chapter 16: Revenue generated from water consumption by customers, is the primary cash flow for the division. Fluctuations in this revenue source while expected are unpredictable and difficult to budget. The Water Fund will recognize a surplus in revenues when demand is higher and a deficit when demand drops.
- Water consumption revenues are subcategorized into four customer classes: municipal, residential, commercial, and industrial. The City Council approves through a budget resolution all changes in the water rate. The following table is a history of water consumption revenues not including minimum charges.

Water consumption revenue is determined using quantitative forecasting trend analysis utilizing user rates and consumption history.

Other Fees:

- **Public Hydrant Fees** - Revenues generated for providing water for public fire service to all municipalities served by the Water Division. The \$400 per public hydrant fee is collected from the following towns: Greenland, Madbury, New Castle, Newington, Rye, and the City of Portsmouth General Fund. There is a recommended increase in fee for FY26 to \$425.

Projections of this revenue are predictable; the only events that affect a change are the removal or installation of fire hydrants.

- **Meter Fees** – Revenues generated by monthly charges for the ongoing maintenance and service of meters. Fees are applied based on the size of the meter located on the property as stated below.

Monthly Meter Charge Fee

5/8" Meter	\$ 4.95
3/4" Meter	\$ 4.95
1" Meter	\$ 8.27
1 ½" Meter	\$ 14.25
2" Meter	\$ 22.91
3" Meter	\$ 36.26
4" Meter	\$ 68.74
6" Meter	\$ 120.27
8" Meter	\$ 168.01
10" Meter	\$ 252.02

- **Utility Revenue** – Revenue generated through wholesale utility agreements with the Rye and New Castle Water Districts.
- **Private Fire Service** – City Ordinance Chapter 16: Many commercial and residential properties have a water service connection for their fire sprinkler system. The fee is based on the size of the fire service pipe entering the property. The Water Fund has increased the **anticipated revenue generated from this source based on a reassessment by the Water Rate Study which recommended that the fees for the larger services be incrementally increased over multiple years.**
- **Job Worked Services** – City Ordinance Chapter 16: Services rendered by the Water Division maintenance department for the repair or construction of services in which an identified customer will be responsible for the costs. Services billed to individual customers include repair of vehicular damage to City property, repair of water service on private property, and upgrades to existing service at property. Services are rendered on demand, thus making the revenue unpredictable from year to year. The fund has had revenues of \$60,000-\$200,000 over the past five years.
- **Backflow Testing Fees** – City Ordinance Chapter 16: It shall be the duty of the customer-user at any premises where backflow prevention devices are installed to have certified inspections and operational tests made at least twice per year. The Water Division will assess a fee for the inspection and testing of these devices.

- **Service Charges Fees** – City Ordinance: Revenues from charges assessed to customers for special requests. Charges include final bill request, turn-on/off water service to a property, meter testing, frozen meter charges, and returned check fee.
- **Penalty Income** – Water bills are due and payable upon presentation. Implementation of monthly billing effective FY11, combined with other collection processes, has eliminated the assessment of penalty charges. The City is forecasting no income from this source.
- **Capacity Use Surcharges** – Revenues imposed on new customers joining the City's water and sewer system to recover capital investments made by the City.
- **Miscellaneous Income** – Revenue from unexpected events considered to be unique and unlikely to occur again in the future. Events include photocopying, sale of maps, water testing for a customer, and new connection fees.

State Revenues:

- **State Grant Program** – RSA 486-A:3 Revenue received from the State of New Hampshire for funding water works projects to meet the surface water treatment rules of the EPA. The Water Fund continues to monitor opportunities to apply for grants as they become available. The City expects no revenue in FY26 from this program.
- **Household State Aid Grant Program** – The State of New Hampshire administers a Household Hazardous Waste grant program. HHW Collection Grants are awarded to eligible sponsors at a designated per capita rate for the communities served, up to half of the collection costs. The City expects no revenue in FY26 from this program.

Other Financing Sources:

- **Interest on Investments** – The amount of interest earned from deposits.
- **Budgetary Use of Unrestricted Net Position** – The budgeted use of fund balance is typically used to stabilize rate increases from year to year. The Water Division will utilize \$842,236 of unrestricted net position in FY26.

Sewer Fund Revenue Descriptions and Trends

The City of Portsmouth Sewer Fund operates as a financially self-supporting enterprise fund. It is expected that revenues generated from rates, fees and retained earnings will sustain the cost of all operations and any debt service; no General Fund (tax) support is expected. Revenue sources for the City of Portsmouth Sewer Fund are classified into five categories:

- 1) Sewer Consumption Revenues
- 2) Miscellaneous Fees
- 3) State Revenues
- 4) Special Agreements
- 5) Other Financing Sources

The following are descriptions of all sewer fund revenues with budget to actual trends (graphed) for major revenue sources.

Sewer Consumption Revenues:

- **Sewer Consumption Revenues** – City Ordinance Chapter 16: Revenue generated from sewer consumption by customers, which represents the primary revenue for the division. Fluctuations in this revenue source are like water in that while expected, they are unpredictable and difficult to budget. The Sewer Fund will recognize a surplus in revenues when demand is higher and a deficit when demand drops.
- Sewer consumption revenues are subcategorized into four customer classes: municipal, residential, commercial, and industrial. The City Council approves through a budget resolution all changes in the sewer rate.

Sewer consumption revenue is determined using quantitative forecasting trend analysis utilizing user rates and consumption history.

	FY19	FY20	FY21	FY22	FY23	FY24	FY25	FY26
Budget	16,633,110	16,880,687	16,335,509	17,114,440	18,197,169	19,398,260	20,314,957	21,185,626
Actual	15,439,020	15,669,870	16,432,360	16,928,563	18,060,519	18,560,152		

Miscellaneous Fees:

- **Job Worked Services** – Sewer Ordinance: Services rendered by the Sewer Division maintenance department for the repair or construction of services in which an identified customer will be responsible for the costs. Services billed to individual customers include repair of vehicular damage to City property, repair of sewer service on private property, and upgrade to existing service at property. Services are rendered on demand, thus making the revenue unpredictable from year to year.
- **Septage Charges** – Sewer Ordinance: Revenues generated from accepting sewage from non-sewer customers, such as septage haulers and recreational vehicles. The sewage requires additional handling and treatment processing costs.
- **Penalty Income** – Sewer bills are due and payable upon presentation. Implementation of monthly billing effective FY11, combined with other collection processes, has eliminated the assessment of penalty charges. The City is forecasting no income from this source.
- **Permits** – Sewer Ordinance – Revenues from charges assessed to customers for the on-going monitoring by City staff of private sewage disposal facilities and compliance to discharge limits approved by the City.
- **Capacity Use Surcharges** – Revenues imposed on new customers who are joining the City's water and sewer system to recover capital investments made by the City.
- **Miscellaneous Income** – Revenue from unexpected events considered to be unique and unlikely to occur again in the future. Events include photocopying, sale of maps, sewer testing for a customer, and new connection fees.

State Revenues:

- **State Aid Grant Program** – RSA 486:3 Revenue received from the State of New Hampshire as a contribution for eligible sewage construction projects. The annual contribution is based on the project's amortization schedule and the impact on user fees.

Special Agreements:

- **Special Agreements** – The Sewer Fund has entered into agreements with customers whose sewer requirement necessitates sewer system improvements. The term of each agreement is based on system improvements and the financing needs of the customer. The annual revenue budget amount equals the annual payment due from all customers for the fiscal year.

Other Financing Sources:

- **Interest on Investments** – The amount of interest earned from deposits.
- **Budgetary Use of Unrestricted Net Position** – The budgeted use of fund balance is typically used to stabilize rate increases from year to year. The Sewer Division will utilize \$2,688,771 of unrestricted net position in FY26.

Special Revenue Fund Revenue Descriptions and Trends

Stormwater:

- **City of Portsmouth General Fund Transfer and Sewer Fund Transfer** – Historically, Stormwater expenditures have been distributed between both the General Fund and the Sewer Fund. In FY19, the creation of a Special Revenue Fund for Stormwater related expenditures was created. Funding for the expenditures will be divided evenly by transfers from both the General Fund and Sewer Fund. Use of Reserves will be used to purchase Rolling Stock.

Parking and Transportation:

- **Parking Revenues** – A portion of total parking-related revenues is budgeted to cover expenditure for the Parking and Transportation Division of Public Works.
- **Use of Reserves** – The Hanover Parking Facility has undergone a rehabilitation project from FY23 through FY25. During this project, approximately 1/3 or 300 parking spaces were unavailable for use.

Prescott Park:

- **Donations** – Estimated donations given for the park.
- **Weddings** – Revenue collected for reserving the Park for weddings. Fees vary dependent upon wedding size.
- **License Agreements** – Amounts raised from official agreements for use of Park grounds and facilities.
- **Josie F. Prescott Trust** – The Josie F. Prescott Trust document states that the trust shall be used for the maintenance of the property.
- **Marine Maintenance Trust** – The Trust document states that expenditures may be made from the Trust corpus and income as may be required to maintain the City's piers, docks, and floats in a safe condition and in proper repair.
- **City of Portsmouth General Fund Transfer** – Historically, income from the Josie F. Prescott Trust has been insufficient to meet all funding requirements for the Park on an annual basis. As a result, some costs associated with the Park operations have been funded through the City's General Fund. With the creation of the Special Revenue Fund in FY18, these historic contributions from the General Fund will take the form of a General Fund transfer.

Community Development:

- **CDBG Entitlement** - The City's Economic and Community Development Department administers the Community Development Block Grant (CDBG) program. These funds are provided to the City annually by the U.S. Department of Housing and Urban Development (HUD) to fund projects benefiting individuals and families who earn low or moderate incomes. The amount of federal funding is determined by a national formula based on income, age of housing and population trends. The Department's General Administration line item covers the administrative costs associated with CDBG-funded programs and projects; this includes salaries and benefits for some of the City's department staff as well as other operational costs such as legal notices, office supplies, postage, and staff training. HUD does not allow general administration costs to exceed 20% of the City's annual CDBG grant.

Indoor Pool:

- **Indoor Pool Memberships** – Resident and Non-Resident annual fees to be a member of the Indoor Pool
- **Swim Lessons** – Fee paid by members and non-members for an eight-lesson session
- **Pool Rentals** – Per hour rental of the Indoor Pool facility
- **Daily Pass** – Per day pass to use the Indoor Pool facility
- **Merchandise** – Cost of goods sold at the Indoor Pool facility
- **Transfer from the General Fund** – Annual contribution for the operations of the Indoor Pool facility

Community Campus:

- **Rental Income** – Rental fee paid by non-profits to use the Community Campus facility
- **Transfer School Department Utilities** – the School Department will be transitioning its RJ Lister Academy operations to the Community Campus; this transfer will cover utilities
- **Transfer from the General Fund** – Annual contribution for the operations of the Community Campus

Debt Service

The following pages analyze debt service for the General Fund, Parking/Transportation Fund, Debt Service Fund, Water Fund, and Sewer Fund.

COMPUTATION OF LEGAL DEBT MARGIN (GENERAL, SCHOOL, AND WATER)

Legal debt margins are established by the State of New Hampshire and are based on an equalized assessed valuation calculated by the State. There are three bonded debt limit margins established by the State: the General Fund, School related debt, and Water Fund debt limit margins. The General Fund debt limit is limited to 3% of equalized assessed valuation with landfills being exempt from the calculation. School related debt is limited to 7% of equalized assessed valuation. While the Water Fund is limited to 10% of equalized assessed valuation, it should be noted that the Sewer Fund has no legal debt margin.

LONG-TERM DEBT SERVICE FORECAST MODEL

The long-term debt service forecast model displays issued long-term debt and projected future long-term debt for the General, Parking/Transportation, Debt Service, Water and Sewer Funds. Also listed are debt-related revenues. These revenues would not exist if certain debt issuance did not exist.

PROJECTED LONG-TERM DEBT SERVICE AS A PERCENTAGE OF THE GENERAL FUND BUDGET

This page estimates future General Fund Budget totals and uses the projected net debt service from the Long-Term Debt Service Forecast Model previously displayed, to calculate the percentage of debt service as a function of the general fund budget. These projections go outward six years, and a graph displays the result.

LONG TERM DEBT OUTSTANDING BALANCES

These pages display the outstanding debt balance of the General, Parking/Transportation, Debt Service, Water and Sewer Funds for the remaining years of outstanding payments. They also show the scheduled payments against these balances for those years.

Personnel Summary

EMPLOYEE PAY PLAN

The City embraces a compensation philosophy that strives for internal consistency among departments and fair and reasonable compensation based on economic conditions and the labor market. The intent is to attract, retain, and motivate qualified personnel to meet organizational requirements and further the goals and objectives of the City Council. A stable and content work force is creative, productive, and efficient.

City Council

Services Overview

The City Council is the governing body of the City of Portsmouth and as such is the policy-making entity of the City, except where otherwise expressed in the City Charter. The City Council consists of nine (9) councilors elected at large for terms of two (2) years.

Did you know?

Did you know that this was the first Council in memory to have all nine Councilors reelected?

City Council Members

Mayor	Deaglan McEachern
Assistant Mayor	JoAnna Kelley
Councilor	John Tabor
Councilor	Kate Cook
Councilor	Josh Denton
Councilor	Rich Blalock
Councilor	Andrew Bagley
Councilor	Beth Moreau
Councilor	Vincent Lombardi

Department Budget Comments

The FY26 proposed budget for the City Council is \$28,378, a decrease of \$377, or -1.31% from the FY25 budget. The primary reason for the budget decrease is a reduction of the City Council Stipend line in alignment with numerous prior year actual values.

City Manager

Mission

To carry out the duties of the City Manager as provided for in the Portsmouth City Charter in a professional and responsive manner.

City Manager

Services Overview

- ✓ Serve as the Chief Executive and Administrative Officer for the City
- ✓ Responsible for the implementation of all policy decisions of the City Council
- ✓ Respond to City Council directives and requests
- ✓ Provide annual capital and operating budgets to the City Council
- ✓ Responsible for the leadership of all General Government departments
- ✓ Manage all City-owned real estate
- ✓ Promote public communications and community engagement on behalf of the City

Position Summary Schedule

<u>Positions Full Time</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
City Manager	1.00	1.00	1.00
Deputy City Manager	0.60	0.60	0.60
Assistant to the City Manager	1.00	1.00	1.00

Communications Director	1.00	1.00	1.00
Totals Full Time	4.60	4.60	4.60

Did you know?

Did you know that Portsmouth operates under a Council-City Manager form of government? The City Council, as the elected governing body, sets policy, while the City Manager, hired by the Council, administers those policies and manages day-to-day operations for over 500 employees? The City Manager's office serves as the central communications hub, ensuring residents have access to vital information and resources. We connect our community to the services and support they need to be informed and to participate in their local government.

Department Budget Comments

The FY26 proposed budget for the City Manager's Department is \$693,262. This represents an increase of \$6,367 or 0.93% from the FY25 budget. The net increase of this budget is due to contractual obligations.

Budget Summary of Expenditures

Programs and Services

Functions of the City Manager - The City Manager is appointed by a two-thirds majority of the City Council to function as the Chief Executive and Administrative Officer of the City and is responsible for the proper administration of all departments of City government in accordance with the City Charter.

Responsibilities include:

- Carrying out policy decisions of the City Council, and overseeing all property owned by the City;
- Informing the Council of the City's needs and ongoing conditions and making such reports as may be required by law, requested by Council, or judged necessary by the Manager;
- Participating in discussions that come before the City Council;
- Supervising all department heads and appointing, disciplining, and removing all municipal employees in the administrative service of the City; and
- Providing to the City Council annually an operating budget, a budget statement, and a long-range capital plan, which outline the immediate and long-range financial plans and projects.

Goals and Objectives

Goal #1: Maintain effective responsiveness to City Councilors

Objectives

✓ Ensure timely responses to all City Council directives and requests for service on behalf of constituents.

Performance Measurement

Percent of City Council Requests/Inquiries Addressed Within 24-48 Hours

FY23	FY24	FY25 (Est)	FY26 (Forecast)
95%	98%	98%	98%

Citywide Goals Addressed

- Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government
- Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Goal #2: Maintain effective responsiveness to the community												
 	Objectives <ul style="list-style-type: none">✓ Ensure timely responses to all resident questions and calls for service.✓ Continue to identify effective and innovative means for soliciting public input and engaging the public in the work of the City, reaching out to all members of the community, and determining how best to ensure as many voices are included and heard as possible.											
	Performance Measurement Percent of Community Concerns Addressed Within 24-48 Hours <table><tr><th>FY23</th><th>FY24</th><th>FY25 (Est)</th><th>FY26 (Forecast)</th></tr><tr><td>95%</td><td>98%</td><td>98%</td><td>98%</td></tr></table>				FY23	FY24	FY25 (Est)	FY26 (Forecast)	95%	98%	98%	98%

Citywide Goals Addressed <ul style="list-style-type: none">• <i>Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government</i>• <i>Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources</i>												

Goal #3: Improve and expand opportunities for increasing public engagement and communication to keep the City Council and members of the public informed

Objectives

- ✓ Continue the publication of the weekly City Newsletter and annual reports including the Popular Annual Financial Report (PAFR)
- ✓ Continue to host the newly established Student Government Day (with the City Clerk and School Department)
- ✓ Continue the efforts to update and inform the public about activities, programs, and services through tools such as Government Channel 22, YouTube Channel, the City's website, and social media outlets
- ✓ Maintain and enhance the ability to both disseminate and collect information from the community as a means to gauge success or ways to improve the delivery of City services (FlashVote and other methods)

Performance Measurement

Total digital engagement (including City social media, newsletters, and YouTube)

FY23	FY24	FY25 (Est)	FY26 (Forecast)
100K	220K	260K	280K

Citywide Goals Addressed

- *Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government*
- *Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources*

Goal #4: Implement and Support Citywide sustainability and climate change mitigation initiatives

Objectives

- ✓ Collaborate with local officials, residents, businesses, and City staff to further incorporate sustainable practices in governmental policies and operations
- ✓ Continue to work with the Sustainability Committee, Conservation Commission, the Planning Board, the City Council, local and regional land trusts, and residents to implement environmental protection and open space initiatives
- ✓ Work with Department Heads to identify specific climate change mitigation opportunities throughout the City
- ✓ Support the implementation of the Climate Action Plan Citywide

Performance Measurement

Frame and Deliver on Ideas that Support Sustainable Initiatives through Development and Implementation

FY23	FY24	FY25 (Est)	FY26 (Forecast)
N/A	1	2	3

Citywide Goal Addressed

- *Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community*

Goal #5: Support Fiscal Stability and Compliance

Objectives

- ✓ Work with the Finance Department to maintain strong fiscal policies to support the City's favorable bond rating

Performance Measure: Status of the City's Bond Rating

Programs and Services

Labor Relations – Provide advice, counsel, and policy direction to managers on labor and employment issues such as meeting and conferring with labor unions, grievance resolution, disciplinary action, employee settlements, and performance management issues for both the City and School.

- Administer and negotiate sixteen collective bargaining agreements
- Administer and support negotiation of seven individual employee contracts
- Represent the City on grievances, arbitrations and mediations

Risk Management – Identify and minimize workplace risks and manage claims.

- Administer workers' compensation for the City and School
- Conduct annual safety inspections
- Serve on the Joint Loss Management Committee and organize said meetings
- Represent the City in unemployment hearings
- Manage property and liability claims (City only)

Training and Development – Determine training needs within the organization; design, conduct, coordinate, and implement training and education programs for employee development. New hires complete the following trainings within ninety (90) days of hire:

- Preventing Workplace Harassment for Employees
- Handling Conflict – Employee Guide
- Ethics & Code of Conduct
- Slip, Trip, and Fall Prevention
- Back Injury Prevention
- Bloodborne Pathogens (DPW Only)
- Ladder Safety (DPW Only)
- Personal Protective Equipment (DPW Only)

Managers or supervisors complete a more extensive mandatory training within ninety (90) days of hire, which includes:

- Ethics & Code of Conduct
- Workplace Harassment
- Managing Conflict – A Collaborative Approach
- Preventing Employment Discrimination for Managers and Supervisors
- Creating a Bully Free Workplace – Manager Edition
- Avoiding Wrongful Termination
- Accident Investigation: Preventing Injuries and Improving Safety in the Workplace
- Employee Privacy: Balancing a Manager's Right to Know
- Preventing Workplace Violence – Managers Edition

Legal Compliance – Ensure compliance with applicable state and federal laws; prepares policies and procedures and/or updates to reflect changes in the law, as needed.

- Serve as the City's ADA Compliance Officer
- Serve as the City's Sexual Harassment/ Discrimination Officer

Communication – Regularly inform and communicate with employees and stakeholders. Effective communication increases productivity, benefiting both employees and the municipality. Proper communication techniques can boost employee morale, fostering a positive work atmosphere.

- Service Catalog
- Quarterly Newsletters
- Monthly Wellness Tips
- 60-Day Engagement Interviews
- Exit Interviews (City and School)
- Anniversary and retirement receptions

Recruitment and Selection – Conduct pre-employment or promotional activities to fill all classified positions (excluding Police and School).

- Advertise positions
- Pre-screen candidates and conduct interviews
- Conduct background and reference checks
- Attend job fairs, promoting the City and School

Classification and Compensation – Develop, monitor, and update salary and wage information to maintain an equitable and competitive pay system. Recommend changes in classification and/or pay and departmental reorganization through job studies, and analysis of job content questionnaires, comparative wage, and salary surveys.

- Administer step system
- Develop and update salary schedules
- Conduct position evaluations
- Participate in salary surveys
- Develop job descriptions
- Establish classifications for new positions
- Coordinate salary and position information across departments for budgeting and negotiations

Benefits Administration – Implement and administer employee benefit programs, from development and enrollment to communication and problem-solving (all City).

- Administer insurance programs, including health, dental, life, and long-term disability
- Track and report employee leave and leave banks
- Administer flexible spending accounts
- Educate employees on wellness programs
- Manage Affordable Care Act compliance
- File life and disability claims
- Engage in ADA process
- Conduct presentations for employees nearing retirement to educate them on the process
- Coordinate with NHRS and accounting for the auditing of retiree records
- Provide forecasts for benefits during each budget cycle

Goals and Objectives

Goal #1: Complete Negotiations for five (5) expiring collective bargaining agreements and four (4) individual agreements.

Objectives

- ✓ Address and resolve outstanding issues related to wages, benefits, and working conditions
- ✓ Align the agreement with the organization's goals and financial capabilities
- ✓ Comply with all applicable laws and regulations
- ✓ Foster a cooperative and collaborative environment between management and labor

Citywide Goals Addressed

- Maintain Financial Stability
- Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment

Goal #2: Update job descriptions to ensure clarity, efficiency, and alignment with the organization's goals.

Objectives

- ✓ Ensure that job descriptions include clear pathways for skill development, advancement, and career growth
- ✓ Amend descriptions to accommodate any changes in the nature of work due to technological advancements, new processes, or evolving business needs
- ✓ Clarify the key responsibilities, expectations, and scope of each role, reducing ambiguity and ensuring that employees understand their duties and how their work impacts the larger team or organization

City Clerk & Elections

Mission

To support the City's legislative bodies by recording and maintaining the official records and legislative history of the City; to consistently and efficiently serve our customers by recording and preserving the Vital Records of this community for the historical continuity that may be passed on for the future; to provide the highest quality service and responsiveness to the public, the City Council and City staff; and to ethically and impartially preserve and maintain the legislative record, provide public information, and administer and preserve the integrity of municipal, State, and national elections.

City Clerk & Elections

Services Overview

- ✓ Oversight and creation of vital records
- ✓ Issue wide variety of permits and licenses
- ✓ Provide support services to the City Council
- ✓ Update the local Boards and Commissions list
- ✓ File and preserve all City Documents
- ✓ Administer and conduct elections

Did you know?

Did you know the Office of the City Clerk has a preserved "Naturalization Ledger – Years 1840 - 1920?" This ledger may be reviewed by [making an appointment](#) with the Office of the City Clerk during its regular business hours.

Position Summary Schedule

The proposed FY26 budget for Elections is \$125,309, a net increase of \$2,772, or 2.26% from FY25. There will be one election in FY26, the Municipal Election. The budget increase is due primarily to the purchase of new voting equipment, programming, service agreements for voting equipment and the Poll Pads, and the addition of printing services of ballots for the Municipal Election. Additional staffing will continue to be used for enhanced efficiencies at the polls and the handling of increased voter participation, processing absentee ballots and the completion of reporting forms.

Programs and Services

Vital Records and City Documents – Ensure the accurate and efficient production, issuance, certification, preservation and retention of vital records and various documents.

- Birth Certificates
- Marriage Licenses
- Marriage Certificates
- Death Certificates
- Divorce Certificates

File and preserve as required all contracts, bonds, agreements, resolutions, ordinances, policies and other City records.

Licensing – Issue a wide variety of permits and licenses as required by state and local regulations. Some examples include:

- Sidewalk Obstructions
- Event Permits
- Hawker & Peddlers (Vendor's Permits)
- Dog Licenses
- Raffle & Tag Day Permits
- Amusement Devices

City Council

- Maintain City Council Calendar of Meetings
- Create Webinar/Links for meetings
- Publish and post legal notices
- Prepare agendas, action sheets, and digital Council packets
- Upload of various Council documents
- Attend and record all actions and minutes for City Council meetings and Work Sessions

Boards/Commissions/Committees

- Create of appointment and reappointment notifications
- Administer the "Oath of Office" for appointees
- Update and maintain Boards/Commissions/Committees List
- Retrieve notification of resignations and inform the Mayor
- Report and publish vacancies for Boards/Commissions/Committees
- Organize for the Municipal Calendar and Room Reservations
- Ensure that all Boards/Commissions/Committees are in compliance with posting agendas and meeting notices to the website and City Hall lobby.

Elections

Administer and conduct elections in accordance with State, federal and local laws.

- Conduct Election Trainings for all election officials
- Portsmouth continues its leadership in innovation by using the first and only electronic poll book to receive certification from the U.S. Election Assistance Commission (EAC)
- Register voters, assist voters in updating voter registration forms with party affiliation changes, address changes, and name changes
- Record, verify and balance history for all voters that cast ballots in each election
- Preserve voter checklists as required under state statute and permanently safeguard election results for their historical significance

Goals, Objectives, and Performance Measurements

Goal #1: Deployment of new Election Equipment

Objectives

- ✓ Administer successful, transparent and secure elections
- ✓ Expand and implement new technologies for the electoral process
- ✓ Launch a distinctive, efficient, flexible and sustainable voting software solution

Performance Measurements

- ✓ Establish introductory training sessions for new election equipment
- ✓ Enhance of gathering election statistical data and trends
- ✓ Implement Election Results Reporting Software

Citywide Goal Addressed

- Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

	Goal #2: Continued consistent and innovative implementation of community and civic engagement
	Objectives <ul style="list-style-type: none"> ✓ Implement a “Top Dog” campaign to promote and encourage early dog licensing ✓ Maintain statutory requirements and preventive measures pertaining to rabies vaccinations ✓ Random selection and recognition of the top three dogs to be highlighted in the community
	Performance Measurements <ul style="list-style-type: none"> ✓ Team up with local businesses in providing goods and/or services for the “Top Dog” Winners ✓ Create the initiative through the “Top Dog” webpage, City newsletter, and Press Release, and advertisements with renewal information ✓ Enhance in achieving residents’ eagerness in registering their dog with the creation of this program by increasing the number of registrations
	Citywide Goal Addressed <ul style="list-style-type: none"> • Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Goal #3: Continuously Enhance Governmental Materials

Objectives

- ✓ *Maintain Collection of Adopted Resolutions and Ordinance by the City Council*
- ✓ *Maintain Boards, Commissions, and Committees electronic application process*
- ✓ *Reorganize Boards, Commissions, and Committees Directory functionality and expand our community's understanding of the processes and regulations*

NOTE: THERE WILL BE ONE ELECTION IN FY26, MUNICIPAL ELECTION ON NOVEMBER 4, 2025.

Legal Department

Mission

It is our mission to constantly improve on the quality, efficiency, and cost effectiveness of the legal services provided to the municipality. We recognize that the municipality operates in an increasingly complex legal milieu, and that it is the primary objective of the City's Legal Department to assist municipal employees and officials in responding to the responsibilities and obligations created by that environment.

Legal

Services Overview

- ✓ Advise and represent all City Departments and officials in all matters of a legal nature
- ✓ Interpret all local, State, and federal laws, statutes, regulations, and ordinances
- ✓ Prepare, review and approve legal documents to which the City is a party
- ✓ Support meetings of public bodies, including City Council, subcommittees and commissions, and land use Boards
- ✓ Prepare ordinances
- ✓ Collect debts due to the City
- ✓ Conduct Circuit Court prosecutions
- ✓ Prepare deeds and easements
- ✓ Provide zoning enforcement services

Did you know?

Did you know that the Legal Department staff attend over 200 Council, Board, and Commission meetings annually?

Department Budget Comments

The FY26 proposed budget for the Legal Department totals \$1,127,444, an increase of \$32,245 or 2.94% over FY25 due primarily to staffing changes made in FY25, as well as the addition of funding for Outside Counsel and Records Storage.

In FY25, the Department's Paralegal hours were increased, from 30 hours per week to full-time. The Paralegal assists in processing Right to Know requests, supports litigation matters, including the Board of Tax and Land Appeals, and generates the Department's payroll. The Administrative Assistant was recently upgraded from 25 hours per week to 30 hours per week, handling public inquiries and visitors, and providing support for the Coakley Landfill Group, the Governance Committee, the Cemetery Committee, and the African Burying Ground Committee by preparing meeting notices, agendas, and minutes. This position also supports the processing of bankruptcy claims, liquor review requests, and community event requests.

The Department's Executive Assistant has added two critical functions to her responsibilities, taking over the application and reporting for the VAWA and VOCA Grants that fund the Legal Department's Victim/Witness Advocate. She has also taken on the role of program administrator, overseeing the implementation of the Department's new digital case management system, High Q, which will assist with the Department's ability to meet the increasing demands for its services more efficiently and to maintain its work product and records electronically.

The remaining increases in the budget are due to contractual obligations for step increases for existing staff. Increases have been partially offset by savings in other areas such as the unfunding of the Of Counsel position and a further delay in hiring a Prosecutor/Staff Attorney.

Programs and Services

Legal Advice and Representation - The City Legal staff is comprised of the City Attorney, Deputy City Attorney, Senior Assistant City Attorney, and Staff Attorney, along with part-time assistance from the Department's Regulatory Counsel. These attorneys provide a wide range of legal advice and representation to the City Council, all its Committees, the City Manager, all City departments (including Charter departments), officers, employees, and members of all City boards and commissions concerning issues related to their official powers and duties. These duties include the following:

- Represent the City in litigation as needed
- Interpret laws, statutes, regulations, and ordinances
- Monitor proposed legislation and advise the Legislative Subcommittee
- Prepare, review, and approve contracts, agreements, bid documents, leases, bonds, easements, covenants, and other legal documents to which the City is a party
- Advise on the legality of proposed ordinances and assist with the drafting of new ordinances
- Assist in the collection of debts due to the City
- Provide legal compliance services, including Zoning and Code Enforcement Actions
- Coordinate and respond to public record requests
- Support all City departments as requested or required in the implementation of their legal obligations
- Attend meetings of elected and appointed public bodies
- Maintain an open-door policy with respect to City Officials and citizens alike

Criminal Prosecution - The Prosecution Unit consists of one part-time contract attorney and one full-time attorney who represent the Portsmouth Police Department in Circuit Court, prosecuting misdemeanors, violations, and city ordinance cases. Effective January 1, 2024, the Unit's attorneys also handle felony arrests at arraignment, bail hearings, and probable cause hearings. In addition, these attorneys represent the Police Department at Administrative License Suspension (ALS) Hearings held at the DMV in Driving While Intoxicated cases. These duties include the following:

- Attend all hearings throughout the criminal prosecution
- Interpret laws, statutes, case law, regulations and ordinances, and provide legal advice to the Department
- Review police reports and criminal complaints, ensuring cases are charged properly and supported by sufficient evidence
- Prepare and respond to legal pleadings, draft plea offers, and other correspondence
- Communicate with defense attorneys and *pro se* defendants to negotiate resolutions of cases after obtaining input from officers and victims
- Draft and disseminate subpoenas, prepare discovery, and fulfill Constitutional discovery obligations

The Prosecution Unit also employs a full time Victim/Witness Advocate who supports victims and witnesses and ensures the Unit's compliance with the Victim Bill of Rights, RSA 21-M:8-k. The Advocate's duties include: updating victims of case status, explaining the legal process and reviewing the terms of proposed plea offers with victims and obtaining their input; providing resources and other community services that victims and witnesses may require; providing referrals to other agencies including the State's Victim Compensation Program; and assisting in preparing victims for trial and attending court with victims.

Goals and Objectives

Goal #1: Provide the greatest possible scope of legal services of both an advisory and a representative nature to all departments, officials and employees of the City, including the charter departments (Police, School and Fire), with Courtesy, Professionalism, and Efficiency

Objectives

✓ Provide each department with any legal services, in the most efficient, timely, and cost-effective manner possible

✓ Conduct satisfactory settlement of litigation pending against the City

✓ Increase Legal Department expertise in all areas of law

✓ Avoid the filing of new litigation against the City by providing timely and competent legal advice before issues become lawsuits

✓ Initiate code enforcement activities when necessary

Performance Measurements

Average Score on annual survey of City Department Heads
(on a scale from 1 to 5, with 5 being the highest level of satisfaction)

	FY23	FY24	FY25 (Est)	FY26 (Projection)
Knowledge of Legal Staff	5.0	4.7	4.9	5.0
Availability of Legal Staff	4.2	4.2	4.8	5.0
Response time commensurate with priority of issue	4.5	4.25	4.7	5.0
Adherence to ethical standards	5.0	5.0	5.0	5.0
Overall Satisfaction	4.7	4.85	5.0	5.0

- Continue the implementation of a case management system to provide more consistent and efficient services to all departments
- Manage Tax Abatement Appeals with Assessing Office
- Provide training to Departments on public records requests
- Provide training to Boards and Committees on Right to Know law
- Draft ordinances for the Governance Committee
- Draft and review Zoning ordinances for and with the Planning Department
- Monitor ongoing litigation against the City handled by Primex
- Support Parking Traffic and Safety Committee
- Support Special Events Coordination, draft encumbrance licenses, review applications for encumbrance permits for Certificates of Insurance
- Support Liquor Review Committee

Citywide Goals Addressed

- Maintain Financial Stability
- Enhance the Supply of Housing Choices, especially the supply of below market rate housing
- Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment
- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency
- Protect the Community through Fire Protection and Crime Prevention for its Residents and Businesses

Goal #2: Ensure compliance with the obligations of RSA 91-A, the Right-To-Know law

Objectives

- ✓ Provide public access to governmental records
- ✓ Continuously work on improving communication and responsiveness to the public
- ✓ Provide advice to all departments regarding their obligations under the Right to Know law

Performance Measurements

Provide an initial response within five days for 100% of Right-To-Know requests and seek to follow-up within 30-90 days, depending on the nature of the request.

	FY23	FY24	FY25 (Est.)	FY26 (Projection)
RTK Requests responded to	108	130	188	200

- Process requests for public records
- Provide training to staff regarding public records requests
- Provide training to Boards and Committees regarding the Right to Know law
- Maintain an open door policy to enhance collaboration, consistency, effective communication, responsiveness and trust

Citywide Goals Addressed

- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency
- Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment

  	Goal #3: Provide the highest quality of legal services to all Departments, officials, and employees of the City, including the Charter Departments (Police, School, and Fire), with Courtesy, Professionalism, and Efficiency.
	Objectives <ul style="list-style-type: none"> ✓ Maintain an open door policy to enhance collaboration, consistency, effective communication, responsiveness and trust ✓ Adherence to ethical standards ✓ Efficiently utilize legal expertise to provide high quality work and legal advice
	Performance Measurements <ul style="list-style-type: none"> • Attend all Council meetings; promptly return all phone calls and communications and attend Board and Committee meetings as needed • Meet with the City Manager and her staff, as well as staff from all other Departments, as needed • Maintain a Case Management system, High Q, that permits better collaboration with City Departments and more efficient management of resources

	<p><i>Citywide Goals Addressed</i></p> <ul style="list-style-type: none"> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i> • <i>Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment</i> • <i>Maintain Financial Stability</i>
--	---

 	<p>Goal #4: Work with Portsmouth's Legislative Delegation to monitor legislative activity in the New Hampshire General Court</p>
	<p>Objectives</p> <ul style="list-style-type: none"> ✓ <i>Work with the City Council and the Legislative Subcommittee to monitor developments of key legislative initiatives in the State Legislature and to communicate the impacts of the legislation on Portsmouth</i> ✓ <i>Work with the Coalition Communities and continue to update the City Council on developments related to education funding in the State</i>
	<p>Performance Measurements</p> <ul style="list-style-type: none"> • <i>Annually review approximately 1,000 proposed bills and track approximately 70 of those on legislative issues of interest to the City</i> • <i>Prepare testimony for the Legislative Subcommittee</i> • <i>Attend monthly meetings of the Public Policy Committee of the Chamber Collaborative</i> • <i>Attend monthly meetings of the Education Coalition Community 2.0 and report on status to the City Council</i> • <i>Attend the New Hampshire Municipal Association bi-annual policy conference</i> • <i>Attend the annual NHMA meeting with the Mayor</i> • <i>Report on legislative issues to the Economic Development Commission</i>
	<p>Citywide Goals Addressed</p> <ul style="list-style-type: none"> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i> • <i>Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment</i>

Goal #5: Provide the highest level of public safety and victim services.

Objectives

- ✓ Represent the Portsmouth Police Department in criminal prosecutions in Circuit Court
- ✓ Provide support for victims of crime
- ✓ Ensure compliance with the victim’s Bill of Rights
- ✓ Seek alternative sentencing dispositions that compliment the Department’s Community Policing Policies
- ✓ Provide in-house and regional trainings to law enforcement

Performance Measurements

	FY24	FY25 (Est.)	FY26 (Projection)
Arrests	968	985	1000
VAWA Victims	180	190	200

	VOCA Victims	176	180	195
	Dispositions	427	450	500
	Average Case Load	189	230	300
	<ul style="list-style-type: none"> • <i>Meet all of the objectives listed above</i> • <i>Develop and present training programs</i> • <i>Plan a training for DWI testimony</i> • <i>Reduce pending case loads with continued early case review and resolution</i> • <i>Maintain case management system (PbK) to advance effective prosecutions and documentation of case work</i> • <i>Meet requirements for award of both VOCA and VAWA Grant funding</i> 			
	<p><i>Citywide Goals Addressed</i></p> <ul style="list-style-type: none"> • <i>Protect the Community through Fire Protection and Crime Prevention for its Residents and Businesses</i> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i> • <i>Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment</i> 			

Goal #6: Provide quality legal review of all documents legally binding the City of Portsmouth.

Objectives

- ✓ Ensure effective legal protection for the City through review of contracts, easements, site plans, and other legal documents
- ✓ Avoid unnecessary litigation
- ✓ Save the City money using in-house attorneys

Performance Measurements

	FY23	FY24	FY25 (Est)	FY26 (Projection)
Contracts reviewed or drafted	97	125	130	140
Bids/RFPs/RFQs reviewed or drafted	49	54	60	70

- Respond to City Council and other requests in as timely a manner as possible
- Review proposed Ordinances for legal compliance
- Provide counsel to the Governance Committee and efforts to update the City Ordinances
- Support Special Events Coordination, draft encumbrance licenses, and review applications for encumbrance permits for Certificates of Insurance

Citywide Goals Addressed

- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency
- Meet or exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment

Information Technology Department

Mission

The Information Technology Department (IT) is focused on advancing technology across all departments to improve service to citizens and maximize the productivity and effectiveness of City departments. IT continuously improves the security posture of all systems. IT supports City operations by providing access to reliable, safe and secure network/communications environment and systems. IT provides users with support and training in the use of information technology to maximize the benefits of IT investments.

Information Technology

Services Overview

- ✓ Information Technology
- ✓ Government Access Television Channel

Department Budget Comments

The FY26 proposed budget for the Information Technology (IT) Department is \$1,686,476. This is a decrease of \$5,398, or 0.3% less than FY25.

The IT team is now well-positioned to manage daily operations, implement long-term strategies, and deliver support across all municipal departments. With the rise in cyber incidents, we continue to proactively implement new security measures and collaborate across departments to mitigate risks with the proposed Cybersecurity Analyst.

The ongoing migration of internally hosted services to the cloud has reduced reliance on, and the necessary maintenance of, physical hardware. Cloud solutions introduce variable subscription-based costs while reducing capital expenditure on hardware. Cloud-based solutions offer increased scalability, enhanced security, and improved efficiency, making IT operations more flexible while bolstering overall system reliability and uptime.

Outside IT support remains a critical component of our hybrid strategy. The Department leverages Tier 3 outside technical contractors specializing in virtualization, cybersecurity, and cloud architecture to provide advanced support and strategic guidance. These experts provide invaluable assistance resolving complex technical challenges, guiding the Department through major IT initiatives such as network infrastructure upgrades and cloud migrations while training the in-house team to provide ongoing routine support. This targeted use of external expertise ensures our team remains at the forefront of technological advancements and allows us to address specialized needs without the ongoing expense of full-time specialists.

The IT Department is committed to meeting citizens' and employees' digital demands, strengthening cybersecurity, and ensuring compliance with evolving regulations. Our focus will remain on creating a scalable, resilient, and secure IT environment that can adapt to the needs of City Departments while maintaining high availability and performance.

Programs and Services

Information Technology – Serve all City Departments by offering consulting, technical support, maintenance services, and application training.

- Network Infrastructure: Proactively monitor, maintain, and improve the City's network infrastructure to minimize institutional risk, optimize performance, and ensure business continuity.
- Cybersecurity: Implement robust security measures to protect the City's network and data from cyberattacks and unauthorized access.
- Application Support: Provide comprehensive support for all City software applications, including troubleshooting, maintenance, and user training.
- Data Management: Utilize local and cloud-based data backups, ensuring completeness and ability for restoration.
- Disaster Recovery: Maintain a fully functional disaster recovery location for mission-critical applications, guaranteeing business continuity in case of primary site outage.
- Application Management & Consulting: Collaborate with Departments to identify opportunities for process improvement through new applications and technologies.
- Telecommunications: Administer and support the City's telephone needs, ensuring reliable communication for all Departments.
- Mobile Device Management: Deploy, support, and manage mobile devices for City staff, ensuring secure access to City resources and policy compliance.

Public Communication and On-Line Services – Facilitate and administer e-government services to the residents of Portsmouth via local cable broadcasts. IT plays a critical role in advancing channels of communication among the City Council, City staff and the citizens of Portsmouth.

- Website & Web Services: Partner with the Director of Communications and Community Engagement in development, maintenance, and enhancement of the City's website, ensuring accessibility, user-friendliness, and up-to-date information. Manage and support other web services across departments.
- Online Payments: Support secure online payment platforms for various City services, providing convenient options for residents.
- Webcasts and Government Access Television (Channel 22): Support, maintain, and publish webcasts and broadcasts of City meetings and functions on Channel 22, ensuring transparency and public access.

Goals and Objectives

Goal #1: Improve network performance and reliability

Objectives

- ✓ Strengthen network monitoring capabilities to proactively detect and resolve technical issues before they impact users
- ✓ Improve network resiliency by incorporating redundancy for continuity of operations
- ✓ Ensure internet bandwidth scales with demand as more critical applications transition to cloud-based environments
- ✓ Maintain a modern, up-to-date network infrastructure by ensuring all network components align with current technology standards

Performance Measurement

Network Unplanned Downtime

FY24	FY25	FY26
Establish baseline	Document improvement in network performance and reliability	Goal of 99.99% Network Uptime
	FY25 Average Network Uptime: 99.76%	

Demonstrate continuous improvement each year with a long-term goal of achieving 99.99% uptime.

Citywide Goals Addressed

- Maintain and improve infrastructure to meet the needs of the community
- Meet or exceed State and federal legal/regulatory requirements including those for a safe and healthy community and environment

Goal #2: Increase use of technology by City Council, Boards, Commissions, and Committees

Objectives

- ✓ Improve efficiencies in distribution of meeting material
- ✓ Advance sustainable practices through paper reduction
- ✓ Increase transparency and public participation through technology

Performance Measurements

- Feedback from City Council, Boards, Commissions, and Committees
- Feedback from the Portsmouth community

Citywide Goal Addressed

- Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community

Goal #3: Continuous training of all IT staff

Objectives

- ✓ IT staff will be knowledgeable and skilled in new technologies as they emerge
- ✓ Strengthen in house technical skills to control reliance on outside consultants
- ✓ Implement a succession planning strategy to cultivate future IT leaders and ensure business continuity
- ✓ Ensure staff retention by promoting professional development, career advancement opportunities, and a positive work environment

Performance Measurement

Technical knowledge advancement and 100% participation in technical training

FY24	FY25	FY26
100% of IT staff attended at least 1 technical training session.	100% of IT staff attended at least 1 technical training session.	Strive for 100% compliance w/in budget limitations

Citywide Goals Addressed

- Maintain and improve infrastructure to meet the needs of the community
- Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Goal #4: Improve response time of support requests

Objectives

- ✓ Ensure tickets are resolved in a timely manner
- ✓ Improve communications between support technicians and users
- ✓ Deploy tools necessary to support the speedy resolution of issues
- ✓ Build robust knowledge base of end user self-service documentation
- ✓ Collect data including volume, type and time to resolution of tickets
- ✓ Formulate baseline metrics for performance measurement

Performance Measurement

Demonstrate continual improvement in our ability to resolve tickets in a timely manner with high user satisfaction

FY25	FY26
2221 Tickets Received Average Resolution Time: 23h 51m Ticket Resolution Service Level Agreement Compliance: 91.72%	Goal of 18 Hour Average Resolution Time and 95% Ticket Resolution Service Level Agreement Compliance

Citywide Goals Addressed

- Maintain and improve infrastructure to meet the needs of the community
- Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

	Goal #5: Leverage technology to improve citizen's experience working with all City Departments and enabling open lines of communication between the City and citizens

Economic & Community Development Department

Mission

To ensure continued economic prosperity and preservation of the qualities that attract and retain businesses in the community. With the support of this Department, the City's Economic Development Commission, Arts & Cultural Commission and Public Art Review Committee all serve in an advisory capacity to make recommendations to the City Council, on a wide variety of issues including business and workforce development, recruitment and retention along with support for the healthy and vibrant cultural, creative, and diverse offerings of the City and the region and to administer the Community Development Block Grant (CDBG) Program.

Economic & Community Development

Services Overview

- ✓ Support Economic Development Commission, Arts & Cultural Commission and Public Art Review Committee
- ✓ Oversee the Community Development Special Revenue Fund which includes management & administration of the federal Community Development Block Grant (CDBG) program
- ✓ Support business retention, attraction, assistance, and referrals through community outreach and promotion with local and regional partners
- ✓ Identify public/private partnerships for economic, community, and cultural development

Did you know?

- Did you know that Portsmouth has over 35,000 restaurant seats and only 23,000 residents?
- Did you know that there are small coastal cruise ships which have been built in America and provide history-themed cruises which stop in Portsmouth? We hosted 400 coastal cruise passengers in 2024 who came to admire our long and well-preserved port city.

Program Funding Description

In FY23, Economic Development incorporated the Community Development Block Grant (CDBG) program and staff, which was previously managed within the Planning & Sustainability Department. The budget for CDBG is in the Special Revenue Fund section of this budget document.

Economic & Community Development program objectives include:

- Stimulating diverse economic development through business attraction and retention and public/private partnerships
- Facilitating workforce training and the creation of high-quality jobs
- Maintaining a vibrant, equitable community with a superior quality of life
- Supporting a cultural hub for the creative economy
- Increasing commercial property tax revenues through sustainable development

Programs and Services

Support to Economic Development Commission - Services include staff support to City Economic Development Commission (EDC) and oversight of economic development activities in accordance with the EDC mission.

Business Assistance and Referral - Services include working with individuals and businesses wishing to expand or relocate within the community, as well as working with businesses needing access to business finance, workforce development assistance, and business start-up and other resources.

Public/Private Partnerships for Economic Development - Services include facilitation and oversight of partnerships with the business community, such as the partnership with Chamber Collaborative of Greater Portsmouth for tourism and business development, with UNH for the Business Retention and Attraction Project and advocacy of local arts and culture organizations and creative economy businesses.

Community Outreach, Liaison, and Promotion - Services include City representation at business events and on local economic development boards, such as the Chamber Collaborative of Greater Portsmouth Board, COAST Board, Regional Economic Development Center, Seacoast Economic Development Stakeholders Group, Great Bay Community College, and at local business association meetings.

Business and Economic Development Information - Services include collection of real estate and economic data, preparation of annual economic development summary reports and dissemination and presentations of this information.

Creative and Cultural Economy - Services include liaison to the NH Council on the Arts, the City's Arts & Cultural Commission, Public Art Review Committee, local and regional cultural organizations and creative economy businesses including but not limited to museums, theatres, historic homes, marketing professionals, filmmakers, along with participation in the Americans for the Arts Economic Prosperity Study once every six years.

Special Projects - Support Citywide efforts impacting the business community, including but not limited to increasing the housing supply, promoting increased visitor and tourism attractions during shoulder seasons, executing a regional workforce attraction and retention education efforts on behalf of local employers, and encouraging civic infrastructure projects through communication of value to existing and potential business community members.

Goals and Objectives

Goal #1: Promote and maintain high-quality, sustainable development and a balanced local economy

Objectives

- ✓ Promote redevelopment of existing retail and commercial areas into vibrant mixed-use centers supporting retail, research, office and commercial development through zoning and infrastructure planning
- ✓ Participate in efforts to increase options for more workforce housing in the City

Performance Measurements

Number of Seacoast Economic Development Stakeholder Meetings Attended

FY25 (Est)	FY26 (Forecast)
12	15

Workforce Housing Meetings/Seminars Attended

FY25 (Est)	FY26 (Forecast)
3	4

Citywide Goals Addressed

- Enhance the supply of housing choices, especially the supply of below-market rate housing options
- Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources

Goal #2: Provide assistance and services related to business expansion, retention and relocation

Objectives

- ✓ Assist businesses through referrals to business assistance organizations such as the Small Business Development Center, SCORE, NH Works, the Manufacturing Extension Partnership
- ✓ Create programming in response to feedback from local businesses and continue EDC business visitations/off-site meetings for outreach, appreciation, and knowledge of local business and workforce needs
- ✓ Maintain partnership with UNH Small Business Development Center, UNH Cooperative Extension, and Great Bay Community College to support small businesses and new start-ups
- ✓ Collaborate with NH Office of Business and Economic Affairs on outreach and business attraction and retention

Performance Measurements

Number of Responses for Business Relocation/Start-up/Retention Inquiries

Programs and Services

City Hall – These expenditures are incurred by departments located within City Hall: City Council, City Manager, Legal, Planning & Sustainability, Inspection, Health, Economic & Community Development, Finance, Welfare, and City Clerk. The line items associated with City Hall are:

- Telephone
- Printing
- Copying Supplies (paper)
- Postage

Citywide – These expenditures are incurred by the City but are not attributed to a specific department. The line items associated with Citywide are:

- Stipends – Trustees of Trust Funds
- Office Supplies – including IRS forms such as W2s and 1099s
- Part-time Wages for Meeting Minute Takers
- Interns
- Social Security and Medicare for stipends and wages
- Government Access Channel 22
- Professional Services for Public Outreach
- Electricity – City Street Lights
- Dues for the NH Municipal Association
- Supplies – City Street Lights
- Christmas Parade
- Shipyard Association – Annual Support
- Electricity – School Athletic Fields Lighting

General Government – General Government expenditures are those associated with all departments excluding Police, Fire, and School. The line items associated with General Government are:

- Leave at Termination
- Printing
 - Annual Budget
 - Annual Comprehensive Financial Report (ACFR)
 - Popular Annual Financial Report (PAFR)

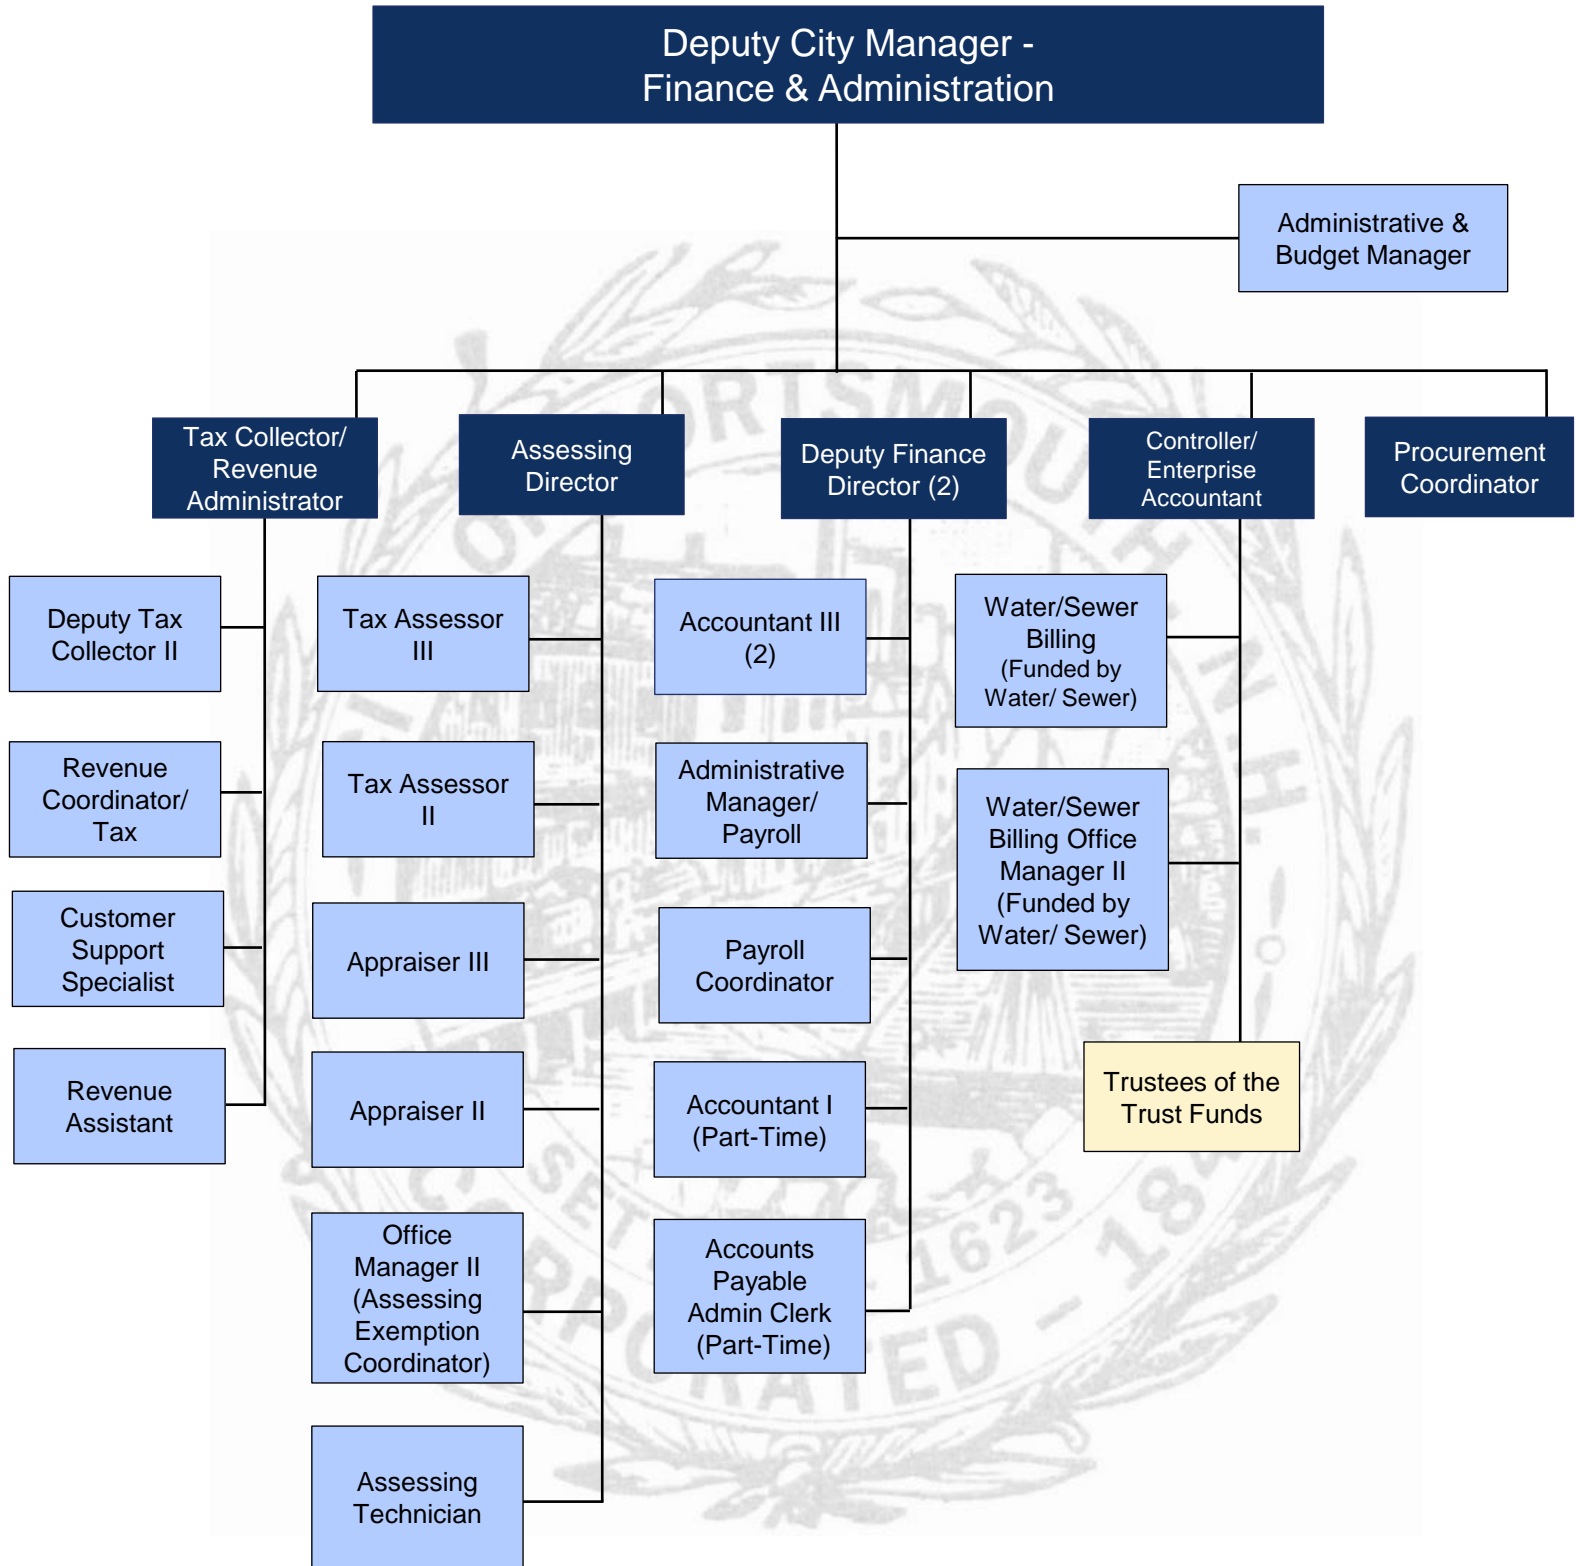

Collective Bargaining – The City of Portsmouth has a total of sixteen (16) collective bargaining units. Eight (8) bargaining unit contracts will expire on June 30, 2025. This appropriation is for the anticipation of these contracts settling during FY26. *[See Highlight Section of this document for information.]*

Transfers to Other Funds

- Indoor Pool - On July 1, 2022, the maintenance and operations of the City's Indoor Pool returned to the City after a long-time agreement with Save the Indoor Portsmouth Pool (SIPP). This line item represents a transfer (contribution) from the General Fund to the Indoor Pool Special Revenue Fund. *[See Indoor Pool Special Revenue Fund in this budget document for more detail.]*
- Prescott Park - On February 6, 2017, the City Council adopted the Prescott Park Master Plan recommended by the Blue Ribbon Committee on Prescott Park. As a result, a special revenue fund was established in FY18 to account for all the revenues and expenses for the operations of the park. This line item represents a transfer (contribution) from the General Fund to the Prescott Park Special Revenue Fund. *[See Prescott Park Special Revenue Fund in this budget document for more detail.]*
- Community Campus - The City purchased the Community Campus in March 2022. A special revenue fund was immediately established to account for the revenues and expenses of the operations of the facility. This line item represents a transfer (contribution) from the General Fund to the Community Campus Special Revenue Fund. *[See Community Campus Special Revenue Fund in this budget document for more detail.]*

Finance Department

Mission

To serve City residents, officials, and departments by upholding the highest standards of accountability and professionalism; to ensure responsible financial stewardship through accurate and timely reporting, prudent cash management, strategic use of information technology, and clear, effective communication of financial information; and to support informed decision-making and public trust by delivering reliable financial services across all departmental functions.

Finance

Services Overview

- ✓ Finance / Treasury / Accounting
 - Procurement
 - Water/Sewer Billing
 - Payroll
- ✓ Assessing
- ✓ Tax and Revenue Collection

Did you know?

Did you know that the City of Portsmouth is the only recipient of the Government Finance Officers Association (GFOA) Triple Crown award in the state of New Hampshire and one of only two recipients in all of New England?

GFOA's Triple Crown recognizes governments that have received GFOA's 1) Certificate of Achievement for Excellence in Financial Reporting, 2) Popular Annual Financial Reporting Award, and 3) the Distinguished Budget Presentation Award. These awards are like the Good Housekeeping Seal of Approval for government financial reporting.

Department Budget Comments

The FY26 Proposed Budget for the Finance Department is \$2,911,927, representing a decrease of \$45,657 or -1.54% from FY25. The Department is comprised of three divisions: Finance (which includes Treasury and Accounting); Assessing; and Tax and Revenue Collection.

The decrease of \$45,657 is primarily due to the shift of a Water/Sewer Billing Office Manager position from the Accounting division of the Finance Department to the Water and Sewer Funds which more appropriately matches the billing work done by that position. This notable reduction was an offset to proscribed increases in salaries and benefits and minor increases for certain contractual obligations and professional services. The FY26 budget continues to reflect a full year funding for the second Deputy Finance Director position. As the Department launches the planning and implementation of a new ERP accounting software solution for the City, this role is expected to be vital to the team getting it right with the new system while also continuing to accurately manage and report on the finances of the City. Also, the Assessing Division advanced the Administrative Assistant position to that of Assessing Technician to recognize the additional duties and responsibilities assigned to that employee.

Finance (Treasury and Accounting) -

Maintain financial accountability and compliance with State and federal law and employ Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) statements as integral elements of the delivery of services to all City Departments.

- Maintain fiduciary responsibility for the City's financial resources including collecting, reporting, and investing revenues for all funds
- Perform financial planning and budgeting including project tracking and long-term financial planning and analysis
- Prepare the City's annual budget document working with the City Manager and Department Heads to ensure timely submission to the City Council

Programs and Services

- Prepare the City's 6-Year Capital Improvement Plan (CIP) in conjunction with City's Planning & Sustainability Department
- Prepare the Annual Comprehensive Financial Report (ACFR) in conjunction with the annual audit
- Prepare the City's Popular Annual Financial Report (PAFR) in conjunction with the ACFR
- Monitor and analyze the activities of the current fiscal year to project trends in both revenues and expenditures
- Prepare the documents required by the NH Department of Revenue Administration in support of setting the City's annual tax rate
- Produce monthly summary reports of revenues and expenditures per City Charter
- Prepare documentation and coordinate the sale of bonds to fund capital projects
- Administer formal procurement for the City and facilitate purchasing efforts of City Departments
- Prepare bi-weekly payroll for General Government, Police, Fire, and School Departments internally and ensure compliance with state and federal tax laws

- Perform accounting functions for the Trustees of the Trust Funds
- Support and implement all financial applications for general ledger, payroll, utility billing, tax billing, credit card processing, and lock box processing
- Retain, preserve, and restore historic City financial documents
- Administer billing and collection services for water and sewer bills, police outside detail, health permits, and other miscellaneous bills

Assessing - Ensure the valuation of residential and commercial property in the City of Portsmouth is in accordance with City policies and State law.

- Oversee Citywide revaluation efforts
- Inspect properties to update records based on improvement as noted in building permits
- Prepare and certify City valuation to set annual tax rate
- Revise property values as appropriate
- Prepare and certify the tax roll
- Perform sales verifications
- Research deed transfers
- Process abatement requests
- Defend property values before the NH Superior Court and the Board of Tax and Land Appeals
- Complete equalization survey for the NH Department of Revenue Administration
- Review applications for exemptions, credits, charitable, religious, and educational exempt status
- Review current use, timber tax, and gravel tax applications
- Prepare updates for Geographic Information System (GIS) mapping changes
- Review and value changes submitted by the City's Planning and Sustainability Department for subdivision, boundary line adjustments, etc.
- Review and value new condominium conversions submitted to the City
- Perform field reviews as needed

Tax Collection - Ensure accurate collection and timely deposits of City and State monies in a professional and courteous manner.

- Process Tax Bills from Assessors Annual Standard and Non-Air Warrants
- Collect, post, and deposit property tax, water and sewer, accounts receivable, motor vehicle, boat, and ATV/snowmobile payments and other revenues from all City departments
- Research unidentified payments; research and refund property tax overpayments
- Administer City's electronic payment program for water/sewer, property tax, motor vehicle, and other City billing, as required
- Process and post daily electronic transactions for water/sewer, property tax, and motor vehicle
- Aid the public with use of the City's online and IVR (over the phone) payment processes
- Provide property tax information to residents, realtors, title companies, law firms, and banks
- Execute, record, release, and research property tax liens and execute tax deed process
- Apply and/or refund property tax abatements with computed interest, as applicable
- Receive, record, and reconcile property tax prepayments made up to two years in advance
- Prepare month-end and year-end financial reconciliations of property tax, abatements, motor vehicle, and electronic payments received by City Departments

- Act as Municipal Agent and Boat Agent for the State of NH Department of Safety, Division of Motor Vehicles
- Act as OHRV and Snowmobile Agent for State of NH Fish and Game Department
- Determine residency for motor vehicle title application and registration purposes
- Process motor vehicle titles and registrations, boat registrations, and ATV/snowmobile registrations, issue and manage inventory of decals and plates

Goals and Objectives

Accounting Division

Goal #1: Provide professional and accurate financial reporting

Objectives

- ✓ Maintain compliance with Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) statements
- ✓ Prepare and present required financial documents to the City Council and appropriate boards per City Charter requirements
- ✓ Submit the FY26 City of Portsmouth Proposed Budget Document to the Government Finance Officers Association (GFOA) to be considered for the Distinguished Budget Award
- ✓ Prepare the Annual Comprehensive Financial Report (ACFR) and submit to GFOA to be considered for the Certificate of Achievement for Excellence in Financial Reporting [FY24 ACFR was submitted]
- ✓ Prepare the City's Popular Annual Financial Report (PAFR) and submit it to GFOA to be considered for the award for Popular Annual Financial Reporting [FY24 PAFR was submitted]

Performance Measurements

○ Number of GFOA Budget Presentation Awards

FY20	FY21	FY22	FY23	FY24	FY25 (Est)
14	15	16	17	18	19

○ Number of GFOA Annual Comprehensive Financial Report Awards

FY20	FY21	FY22	FY23	FY24	FY25 (Est)
27	28	29	30	31	32

○ Number of GFOA Popular Annual Financial Reports (PAFR) Awards

FY20	FY21	FY22	FY23	FY24	FY25 (Est)
3	4	5	6	7	8

Citywide Goals Addressed

- Maintain Financial Stability
- Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment
- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency

Goal #2: Preserve and protect permanent and historic financial documents for future generations

Objectives

- ✓ Build and maintain archival space that will enable the preservation of permanent financial documents
- ✓ Create a safe environment for all damaged documents and fund the eventual restoration of the documents
- ✓ Build a more thorough document retention and disposition schedule to account for documents not listed in NH RSA 33-a to better enable staff to properly store and dispose of documents
- ✓ Digitalize permanent and non-permanent documents where appropriate
- ✓ Make digitalized historic documents available as appropriate to the public through a partnership with the Portsmouth Public Library
- ✓ Assist other City Staff with archival needs and record retention documentation

Performance Measurements

Number of Documents Restored – Funded through the Capital Improvement Plan Process (Capital Overlay)

FY20	FY21	FY22	FY23	FY24	FY25 (Est)	FY26 (Forecast)
30	0	16	19	20	11	10

*FY21 Funding was removed during the budget process due to the COVID-19 pandemic

Number of Documents Restored – Funded through the New Hampshire State Moose Plate Grant

FY20	FY21	FY22	FY23	FY24	FY25 (Est)	FY26 (Forecast)
2	9	2	6	4	3	3

Citywide Goals Addressed

- Maintain Financial Stability
- Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment
- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency

	<p>Goal #3: Plan and pursue administrative improvements to expand services to City Departments. (ongoing)</p> <p><i>Objectives</i></p> <ul style="list-style-type: none"> ✓ Continue Trustees of Trust Fund Treasury and Bookkeeping functions within the Finance Department ✓ Improve and expand bulk purchasing protocols ✓ Consolidate all billing and collection services in one division within Finance Department <p><i>Citywide Goals Addressed</i></p> <ul style="list-style-type: none"> • Maintain Financial Stability • Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment • Deliver Services and Programs with Courtesy, Professionalism, and Efficiency
---	--

Goal #4: Review and update as needed City financial policies

Objectives

- ✓ Upload and distribute financial policies through the City's new policy tracking and training software
- ✓ Review and update policies on a scheduled basis

Performance Measurement

The new policy tracking software will allow for easier tracking and a performance measurement will be developed as the software is fully deployed and utilized

Citywide Goal Addressed

- Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment

Assessing Division

Goal #5: Continuous process of in-house review and data maintenance

Objectives

- ✓ Complete all building permit review throughout the City for permits completed as of April 1st
- ✓ Complete all subdivision and boundary line adjustments as of April 1st
- ✓ Complete new condominium complex review as of April 1st
- ✓ Complete sales review process for TY25/FY26
- ✓ Implement GIS for sales analysis
- ✓ Scan historical assessing records and import into Computer Aided Mass Appraisal digitally

Performance Measurement #1 - Number of Sales (TY = Tax Year)

TY21	TY22	TY23	TY24	TY25 (Est)
597	549	540	425	431

Performance Measurement #2 - Number of Deeds Recorded (TY = Tax Year)

Planning & Sustainability Department

Mission

The mission of the Planning & Sustainability Department is to manage the City's development, protect its environment, and preserve and enhance the quality of life of its residents through effective planning, land use regulation and land use management. In carrying out this mission the Department prepares studies and plans, reviews applications for permits, and provides professional assistance to the City Council, Planning Board, other City boards and departments, land use applicants, and members of the public.

Planning & Sustainability Department

Services Overview

- ✓ Community Planning
- ✓ Environmental Planning and Sustainability
- ✓ Land Use Management/Development Review
- ✓ Transportation Planning and Coordination
- ✓ Communication and Climate Action Planning

Did you know?

The City has adopted a Climate Action Plan that calls for Net Zero Emissions from Municipal operations by 2040 and Net Zero Emissions from the entire community by 2050?

Programs and Services

Community Planning – Implement a wide range of comprehensive and strategic planning functions.

- Coordinate and implement comprehensive community planning efforts responsive to community needs and values and the community vision articulated in the City of Portsmouth Master Plan
- Prepare and manage assessments and studies relating to land use, urban design, housing, economic development, natural resource protection, open space and recreation, historic preservation, and municipal facilities and services
- Prepare and assist in special studies, such as for street corridors and facility improvements
- Participate in regional planning with entities including the Rockingham Planning Commission
- Assist the Finance Department and Planning Board with the annual Capital Improvement Plan (CIP)

Land Use Management/Development Review – Administer, as a primary responsibility, the Zoning Ordinance, Subdivision Rules and Regulations, and Site Plan Review Regulations.

- Provide administrative and professional staff assistance to the City Council, Planning Board, Zoning Board of Adjustment, Conservation Commission, Historic District Commission, and other municipal committees
- Prepare and review proposed amendments to land use ordinances and regulations
- Review site plans, determine compliance with land use regulations, and coordinate the building permit review process with City Departments
- Review proposed and potential projects with property owners, applicants, and designers; explore options and alternatives; and provide application assistance

Transportation Planning and Coordination – Coordinate planning for all transportation modes.

- Prepare and implement policies and plans relating to transportation, street design, wayfinding, transit, and parking
- Plan and implement bicycle and pedestrian projects and programs, including the Bicycle and Pedestrian Plan and the Safe Routes to School program
- Assist municipal committees charged with transportation and parking responsibilities
- Advance local and regional transportation objectives by supporting regional transportation entities including the Rockingham Planning Commission Metropolitan Planning Organization (MPO), the Cooperative Alliance for Seacoast Transportation (COAST), and CommuteSMART Seacoast (a Transportation Management Agency)

Environmental Planning & Sustainability – Maintain responsibility for plans and projects relating to natural resource protection, open space planning and natural hazard mitigation and climate action planning:

- Prepare studies and plans relating to natural resources and environmental quality
- Complete work on the City's first Climate Action Plan with extensive community engagement

- Maintain current environmental inventories and open space information
- Track and report on sustainability efforts undertaken by City Departments
- Provide training in sustainability for City staff and assist with community sustainability outreach
- Work to integrate sustainability, resilience, and climate change mitigation actions throughout City government and community
- Assist City Departments in preparing and complying with State and federal permit applications
- Represent the City in regional environmental organizations including the New England Municipal Sustainability Network (NEMS network) and the Coastal Adaptation Workgroup (CAW)
- Provide staff support to the Blue-Ribbon Committee on Sustainable Practices
- Provide staff support to the Portsmouth Energy Advisory Committee whose focus is on the Portsmouth Community Power initiative
- Provide staff coordinator role for Coakley Superfund Remediation effort on behalf of the Coakley Landfill Group

Communication and Public Information – Provide information services to the public, members of various boards, City departments, State and Federal agencies, and non-profits.

- Assist City land use agencies by preparing guidelines and manuals
- Maintain and expand educational opportunities for citizen board members and staff through regional and State forums
- Involve a diversity of stakeholders, hard to reach populations, and those most affected by City decisions in the decision-making process
- Inventory housing needs and develop strategies to address shortfalls in workforce and lower income housing needs citywide
- Continue to identify and implement tools and strategies for improved community involvement

Goals and Objectives

Goal #1: Coordinate and implement comprehensive community planning efforts to be responsive to community needs and consistent with federal and state laws and regulations

Objectives

- ✓ Prepare and implement the Portsmouth Climate Action Plan
- ✓ Coordinate the Market Square Master Plan update process
- ✓ Coordinate update to the Bicycle Pedestrian Master Plan
- ✓ Carry out studies and prepare specific plans relating to land use, transportation, urban design, natural resource protection, environmental resilience, and sustainability and related aspects of the City's physical development
- ✓ Develop and share market analysis to understand housing market, provide educational material, and develop regulatory enhancements to increase supply of workforce housing
- ✓ Use a diversity of tools to engage hard to reach populations and those most impacted by the policies, programs, and initiatives in the development of comprehensive planning documents

Inspection Department

Mission

To ensure the integrity of the City's existing and future built environment through the implementation and enforcement of the City's construction codes relating to structural integrity, safe wiring, sound plumbing, safe mechanical systems, and properly installed fire protection systems.

Inspection Department

Services Overview

- ✓ Plan Review and Code Consulting
- ✓ Permit Issuance
- ✓ Construction Inspections
- ✓ Life Safety Inspections
- ✓ Code Enforcement

Did you know?

Did you know that the Inspection Department holds free trainings for contractors, developers, and residents?

Did you also know that the Inspection Department has morning walk-in hours, and is open until 6:00pm on Mondays?

Department Budget Comments

The FY26 Proposed Budget for the Inspection Department is \$900,953, reflecting a net increase of \$1,845 or 0.2% compared to the FY25 budget. This increase is primarily attributed to the collective bargaining obligations.

Position Summary Schedule

TOTAL	860,619	852,532	899,108	900,953

Programs and Services

Plan Review and Code Consulting - Review all documentation associated with each construction project. Discuss technical aspects of projects with clients and inform them of code design deficiencies.

Permit Issuance - Coordinate and process final documentation for building permit issuance. Issue permits to electricians, plumbers, mechanical, and fire protection system installers. Review applications and issue sign permits.

Construction Inspections - Implement the series of construction inspections in all disciplines to ensure code conformance of the various constructed elements. Record inspection findings and notify responsible parties of results.

Life Safety Inspections - Perform joint inspections with the Fire Prevention Unit to better protect the property/business owners, tenants, and the City as a whole.

Code Enforcement - Investigate claims of code violations including building, electrical, plumbing, mechanical, and zoning matters.

Goals and Objectives

Goal #1: Stay current with ever-changing building codes, construction methods, and materials

Objectives

- ✓ Continuous Education and Training
- ✓ Regular Updates from Regulatory Bodies
- ✓ Professional Associations and Networking
- ✓ Utilize Technology
- ✓ Community Engagement and Education

Performance Measurement

(This is a first-year goal, but in future years we will be reporting the following measurements)

- Training Attendance
- Certification and Credentialing
- Plan Review and Inspection Efficiency
- Feedback from Stakeholders

Citywide Goal Addressed

- Meet or exceed State and Federal legal/regulatory requirements including those for a safe and healthy community and environment

Goal #2: Increased effectiveness of office and field staff through education and cross training

Objectives

✓ Continuing relevant training for staff

✓ Improve messaging and community outreach through our website, newsletter, and email blasts

✓ Continue weekly cross-departmental informational meetings

✓ Continue to make training courses available to the public as well as contractors and developers

Performance Measurement

Number of training and cross-department meetings:

FY23	FY24	FY25 (Est)	FY26 (Forecast)
38	46	51	60

Additionally, success will be measured by public response i.e. survey, email, telecommunications, and word of mouth

Citywide Goal Addressed

• Deliver Services and Programs with Courtesy, Professionalism, and Efficiency

	Goal #3: Convey to the public a welcoming, accessible, high-functioning Inspection Department			
	Objectives			
	<ul style="list-style-type: none">✓ Perform plan review, permit approval, and inspections in a timely and efficient manner✓ Enhance interdepartmental collaboration which is critical for an efficient approval process✓ Promote by way of social media, website, and newsletter that the Inspection Department is fully staffed, open for business and eager to help in any way possible			
	Performance Measurement			
	Number of permits approved:

recruit starting at Step A, and the reduction of the Travel & Conference line item. The Health Department budget funds a Health Officer, who serves as a Director and Department Head, a Deputy Health Officer, and two Health Inspectors.

The City's Health Department plays a significant role in environmental and community issues affecting local public health. The Health Officer serves the State Health Assessment (SHA) and State Health Improvement Plan (SHIP) Advisory Council to assess and improve the health of NH residents. The Health Officer also serves on the City's Safe Water Advisory Group (SWAG) and is a member of several human services groups concerned with the health and welfare of city residents, including highly vulnerable populations.

In addition to licensing a constantly fluctuating number of food service enterprises, the Department also responds to issues concerning the living conditions of residents, particularly those of vulnerable residents, and responds to environmental health concerns. The Department serves as a resource for reliable and timely dissemination of vital information to a wider regional audience.

The Department is responsible for licensing and inspecting food service establishments ranging from mobile carts, seasonal vendors, manufactured foods facilities and convenience stores to full-scale restaurants and venues seating over 500. This includes floor plan review, pre-purchase walk-through inspections, final construction inspections, food sampling for the NH Food Protection Food Sampling Initiative, food safety education (both in-establishment and classes), product recalls, and foodborne illness outbreak investigations. As of December 2024, there were 35,586 food service seats under Department license. This does not include temporary events. 26,825 of those seats also hold a liquor license, and 12,122 are outdoors. These numbers are self-reported and fluid. Given that these seats may turn over multiple times a day, the food safety aspects of these regulatory programs have a significant effect on local public health and the local economy. The Department also licenses and inspects approximately 30 Farmers' Market vendors and numerous year-round festivals and events with numerous vendors that draw thousands of visitors. Furthermore, the explosion of applied sustainability principles and locally produced foods has created a rapidly growing and complex novel foods industry that requires the application of numerous federal and State regulations, and food safety practices and processes far beyond the traditional role of food-service inspections.

The Department is taking several steps to increase efficiency, sustainability, provide public health information, and promote a “health in all policies” approach to community planning, outreach and development. The Department completed a [Community Health Profile](#), Community Health Needs Assessment and Community Health Improvement Plan outline.

The Health Department is also responsible for the planning and implementation of three Emergency Support Functions (ESFs). Emergency Support Functions are groupings of governmental tasks to provide support, resources, program implementation, and services that save lives, protect property, and the environment, restore essential services and critical infrastructure post incident, and help victims and communities recover from disasters. The Health Department supports: ESF #6 Mass Care, Housing and Human Services; ESF#8 Public Health and Medical Services; and ESF #11 Agriculture and Natural Resources.

Education and training in multiple scientific disciplines are vital for Department staff to meet the growing complexity and demands of food protection, public health, environmental health, and emergency response planning on a local level, particularly with diminishing State and federal resources. Department staff must remain competent and prepared to respond to increasingly sophisticated routine duties as well as City and regional outbreaks, exposures, and disasters. Environmental challenges such as climate change, emerging pathogens and emerging contaminants, as well as changing demographics play an ever-increasing role in the understanding of public health and population protection.

Programs and Services

Environmental Health -

- Participate in response to public health crises and issues of local environmental health concerns
- Public and Environmental Health Planning
- Emergency and pandemic planning and response
- Inspect food service operations and conduct consultations for prospective new establishments
- Review and approve food service floor plans and issue food service permits
- Evaluate, permit, and ensure compliance with special processes operations
- Investigate complaints related to failed septic systems, sewer back-ups and improperly disposed trash
- Respond to fires and injuries in restaurants and in other food service establishments
- Inspect in-home daycares and daycare centers, residential care facilities, nursery schools, public and private schools, foster homes, and adult entertainment venues
- Ensure compliance with State and federal food recalls, including proper removal of recall items by stores
- Advocate for the underserved and vulnerable populations and participate in long-term planning
- Investigate food borne illness complaints, including providing food samples to the State public health laboratory for analysis
- Collect food samples from various food services on a scheduled basis as required by the State laboratory
- Investigate complaints regarding water, soil and air quality, lead paint, asbestos, and other environmental hazards and contaminants
- Monitor vector borne diseases and respond if appropriate
- Respond to communicable disease outbreaks in conjunction with the State of NH DHHS
- Respond to complaints regarding pests of public health significance, insanitary living conditions, and public health nuisances
- Participate in community recovery planning and response
- Participate in regional sheltering and plan for local sheltering, and agricultural and natural resources
- Communicate public health risks and provide technical assistance

Goals and Objectives

Goal #1: Protect and promote food safety through food service inspection of establishments and enforcement of local, State, and federal food safety regulations and through education

Objectives

- ✓ Conduct regular inspections of all permanent and temporary food establishments utilizing an electronic documentation system to maximize efficiency and ease of reporting
- ✓ Respond to food borne illnesses and outbreaks as reported by the NH DHHS, Communicable Disease and Control Bureau and public complaints related to local food service establishments
- ✓ Offer food safety education to local food service workers
- ✓ Post electronic inspection reports online

Performance Measurement

(This is a first-year goal, but in future years we will be reporting the following measures)

	Inspections and Posting	
	FY26	% Goal

Police Department

Mission

The Portsmouth Police Department actively works in partnership with the community to protect, prevent crime and respectfully, justly, and compassionately help all people.

Community – Commitment – Compassion

Police Department

Services Overview

- ✓ Crime Prevention
- ✓ Community Safety
- ✓ Emergency Communications Center
- ✓ Records

Did you know?

Did you know late in 2024, the Police Department was the recipient of the New England Chiefs of Police Association annual award for Outstanding Community Policing? All Police Departments in New England were eligible to win the award and Portsmouth won for the category of, agency that serves a population between 15,000 and 30,000. This recognition shows the Department's commitment to community-oriented policing practices.

Department Budget Comments

The City Manager's recommended FY26 Police budget is \$14,910,638. This represents a \$323,934 or 2.22% increase over FY25.

The Proposed Budget reflects the same line item detail as the Police Department requested budget, but reduces the Department request further, by eliminating the three sworn officer "delay hire" positions, the one "delay hire" dispatch position, and adds \$32,865 or 20% toward the cost of a citywide Cybersecurity Analyst. These recommendations net a reduction of \$99,081 from the Police Department proposed 2.9% budget. The FY26 requested budget, voted by the Police Commission, is \$15,009,719. This represents a \$423,015 or 2.90% increase over FY25.

Key drivers of the FY26 budget increase include contractual step and COLA increases and applicable benefits, a re-grade of two IT positions to align with non-union job classifications, insurance costs, computer software maintenance agreements, and increases in gasoline, phone, recruiting, and training lines.

The Department has experienced a higher-than-normal number of retirements and resignations over the past five years, which has resulted in non-stop recruiting. Fortunately, with fewer staff at retirement age,

and the positive impact the recent collective bargaining agreements have had on retention, the pace of vacancies is noticeably slower, while officer and dispatch applicant numbers are increasing.

To address current recruiting trends for vacant positions, the FY26 requested budget reflects an interim savings of \$254,489 by delay hiring for four projected vacancies. Although the Department is awaiting the results of a staffing study, conducted by Matrix Consulting Group, the following positions reflect delay hire dates in FY26 that coincide with police academy dates for officers, and an effort to not over burden training staff in dispatch.

Officer #50 delay hire 12/2025	\$44,327
Officer # 51 delay hire 03/2026	\$72,475
Officer # 52 delay hire 03/2026	\$72,475
Dispatcher #10 delay hire 05/2026	<u>\$65,612</u>
	\$254,489

The budget presented is also net of Federal and State Grants. In addition, the School Department funds \$49,225 for a portion of a School Resource Officer (SRO) and the Parking & Transportation Special Revenue Fund supports \$60,000 for downtown and parking related policing.

The Police Department budget breaks down as follows:

Programs and Services

Crime Prevention

- Maintain active visible patrol by uniformed officers
- Enforce State laws and City ordinances
- Educate the public in ways to improve and enhance the security of their lives and property
- Aggressively investigate all crime, both reported and discovered
- Conduct narcotic investigations to include undercover operations, work with informants, debrief individuals arrested by uniformed officers, coordinate activities with the Seacoast's Drug Task Force and the Drug Enforcement Agency

Community Safety

- Crime Stoppers Tip Line – Anonymous telephone line that encourages the reporting of crime/criminal activity
- Internet Crimes Against Children (ICAC) Task Force – Investigations that focus on offenders who utilize online communication systems such as real time chat, chat rooms, and e-mail as a medium to solicit children for in-person meetings and subsequent sexual activity
- National Night Out – Event designed to heighten crime and drug prevention awareness
- Explorers Program – Award-winning program giving the youth a chance to look at the career of policing first hand
- Citizens Police Academy – This class provides the citizens of Portsmouth a view into the police department and teaches what officers do and services they provide

Emergency Communications Center

- Handles approximately 73,000 phone calls and between 45,000 and 55,000 computer-aided dispatch calls annually
- Dispatches Police, Fire and EMS, and the Department of Public Works

Records

- Maintains the storage and retrieval of confidential case information
- Prepares the release of information to the media and the public

Goals and Objectives

	The department goals and objectives include a status code as follows: P – Planning Stage, A – Action Stage, E – Evaluation Stage, T – Target Date for Completion			
	PATROL			
	Goal #1: Enhanced policing services	Objective: Increase directed patrol activities to tackle quality of life issues such as noise, disorderly conduct, etc. with an emphasis on the downtown area	A	T Ongoing
	Goal #2: Increase and improve Community Policing Efforts	Objective: Expand public presentations to ensure residents are prepared for potential situations that may impact their safety (CRASE, ALICE, Self Defense)	A	T Ongoing
		Objective: Establish protocols/standard operating procedures that meet CALEA standards	A	T Ongoing
		Objective: Develop additional Cops with Kids,	A	T Ongoing

	Citizens Police Academy, and National Night Out type activities to engage with the public and provide opportunities to communicate one-on-one.			
Goal #3: Increase presence in downtown area	Objective: Evaluate establishing a sub-station in the downtown area	P	T FY25	
	Re-establish the Downtown Business Association	AE	T FY25 Add Ongoing	
Goal #4: Improve and increase traffic and safety initiatives.	Objective: Secure grant funding for targeted traffic issues	AE	T Ongoing	
	Objective: Maintain focus on speeding issues throughout the city to mitigate them	A	T Ongoing	
Goal #5: Expanded staff abilities, knowledge and professional career growth	Objective: Connect with individual employees to identify and cultivate personal goals through applicable training, community & department related activities, and work product to provide a path for career potential within the department mission	A	T Ongoing Maintenance	
	Objective: Expand the abilities and cost savings to the department by investing in "Train the Trainer" initiatives to increase the ability of in-house trainers training staff vs. outside vendors	A	T Ongoing Maintenance	
Goal #6: Utilize technology and equipment to improve service delivery	<u>Drone Program</u>	A	T Ongoing	
	Objective: Maintain and update changes to standard operating procedures as per changing laws and regulations			
	Objective: Schedule Training and Implement for established members of the team and new members	A	T Ongoing	
	<u>Body Worn Cameras</u>	P	T FY26	
	Objective: Create a standard operating procedure compliant with federal, state, and local laws and certified by the BWC grant			
	Objective: Establish the training and protocols prior to equipment deployment	P	T FY26	
	Objective: Monitor and evaluate program and create a feedback system	P	T FY26-FY27	
INVESTIGATIVE				
Goal #1: Expanded collaborations to combat crime	Objective: Pursue grant opportunities to help fund new enforcement initiatives	A	T Ongoing	
	Objective: Schedule active shooter response between the police department, school staff, and regional response annually	A	T Ongoing	
	Objective: Expand public awareness of the resources, outreach, and public service support provided by the department social worker.	A	T FY26	
Goal #2: Combat drug influx/drug overdoses	Objective: Expand SIU (Special Investigative Unit) drug enforcement capabilities along with State and federal agencies	A	T Ongoing	
Goal #3: Improve crime investigation and case resolution	Objective: Implement recommendations from the evaluation of caseload-to-detective ratio to mitigate backlog	A	T Ongoing Re-evaluation annually due to staffing issues	
Goal #4: Resolve unsolved homicides	Objective: Engage other agencies, experts, and temporary staff to resolve the investigations of six homicide victims	A	T Ongoing	

	Goal #5: Increased skills and knowledge of Crime Scene Team (CST)	Objective: Expand knowledge of team members to further assist in crime scene investigations	A	T Ongoing
	Goal #6: Staffing succession plan for computer crimes investigations	Objective: Execute the 2-yr training process. With the retirement of the ICAC detective in FY24 the primary focus is training the selected detective to backfill this position	A	T FY26
	ADMINISTRATION			
	Professional Standards			
	Goal #1: Maintain CALEA Certification (Commission on Accreditation of Law Enforcement Agencies)	Objective: Complete on-site assessments	A	T Jan 2027
		Note: Achieved CALEA Re-Accreditation at the end of FY23. Top Tier Level		
		Objective: Complete yearly reviews of compliance in preparation for next re-accreditation on-site	A	T FY25, FY26, FY27
		Objective: Attain positive commission review & certification decision	A	T May 2027
		Objective: Maintain compliance and re- accreditation	A	T 4-yr accreditation cycle began Feb 2023 and will end 2027
	Personnel & Training			
	Goal #1: To have no vacant positions	Objective: Backfill current vacancies from resignations, retirements, promotions (Dispatchers, Officers, Aux Officers)	A	T Ongoing
	Goal #2: Recruitment of Quality Candidates	Objective: Utilize strategies to recruit quality officers nationally due to the dwindling numbers of those seeking a law enforcement career locally and nationally	A	T Ongoing
	Goal #3: Methodical and cost effective training	Objective: Training officer will conduct on-going monthly roll call training	A	T Ongoing
		Objective: Train sworn staff individually in 2-day active shooter response annually	A	T Ongoing
		Objective: Increase hosted training session at the department in exchange for "free seats" for staff	A	T Ongoing
		Hosting training has stretched the department training budgets to help defray the cost of the Governor's officer training hours mandate		
	Goal #4: Improve policies and procedures	Objective: Review and update as needed to comply with CALEA	A	T Ongoing
	Goal #5: Enhance intern program	Objective: Recruit interns to assist in areas of law enforcement and administrative programs	A	T Ongoing
	Information Technology & Communications			
	Goal #1: Improved communication center interactive systems and equipment	Objective: FY24 chose a dispatch (CAD)/records management system (RMS) that better met the department's needs/growth FY24 began implementation that takes	A	T FY26 Anticipated will be completed by Fall/Quarter 3 of FY26

	approximately 18-24 months. Note: Vendor delayed roll out to FY26 due to state/vendor interface issues		
Goal #2: Upgrade phone system and emergency redundancies	Objective: Establish a plan for upgrade and layered emergency redundancies with vendor		T FY26
Goal #3: Expand cell phone program in Patrol	Objective: Prepare for Body Worn Camera project and electronic evidence transmission, as well as additional officer cell applications	A	T FY26
Goal #4: Electronic management of department's files	Objective: Assemble records retention committee to evaluate and devise standard operating procedures to include federal and State guidelines	A	T FY26 and Ongoing
	Objective: Assist divisions with documentation evaluation, indexing, and training Note: Records and Investigations are active currently	A	T On-going
Goal #5: Improve dispatch operations	Objective: Increase training opportunities for staff to include CRASE training, APCO classes, and attainment of certifications	A	T Ongoing
Goal #6: Improve IT redundancies for mission critical components.	Objective: Complete PPD specific manuals/tutorials/training guides for IT cross-training	A	T On-going
	Objective: Complete upgrade of redundant dispatch center at Fire Station 2	A	T Completed FY24
	Complete testing by communications staff		T FY25
Prosecution			
Goal #1: Improved efficiencies between the court office, other legal entities, and officers	Objective: Evaluate court calendar systems to improve officer notification of court commitments Note: as part of the CAD/RMS system implementation (due Fall of FY26), an ancillary software, Prosecutor By Karpel, will be utilized to solve court calendar issues.	A	T FY26
Goal #2: Improve scheduling issues at the Court despite state cutbacks/ consolidations in courts/judges	Objective: Solicit stakeholders to become involved to resolve issues of court overtime/ wasted officer time	A	T Ongoing
Records			
Goal #1: Electronic management of files and forms	Objective: Scan closed defendant files into the electronic document imaging system and index	A	T Ongoing
	Objective: Create an electronic reporting system for low solvability incidents	A	T FY23-25 with new CAD/RMS System
	Objective: Create electronic fillable forms for website	A	T FY25
BUSINESS/FACILITIES			
Goal #1: Make a strategic plan to meet the needs of the community and the department	Objective: Define detailed scope/direction and establish measures for a 5-year plan	A	T Ongoing updated annually
	Objective: Implement strategic plan (5yr-2025-29)	A	T FY25
Goal #2: Improve Police facilities	Objective: Evaluate renovation vs new construction options	E	T FY25 Blue Ribbon Committee
	Objective: Conduct a site evaluation and produce	P	T FY25

	concept drawings		Completed
	Objective: Prepare a presentation for council/public	A	T FY23-25
Goal #3: Improve Public Reporting	Objective: Re-establish monthly report that will update the public statistically Note: The department continues to add to the information provided on the police webpage to include items like statistics, publications, studies, public surveys	P	
Goal #4: Effective Business Office operations.	Objective: Migrate false alarm billing/receivables into the City financial system Note: the City Finance Department is in the process of choosing a new financial software system. It is anticipated this goal will be addressed at that time	P	T FY26
<i>Citywide Goal Addressed</i> <ul style="list-style-type: none"> Protect the Community Through Fire and Crime Cessation and prevention for its Residents and Businesses 			

Grants and External Funding

The Police Department pursues grants and external funding to pay for salaries, benefits, overtime, equipment, training, and supplies. These funds come from a variety of sources including State and federal agencies and local sources.

Below is a summary of the projected **salary and benefits portions** that these funds support.

Grants/External Funding

Program (Salary/Benefits Only)	FY24 Budget	FY25 Budget	FY26 Budget
Internet Crimes Against Children ^^	245,895	254,087	267,107
School Resource Officer*	49,225	49,225	49,225

Fire Department

Mission

Provide quality emergency, life safety and prevention services for our citizens, businesses and visitors, with the highest level of valor, integrity, commitment, teamwork and community involvement.

Vision

The vision of the Portsmouth Fire Department is to be a recognized leader in the fire service, respected by our citizens for anticipating and responding to their ever changing needs. The Department will embrace new technologies and techniques, focusing on training and education to provide the highest level of customer services and satisfaction in a professional and caring manner.

Fire Department

Services Overview

- ✓ Fire Protection and Suppression
- ✓ Emergency Medical Services
- ✓ Hazardous Materials and Disaster Response
- ✓ Marine and Waterfront Fire and Medical Response
- ✓ Community Services
- ✓ Community Risk Reduction
- ✓ Emergency Management

Did you know?

Did you know that the Portsmouth Fire Department (PFD):

- Visits ALL Portsmouth Kindergarten classes annually?
- Will inspect your home smoke alarms for free at any time?
- Offers fire safety education for businesses and non-profits?
- All Fire Department personnel are licensed EMS providers with over half of the Fire Department being certified to the paramedic level, bringing the highest level of pre-hospital emergency care to the community?

Did you know that the PFD Fire Prevention Staff:

- Are Certified Fire Protection Specialists by the National Fire Protection Association?
- Inspect all hotels, motels, and inns annually?
- Provide consultation with any businesses or organizations in regards to construction projects prior to construction?

Department Budget Comments.

The proposed FY26 budget for the Fire Department is \$12,868,512, representing an increase of \$360,985 or 2.89% over FY25. This budget proposal assumes three ambulances are in service for the year. Fixed costs contributing to the increase include:

- A 2% wage adjustment, steps, and stipends per the collective bargaining agreements of 2023 totaling \$134,622;
- Firefighter retirement, set by the State, decrease in rate of \$31,881;
- Workers' compensation increase of 8% of \$44,253; and

- Health insurance increase of 4.17%, including reimbursement stipend in lieu of benefits, leading to an increase of \$102,305

This recommended budget:

- Strengthens and ensures the reliable delivery of essential emergency and non-emergency services
- Enhances the safety of the City's citizens, property owners, workforce, and visitors through comprehensive education and code enforcement
- Maintains current level of services and facilities of one ambulance and one fire apparatus in each geographical fire district to keep response time lower. Performance Measurement Goal #1 shows this in effect

Programs and Services

Fire Protection - Fire response and mitigation services – two (2) staffed engines, one (1) staffed ladder truck, three (3) staffed ambulances

Emergency Medical Services - Ambulance response and transport consists of three (3) staffed units. Advanced EMT and Paramedic level response and care

Hazardous Materials and Disaster Response - Initial hazardous materials response, identification, and containment services – Certified HazMat operations, decontamination, and technician level personnel providing support to and from Regional HazMat team

Special Rescue - Building collapse, confined space, heights rescue and mass casualty response – NH FST Certified Technical and Confined Space Rescue personnel

Marine and Waterfront Fire and Medical Response - Fire, medical and environmental response and mitigation services – one (1) 26' rigid hull inflatable stationed at the NH Port Authority and one (1) 14' Zodiac rescue boat, available year-round, both staffed through on-duty personnel. Collaboration with US Coast Guard and other agencies on the river

Community Services - Investigation and safety services through on-duty and staff personnel, which includes wires down, odor investigations, burn permits, burst pipes, flooded basements, lift assists and evaluation of minor medical issues

Community Risk Reduction - Life safety, fire education, occupancy inspection, fire code enforcement, fire investigation services – one (1) Deputy Fire Chief, two (2) Fire Prevention Officers

Emergency Management - Local and regional emergency preparedness, response, recovery, and mitigation for man-made and natural disasters

- Radiological emergency response program (Seabrook Station) and regional health planning
- Fire Chief serves as the Emergency Management Coordinator, support from Department and City staff

Goals and Objectives

Goal #1: The Department will strengthen reliable delivery of essential emergency and non-emergency services

Objectives

- ✓ Ensure that the deployment and distribution of personnel, apparatus and fire stations supports equal coverage to all areas of the City
- ✓ Continue to utilize and train on innovative concepts and equipment to increase efficiency and reduce injuries
- ✓ Strive to recruit and retain high quality, experienced personnel by offering competitive compensation packages and a positive work environment

Performance Measurement

Emergency Medical Response Times (minutes)

<i>Performance</i>	Calendar Year 2022	Calendar Year 2023	Calendar Year 2024
Goal of 8 minutes or less for All Ambulance Incidents			
90% benchmark 9 minutes or less	94.3%	94.6%	95%
50% (average) 5 minutes or less	36.5%	34.3%	67%

Portsmouth Fire Department exceeds the regional median response time of 10 minutes by half, with an average response time of 5 minutes. Emergency Medical care is rendered, and patients transported in nearly half the time of regional averages according to NH EMS data collection (seven minutes in Portsmouth compared to twelve in region average).

Organization Goals Addressed

- *Meet or Exceed State and Federal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment*
- *Deliver Services and Programs with Courtesy, Professionalism, and Efficiency*
- *Protect the Community Through Fire and Crime Cessation and Prevention for its Residents and Businesses*

	<p><i>Goal #2: The Department will enhance the safety of the City's citizens, property owners, workforce, and visitors through comprehensive education and code enforcement</i></p> <p><i>Objectives</i></p> <ul style="list-style-type: none"> ✓ Complete plans review and permitting of 100% of construction or renovation projects involving fire protection or fire alarm features within 14 days ✓ Continue to complete inspections and acceptance testing for construction and renovation projects in a timely manner ✓ Deliver annual fire and injury prevention programs through public education with a focus on at-risk populations. ✓ Ensure compliance with applicable fire and life safety laws, codes, and standards through regular inspections of 100% of the City's place of assembly, educational, daycare, and healthcare occupancies
	<p><i>Performance Measurements</i></p> <ul style="list-style-type: none"> • 575 Inspections performed. • 414 Permits issued. <p><i>Does not include follow-up visits or consults</i></p>
	<p><i>Citywide Goals Addressed</i></p> <ul style="list-style-type: none"> • <i>Meet or Exceed State and Federal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment</i> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i> • <i>Protect the Community Through Fire and Crime Cessation and Prevention for its Residents and Businesses</i>

 	Goal #3: The Department will provide effective, efficient, and customer-centered services
	Objectives <ul style="list-style-type: none"> ✓ Promote opportunities to receive honest input and feedback from citizens, business owners and elected officials on operations of the Department ✓ Maintain interaction and relationships with at-risk members of our community ✓ Identify process improvements and implement cost-saving changes
	Performance Measurement <p style="text-align: center;">Training and recertification hours of personnel</p> <p style="text-align: center;">2024 Performance 2572 hours of training and education, 7 hours daily</p> <p>The Fire Department has new software for tracking these activities and is committed to monitoring and improving these metrics moving forward to improve safety of personnel, and better service delivery. This number reflects an 8% increase over training hours in the previous year.</p>
	Organizational Goals Addressed <ul style="list-style-type: none"> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i> • <i>Protect the Community Through Fire and Crime Cessation and Prevention for its Residents and Businesses</i>

Emergency Management

Mission

The City's Emergency Management Office (EMO) establishes policy, plans, and procedures to insure the safety of the citizens of Portsmouth in the event of a large-scale emergency. This includes adequate inventories of emergency management supplies and training City staff in their roles on the Emergency Management Team.

Did you know?

- The School Department, Emergency Management team, and NH HSEM did a school physical security assessment on all schools this year?
- The State of New Hampshire, Department of Safety, Division of Homeland Security & Emergency Management maintains a crisis-disaster management system, WebEOC, to manage large scale events, disasters, and support or increase public safety information sharing – providing real-time situational awareness with the City of Portsmouth and regularly exercise this?
- Through the FEMA Public Assistance Program, FEMA provides supplemental federal disaster grant assistance for debris removal, life-saving emergency protective measures, and the repair, replacement, or restoration of disaster-damaged publicly owned facilities and the facilities of certain private non-profit organizations? Portsmouth has used this program for recovery costs in Disaster Declarations.
- The City's Emergency Operations Plan helps coordinate the necessary actions to respond to an emergency and organize the links between local governments, neighboring states, and federal response, and to unify the efforts of government, volunteers, and the private sector for a comprehensive approach to reducing the impacts of emergencies and disasters?
- The City's Hazard Mitigation and Emergency Operations Plan are reviewed and updated annually and maintained by the Emergency Management Team for accuracy and to ensure it is still serving the City's planning needs?

Department Budget Comments

The FY26 Proposed Budget for Emergency Management is \$18,080, which represents a flat budget.

Budget Summary of Expenditures

	FY24	FY24	FY25	FY26
	BUDGET	ACTUAL	BUDGET	CITY MANAGER RECOMMENDED
EMERGENCY MANAGEMENT				
OVERTIME	6,000	2,911	6,000	6,000
RETIREMENT	1,980	2,987	1,980	1,980
OTHER BENEFITS	100	139	100	100
OTHER OPERATING	10,000	8,081	10,000	10,000
TOTAL	18,080	14,118	18,080	18,080

Budget expenses would increase dramatically in the event of an actual emergency. Currently, the EMO and the Health Department are taking advantage of grants and State funding sources to offset operational and planning expenses.

The EMO utilizes budget funds to augment State funding for emergency plans along with our primary and secondary EOC.

The EOC is tested monthly to ensure operational readiness status and has the ability to allow Government to function effectively in times of an emergency.

Programs and Services

Organization and Preparedness

- Serve as coordinating agency for Citywide emergency preparedness for natural and man-made disasters
- Organize, administer, and attend training sessions designed to fulfill the mission
- Publish and disseminate materials and emergency response plans to appropriate agencies and first responders

Goals and Objectives

Goal #1: Maintain and revise local emergency response plans to meet federal requirements for grant funding and emergency preparedness

Objectives

- ✓ Assist in maintaining school emergency plans
- ✓ Maintain the City's Emergency Operations, Hazard Mitigation, and Continuity of Operation Plans
- ✓ Develop long-range recovery plans to address natural, technological, and terrorism hazards

Performance Measurement

- *City Staff reviewed and completed new Emergency Operations Plan, and Hazard Mitigation Plans and both were adopted by the City Council and approved by NH HSEM & FEMA in FY2025.*

Citywide Goal Addressed

- *Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment*

	<p>Goal #2: Ensure readiness of the City's Emergency Management team to respond to, coordinate, and mitigate emergencies of a magnitude that would require activation of the Emergency Operations Center</p>
	<p><i>Objectives</i></p> <ul style="list-style-type: none"> ✓ Participate in monthly Emergency Services/Management meetings ✓ Provide training for all members of the Emergency Operations Staff ✓ Participate in drills and graded exercises for Seabrook Station Emergency Planning Zone
	<p><i>Performance Measurement</i></p> <p>Participated in biennial Radiological Emergency Preparedness exercises designed to respond to emergencies originating at Seabrook Nuclear Power Plant. The group will participate again in FY26</p>
	<p><i>Citywide Goal Addressed</i></p> <ul style="list-style-type: none"> • <i>Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment</i>

Department of Public Works

Highway Division (General Fund)

Mission

To provide municipal Public Works functions for the benefit of our citizens, businesses, and visitors in an efficient, sustainable, and cost-effective manner within budgetary appropriations.

Department of Public Works – Highway Division

Services Overview

- ✓ Administration
- ✓ Engineering
- ✓ Building Administration
- ✓ Rubbish Removal and Disposal
- ✓ Highway and Street Maintenance
- ✓ Snow Removal
- ✓ Sidewalks
- ✓ Bridge Repairs
- ✓ Equipment Maintenance Facility
- ✓ Tree Program
- ✓ Mosquito Control
- ✓ Parks and Cemeteries

Did you know?

Did you know that Public Works collects curbside trash from over 5,500 residences each week?

Department Budget Comments

The proposed FY26 budget for the Public Works Highway Division is \$8,141,485, representing a \$150,971 increase or 1.89% from the FY25 budget. A primary driver is a \$67,382 increase to the Stormwater Fund transfer and the remainder is primarily associated with contractual obligations. Cost savings were realized by aligning staff to other cost centers to better reflect the work being performed, along with decreases in contracted services as well as recycling contract expenses.

The FY26 budget reflects efficient resource management and maintenance of the current level of service. Further reductions in funding would lead to deferred maintenance increases, a decline in the level of service provided, increased emergency repairs, and additional costs to the taxpayers over time.

TOTAL	7,781,410	7,748,638	7,990,517	8,141,485

Recycling and Solid Waste - Recycling and solid waste collection continue to be a key function of the Department, which continues to implement best practices to enhance efficiency while minimizing costs for taxpayers. Staffing for collection operations remains an ongoing challenge, often requiring personnel from other divisions to fill gaps during staff absences due to illness or vacation.

Recycling commodity markets have remained stable through FY24 and into FY25, averaging \$112 per ton—a decrease from the FY23 record high of \$120 per ton. In response to year-over-year declines in recycling tonnage, the recycling budget has been reduced by \$35,000 (12.73%).

Reduction in Market Square Materials - The reduction in the Market Square Materials accounts within the Street Maintenance budget is attributable to the reallocation of resources to the Parking Division budget. This realignment better apportions resources to reflect the actual cost centers.

Utility Prices - The escalation in utility costs within the budget reflects the prevailing market trends and operations associated with maintaining essential services. Utility expenses encompass electricity and natural gas required to power and heat facilities and sustain municipal operations at the City Hall complex, including the Police Department, School Department Central Office, and the Public Works facility. Electricity expenses are projected to increase across facilities by \$12,531 or 5.54% over FY25. Natural gas expenses have decreased by \$4,606 or 5.39% due to a rate reduction from \$0.885/Therm to \$0.696/Therm for FY26.

Contracted Services - The Department continues to transition contracted services in-house, whenever possible, to improve operational efficiency. Contracted service agreements are made with external vendors for specialized services such as heating, ventilation, plumbing, and mosquito control. By outsourcing certain functions to expert contractors, we can leverage their expertise to optimize service delivery while allowing the City's internal workforce to focus on core responsibilities.

Highway Road Maintenance - Highway road maintenance is budgeted based on the Annual Pavement Condition Report which grades the condition of the City's roadways. The City's Pavement Condition Index's estimated average is 82 out of 100. The bulk of road maintenance funding is through the City's CIP.

Outreach and Service Enhancement - The Department and its Highway Division continue to leverage web-based applications to enhance service delivery and communication with residents. To streamline permitting processes, the Department has developed online applications ([OpenGov](#)) for blasting, flagging, excavation, Memorial Bridge lighting requests, encumbrances, and driveway permits.

Additionally, the Department utilizes the ****Click N' Fix**** platform to efficiently manage, track, and respond to service requests. This tool is accessible via the City's website and through a smartphone application for residents to communicate trouble spots around the City that may need service by our staff. Beyond facilitating communication, Portsmouth Click N' Fix provides valuable performance metrics, allowing the Department to assess service effectiveness based on current staffing and resource levels. Platform insights have helped optimize the Highway Division's tree and solid waste programs, improving response times and service quality.

For FY25, the most common service requests through Click N' Fix involved solid waste, which accounted for 18% of all submissions. Parks and playground issues made up 8% of requests, while sidewalk and tree service calls each represented 7%. In total, 1,093 service requests were received, with the majority being resolved within the same reporting period. This reflects the Department's commitment to providing timely and effective service to the community.

Summary - The FY26 budget for the Highway Division maintains the existing level of service while highlighting operational efficiency and workforce development. Consistent with the Department's mission to provide essential municipal services that support the community's well-being, this budget prioritizes cost-effective management and employee growth. By hiring and retaining skilled employees who efficiently oversee tasks and teams, we are better able to absorb inflationary increases in construction costs and supplies. With a 1.89% increase, this budget ensures the continued operation of critical functions while investing in mentoring, training, and promotional opportunities to develop talent and strengthen the Division's long-term success.

Administration - Provide overall guidance and direction of work tasks and division resources, supervision of outside consultant/contractor work, and development of special projects

- Supervise all Public Works functions
- Issue Excavation, Flagging, Blasting, and Driveway Permits
- Oversee Accounts Payable/Receivable
- Negotiate and Bid Utilities: Electric, Natural Gas, and Fuel
- Administer Traffic Control Permits

Engineering - Supply engineering services (design, contract documents, and construction inspection) for all City Public Works projects, which include water, sewer, stormwater, highway, public facilities, and transportation divisions. Provide engineering assistance to other City Departments.

Building Administration - Responsible for cleaning, utilities, and maintaining municipal buildings and facilities, including the Community Campus, Municipal Complex, Public Works facility, Library, Spinnaker Point, Portsmouth Senior Activity Center, Hanover Parking Garage, Foundry Garage, and the Indoor and Outdoor pools. The Highway Division also assists with capital projects at City-owned facilities that include the Players Ring Theater, Portsmouth Historical Society Building, Prescott Park, Sherburne School, Pontine Theater, and the South Meeting House. Overall, the Department maintains over 400,000 sq. ft. of buildings, and assists with the Fire, Police, and School facilities.

- Custodial Services
- Carpentry
- Plumbing
- Pool/Spa Technician Services
- Electrical
- HVAC

Solid Waste Removal and Disposal - Collect, transport, process, and dispose of residential waste, recyclables, and compostables. Curbside collection is provided to over 5,500 households, as well as drop-off collection at the residential Recycling Center on Peverly Hill Road. Approximately 10,000 tons of materials are collected annually. Approximately 6,000 tons of the City's waste is landfilled, 2,000 tons are composted, and over 2,000 tons are recycled.

- Bulky waste collection/disposal
- Yard waste collection/disposal
- Household Hazardous Waste Collection Days
- Curbside rubbish collection/disposal
- Curbside recycling collection/disposal
- Appliances and CFC (freon) removal
- Electronics recycling
- Tire/Battery recycling
- Motor oil and cooking oil recycling
- Books, clothing, eyewear, and footwear
- Bicycle re-use/recycling
- Food waste composting
- Mobility devices (i.e., crutches)

Highway and Street Maintenance - Provide maintenance of approximately 105 miles of City roadways (including Pease Tradeport roads) and 77 miles of sidewalks

- Traffic line markings
- Traffic sign maintenance
- Traffic signal maintenance
- Weed control
- Pavement patching

Snow Removal - Clear and remove snow and ice from City roadways, sidewalks, and parking facilities.

Sidewalks - Repair and maintain over 77 miles of City sidewalks (brick, concrete, asphalt, and stone).

Bridge Repairs - Maintain fifteen (15) City bridges and implement the recommendations of the Bridge Evaluation Program.

Equipment Maintenance Facility - Maintain and repair the City's equipment fleet, which includes lawnmowers, automobiles, pick-up trucks, small and large dump trucks, heavy equipment, and specialized equipment.

Tree Program - Provide maintenance, trimming, or removal/replacement services for public trees in coordination with the Trees and Greenery Committee.

Mosquito Control – Contract for mosquito control services, which includes biological monitoring of pest and disease vector mosquito species, hydrological parameters of wetland mosquito breeding habitats, and effectiveness of larvicide applications.

- Organic larviciding program
- Organic adulticiding program as needed

Parks and Cemeteries - Provide maintenance for 24 playgrounds, parks/ballfields and 8 historic cemeteries.

- Grass cutting
- Leaf and debris removal
- Organic ballpark turf spraying
- Organic turf growth retardant
- Field setups for seasonal sporting events
- Cemetery restoration
- Playground equipment repair and maintenance

Goals and Objectives

Goal #1: Maintain and improve the City's infrastructure and meet local, State, and federal regulations

Objectives

- ✓ Incorporate the City Council's adopted Complete Streets policy into future roadway and sidewalk upgrades
- ✓ Continue to incorporate pavement management, storm drainage, and sidewalk data into a Geographic Information System
- ✓ Continue to implement the recommendations of the pavement management system for streets and sidewalks in conjunction with the Water and Sewer master plans
- ✓ Enhance the general appearance and conditions of the central business district through the installation of trees, lights, benches, trash receptacles, and pedestrian ways
- ✓ Create master plans for stormwater management and municipal facilities for compliance with federal rules and regulations

Performance Measurement

Pavement Management Index

	FY23	FY24	FY25 (Est)	FY26 (Est)
Goal	76	78	80	78
Actual	81	82		

Citywide Goals Addressed

- *Maintain and improve infrastructure to meet the needs of the community*
- *Meet or Exceed State and Federal Legal/Regulatory Requirements, Including Those for a Safe and Healthy Community and Environment*
- *Deliver Services and Programs with Courtesy, Professionalism, and Efficiency*

Goal #2: Provide an elevated level of service in a cost-effective and efficient manner for municipal operations

Objectives

- ✓ Improve the efficiency of facility maintenance services to extend the useful life of facilities and improve building aesthetics
- ✓ Provide training and instruction for the most efficient use of equipment and tools to improve overall departmental efficiency and optimize operational costs
- ✓ Continue to refine the operations of the solid waste program to minimize collection and disposal costs
- ✓ Continue to implement additional energy-saving methods and equipment
- ✓ Continue to enhance the effectiveness of the recycling program
- ✓ Continue to replace traffic signalization equipment to improve intersection traffic flow and safety for both vehicles and pedestrians

TOTAL	2,377,672	2,376,859	2,488,538	2,390,101

- Materials Cost — Books and operating supplies, among other items, continue to increase in cost by 5-15%. We continue to see strong demand for downloadable items as well, particularly for audiobooks which are more expensive than either paper-based books or ebooks.
- Energy — FY25 has seen significant increases in electric bills.
- Borrowing Trends — Borrowing has increased steadily since fully re-opening in FY22. Usage of downloadable materials including ebooks, audiobooks, magazines, newspapers, and online courses continues to be strong. The Portsmouth Public Library participates in the NH Downloadables Consortium, which now includes magazines in its collection and subscribes to additional downloadable services including the New York Times, the Wall Street Journal, and Kanopy (films). The Library actively participates in the Interlibrary Loan system coordinated by the State Library which leverages the collections held by New Hampshire libraries.
- Exhibits — Exhibits are a point of pride for the Library as we host local artists including SPLASH!, the spring show of artists in Portsmouth schools K-12, and the annual Ikebana show. Our exhibits frequently highlight local artists and groups.
- Outreach — In FY26, our goals will include continuing outreach to all sectors of the community most notably with the launch of the all-electric Bookmobile.
- Programs — Programs of all sorts, for all ages, continue to hold pride of place in the Library. Whether you knit, speak Italian, write, discuss big ideas, meditate, or want to learn all about poop, the Library is here. We continue to respond to community interests with a robust and diverse selection of programs.

In December 2024, we held our first post-pandemic gala, a Regency Ball. Attendees from 8 to 80 enjoyed dancing, crafts, nibbles, and socializing, many in terrific costumes. Many ongoing library programs have been meeting for over seven years including Weekly Meditation, Language discussion groups (now six languages strong) and the weekly World Affairs group. Strong continuing partnerships bring vital programs to our space such as the NH Black Heritage Trail Elinor Williams Hooker Tea Talks in February and the PMAC Guitar Sundays throughout most of the year. Additionally, partnering with other City Departments is vital to program success, and we enjoy working with the Recreation Department in particular, whether in their spaces or ours.
- Digital Literacy and Education — Continuing advances in technology in many areas, including the proliferation of mobile devices, bring ongoing challenges to our citizens. The Library has always been a trusted place for people to stay current, and currently that often means staying on top of the technology used in everyday life. Library staff continue to help individuals with their technologies for reading, listening, and gathering information at our very busy Device Help sessions as well as one-on-one assistance.

Programs and Services

Administration

- Strategic planning
- Building administration
- Budget preparation and analysis
- Services design and evaluation
- Professional staff development
- Staff assignment and evaluation
- Internal and external communications
- Statistics analysis

Technical Services

- Materials purchasing
- Media and downloadable services purchasing
- Materials processing and cataloging
- Library systems management (Koha +)
- Online catalog (in-house and remote access) design and operation
- Materials repair and removal
- Periodical subscriptions management
- Electronic database subscriptions
- Records management

Adult Services/Circulation

- Reader's advisory and recommendations (PPL Rex)
- Koha Library System operation
- Holds, reserves, patron notices processing
- Shelving and shelf maintenance
- Displays, bookmarks, booklists

Youth Services

- Children's story times: infants through preschool
- Children's craft, music, and holiday programs
- Teen programs
- School visits: all grades both in library and in classroom
- After school programs
- Summer Reading Program
- Youth book discussions

Reference Services

- Direct patron assistance: in person, by phone, electronic
- Assistance and referral to outside agencies
- Interlibrary loan (materials held by other libraries)
- Library web page
- Device training
- Public computers with internet access, scanning, faxing, and printing
- Research assistance

Special Collections Activities

- Art objects: documentation, restoration, cleaning, and display
- Paper collection - books and loose papers - preservation and patron assistance
- Local history clipping and indexing
- Microform
- Genealogy databases
- Digital collections (www.portsmouthexhibits.org) and publications
- Personal histories collections
- Archival collections

Public Programs and Community Building

- Adult informative programs (history, literature, poetry, humor, music, sports)
- Self-development programs (retirement, personal finance, safety, fitness, health)
- Community forums and panel discussions
- World affairs discussion group and speaker series
- Library and computer instruction
- Adult and youth book discussions
- Language discussion groups in slanguages
- Art exhibits and lectures
- Local history lectures
- Genealogy workshops
- Meeting rooms/study rooms/collaborative workspace

Computer Services and Training

- Public computers
- Internet access, word processing, spreadsheet programs, office applications
- Instruction in general computer use and in use of electronic library services:
one-on-one and group instruction
- Informative and entertaining computer programs for children and adults
- Wireless network and wireless printing
- Production station: two flatbed scanners, color and black and white laser printers
- Mobile services

All Staff and Departments

- Conversations with visitors of all ages
- Linking, connecting people with their community
- Providing a warm and welcoming environment to all who visit

Services to schools

- Provide access to the library's Koha integrated library system for school collections
- Intra-system loans
- Book talks, children's programs
- Cooperative planning and training
- Teacher lending program

Goals and Objectives

Goal #1: Identify and pursue new revenue streams to augment existing programming and materials

Objective

- ✓ Identify and pursue a variety of potential revenue streams including a Library Foundation

Performance Measurement

- ✓ Working with library trustees explore the potential for a library foundation

Citywide Goal Addressed

- ✓ *Maintain Financial Stability*

Goal #2: Continue to pursue diversity, equity, and inclusion initiatives around staffing, spaces, collections, programs, and services

Objectives

- ✓ Continue to explore new programming topics to reach a broad and diverse segment of our population
- ✓ Continue the library's TIDE (Taskforce on Inclusion, Diversity and Equity) to inform library programs and services
- ✓ Maintain and improve best practices on the library website for accessibility and effective communications
- ✓ Analyze diversity audits and further develop selection strategies for diverse collection development

Performance Measurements

- ✓ Implementation of new staff learning modules in FY25
- ✓ Ongoing TIDE programs with guest speakers from the community

Citywide Goal Addressed

- ✓ *Welcome and support diversity in the workplace and community*

Goal #3: Maintain and continue to develop a wide variety of partnerships with local organizations in programming, outreach, and services

Objectives

- ✓ Continue to explore and provide programs and outreach for all ages
- ✓ Align new programs with Strategic Plan and with city goals
- ✓ Identify, pursue, and maintain a broad array of city and community partnerships to inform and enrich our programs and services

Performance Measurement

- ✓ Established homebound delivery services
- ✓ Continued partnerships with PMAC, NH Black Heritage Trail

Number Programs

FY22	FY23	FY24	FY25 (Estimate)
1,072	1,232	1,025	1,196

Citywide Goal Addressed

- ✓ *Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources*

Goal #4: Continue exploring ways to support new and existing businesses

Objectives

- ✓ Continue to partner with strong, connected local and regional organizations supporting businesses
- ✓ Explore additional programs, services and resources for entrepreneurs and business owners
- ✓ Maintain a space that easily allows collaboration and business activity

Performance Measurements

- ✓ Implementation of Candid online for non-profits in FY25 – The Foundation Directory for grant opportunities
- ✓ Implementation of TBS PC management – scan, fax, print and wifi printing on PCs and laptops
- ✓ Small Business Week programming in partnership with the Chamber Collaborative of Greater Portsmouth

Citywide Goal Addressed

- ✓ *Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources*

Goal #5: Maintain high customer service levels throughout the Library

Objectives

- ✓ Continue to provide programs and services year-round for all ages in a variety of formats
- ✓ Continue to update professional skills related to library services for all staff as appropriate
- ✓ Update catalog education and training

Performance Measurements

- ✓ Continuous positive community feedback
- ✓ Hosted book repair workshop for staff
- ✓ Ongoing online and in-person professional development through the New Hampshire Library Association, Web Junction, and more library-focused technical and soft skills

Citywide Goal Addressed

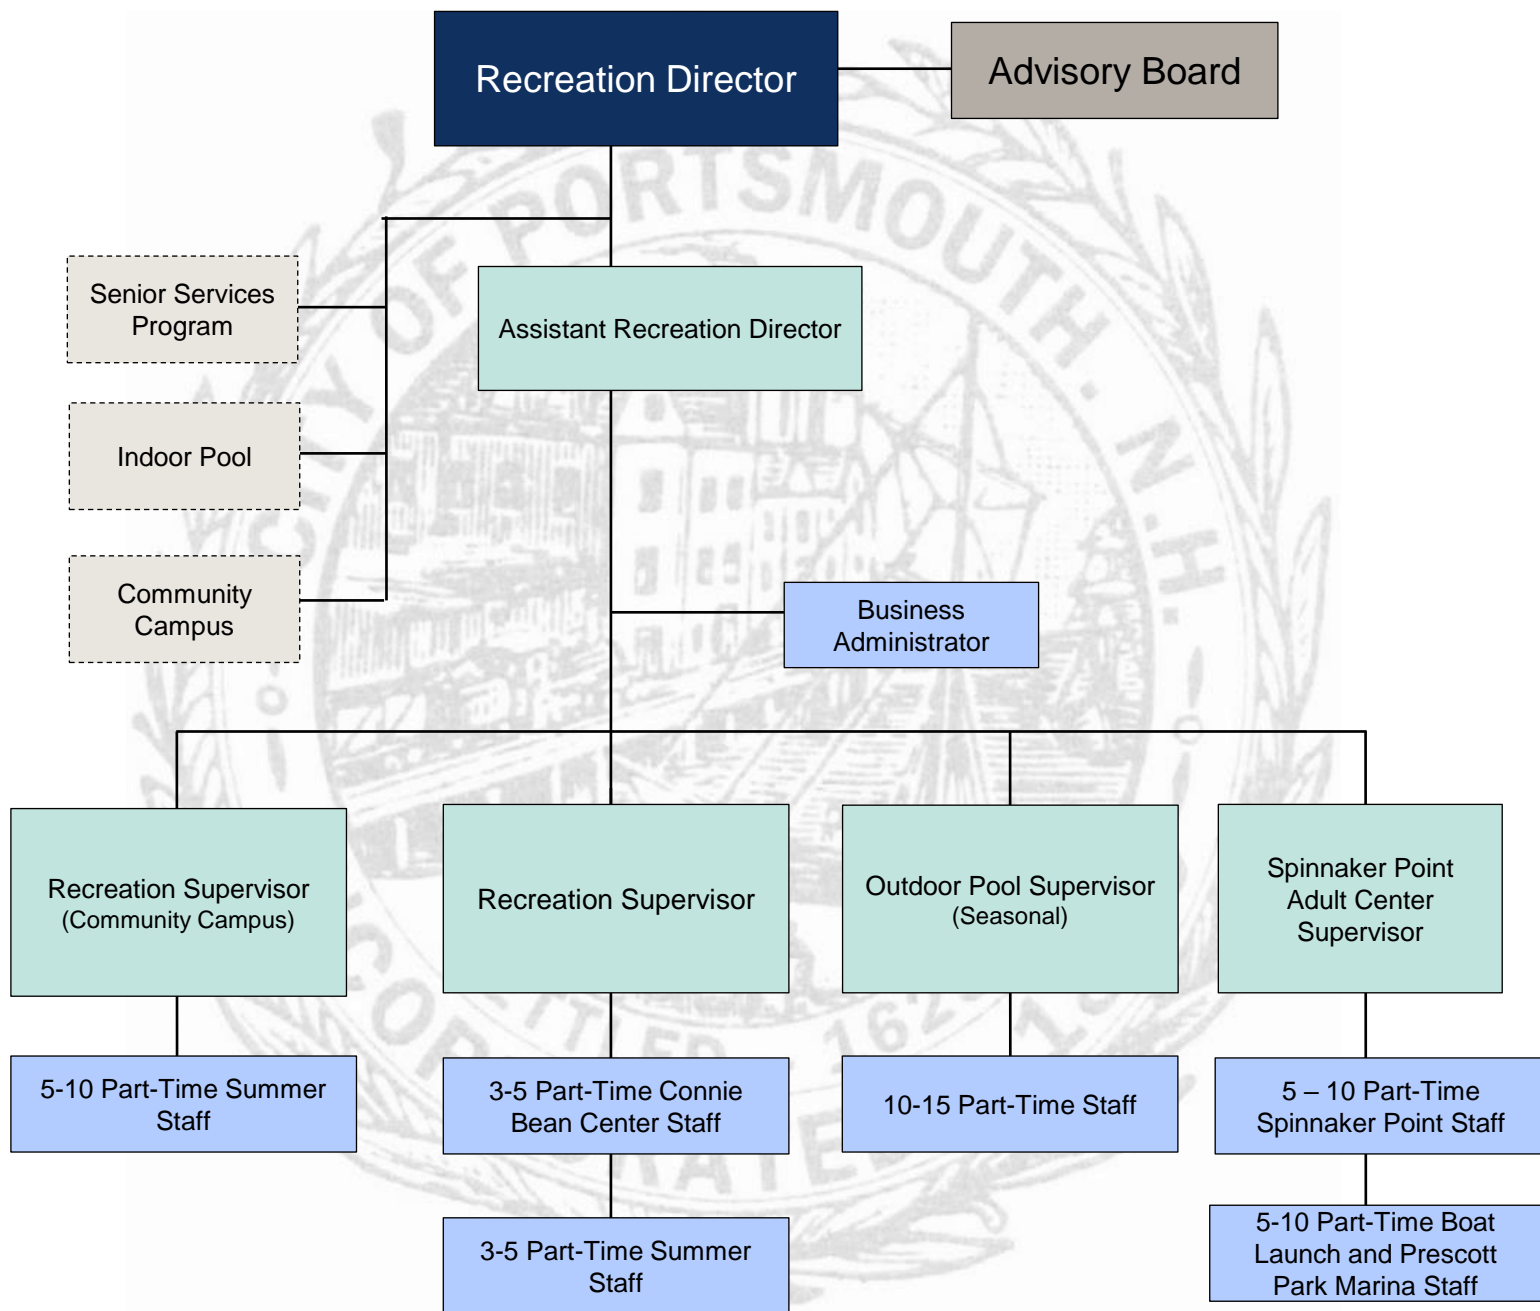

- ✓ *Deliver Services and Programs with Courtesy, Professionalism and Efficiency*

Recreation Department

Mission

Because we believe that recreation plays a vital role in the health development and life of both the individual and the community, we aim to utilize, maintain, and expand the recreation and leisure resources available to our community. We will attempt to involve all segments of the community and the Recreation Department in planning activities, be they individuals, community agencies, or citizen boards. We will provide leisure time opportunities and recreation experiences for all residents in safe and healthful conditions, which are enjoyable and productive for each and every individual involved.

Recreation Department

Services Overview

- ✓ Connie Bean Community Center Youth Programs & Sports
- ✓ Spinnaker Point Recreation Center Adult Programs & Sports
- ✓ Outdoor Pool
- ✓ Special Events & Programs
- ✓ Senior (50+) Programs (Senior Activity Center)
- ✓ Boat Launch/Marina Management
- ✓ Field & Court Management
- ✓ Indoor Pool (not funded through General Fund)
- ✓ Community Campus (not funded through General Fund)

Did you know?

Did you know that the Recreation Department offers classes in art, fitness, STEM, music, drama, cooking, aquatics, and other enrichment topics for all ages?

Department Budget Comments

The FY26 Proposed Budget for the Recreation Department is \$1,157,661, a net decrease of \$71,123 or 5.79% below FY25. The decrease reflects moving some program-focused part-time salaries to program revenue funded positions.

Programs and Services

Connie Bean Community Center

- Daily recreation, enrichment, and open gym programs
- Organized youth sports leagues, grades K-12
- Camps and vacation programs

Spinnaker Point Recreation Center

- Fitness center for adults 18+ (fitness equipment, weights, indoor track, basketball court, volleyball, fitness classes, swimming pool, hot tub, steam room, sauna)
- Organized adult sports leagues (basketball, volleyball, etc.)

Indoor Pool (for more information see the Indoor Pool pages)

- Swim programs, aquatic fitness classes, lap swimming
- Swim lessons for over 1,000 City residents
- Swim team use for all ages

Outdoor Pool

- Swim lessons to over 700 children per year
- Adult and family open swims

Special Events & Programs

- Valentine's Day Events
- Easter Egg Hunt
- Independence Day Fireworks
- Fall Family Fun Fest and Halloween events
- Summer Day Camps (8 weeks)
- Senior and family day trips
- Sports camps (basketball, soccer, baseball, field hockey, softball, etc.)
- Prescott Park Marina management (April-November)

Senior (50+) Programs (for more information see the Senior Services Department pages)

- Daily drop-in programs and lounge
- Monthly newsletter
- Meals and transportation for seniors
- Trips, resources, enrichment, education, and socialization

Boat Launch

- Staffed water access for 6 months
- Motorized and non-motorized access
- Peirce Island Ambassador program

Facility, Field & Court Management

- Rental and programming for multiple fields including turf field complex
- Rental and programming for outdoor basketball, tennis, volleyball, and pickleball courts
- Rental and programming for all Recreation facilities – meetings, blood drives

Community Campus

- Daily recreation and enrichment programs for all ages
- After school programming with transportation from elementary schools
- Youth & adult sports leagues

Goals and Objectives

Goal #1: Provide affordable, diverse, year-round activities for residents and others

Objectives

- ✓ Provide year-round recreational programs serving the varying needs of Portsmouth's residents, regardless of age, sex, race, or income level
- ✓ Provide activities for different periods of free time due to accommodate those not working in the traditional 9-5 setting
- ✓ Provide activities of a progressive nature so participants, from beginner to advanced, can be accommodated and satisfied
- ✓ Create a balanced program between young and old, male and female, constant users and new participants, athletic activities and non-athletic activities
- ✓ Increase the number of participants by 3% in FY26

Performance Measurement

*Number of Program Participants *Does not include special events**

FY22	FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
2,268	3,909	4,098	4,209	4,336

Citywide Goal Addressed

- Deliver services and programs with courtesy, professionalism, and efficiency

Goal #2: Fully utilize all existing facilities, to expand the use of those facilities and areas set-aside for recreation as deemed necessary, including incorporating new elements into our parks/playgrounds

Objectives

- ✓ Continue to improve neighborhood parks and playgrounds
- ✓ Improve and/or upgrade recreation facilities
- ✓ Increase the number of new programs by 3%

Performance Measurement

Number of Programs Offered

FY22	FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
89	138	143	146	150

Citywide Goals Addressed

- Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources
- Maintain and improve infrastructure to meet the needs of the community

Goal #3: Satisfy the different tastes and interests of individuals and age groups including active, passive, educational, cultural, social, and athletic forms of leisure time interests

Objectives

- ✓ Provide a safe and comfortable atmosphere for all patrons at all facilities
- ✓ Carry on an active public relations campaign and encourage individuals and groups to actively participate in the planning and control of their programs and Recreation Department
- ✓ Increase newsletter and social media followers by 4%

Performance Measurement

	Number of Subscribers/Followers

Did you know?

Did you know Senior Services has access to Portsmouth Senior Transportation Program? For more information check out our Portsmouth Senior Transportation Program at <https://www.portsmouthnh.gov/recreation/senior/portsmouth-senior-transportation>.

Department Budget Comments

The FY26 Proposed Budget for Senior Services is \$244,585. This represents an increase of \$4,354, or 1.8%. This increase is due to contractual obligations.

The City implemented senior services programs in FY13 and has continued to increase services to the City's seniors. The Senior Activity Center moved to its permanent 13,000 sq. ft. location at 125 Cottage Street (amid the pandemic) in May 2020.

Programs and Services

As part of the Recreation Department, the Senior Activity Center/Senior Services offers a variety of programs, activities, and services to promote healthy aging. In 2018, the City of Portsmouth became an "Age-Friendly Community" and strives to make Portsmouth livable for all ages.

Senior Activity Center

- Drop-in lounge with complimentary coffee, snacks, newspaper, music, and Wi-Fi
- Lunch programs, grab & go, senior social lunch, annual cookout, Thanksgiving luncheon, Veterans Breakfast, off-site lunch trips and pop-up breakfast out trips
- Afternoon Sock Hop, holiday party, and an increase in intergenerational programming
- [Senior newsletter](#) on website, emailed, and mailed
- Fitness, health & wellness, field trips, social, enriching activities offered throughout each month

Health & Wellness Programs

- Variety of fitness classes available each week
- Wellness clinics (blood pressure, balance testing, hearing, etc.)
- Guest speakers on healthy topics like Brain Health & Fall Prevention
- Partnership with UNH Occupational Health students for nine-week health education program
- Increase of caregiver resources, education opportunities, and facilitators to our growing Dementia Support Group (new in FY2025)
- Nutritional meals served weekly; Gather Mobile Market site twice monthly

Enriching & Educational Programs

- Expansion of concert series to all year long (new in FY2025)
- Games, movies, knitting, social groups (ie: Dull Men's Club)
- Guest speakers on interesting topics like photography, fraud protection, local historians, humanities lectures
- Wet felting, watercolor classes, and Zentangle
- Seasonal art shows, Veterans Afternoon Coffee
- Day trips, overnights, and multi-day international travel

Senior Transportation

- [Senior Transportation](#) serviced by COAST/Triplink offered to Portsmouth residents five days per week. Free medical rides, low-cost shopping trips, senior activity center stop
- Promote ridership, resource information, connect service to residents
- Funding for Senior Transportation comes from the Parking and Transportation Fund

Additional Senior Services

- Resource information
- Free book program
- PPE distribution, vaccination site, blood drives, warming/cooling stations
- Portsmouth Meals on Wheels site
- Tax-Aide on site with AARP
- Meeting space available
- Collaborative Programming with Gather & Portsmouth Housing on Rock the Crock Series and Community Dinners providing transportation to housing residents (new in FY2025)

Goals and Objectives

Goal #1: Enrich the community by promoting healthy aging

Objectives

- ✓ Create and distribute print and online newsletter highlighting activities and services for seniors
- ✓ Continue to collaborate with community organizations to enhance senior programming and education
- ✓ Build Age Friendly Portsmouth initiative

Performance Measurement

	FY23	FY24	FY25 (Est)	FY26 (Forecast)
Newsletter email list	1,767	1,986	2,200	2,400

Citywide Goals Addressed

- Deliver services and programs with courtesy, professionalism and efficiency
- Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government

Goal #2: Continue to offer a senior gathering space

Objectives

- ✓ Dedicated hub for seniors to gather including activity space, weekly meals on site, and drop in lounge
- ✓ Promote and provide social, educational, and physical opportunities for healthy aging
- ✓ Build and reinforce community partnerships to support programs and services offered
- ✓ Provide a warm, welcoming environment with a feeling of safety and inclusivity
- ✓ Warming/Cooling Center, vaccination station and blood drive site

Performance Measurements

Welfare Department

Mission

To provide appropriate and timely assistance to qualified individuals. This office seeks to promote independence through guidance and referrals while recognizing the need to balance the City's financial interests with the needs of welfare applicants. Maintaining an active role in the community of organizations, businesses, and agencies that provide services to Portsmouth residents assures that all forms of support are utilized to the fullest for our community.

Welfare

Services Overview

- ✓ Client Services
- ✓ Verify application for City's Water Program
- ✓ Community Relations
- ✓ Information and Referral

Did you know?

- ✓ Did you know Portsmouth also serves as the Welfare office for the towns of Rye, Greenland, Newington, and New Castle?
- ✓ The Welfare Department administers a Water Program for the City of Portsmouth? There is one-time emergency assistance with ½ the bill up to \$300 or a discount program due to age and/or income.

Department Budget Comments

The FY26 Proposed Budget for the Welfare Department is \$532,583, which represents an increase of \$115,374 or 27.65% from FY25. By NH law, the City must assist any eligible applicant, so this expenditure is subject to market factors outside municipal control. The Direct Assistance portion of this budget has increased to \$371,750, which accounts for most of the increase in this budget. The Welfare office has seen an increase in applicants since the end of COVID funding; however, the number of applicants is surpassing the pace set before 2019. Due to the high cost of housing and other inflationary factors, the cost per visit to the Department has increased by 23% during the last year.

Programs and Services

Client Services

- Determine qualified applicants, process requests for service, and make referrals
- Determine qualified applicants, process requests for the City Water Program
- Administer emergency assistance funding based on State law and City ordinance
- Conduct periodic follow-up of clients
- Monitor changing federal/state laws and regulations
- Facilitate responsiveness of agencies to Department referrals

Community Relations

- Actively participate in local social service networks
- Advise City Manager on appropriate funding levels for social service agencies
- Advocate for the interests of Department recipients and the City

Goals and Objectives

Goal #1: Assist individuals in Portsmouth, in accordance with New Hampshire Law and the Welfare Guidelines adopted by the City Council, who are temporarily unable to provide for their own documented shelter, food, medication, utility, or other emergency needs per NH RSA 165

Objectives

- ✓ Refine and improve applicant qualification process
- ✓ Take active role in social service networks
- ✓ Leverage existing resources and explore new avenues to maintain cost per-in office contact and other expenses

Performance Measurements

Percent change over previous year for cost per in-office contact.

 - Seacoast Counties Local Welfare Administrators Association
 - Seacoast Impact Collaborative
 - Greater Portsmouth Recovery Coalition
 - Strafford County Community Care Team
 - Portsmouth Community Care Team
 - NH Local Welfare Administrators Association

Department Budget Comments

The FY26 Proposed Budget for Outside Social Services is \$250,500, representing a level funded budget from FY25. The organizations have provided below an overview of their programs and services.

Programs and Services

- **AIDS Response Seacoast:** AIDS Response Seacoast (ARS) is a non-profit community-based HIV/AIDS Service Organization which has served the Seacoast area since 1987. The mission is three-fold: to prevent the spread of HIV infection by promoting the avoidance of unsafe practices through education and prevention programs for individuals, groups and communities; to provide direct services for those living with HIV/AIDS through case management and other practical and emotional support services; and to advocate on HIV/AIDS issues on the local, State, and national level. ARS provides services throughout Rockingham and Strafford Counties in New Hampshire. All programs and services offered by ARS are provided free of charge.

The ARS Client Services Department provides advocacy and referrals to people living with HIV/AIDS and otherwise assists them in accessing complex medical and social service systems, obtaining housing, financial assistance, and home-based services as well as promoting healthy behaviors and emotional well-being. In addition, the Client Services Department also provides access to mental health and substance misuse counseling; access to transportation to medical appointments; housing assistance including emergency housing and utility support, and a food pantry to help ensure food security.

- **American Red Cross:** The mission of the American Red Cross is to prevent and alleviate suffering in the face of disaster by mobilizing the power of volunteers and the generosity of donors. Locally, the most common disaster responses are for home fires. The American Red Cross provides emergency food, shelter, clothing, and financial assistance in the immediate aftermath to ensure that victims' immediate needs are met as they begin their long journey of recovery. The organization also deploys staff and volunteers all over the country to support mass care efforts in the wake of large-scale national disasters such as hurricanes and wildfires. In addition to its disaster response work, it also facilitates the collection and distribution of lifesaving blood and blood products for local hospitals; it offers supportive services to active and veteran members of the nation's military and their families, such as emergency communications and resiliency trainings; and it ensures the safety of its communities by offering First Aid & CPR, babysitting, and aquatics training courses throughout its network.

- **Area Homecare & Family Services, Inc:** The Agency mission is “to provide non-medical in-home care services to low-income elderly and adults with disabilities or chronic illnesses, so they may remain in their homes for as long as possible.” Services are free for income-eligible clients and include grocery shopping, laundry, light housekeeping, companionship and many more activities of daily living the clients cannot do for themselves. In FY24 services were provided to 102 Portsmouth residents. More than 99% of these clients are “very-low income” by HUD standards and some of the cost of providing this service is not recoverable from the state contract or Medicaid and must be raised by the Agency. In addition to providing direct in-home care services to the elderly and adults with disabilities or chronic illnesses, the Agency also develops and sponsors Project CoolAir, which raises money to buy air conditioners for Portsmouth citizens with medical conditions who are in financial need. The City Welfare Department is one of many local referral sources. City funds are requested to enable the In-Home Care Program to continue to offer free homemaker services to the many Portsmouth residents in need who wish to remain in their homes.

- **CASA:** Court Appointed Special Advocates (CASA) of NH provides a voice for abused and neglected children and youth by empowering a statewide network of trained volunteers to advocate on their behalf so they can thrive in safe, permanent homes. The impact of CASA in the community is deep and profound. CASA’s volunteer advocates have the ability to provide CASA children with dedicated advocacy, focusing on just a case or two at a time. CASA provides children with a consistent, caring voice, reminding them that they are valued and deserve a chance to be safe from harm is proven to deliver better short- and long-term outcomes for children it serves is significantly more cost effective than alternative approaches, saving NH tax payers more than \$3.5 million last fiscal year and is the preferred child advocacy organization among New Hampshire’s judges who preside over child welfare cases. Since its inception more than 30 years ago, thousands of CASA volunteer advocates have provided a voice for more than 12,000 children.

- **Community Action Partnership for Hillsborough and Rockingham Counties (CAP):** In addition to serving as an important ‘port of entry’ for other social services, CAP’s resource centers provide a number of direct services to low-income households:
 - Fuel/Electric Assistance Programs: Staff screen and enroll households in federal LIHEAP (Low Income Heating & Energy Assistance Program) aka ‘fuel assistance’ and state Electric Assistance Programs
 - Crisis Services: Staff provide emergency grants, often working in cooperation with municipal welfare, for households facing eviction, foreclosure and/or utility terminations
 - Food Pantries: Staff assist households who are critically low on food with donated and purchased perishable, non-perishable, meat and dairy food items. They work cooperatively with other small community pantries to assure the widest availability of these resources. CAP also receives, from both organizations and individuals, cash donations which are used to fill in gaps as they arise in the food stocks or to purchase food ‘gift cards’ for area grocery stores. CAP stocks personal care and cleaning items, and it attempts to keep a supply of diapers and related supplies for children and adults at its sites, as well.
 - Financial Capability: CAP employs dedicated staff who are responsible for holding free tax free tax preparation geared at the Earned Income Tax Credit (EITC) eligible tax payer, providing one on one financial coaching, credit repair, financial crisis interventions, workshops and access to partner financial services. Staff also works at filling the void in financial stability programming when a need presents itself ie working with town assistance offices to help fill

out Property Tax Relief forms.

- Workforce Development programming offers skill building and case management to unemployed/under-employed as well as making connections to businesses for possible permanent employment.
 - Homeless Outreach/Intervention Program: Staff assists homeless individuals and families with identifying shelter needs, arranging emergency transportation to shelters, and arranging alternative shelters.
 - NH DP-8 Low & Income Homeowners Property Tax Relief applications: Staff contacts eligible County resident homeowners and assists in the completion of this application to receive a State property tax refund check.
- **Cornerstone VNA**: As a nonprofit organization, Cornerstone VNA is committed to bringing services to people of all ages regardless of their ability to pay, so that families can stay together at home, even when facing the challenges of aging, surgical recovery, chronic or life-threatening illnesses, or end-of-life care. The VNA provides award-winning care at home through five programs: Home Care, Hospice Care, Palliative Care, Life Care-Private Duty, and Community Care.
 - **Cross Roads House**: For over 40 years, Cross Roads House (CRH) has been providing shelter and supportive services to individuals and families in the NH Seacoast area who are experiencing homelessness. The organization strives to meet the immediate needs of the region's homeless and to provide them with the tools and guidance they need to successfully return to permanent housing. CRH open and staffed 24 hours a day, 365 days a year. In its Fiscal Year ending June 30, 2024, CRH provided shelter to 435 people for 28,201 bed nights. CRH connects people experiencing homelessness with partner agencies and community resources. CRH also provides Housing Stability Case Management to residents once they are in permanent housing. After the first year of being in permanent housing, over 90% of the individuals CRH support with Case Management are still in that permanent housing.
 - **Friends Program (RSVP)**: The Friends Program is a social service organization that builds positive connections and solutions for at-risk youth, families and seniors and serves as the local sponsor for the Retired and Senior Volunteer Program (RSVP). Friends RSVP helps solve unmet community needs through volunteers and increases the health and independence of older adults through active, meaningful volunteerism. RSVP capitalizes on people's interests and skills to provide a wide range of services to Portsmouth's underserved and disadvantaged residents. In 2024, Friends RSVP coordinated volunteer placements of 298 seniors who contributed 32,017 hours of service throughout the total program area. Friends' RSVP coordinators work with volunteers in the Portsmouth region to continually serve the needs of individuals and organizations. In 2024, Portsmouth organizations and agencies received over 1,412 hours of volunteer service by Friends RSVP. Volunteers directly served 4,111 Portsmouth residents by assisting in these important programs. These hours represent a value of over \$48,911 in direct services and time provided to Portsmouth residents and agencies in need.
 - **Gather**: Gather offers food access services that address immediate hunger needs while also working toward long-term, preventative strategies that build food security and support residents' health and wellbeing. Gather's grocery store-style pantry market provides its clients with choice, offering fresh foods at no cost. Open 5 days a week for a total of 28 hours, the pantry's community room has pre-made meals. Of Rockingham County residents who access the pantry market, 52% of visits were made by Portsmouth residents in 2024. They accessed 48% of the pounds of food distributed valued at \$373,651 to Rockingham County residents through this program alone. Gather's Mobile Markets, Fresh Food Bus, and

Meals 4 Kids (M4K) initiatives provide fresh, nutritious food to residents through a farmer's market-style set-up at five Portsmouth locations. In FY2025 to date, Gather has already served 44,380 people and distributed 382,965 pounds of food through its Mobile Markets, M4K, and Fresh Food Bus programming. This reflects a 35% increase in people served and a 28% increase in amount of food distributed from FY2024. The need for services is critical since 2023, there has been a 50% increase in demand across its work, last year Gather served 125,000 people and distributed 1.7 million pounds of food monthly at no cost to recipients.

- **Goodwin/Families First (Greater Seacoast Community Health):** Greater Seacoast Community Health (Greater Seacoast) is a network of community health centers, including Families First Health & Support Center and Goodwin Community Health. Greater Seacoast's mission is to deliver innovative, compassionate, integrated health services and support accessible to all in the community, regardless of ability to pay. Each year, Greater Seacoast serves about 1,100 low-income Portsmouth children and adults with affordable, accessible, comprehensive, and prevention-focused health care and parenting and family programs. Greater Seacoast provides general medical care for children and adults of all ages; prenatal care; dental care and education; behavioral health counseling for children and adults; substance misuse treatment, including medication-assisted recovery; and family support and education in groups and one-on-one settings. And Greater Seacoast offers mobile health services in several communities, including weekly medical clinics at Cross Roads House and St. John's Episcopal Church in Portsmouth. Greater Seacoast's services help people stay healthier, improve their quality of life, and save money for the city. Many City of Portsmouth Welfare recipients are served by Greater Seacoast, which is essential in returning welfare recipients to health, employability, and independence. Funding from the City of Portsmouth is requested for Greater Seacoast primary care staff salaries to continue providing essential medical services to Portsmouth residents.
- **HAVEN:** For 45 years, HAVEN, the organization created by the merger of A Safe Place and Sexual Assault Support Services (SASS), has provided services to Portsmouth residents impacted by domestic and sexual violence. HAVEN's mission is to prevent sexual assault and domestic violence and to empower all women, men, non-binary and transgender adults, youth and families to heal from abuse and rebuild their lives. Services include: providing 24-hour confidential emergency shelter and support services via a confidential 24-hour hotline; in-person accompaniments at hospitals, police, child advocacy centers and courts; a housing assistance program for survivors; and a K-12 Safe Kids Strong Teens prevention education program aimed to prevent sexual abuse, bullying and teen dating violence. Most recently added to HAVEN's services is its Housing First initiative, where the organization provides assistance to victims and survivors in need of safe, affordable housing. In addition, HAVEN's main office in Portsmouth (located at 20 International Drive at the Pease Tradeport) allows those in need of assistance to access in-person support during office hours. In FY2024, HAVEN assisted 159 Portsmouth residents with support services through its 24-hour client services program, that includes shelter and housing and reached 1,054 Portsmouth students and teachers and other community members with its Safe Kids Strong Teens prevention education program.
- **I Got Bridged:** I Got Bridged "bridges the gap for people in need on the Seacoast." The organization's focus is on helping community members who struggle with local transportation, food insecurity, homelessness, and substance abuse/addiction. I Got Bridged serves and collaborates with residents who face barriers to the ability to thrive due to their lower socioeconomic status, physical ability, age, and overall inability. Their goal is to provide free transportation to the local food pantries, community meals, recovery meetings, church services, medical appointments and more. The organization also transitions the homeless to residential living and provide bags of essentials to those experiencing homelessness.

- **Krempels Brain Injury Center:** Krempels Brain Injury Center is a nonprofit organization dedicated to improving the quality of life of people living with acquired brain injury through evidence-based programming, shared experiences, and support in a welcoming community. Located at the Community Campus in Portsmouth, Krempels' services are unduplicated and innovative; the Center is the only one of its kind in the northeast and one of only a handful in the country providing post-rehab, community-based programming for people living with the chronic effects of their injury. Krempels has served brain injury survivors in Portsmouth and surrounding communities since 2000. Krempels' evidence-based therapeutic programming significantly improves the quality-of-life outcomes for a population that is often homebound, socially marginalized, and economically disadvantaged. Between June 30, 2023, and July 1, 2024, Krempels was visited 780 times by 11 Portsmouth residents. Services included approximately \$64,000 in free or reduced attendance fees.
- **Meals on Wheels:** Meals on Wheels of Rockingham County helps older and/or disabled adults maintain their health, well-being, and independence. This means support in two areas essential to helping its clients "age in place" at home- nutritious meals and transportation. Meals on Wheels provides hot, nutritious meals both in a community setting and via home delivery in all cities and towns of Rockingham County. In its most recent fiscal year, it served 52,209 meals to 298 Portsmouth residents. Meals on Wheels provided wellness checks to at-risk citizens every week of the year, Monday through Friday, with provisions for weekend service for those who need it. The organization offers a variety of meal choices to its clients, hot meals, targeted diet plans for many medical conditions, and peace of mind to families and neighbors, all at a fraction of the cost of assisted living or nursing home care. While its clients' nutritional needs are important, Meals on Wheels knows that it is also delivering a crucial serving of human interaction that can counteract the feelings of isolation and loneliness that many of its clients feel. The caring, personal connection that develops between its clients and its staff is hard to describe in words.
- **My Friend's Place:** My Friend's Place (MFP) Emergency Shelter has been providing shelter to homeless men women and families for over 30 years. Its ten-bedroom farmhouse, located in a quiet neighborhood, provides a home-like setting. MFP provides for all basic needs with a large pantry, showers, laundry facilities and more. The critical services of Case Management are also provided, to assist the client to obtain ID's, income, SNAP or other government benefits the client may be eligible for, as well as coordination of other necessary outside services such as finding a medical home, substance abuse, mental health or other services. The goal of case management is to eliminate barriers to permanent housing. Thousands of people over the last 30 plus years have called My Friend's Place their home at some point and time. My Friend's Place also owns two duplexes in Dover serving up to four families in longer term transitional housing. In transitional housing, families' can work on longer term goals while they increase their income so they can afford full market rent housing, or if they are on a fixed income wait for their names to come up on waitlists for income-based housing.
- **New Generation:** Founded in 1987, New Generation is a safe, family-oriented shelter for pregnant women and mothers with children who are experiencing homelessness due to domestic violence, financial hardship, substance use disorder, and mental health challenges, among other issues. Since its inception, New Generation has helped more than 1,850 women and children find permanent housing and access case management to move from homelessness into independent living and self-sufficiency. Specific Programs include:
 - Emergency services: Housing, food, transportation, individual case management, parenting education sessions, financial counseling, among other services.
 - Transitional housing: Housing, individual case management, parenting education sessions, financial counseling, among other services.

- Stabilization services for residents moving out to permanent housing: Individual case management, parenting education sessions, financial counseling, and referral to other core services.

In addition to programming and supportive services, New Generation provided approximately 7,300 bed-nights and 10,000 meals in the last fiscal year. Since opening its doors more than 36 years ago, New Generation has served women and their children as they move out of homelessness toward self-sufficiency, providing special support to children in areas such as behavioral structure, literacy, and nutrition. These are children who, due to homelessness, might not otherwise have been able to receive these services.

- **Operation Blessing:** Operation Blessing (OB) is a safe place for people who experience crisis situations in their lives due to poverty, homelessness, illness, joblessness, or other adverse circumstances. OB fights poverty by embracing all people in-need with compassion, offering hope and healing for changed lives. Services are provided in a flexible and responsive manner so that families can obtain the necessary assistance to gradually become more self-sufficient and less dependent upon critical relief services. OB provides a trauma-informed environment with a client-centered approach and works collaboratively with other social service agencies to widen the doorway for more seamless care and support. Programs include:

- OB Center: provides free food, clothing, personal care, and household items to those in need, as well as offers free case management support.
- The Cafe at OB: guests receive a hearty warm meal and beverage in a safe and compassionate environment. (limited seating and hours, while supplies last).
- The Warming & Cooling Center: offers temporary (7pm to 7am) shelter and showering during times of extreme cold and heat.
- Outreach Programming: One day to Serve, monthly mobile food pantry and congregate meals to Portsmouth Housing Authority (PHA), Thanksgiving basket delivery, Christmas Gift Giveaway, Back to School Bash, and Getting Ahead class.
- Youth Engagement: in cooperation with the Greenleaf Recreation Center, OB provides free after school activities including homework assistance, open rec events, and prosocial activities such as lessons in swimming, cooking, karate, and fitness.

- **Safe Harbor Recovery Center:** Safe Harbor Recovery Center, a non-profit, peer-delivered recovery support program of Granite Pathways, was established in 2016 by the recovery community in an effort to respond to the addiction crisis. As a Recovery Community Organization (RCO), Safe Harbor was the second established recovery community center (RCC) in the state of New Hampshire and since then, Safe Harbor trained staff with lived experience of substance misuse and mental health issues have helped over 7,000 individuals through individual or group trained peer counseling, peer mutual aid groups (NA, M, SMART), parenting education, unhoused outreach and assistance, workforce readiness (Job Launch), SUD education, holistic modalities (reiki and auricular acupuncture) and as of 2023, youth programming. All staff peer-delivered services are regulated by the Board of Alcohol and Other Drug Use Professionals and bound by strict State ethical and federal confidentiality laws. Its purpose is to assist (in a trauma-informed, all-inclusive, and non-judgmental way) people in navigating their own recovery wellness in an individualized, holistic, and creative way, embracing all pathways and utilizing all available resources.

- **Seacoast Big Brothers/Big Sisters of NH:** The mission of Big Brothers Big Sisters of New Hampshire is to create and support one-to-one mentoring relationships that ignite the power

and promise of youth, ages 6-18. Many of the youth served by Seacoast Big Brothers/Big Sisters serve are facing significant adversities in their lives including: parental incarceration, poverty/low-income household, exposure to substance and opioid misuse, experiences with trauma, abuse, mental health issues and more. BBBSNH takes a preventative approach to address these circumstances, with its vision that all youth have the opportunity to reach their full potential through mentorship.

- **Seacoast Community School:** Seacoast Community School (SCS), formerly known as the Community Child Care Center, was established in 1967. Its enduring mission is to provide nurturing care and exceptional education to all children within the Seacoast community, remaining steadfast in its dedication to supporting low-income families and addressing their specific needs. SCS aspires to lead in the realm of innovative and accessible education for children aged eight weeks to twelve years, while fostering an understanding of the importance and positive impact of high-quality early education.

SCS serves an average of over 240 full-time equivalent children daily, offering a diverse range of programs including: nationally accredited full-daycare for infants, toddlers, and preschoolers; half-day inclusive preschool options in partnership with Portsmouth Schools; and after-school programming for students in grades K-5 in Portsmouth and Greenland.

In its commitment to accessibility, SCS diligently works to ensure that all programs are available to families and their children, irrespective of their socio-economic status. Priority is given to children from families in financial need, as these individuals benefit significantly from the organizations quality early education and care. By facilitating access to quality childcare, SCS empowers families to secure and maintain employment, pursue job skill training, and ensure stable housing, food, and other essential living necessities.

Additionally, SCS accepts New Hampshire State Child Care Scholarship reimbursements and actively collaborates with the City of Portsmouth, local agencies, and private donors to create additional scholarship opportunities. Through initiatives like the Social Services Agency Grant, SCS strives to meet the needs of the community's most vulnerable populations.

SCS is currently advancing its three-year strategic plan and has achieved significant milestones in a relatively short time frame, despite the numerous challenges posed by COVID-19. During the pandemic, SCS successfully transitioned from in-person learning for the 2019-20 school year and maintained uninterrupted services for families in the region. The organization launched a specialized morning program to align with public school half-day schedules, expanded its support for low-income families, increased scholarship opportunities, and sustained a dedicated team of over 50 faculty and administrators on-site each day. SCS's commitment to strict safety protocols has helped to reduce the incidence of COVID-19 among its students and staff. As a result, SCS has experienced an enrollment growth of approximately 100 students since 2020, despite the ongoing challenges related to the pandemic. SCS continues to strive to be innovative and expand its reach of impact every day. As it looks to the future, SCS remains committed to fostering a safe and supportive learning environment that meets the needs of the community and empowers every student to succeed.

- **Seacoast Mental Health Center:** The mission of Seacoast Mental Health Center, Inc. (SMHC) is to provide a broad, comprehensive array of high-quality, effective, and accessible mental health services to residents of the eastern half of Rockingham County. Services are provided to children, adolescents, adults, older adults, caregivers, and families, regardless of their ability to pay. SMHC's goal is to empower a family unit and/or individual to build upon health, community, and resilience within a collaborative treatment model where services are designed to meet patients where they are, both physically and psychologically. SMHC is mandated to provide evaluations and treatment for severe and persistent mental illnesses, such as bipolar disorder and schizophrenia, as well as depression, anxiety, and other mental health illnesses to children, adolescents, and their families, adults, as well as to the distinct

elderly demographic.

- **Seacoast Pathways:** The mission of Seacoast Pathways is to support adults living with mental illness and acquired brain injury on their paths to recovery while ending social and economic isolation. Seacoast Pathways is a structured evidence-based recovery program for adults 18+ living with mental illness and/or acquired brain injury who strive to engage with others and reintegrate in the community. The program follows the international Clubhouse Model of Psychosocial Rehabilitation and provides opportunities to utilize strengths, interests, and skill development to get back on track for employment, education, improved housing, and wellness - all hallmarks of mental health recovery. Participants, called members, work side-by-side with staff and fellow members to operate the clubhouse and volunteer for clerical work, reception, lunch preparation, and planning and organizing activities. Art, music, writing, yoga, and nutrition are incorporated for wellness and learning. Members are actively supported in gaining their independence and self-sufficiency, and are assisted in their employment, housing, and educational goals by increasing skills, pursuing resources, and finding fellowship with others. Membership is free and for life; prospective members need to provide a clinical referral for appropriateness to the program. Seacoast Pathways connects closely with Portsmouth Hospital's Behavioral Health Unit, the Seacoast Mental Health Center in their Portsmouth and Exeter locations, One Sky area agency, Krempels Brain Injury Center, and others.
- **Waypoint:** Waypoint is dedicated to advancing the well-being of children and families by providing an array of social services to strengthen family life and promoting community commitment to the needs of children. Waypoint has several programs that serve Portsmouth including Individual Services/Integrated Home-Based Services, Health Care Coordination, Healthy Family America, Parent Aide, and services for Homeless Youth. Specific to the request for funding is the Family-Centered Early Supports & Services (more commonly known as early intervention for children from birth to three years of age). These services are designed to help young children reach their full developmental potential and to support their families through that process. Programs are based on current research, balanced with experience, and clinical skill. Staff provide an array of developmental and therapeutic services for children with special needs, education and support to their families and guidance in accessing and coordinating community and health resources. City funds are requested for Family-Centered Early Supports and Services to help fill the significant gap between the cost of providing services and the available revenues collected from all other sources. The request is based on the number of children served. Last year, Waypoint provided services to 84 Portsmouth children and their families, continuing to represent the highest number of families served in its catchment area. City funds are requested to support staff in providing direct services to Portsmouth families.

Portsmouth School Department

Mission

The City of Portsmouth's School Department (PSD) follows the Portrait of a Graduate. As part of this Portrait of a Graduate the PSD stated that the Community strives to create:

- Passion for knowledge
- Global awareness & community contribution
- Collaboration & communication
- Transferable skills
- Personal well being
- Empathy & kindness

School Department

Services Overview

- ✓ Instructional Programs
- ✓ Support Services – Pupils
- ✓ Support Services – Instructional
- ✓ Support Services – General Administration
- ✓ Support Services – Business & Other

Did you know?

- Portsmouth Middle School offers 28 clubs and 12 interscholastic sports with 24 teams, and 85% of students participate in one or more of these activities?
- This year, elementary students worked with mentor students from Robert J. Lister Academy to produce ten gallons of maple syrup from trees in the community?
- There are over twenty-two different languages spoken in our students' homes?
- Portsmouth High School students provide service to the community?
 - In the Ecology class, 3-5 hours of Community Service are required. The community service must connect to the community (school, town, state, etc.) and be ecological/nature based. Here are some examples:
 - Independent Neighborhood / Beach Clean-Ups
 - Volunteer with a local nature organization (Seacoast Science Center, Center for Wildlife)
 - Help out the school community like the Greenhouse, Bees, EcoClub
 - The Service Learning Class connects 15-20 students every semester with local companies and organizations. This course involves weekly hands-on volunteering at a community site, as well as classroom reflection on project work, the concept of service learning and its impact on society. Students work in service volunteering at local non-profits such as Discover Portsmouth Center, PMAC, Operation Blessing or Edgewood Center.
 - Eco Club's school/community-wide projects include carbon offset garden, raising \$20,000 for solar panels, decreasing energy usage in classrooms, increasing paper recycling, increasing school-wide composting, creating gardens on the library lawn, adding plants throughout the school, rain garden installation, and helping the City with sustainability projects.
- Interact Club is a service and social club sponsored by the Portsmouth Rotary Club? The group carries out service projects on the local, national, and international levels. Past events have included volunteering at the Salvation Army Soup Kitchen monthly, bell ringing during the holiday season, collecting canned goods for local food pantries, and helping out the Portsmouth Rotary Club with their

community projects. Every month of the school year, and beyond, students serve the greater Portsmouth community. Following is a list of the monthly events the PHS Interact Club participates in:

- Spring cleaning supplies collection for Operation Blessing
- One Day to Serve - Helping to clean area housing complexes
- Salvation Army Food Truck
- The Women's Giving Circle
- Wentworth Senior Living in downtown Portsmouth for their Social Hour
- PHS Student Garden Management Team - clean up
- Healthy Kids Running Series
- Penguin Plunge: Special Olympics NH created the High School Plunge to help raise money for local Special Olympics programs, as well as Unified Sports programs. PHS was one of the first high schools in the state to participate in this now very popular event. This is a wonderful community service opportunity. Come take the plunge with us at Hampton Beach. PHS is regularly a top fund-raiser in the state.

Department Budget Comments

The FY26 Proposed Budget for the School Department is \$65,915,610, representing an increase of \$1,853,897 or 2.89% from FY25. That increase is driven in large part by rising premiums for health insurance, growing costs in out-of-district tuition, services, and transportation for special education placements, and fully funding technology equipment needs following the expiration of Covid-related federal funding. Also notable, five of the School Department's seven collective bargaining agreements are in negotiations for FY26, so this proposed School Department budget only includes COLA increases for Paraeducators and Custodial Supervisors. The additional costs related to COLA increases for the five unsettled contracts are included in the City's collective bargaining contingency.

The City Manager's budget proposal of \$65,915,610 differs from the School Board's recommendation by \$689,188. The submitted FY26 School Department budget, as voted by the School Board, is \$66,604,798, representing an increase of \$2,543,085 (3.97% increase) over FY25. This increase is largely driven by an increase in out of district student placements and other special education costs. Out-of-district placements are necessary when a student's educational and environmental needs cannot be provided within the district. That student would then be educated in a location outside of the Portsmouth School Department.

The School Board's proposed budget strategically reallocates resources to better meet the needs of our students. In February 2025, the School Department offered a retirement incentive to the teaching staff. This incentive allowed 11 teachers at the top of the pay scale to retire. Of these, eight positions will be filled, with some roles repurposed to positions that better serve our student and program needs.

The School Department continues to earn recognition across the State and the nation for the quality of its educational services and consistently strong student outcomes. The School Department consists of an inclusive Preschool Program, three K-5 Elementary Schools, a middle school, a high school, and one alternative high school program. The Department also accepts students in the middle school through tuition agreements with Newington and New Castle and has an Authorized Regional Enrollment Area (AREA) tuition agreement for high school with Rye, Greenland, Newington, and New Castle.

Strategic Position Reallocations

The Director of School Counseling is a district-wide position responsible for leading, coordinating, and overseeing the School District's comprehensive counseling program. This role promotes student academic success, career and college readiness, social-emotional development, and equitable access to counseling services for all students.

Some of the other savings will be for three new paraeducators. There are four rising Kindergarten students with individualized education plans requiring 1:1 paraeducator support. Therefore, we will need three additional paraprofessionals as we have a fifth-grade student moving to Portsmouth Middle School with 1:1 paraprofessional support; allowing for the current paraeducator (FY25) to support a rising kindergarten student.

One position will be repurposed to the Elementary Intensive Needs Special Education Case Manager. K-5 programming requires two special education teachers for intensive needs programming since the age and grade span cannot exceed four years, but K-5 covers a six-year grade span and a 6–7 year age span (5 years old to 11-12 years old). To meet the needs of this cohort, an additional teacher is necessary. This role goes beyond compliance with the IDEA and IEPs; it ensures equitable learning opportunities for all students. The teacher/case manager will coordinate specialized programming, staff training, and family collaboration, helping to reduce crises, improve outcomes, and support inclusion. With a cohort of approximately eight students whose needs are becoming more evident, the School Department is proposing the addition of this position at the elementary level to meet their needs proactively and provide the support they require.

With the retirement of our architecture teacher in the CTE program, this position will be reallocated to a PHS Design Engineering Teacher. We are prepared to launch a Design Engineering program to expand our tech engineering offerings in robust and dynamic ways. This design/engineering program includes pathway connections to our successful Computer Science program, Entrepreneurship, PHS Global Connect Scholars program, Robotics, and a variety of other classes. This program also centers on our Portrait of a Graduate work with Global/Local community service learning with personalized Social Emotional Learning through hands-on design studios and our Advanced Senior Capstone "passion-project" course. If this position is approved, this design-engineering program can successfully run in place of the Architecture Program, which runs at 48% capacity of the 1.0 FTE, with an average class size of 9 students. This reallocation provides the opportunity for greater efficiency and stronger student engagement than the current architecture program, which is underutilized.

One position will be reallocated to a KIDS Program Teacher at PMS. This Alternative Learning Program (ALP) was cut from Portsmouth Middle School in 2020. This Program served our most severely impacted IEP students. During the 23-24 and 24-25 school years, PMS has felt the impact of not having the support

of the KIDS Center. Not only was this a small community within our school that met the unique needs of our students, but the closure of the KIDS Center meant that those students with behavioral and emotional support needs written into their IEP were now being case managed by those teachers who were also teaching reading or math support courses and managing another 15-20 student IEPs. This shift in burden has impacted support services for students and stress levels in teachers across the school. The KIDS Center was a unique place where students received specific instruction and support. Still, it was also a place within the school where they could take a managed break with an adult who knew exactly what was needed and how to help the student to grow through their experience.

One position would be reallocated to a Social Worker position. This would add a second social worker to the district. A district-level school social worker plays a critical role in supporting the well-being of students and families by addressing social, emotional, and mental health challenges that may impact student success. They collaborate with school staff, families, and community partners to remove barriers to learning, connect families to resources, and promote a positive school climate. Through individual and group counseling, crisis intervention, and family outreach, the social worker helps students build resilience, improve attendance, and stay engaged in their education. Additionally, they advocate for students' needs, facilitate access to mental health services, and support staff in creating trauma-informed, inclusive learning environments. By fostering strong home-school-community partnerships, the district-level social worker helps ensure all students have the opportunity to thrive academically, socially, and emotionally.

The last position would be reallocated to a Maintenance Supervisor. The Facilities Director has taken on an increased workload over the previous several years. He has acted as a general contractor for the district's more significant projects, saving the district tens of thousands of dollars, if not more. The downside to this benefit is that he is well past capacity, causing other smaller projects to get lost in the shuffle or pushed down the priority list. The focus would be a working supervisor who oversees the building needs daily, maintains work order and PM systems, keeps track of building and custodial supplies, works with custodial supervisors with their needs for equipment and supplies, is the primary contact with contracted services for electrical, plumbing, etc., oversees snow operations, coordinates fleet maintenance, and any other assigned task as directed. Significant projects that the facilities department is heavily involved in are the high school parking lot, CTE renovation, New Franklin renovations, and playground projects at each elementary school, to name a few.

Overall, the proposed FY26 budget allows a continuation of high-quality programming while the Department follows the approved strategic plan, helping to create graduates with characteristics found in the district's Portrait of a Graduate while also expanding efficiencies and additional sources of revenue.

Programs and Services

Instructional Programs - Includes all direct instructional programs and resources for regular classrooms, for a total student population of approximately 2,427 (General Fall Report of October 1, 2024)

- Regular Classroom Programs
- Full-Day Kindergarten
- Other Regular Instruction: Art, Music, Physical Education, Technology, and International Language
- Special Education Programs
- English as a Second Language
- Enrichment Programs
- Career Technical Education Program Instruction
- Athletics and Extra-Curricular Activities

Support Services – Pupils - Includes all direct pupil support activities

- Attendance and Social Work
- Guidance, Health, and School Nurses
- Psychological Services
- Speech and Audiology
- Physical and Occupational Training Services
- Math and Reading Services
- Other Pupil Services, Security, and Behavioral Specialists

Support Services – Instructional - Includes all direct instructional support activities such as school libraries, system-wide media support, City-School Library Project, Technology Plan for an instructional computer purchase, curriculum coordination and development, strategic, and long-range planning

- Staff Development
- Technology Plan-Instructional and Technology Purchases
- Media/Library Services

Support Services – General Administration - Includes all administrative support activities such as the School Board, Superintendent and Assistant Superintendent's Office, Program Directors, and School Administration

- School Board
- Office of the Superintendent and Assistant Superintendent
- Special Area Administration: Program Directors for Student Services, Reading, Technology, Athletics, and Technical Careers
- Administration: Principals and Assistant Principals

Support Services – Business & Other - Includes all system support activity such as the Business Office, building operations, system-wide maintenance, pupil transportation, technical, network and computer services, property and liability insurance, telephones, employee wellness programs, wage and contract settlement contingencies, and other system-wide costs. The total square footage for all seven (7) school buildings is 640,000 square feet. The total property owned by the City and managed by the School Department includes 114 acres. Activities include:

- Business/Fiscal Services
- Other Business Services: Property Insurance and Telecommunications
- District-Wide Maintenance Services
- Building and Custodial Operations
- Energy and Capital Improvements
- Equipment Repair and Maintenance
- Student Transportation: Daily Buses, After-School Programs, and Out-of-District Charters
- Planning, Research and Development, and Staff Services
- Information Support Services and Technology Plan
- Other Support Services and Benefits

Portrait of a Graduate

A Portrait of a Graduate is a school or district's collective vision for student success. Also known as a Graduate Profile, Portrait of a Learner, Habits of Success, Lifelong Learning Standards, as well as other expressions, this vision describes the skills and competencies that a community agrees its young people need to thrive in learning, work, and life.

The Portrait of a Graduate is akin to a vision, but rather than being a vision for what the district needs to do, it is a vision for who our students can be when they graduate. With a vision in place, we turn to making this vision a reality, and this is the process of creating a Strategic Plan.

 	Our Community Strives to Create...
	<ul style="list-style-type: none"> ✓ Passion for Knowledge: Learners who are intrinsically motivated and well prepared to chart their own paths using curiosity, creatively, academic prowess, and critical thinking ✓ Global Awareness and Community Contribution: Learners who are service-oriented leaders in their own communities who are able to see beyond their own shores - they have a deep appreciation for other cultures as well as a desire to establish themselves as advocates and contributors in the global landscape ✓ Collaboration and Communication: Learners who exhibit strong communication and collaboration skills that enable them to amplify diverse perspectives and skillfully navigate complex challenges ✓ Transferable Skills: Learners who possess practical life skills and strong work habits enabling them to adapt and thrive as independent adults ✓ Personal Well Being: Learners who are healthy individuals who find joy through a strong sense of self, belonging, and an ability to actualize their own goals utilizing resilience, flexibility, and a growth mindset ✓ Empathy and Kindness: Learners who embody kindness, empathy and compassion inclusive of all individuals
	Citywide Goals Addressed <ul style="list-style-type: none"> • <i>Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government</i> • <i>Provide an Educational Environment that Maintains School Board Goals and Supports Its Pillars of Opportunity, Equity, Student Wellness, and a Strong Sense of Community to Every Youth</i>

Strategic Plan Goals and Objectives 2024-2025

Focus Area One: Rigorous and Aligned K-12 Curriculum	
We will ensure a rigorous and aligned K-12 curriculum and instruction that provides access to all students, and create engaging, relevant and meaningful learning experiences.	
Action Steps <ul style="list-style-type: none"> ✓ <i>Develop a steering committee with a shared vision of K-12 curriculum outcomes composed of teachers and administrators</i> <ul style="list-style-type: none"> ○ <i>Establish monthly meeting times</i> ✓ <i>Audit current/existing information across the district regarding curriculum maps</i> <ul style="list-style-type: none"> ○ <i>Create a shared format and common tools to use</i> ✓ <i>Establish teams across schools to complete pacing maps in all curricular areas, including world language</i> ✓ <i>Secure Curriculum Coordination at PMS through the budget process</i> ✓ <i>Plan Early Release and Professional Development days for 25-26 Calendar</i> <ul style="list-style-type: none"> ○ <i>Include training on UDL (Universal Design for Learning) and Multitiered Systems of Support (MTSS)</i> 	Lead Person(s) <ul style="list-style-type: none"> • <i>Assistant Superintendent</i> • <i>PHS Director of Curriculum & Instruction</i> • <i>Elementary Curriculum Coordinator</i> • <i>Area 1 Steering Committee</i>

Focus Area Two: Building Educator Capacity

We will build the capacity of all educators through high-quality feedback systems paired with ongoing learning and development in a culture of reflection.

Action Steps

- ✓ *Examine current evaluation practices within schools across the district*
- ✓ *Establish a steering committee for evaluations composed of teachers and administrators*
 - *Investigate other tools that exist that can be used for professional staff evaluation*
 - *Select 2-3 structures to try to implement*
- ✓ *Review teacher effectiveness plan to decide if changes need to be made*
- ✓ *Create schedule for administrators for evaluations*
- ✓ *Reconsider the Collective Bargaining language regarding evaluation and make necessary adjustments*

Lead Person(s)

- *Superintendent*
- *PSD Administrators*
- *Area 2 Steering Committee*

Focus Area Three: Student Safety, Well-Being & Belonging

We will deeply know our students, develop their self-efficacy and self-awareness, and focus on their safety, well-being and belonging.

Action Steps

- ✓ *Implement SEL programs at all levels, K-12*
- ✓ *Establish steering committee to incorporate Collaborative for Academic, Social, and Emotional Learning (CASEL)*
- ✓ *Standards within district Social Emotional Learning (SEL) guidelines*
- ✓ *Examine data to assess student engagement in academics and school culture*
- ✓ *Implement Navigate 360 Emergency Suite districtwide*
- ✓ *Conduct a Safety Assessment with NH Homeland Security & Emergency Management*

Lead Person(s)

- *Superintendent*
- *PSD Administrators*
- *District Safety Team*
- *Area 3 Steering Committee*

Performance Measurements

The Portsmouth School Department uses a number of assessment measures to monitor individual student progress and assess program effectiveness. The following graphs represent various components of student academic progress and postgraduate preparation. In general, Portsmouth continues to perform well above State and national averages on many indicators of student progress.

2024 English Language Arts State Assessment Proficiency Portsmouth/NH

2024 Science State Assessment Proficiency Portsmouth/NH

Grade 11 Mean SAT Scores 2020-2024

2024 Mathematics State Assessment Proficiency Portsmouth/NH

NHSAS ELA: Year-to-Year Comparison by Grade

*No Testing Spring 2020 due to COVID

NHSAS Science: Year-to-Year Comparison by Grade

*No Testing Spring 2020 due to COVID

NHSAS Math: Year-to-Year Comparison by Grade

* No Testing Spring 2020 due to COVID

Non-Operating

Services Overview

- ✓ Debt Service and related expenditures
- ✓ Overlay Interest Expense
- ✓ Property and Liability Insurance
- ✓ Rockingham County Tax
- ✓ Rolling Stock, IT Replacements, and Capital Outlay
- ✓ Use of Fund Balance
- ✓ Other General Non-Operating expenditures

Did you know?

Did you know that Portsmouth has the 4th largest population in Rockingham County representing 7.1% of the total, but contributes the largest amount of County Tax, 10.958% in FY25, as a result of our higher equalized property valuation?

Department Budget Comments

The FY26 Proposed Budget for Non-Operating elements appropriates the first-year impacts of the annually adopted Capital Improvement Plan. Those budget impacts include Debt Service for payback against borrowing, Rolling Stock for vehicle inventory turn, IT Upgrade and Equipment Replacement for Citywide technology inventory, and Capital Outlay for pay-as-you-go investment.

Budget Summary of Expenditures

Debt Related Services and Debt Service – Appropriations for principal and interest payments against issued long-term debt for the upcoming fiscal year, projected new bond payments, and bond issuance related expenditures.

Overlay Interest Expense – Appropriation for interest costs related to settled tax abatements.

Property & Liability Insurance – Property and liability coverage for all departments within the General Government, Police, and Fire Departments. The School Department appropriates Property & Liability coverage costs separately.

County Tax – The City of Portsmouth is located in Rockingham County of the State of New Hampshire. The State of New Hampshire requires communities under statute (RSA 29:11) to assess and collect property taxes for the operations of the county. The amount to be collected for the county is contingent on the City's equalized assessed valuation as a proportion of the total equalized assessed value of the whole county. The budgeted figure is an estimated appropriation. The actual county obligation will be calculated by the State of NH prior to setting the tax rate in the fall.

Contingency – A non-operating line item of the budget used by the City Manager and City Council for unanticipated expenditures not regularly budgeted for in the annual budget.

Rolling Stock – Funding for replacement of vehicles and equipment for Public Works, Police, Fire, and School Departments as well as Prescott Park as identified in the Rolling Stock replacement plan located in Appendix I of this document.

Information Technology (IT) Upgrade and Equipment Replacement – Funding for Information Technology upgrades and replacements incorporates the technology needs of the General Government, Police, Fire, and School Departments. A complete inventory and schedule of replacements are located in Appendix II, Capital Improvement Plan and on the City's website.

Capital Outlay – Capital Outlay is the appropriation for pay-as-you-go capital projects identified in the Capital Improvement Plan adopted each fiscal year before the annual budget is submitted to the City Council from the City Manager.

Fund Balance – Use of Fund Balance for Non-Operating expenditures identified during the budget process or by way of a supplemental appropriation after budget adoption.

Other General Non-Operating Expenditures – Other various line items related to the non-operating portion of the budget such as landfill closure monitoring costs, hydrants, leases, and professional services related to revaluation.

Department of Public Works

Water Division

(Enterprise Fund)

Mission

The Portsmouth Water Division is a regional water system serving the communities of Portsmouth, Greenland, New Castle, Newington and portions of Durham, Madbury and Rye. The Division strives to provide quality drinking water and an adequate supply of water for fire protection and other customer needs. Through professionalism, expertise and efficient work practices, the Division seeks to maintain and develop a sound infrastructure using the latest available cost effective treatment technologies and methods of production, storage and distribution. The Division is committed to high environmental standards, the efficient use of water resources and controls through respect for natural resources and adaptation to the built environment.

Water Division Position Summary Schedule

Positions Full Time	FY25	FY25	FY26
Deputy City Manager	0.20	0.20	0.20
Director of Public Works & Facilities	0.10	0.10	0.25

Water Division – Enterprise Fund

Services Overview

- ✓ Water Assistance Programs
- ✓ Water Production
- ✓ Water Storage
- ✓ Water Distribution
- ✓ Technical Services

The Water Division is one of the City's Enterprise Funds. An Enterprise Fund establishes a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods and/or services.

The following table represents the cash requirements necessary to meet expenses for the operations of the Water Division for FY26.

Did you know?

The Portsmouth and Pease water systems treated approximately 1.4 billion gallons of water in 2024?

Budget Summary of Expenditures

	FY24	FY24	FY25	FY26
WATER DEPARTMENT	BUDGET	ACTUAL	BUDGET	CITY MANAGER RECOMMENDED
SALARIES	2,351,655	2,110,798	2,621,029	2,819,061
PART-TIME SALARIES	56,594	30,871	60,140	85,093

Rate Stabilization Model and Rate Structure

The Water Division utilizes a rate model which was implemented in fiscal year 2014 and is annually reviewed and updated. The rate model serves as a tool to allow for long-term planning. This comprehensive rate model includes a rate stabilization reserve policy which allows for either the increase or use of net position to create a rate structure that is stable and predictable from year to year to lessen the user rate impact due to future capital investments or unanticipated losses of revenue.

The City's water rate structure is a two-tiered inclining rate, meaning the first 10 units (a unit is 100 cubic feet of water or 748 gallons) of water consumed each month is billed using one rate, and water consumed greater than 10 units per month is billed at a higher rate. This rate structure provides an equitable method of financing water operations. The large volume users have a greater impact on system production capacities, storage volume and pipe sizing. Therefore, a second tier at the higher rate captures the additional costs incurred to serve them.

A City ordinance allows both residential and commercial customers to install irrigation meters. This ordinance language requires new irrigation customers to install water efficient irrigation systems. Irrigation usage for both residential and commercial customers have a third tier for any consumption beyond 20 units per month to further promote water efficiency.

Water User Rates

The FY26 user rates reflect a 9% (\$0.45/unit) increase from the FY25 rates.

The water rate is strongly impacted by the capital costs associated with Federal and State regulatory issues as well as replacement of aging infrastructure. Future capital upgrades associated with these issues are all considered in projecting ongoing and long-term financial needs.

Utilization of our rate model and net position has allowed for predictable and steady rate increases, however recent increases in treatment chemical costs, bonding rates, and anticipated future project costs necessitate increasing the rate in FY26 by 9%. This projection also takes into account pending EPA PFAS regulations compliance costs, which includes a new water treatment system for the Greenland Well.

The proposed water rate for the first 10 units of water consumed per month will increase from \$5.02 to \$5.47, and the rate for the consumption over 10 units per month will increase from \$6.04 to \$6.58.

Of the proposed water rate, \$3.48 per unit is directly related to the capital needs and debt repayments for long-term borrowing. The rates for water usage and irrigation consumption are depicted in the adjacent tables.

The meter charge for FY26 will remain the same as the current charge and is based on the service size as listed in the following Minimum Water Charge table.

FY26 Water Rates	
	Rate (per unit)
First Tier Rate (10 units or less per month)	
Capital Related Rate, per unit billed	\$3.48
1st Tier water service rate	\$1.99
Total First Tier Rate	\$5.47
Second Tier Rate (over 10 units per month)	
Capital Related Rate, per unit billed	\$3.48
2nd Tier water service rate	\$3.10
Total Second Tier Rate	\$6.58
Irrigation Meter Rate	
1st Tier water service rate [0 - 10 units]	\$6.58
2nd Tier water service rate [11- 20 units]	\$12.43
3rd Tier water service rate [over 20 units]	\$15.34

Water Meter Charge	
<u>Meter Size</u>	<u>Monthly Rate</u>
5/8"	\$4.95
3/4"	\$4.95
1"	\$8.27
1 1/2"	\$14.25
2"	\$22.91
3"	\$36.26
4"	\$68.74
6"	\$120.27
8"	\$168.01
10"	\$252.02

Detailed water usage analysis was performed as part of the comprehensive Water and Sewer rate study. The study analyzed water usage for all customers based on average usage. This analysis provided a detailed picture of the water use demographics throughout the water system, a system that serves not only customers in Portsmouth but also Greenland, New Castle, Newington and portions of Durham, Madbury, and Rye. User categories were evaluated for commercial, industrial, and residential customers. That analysis showed that an average single-family customer on the Portsmouth water system uses 5 units per month. Therefore, the following table depicts the average monthly water charges for a residential customer.

FY26 Water Rate

Average Residential Customer Bill

Monthly Consumption in units

(1 unit = 100 cf = 748 gallons)

	Rate	Billed Units	Month Charge
Capital Related Rate, per unit	\$3.48	5	\$17.40
1st Tier water service rates	\$1.99	5	\$9.95
Minimum Charge (5/8" meter)	\$4.95	n/a	\$4.95
Total Monthly Charge			\$32.30
Total Annual Charge			\$387.60

Average Daily Cost for Single Family Residential water customer = \$1.06

Operating Costs – Cash Basis

Personnel costs represent 30% of the total cash requirements, while the remaining 70% represent costs related to the treatment and distribution of the water supply and facilities, which includes capital outlay and repayment of debt.

The City's Water Division continues to make significant changes to the operation of the system since the construction of the water treatment facility in Madbury in 2011. This LEED Silver Certified facility was designed to ensure a more sustainable operation of the water system's surface and

groundwater sources of supply. A new PFAS treatment System was constructed and completed at Pease in April 2021 (This shows up in the Professional Contracted Services line on the Budget Summary of Expenditures Table). The cost of this facility, its design, and incremental operational costs are all reimbursed by the Air Force due to contamination caused by past use of firefighting foam at the former Pease Air Base. This reimbursement of \$1,099,964 is reflected on the Special Agreements line of the Water Rate Calculation table.

Operations staff have successfully utilized the surface and groundwater sources in an integrated manner, which optimizes the use of surface water when quality and quantity are adequate and groundwater during peak operating periods. All of this information, combined with monthly tracking of weather, precipitation, and water demand trends, is updated and reported monthly through the City's Water Supply Update (<https://www.cityofportsmouth.com/publicworks/water/supply-status>).

Capital Projects

The table below represents capital projects and rolling stock equipment identified in the Capital Improvement Plan, Appendix II, and Rolling Stock Appendix I. These projects will be funded through water revenues.

Capital Outlay

<u>Project Name</u>	<u>Amount</u>
There are no proposed Capital Outlay Projects for FY26	-
TOTALS	\$0

Rolling Stock

<u>Vehicle & Equipment Replacement</u>	<u>Amount</u>
F-550 (yellow) w/plow (Year 2 of 2)	80,000
Track Loader-SVL90-2 (Year 2 of 2)	60,000
Mini Track Excavator U-55-4 (Year 2 of 2)	87,000
Van w/lift (Split w/Sewer)	65,000
Misc Equipment	100,000
TOTALS	\$392,000

Budget and Rate Summary – Water Division

As an Enterprise Fund, the Water Division prepares its budget using an accrual basis of accounting similar to the private sector. As the user rate is calculated based on the cash basis of accounting-year, adjustments from the accrual basis to the cash basis are necessary to establish the amount of cash required to fund FY26 expenses.

WATER RATE CALCULATION		
<u>PROPOSED BUDGET</u>	FULL ACCRUAL BASIS OF ACCOUNTING	CASH REQUIREMENTS
Operations and Maintenance	9,293,155	9,293,155
Property Taxes	136,438	136,438
Equipment & Minor Capital needs	110,900	110,900
Depreciation	2,770,000	
Interest on Debt	1,586,330	1,586,330
Accrued Interest		0
Principal on Debt		3,188,200
Projected Principal Debt		298,333
OPEB Liability	69,500	
Capital Projects		0
Rolling Stock		392,000
BUDGET RESOLUTION	13,966,323	
CASH REQUIREMENT		15,005,356
<u>ESTIMATED REVENUES/CASH</u>	FULL ACCRUAL BASIS OF ACCOUNTING	CASH REQUIREMENTS
NON-User Fee- Revenues		
Fees	1,578,707	1,578,707
Special Agreements	1,100,172	1,100,172
Meter Charges	726,687	726,687
Interest on Investments	360,000	360,000
Other Utility Revenue	303,639	303,639
<i>Sub Total</i>	<u>4,069,205</u>	<u>4,069,205</u>
Other Financing Sources-Cash		
Special Agreements		42,000
Bond Premium Amortization	276,621	
Use of Net Position		842,236
<i>Sub Total</i>	<u>276,621</u>	<u>884,236</u>
FULL ACCRUAL REVENUES	4,345,826	
ESTIMATED CASH		4,953,441
Required to be raised by User Rates		10,051,915
Rate Stabilization Reserve		0
TO BE RAISED BY USER RATES		\$10,051,915

Programs and Services

Water Assistance Programs - Effective January 1, 2015, the City implemented two (2) Water and Sewer Assistance Programs for residential homeowners or tenants serviced by the City's Water and Sewer Divisions which allow qualifying customers assistance with the payment of their water and sewer bills. Information regarding these programs can be found on the City's Website.

- The first program offered is for Annual Assistance of a 25% discount off water and sewer bills for income-eligible homeowners or tenants
- The second program offered is for temporary assistance of up to a 50% credit toward an outstanding residential water and sewer balance to a maximum of \$300 for a financial hardship

Water Production - Provide water production for two public drinking water systems, one supplying Portsmouth, Newington, Greenland, New Castle, and portions of Rye, Madbury, and Durham, the other supplying the Pease International Tradeport.

- Operate and maintain Bellamy Reservoir (surface water supply)
- Operate and maintain seven wells in Portsmouth pressure zone and three wells on Pease International Tradeport pressure zone (groundwater supply)
- Operate and maintain Madbury and Pease Water Treatment Facilities and laboratory
- Increase public awareness of best practices in watershed management near the Bellamy Reservoir. Coordinate this effort with local communities especially with respect to obtaining undeveloped land for source water protection
- Continue to develop inter-municipal and interconnection agreements with adjacent water systems to provide response to water system emergencies. Current interconnections exist with the Rye Water District. Portsmouth is currently investigating options for an interconnection with Dover

Water Storage - Provide water storage capacity to meet peak water demands.

- Operate and maintain three storage tanks in Portsmouth and two in Pease

Water Distribution - Provide water distribution to service Portsmouth, Newington, Greenland, New Castle, Pease International Tradeport and portions of Rye, Madbury, and Durham.

- Provide drinking water supply
- Provide water for fire protection
- Operate and maintain over 200 miles of system transmission and distribution piping ranging from 2" to 24"
- Maintain over 8,712 services from the main in the street to curb shutoff, install new services.
- Maintain 659 fire services
- Maintain and install hydrants (including biannual flushing program)
- Maintain, install, and read water meters and monitor them via the automated meter reading system infrastructure
- Maintain and exercise valves
- Perform backflow testing annually at low hazard facilities and twice a year at high hazard facilities
- Produce annual quality report and continued customer outreach through website updates, news releases and facility tours

Technical Services - Provide technical services to Water Division.

- Maintain and further develop geographic mapping and information system
- Prepare maps and plans for information analysis and presentation
- Prepare technical specifications, drawings, and estimates
- Review projects in design phase and perform field survey work

- Perform engineering inspections for water construction projects
- Administer and operate the backflow and source water protection programs
- Maintain and update the inventory of water system assets to utilize with ongoing maintenance and capital planning

Goals and Objectives

Goal #1: Continue operations based on conjunctive approach to water management balancing

Objectives

- ✓ Implement recommendations of the Water Supply Master Plan Study of water availability and conjunctive management to optimize the efficient use of the water systems surface and groundwater supplies
- ✓ Continue to encourage and implement water efficiency measures through customer outreach and water efficiency programs, including the Water Efficiency Rebate Program which started in December 2014, the EPA's WaterSense program and the new irrigation meter ordinance
- ✓ Provide adequate training and operational direction to staff to achieve operator certifications at or above required standards
- ✓ Continue to develop and implement new standard operating procedures within the Water Division to optimize staff utilization, duties and operating efficiency
- ✓ Continue to work on water supply contingency planning for emergencies and droughts, to include working with adjacent water supplies for interconnection agreements and developing additional sources of supply
- ✓ Continue to improve water meter accounting and tracking of unaccounted-for water through meter calibrations, water use audits and leak detection efforts

Performance Measurements

- *Monitor daily water supply conditions and demands, together with tracking of precipitation and any pending drought conditions including participation as a member of the New Hampshire Drought Management Team. Assess these conditions and provide quarterly Water Supply Updates to our customers*
- *Offer water efficiency rebates to residential water customers so that we meet the goal of awarding 100 rebates/year*
- *Perform water meter change-outs by replacing at least ten percent of customer meters a year*
- *Meet New Hampshire DES's standard of meeting water balance goals of less than 15% unaccounted-for water*
- *Perform leak detection on 30% of the water mains in the system*

Citywide Goals Addressed

- *Deliver Services and Programs with Courtesy, Professionalism, and Efficiency*
- *Meet or Exceed State and Federal Legal/Regulatory Requirements Including those for a Safe and Healthy Community and Environment*

 	Goal #2: Continue steps to improve water quality, water quantity and system security
	Objectives <ul style="list-style-type: none"> ✓ Optimize Water Treatment Plant and Distribution System operations utilizing the recommendations of the Stage II Disinfection By-Product Rule Upgrade Study project guidance; pursue capital projects including continuation of annual water line replacement, water source augmentation ✓ Continue upgrades to SCADA system water supply control and security applications ✓ Protect reservoir watershed areas and wellhead zones of contribution through land acquisition, regulation, and other available means as appropriate
	Performance Measurements <ul style="list-style-type: none"> • <i>Deliver drinking water that meets all current drinking water standards</i> • <i>Implement state of the art computer security measures</i> • <i>Work with neighboring communities to issue at least one direct public outreach message about source water protection annually</i>
	Citywide Goals Addressed <ul style="list-style-type: none"> • <i>Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment.</i> • <i>Maintain and Improve Infrastructure to Meet Needs of the Community.</i>

 	Goal #3: Develop sustainable funding strategies
	Objectives <ul style="list-style-type: none"> ✓ Implement recommendations of rate study with focus on fair, equitable and sustainable funding utilizing the rate model as a guide ✓ Implement water asset management and operational maintenance program database information systems to improve system operations and long-term capital planning needs ✓ Implement the recommendations of the Water Supply Study for improved capital planning and operations - update study as needed ✓ Leverage state and federal funding opportunities to obtain low-interest loans and grants ✓ Continue to work with Air Force to secure agreements that continue to reimburse the City for the additional operational costs related to the Pease Water Treatment System treating PFAS contamination
	Performance Measurements <ul style="list-style-type: none"> • <i>Apply for state SRF and Grant funds</i> • <i>Keep Air Force agreements current through the fiscal year</i> • <i>Update rate model annually</i>
	Citywide Goals Addressed <ul style="list-style-type: none"> • <i>Maintain Financial Stability</i> • <i>Maintain and Improve Infrastructure to Meet Needs of Community</i>

Additional Operational Measures

	FY23	FY24	FY25 (Est)	FY26 (Forecast)
Water Balance (annual)	3%	5%	7%	6%
Number of water main breaks	13	17	20	18
Leak detections performed (miles)	30	58	56	57
Leaks Detected and Repaired	4	0	2	1
DigSafe Tickets (locating)	3,077	3,267	3,632	3,700
DigSafe Labor Hours	1,219	870	1,018	1,020
Precipitation (inches – water year – Oct to Sept)	44.9	46.8	32.0	40.0
Hydrant Flushing (weeks – Spring and Fall)	10	14	14	15
Hydrant Flushing Labor Hours	777	1,198	1,109	1,018
Million Gallons Delivered (Surface and Groundwater)	1,392	1,358	1,498	1,400
Total Meter Work Orders	3,967	3,702	3,310	3,560
Meter Testing (in-house)	301	156	250	200
Meter Testing (large field)	74	53	77	70
New Service Applications	218	95	190	210
Customer Water Meter Replacements	983	817	774	776
Radio-reader replacements	128	237	250	252
Leak Code Tags	438	552	580	582
Backflow Prevention Device Tests	2,484	2,773	2,700	2,700
Water Efficiency Rebates – Low Flow Toilets (Total)	70 (1218)	54 (1,272)	80 (1,352)	65 (1,417)
Water Efficiency Rebates – Washing Machine (Total)	53 (401)	37 (438)	26 (464)	27 (491)
Single-Family Res. (Average Gals. per month) *	3,834	4,338	4,200	4,150
Single-Family Res. (Average Units billed per month) *	5	5	5	5

* Note: Water Consumption analysis performed on 2012 and 2017 water use data, together with current consumption accounting

Department of Public Works

Sewer Division

(Enterprise Fund)

Mission

To provide cost-effective, reliable, and high-quality wastewater collection and treatment services to its customers. We are committed to operating and maintaining our facilities economically and safely while protecting the public health and the environment.

Sewer Division ~ Enterprise Fund

Services Overview

- ✓ Sewer Assistance Program
- ✓ Wastewater Collection
- ✓ Wastewater Treatment
- ✓ Technical Services

The Sewer Division is one of the City's Enterprise Funds. An Enterprise Fund establishes a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods and/or services.

The following table represents the cash requirements necessary to meet expenses for the operations of the Sewer Division for FY26.

Did you know?

The City treated over 1,600 million gallons of wastewater at both the Peirce Island and Pease Wastewater Treatment Facilities in 2024?

Budget Summary of Expenditures

	FY24	FY24	FY25	FY26

Rate Stabilization Model and Rate Structure

The Sewer Division utilizes a Sewer Rate Model to project rates needed to address major capital project costs and changes in operational costs. The rate model serves as a tool to allow for long-term planning. Prudent financial planning continues to result in predictable and stable rate increases to allow for funding of future capital projects without major impacts to customers in any one year. As a result of anticipated future major capital investments, such as with the recently completed Peirce Island Wastewater Treatment Facility (WWTF) upgrades, the City implemented a rate stabilization reserve policy in FY14 as recommended by the City's Water and Sewer Rate Model consultant. This policy allows for either the increase or use of net position to create a rate structure that is stable and predictable from year to year to lessen the user rate impact due to future capital investments or unanticipated losses of revenue.

The Sewer Division uses a two-tier inclining rate block structure similar to the Water Division. Sewer charges are based on water consumption. The first 10 units (a unit is 100 cubic feet or 748 gallons) of consumption per month will be billed at one rate, and any consumption greater than 10 units will be billed at a higher rate. This two-tier inclining rate block structure provides an equitable method of financing wastewater operations.

Sewer User Rates

The FY26 user rates reflect a 4% increase from the FY25 rates.

The sewer rate is strongly impacted by the capital costs associated with Federal and State regulatory issues. Future capital upgrades associated with these mandates are currently being planned as the City continues with the Long-Term Control Plan (LTCP) sewer separation program, individual National Pollutant Discharge Elimination Permits System (NPDES) permits from the EPA, the Great Bay Total Nitrogen General Permit and implementation of consent decree related items.

Utilization of the City's rate model and net position has allowed for predictable and steady rate increases, however, recent increases in treatment chemicals, bonding rates and anticipated future project costs recommend increasing the rate in FY26 to 4%. This increase is less than what was projected due to the award of a State Aid Grant for the Peirce Island Wastewater Treatment Upgrade project which will total \$35 million over the next thirty years. Payment of this grant will not be a lump sum, rather, interest and principal will be reduced each year for the 30 years of the term. The current sewer rate projection includes anticipated compliance costs related to the updated Pease WWTF NPDES permit, Pease WWTF facility upgrades and Mechanic Street pump station upgrades, which are necessary to continue to meet permit requirements.

The proposed sewer rate for the first 10 units of water consumed per month will increase from \$17.32 to \$18.01, and the rate for the consumption over 10 units per month will be increased from \$19.05 to \$19.81.

Of the proposed sewer rates, \$11.15 per unit is directly related to the capital needs and debt repayment for the EPA mandated LTCP and treatment facility upgrade projects.

FY26 Proposed Sewer Rates	
	Rate (per unit)
First Tier Rate (10 units or less per month)	
Capital Related Rate, per unit billed	\$11.15
First 10 units billed per month	\$6.86
Total First Tier Rate	\$18.01
Second Tier Rate (over 10 units per month)	
Capital Related Rate, per unit billed	\$11.15
Over 10 units billed per month	\$8.66
Total Second Tier Rate	\$19.81

Detailed water usage analysis was performed as part of the comprehensive Water and Sewer Rate Study. The study analyzed water usage for all customers based on average usage. This analysis provided a detailed picture of the usage demographics throughout the water and sewer systems.

FY26 Sewer Rate			
Average Residential Customer Bill			
Monthly Consumption in units			
(1 unit = 100 cf = 748 gallons)			
	Rate	Billed Units	Month Charge
Capital Related Rate, per unit	\$11.15	5	\$55.75
1st Tier sewer service rates	\$6.86	5	\$34.30
Total Monthly Charge			\$90.05
Total Annual Charge			\$1,080.60

User categories were evaluated for commercial, industrial and residential customers. That analysis showed that an average single-family customer on the Portsmouth water and sewer system uses five units per month. Therefore, the adjacent table depicts the monthly and annual water charges for a residential customer using five units per month.

Average Daily Cost for Single Family Residential sewer customer = \$2.96

Operating Costs – Cash Basis

In FY21, the City completed construction of the Peirce Island Wastewater Treatment Facility (WWTF) Upgrade, the largest public works project in the City's history. Work on the facility upgrade construction began in the fall of 2016. The biological treatment system components were completed as required by the City's Consent Decree with the Environmental Protection Agency (EPA) and the facility was fully operational by FY22.

To support its wastewater NPDES permits, and as agreed in the Consent Decree Second Modification and the Great Bay Total Nitrogen General Permit, the Sewer Division continued to support scientific research of the receiving water bodies through studies including water quality monitoring in the Piscataqua River. The City continued with efforts to work with the EPA, the DES, and other communities in the Great Bay watershed to

ensure regulatory requirements are based on sound science and when necessary, legally challenge the regulators to document that their requirements are justified. This work led to a novel, watershed approach for the Great Bay Total Nitrogen General Permit which will involve the surrounding regulated communities.

The City completed a new Headworks Building (screening, grit removal, raw sewage pumping and odor control) in FY21 at the Pease WWTF. This was the most recent upgrade at the facility and many portions of the facility are also earmarked for replacement due to the age of the equipment and buildings, some of which date back to 1954 when it was first constructed as part of the Pease Air Force Base. The City is in the design phase of the facility upgrades which will meet the regulatory requirements of the recently issued NPDES permit from the EPA. The upgrades are anticipated to be bid in FY26 and will be presented to City Council. The Division will continue to work with the Pease Development Authority to identify future needs of the Pease International Tradeport.

Capital Projects

The table below represents capital projects and rolling stock equipment identified in the Capital Improvement Plan, Appendix II and Rolling Stock Appendix I.

These projects will be funded through sewer revenues.

Capital Outlay	
<u>Project Name</u>	<u>Amount</u>
Lafayette Park	250,000
TOTALS	\$250,000

Rolling Stock	
<u>Vehicle & Equipment Replacement</u>	<u>Amount</u>
Mack 10 Wheel Dump w/Plow (Year 3 of 4)	70,000
Vactor (Year 4 of 5)	130,000
F-250 w/plow (Year 1 of 2)	30,000
Van w/lift (Split with Water)	65,000
Misc Equipment	200,000
TOTALS	\$495,000

Budget and Rate Summary – Sewer Division

As an Enterprise Fund, the Division prepares its budget using an accrual basis of accounting similar to the private sector. As the user rate is calculated based on the cash basis of accounting year, adjustments from the accrual basis to the cash basis are necessary to establish the amount of cash required to fund FY26 expenses.

SEWER RATE CALCULATION		
<u>PROPOSED BUDGET</u>	FULL ACCRUAL BASIS OF ACCOUNTING	CASH REQUIREMENTS
Operations and Maintenance	13,709,805	13,709,805
Permits/Legal Fees	355,000	355,000
Transfer to Stormwater	546,510	546,510
Equipment & Minor Capital needs	359,314	359,314
Depreciation	5,550,000	
Interest on Debt	3,713,227	3,713,227

Programs and Services

Sewer Assistance Programs: In January 2015, the City implemented Water and Sewer Assistance Programs for residential homeowners or tenants serviced by the City's Water and Sewer Divisions which allow qualifying customers assistance with the payment of their water and sewer bills. Information regarding these programs can be found on the City's Website.

- The first program offered is for Annual Assistance of a 25% discount off of water and sewer bills for income-eligible homeowners or tenants
- The second program offered is for temporary assistance of up to a 50% credit toward an outstanding residential water and sewer balance to a maximum of \$300 for a financial hardship

Wastewater Collection and Pumping: Support and maintain infrastructure for residential and commercial wastewater collection services in Portsmouth and the Pease International Tradeport

- Clean, maintain, and repair sewer infrastructure
 - 120 miles of collection mains and sewer force mains
 - 1,650 manholes
 - 20 wastewater pumping stations
- Maintain advanced professional certifications for infrastructure collection operations at or above required regulatory levels

Wastewater Treatment: Provide wastewater treatment services, accepting flow from the City, Pease International Tradeport, and additional customers from bordering towns – New Castle, a few customers in Rye, and a few in Greenland

- Maintain two wastewater treatment facilities (WWTF) throughout Portsmouth and the Pease International Tradeport
- Maintain advanced technical professional certifications for operation of facilities at or above required regulatory levels
- Operate the most advanced WWTF in the state of New Hampshire at Peirce Island
- Plan for an upgrade at the Pease WWTF to maintain the level of service

Technical Services: Provide technical services to sewer division

- Maintain and further develop geographic mapping and information system
- Prepare maps and plans for information analysis and presentation
- Analyze and investigate illicit discharges and pursue remediation
- Prepare technical specifications, drawings, and estimates
- Review projects in design phase and perform field work
- Perform engineering inspections for sewer construction projects
- Optimize treatment facility performance

Goals and Objectives

	Goal #1: Operate the new Peirce Island Wastewater Treatment Facility to meet compliance with Great Bay Total Nitrogen General Permit and individual NPDES permit requirements
	Objectives <ul style="list-style-type: none"> ✓ Stabilize treatment performance and determine optimized treatment parameters ✓ Balance treatment performance and nitrogen reduction to meet and/or exceed nitrogen load permit limits in the Great Bay Total Nitrogen General Permit ✓ Implement recommendations for staffing changes to address the needs for operating more complex treatment systems and stringent discharge permit regulations ✓ Continue work on Combined Sewer Overflow Long Term Control Plan (LTCP) and assess future needs sewer separation and rehabilitation to reduce extraneous flow to the WWTF
	Performance Measurement <ul style="list-style-type: none"> • <i>Meet NPDES permit requirements</i>
	Citywide Goal Addressed <ul style="list-style-type: none"> • <i>Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment</i>

   	Goal #2: Continue operations improvement program in both collection and treatment areas
	Objectives <ul style="list-style-type: none"> ✓ Continue implementation of asset management program for long term financial planning and level of service stability ✓ Continue video line inspection program to refine sewer pipe asset needs ✓ Continue to implement Fats, Oil and Grease (FOG) reduction measures and customer outreach ✓ Confirm all necessary Industrial Pretreatment Permits are in place, monitored and billed. Prepare for official EPA Industrial Pretreatment Program requirements per the new Pease NPDES permit ✓ Conduct equipment upgrades with focus on energy efficiency and decreased energy consumption ✓ Continue preventative maintenance program, corrective maintenance tracking and process improvements
	Performance Measurements <ul style="list-style-type: none"> • <i>Update and formally document FOG related permits</i> • <i>Update database of all businesses that fall under the federal Industrial Pretreatment Program reviewing 100% of relevant businesses in the City</i>
	Citywide Goals Addressed <ul style="list-style-type: none"> • <i>Maintain Financial Stability</i> • <i>Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment</i> • <i>Maintain and Improve Infrastructure to Meet Needs of the Community</i> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i>

 	Goal #3: Minimize impacts to City and State waterways from combined sewer overflow and sewer system overflows
	Objectives <ul style="list-style-type: none"> ✓ Continue implementation of Combined Sewer Overflow Long Term Control Plan (LTCP) and Supplemental Compliance Plan projects (sewer separation) ✓ Continue evaluation of stormwater options, including the potential of creating a stand-alone stormwater utility ✓ Continue implementation of water efficiency program to reduce base flows to sewer and wastewater treatment facilities ✓ Continue implementing sewer rehabilitation throughout the City as recommended in the Inflow and Infiltration study ✓ Address illicit sanitary discharges to the drainage system ✓ Upgrade pump stations and rehabilitate sewers
	Performance Measurement <ul style="list-style-type: none"> • Construction sewer separation activities along a minimum 1,000 linear feet of roadway with existing combined sewer
	Citywide Goals Addressed <ul style="list-style-type: none"> • Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment • Maintain and Improve Infrastructure to Meet Needs of the Community

Additional Operational Measures

	FY23	FY24	FY25 (Estimated)	FY26 (Forecast)
Linear Feet of wastewater pipe inspected	30,006	50,000	40,000	45,000
Linear Feet of wastewater pipe cleaned	16,400	14,000	20,000	20,000
Number of Sewer System Overflows	0	3	7	2
Number of Combined Sewer Overflow Activations	9	16	12	10
Volume of Combined Sewer Overflows (million gallons)	19.7	15.9	14	7
Tons of Biochemical Oxygen Demand Treated and Removed from Wastewater	1,065	1,174	1,184	1,150
Tons of Total Suspended Solids Treated and Removed from Wastewater	1,136	1,795	1,995	2,000
Tons of Nitrogen Treated and Removed from Wastewater	154	181	195	198
DigSafe Tickets (locating)	3,077	3,267	3,500	3,650
DigSafe Labor Hours	1,219	870	1,018	1,100

Department of Public Works

Stormwater Division

(Special Revenue Fund)

Mission

The City of Portsmouth's Stormwater Program is dedicated to improving water quality in our drainage areas together with reducing flooding hazards through comprehensive planning, public education, and management of our stormwater and combined sewer/stormwater systems. The program focuses on continued Best Management Practices to ensure compliance with Stormwater Permits issued by the Environmental Protection Agency. Our efforts include working with regional partners, communities and other stakeholders on stormwater pollution prevention related issues and permitting requirements that focus on controlling runoff, minimizing discharge of pollutants to receiving waters, improving public health and safety, and promoting efficient water resource use.

Stormwater

Services Overview

- ✓ Administration
- ✓ Stormwater Collection
- ✓ Stormwater Treatment
- ✓ Technical Services

Did you know?

The City removes over 500 tons of sediment and debris from roadways before it reaches local surface waters?

Department Budget Comments

In July 2018, the United States Environmental Protection Agency's (EPA) new Municipal Separate Storm Sewer System (MS4) Permit went into effect. To ensure compliance with this permit, the City created a Stormwater Division in the Department of Public Works. The FY26 proposed budget is \$965,520. This is a net decrease of \$129,736 or -11.8% from FY25. For FY26, \$838,020 of this proposed budget is funded equally by a transfer from the General Fund DPW Highway Division and the Sewer Division Enterprise Fund. The remaining portion of \$127,500 is funded by surplus (Fund Balance) from prior year to partially fund Rolling Stock purchases. The remaining net increase for operating expenses of \$97,764 or 13.2% is primarily attributed to a reapportionment of 0.5 FTE, a position which was previously funded by water and sewer. This adjustment better reflects the cost center where the work is being done.

TOTAL	643,578	643,578	803,088	965,520

The Stormwater Division is responsible for compliance with EPA's National Pollution Discharge Elimination System (NPDES) Stormwater Phase II regulations. The City is regulated under two distinct components of the Stormwater Phase II regulations.

1. The City operates three facilities that are subject to the NPDES Stormwater Multi-Sector General Permit (MSGP) for Industrial Facilities (Peirce Island Wastewater Treatment Plant, Pease Tradeport Wastewater Treatment Plant, and the Portsmouth Public Works Facility). This set of regulations requires the City prepare and implement Stormwater Pollution Prevention Plans (SWPPPs) for each of the three facilities.
2. The City's storm drain system discharges are subject to the NPDES Stormwater Phase II Municipal Separate Storm Sewer System (MS4) General Permit. This five-year permit issued in 2018 by EPA requires the City prepare and implement a five-year plan to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality and to meet State water quality standards. The current permit has been administratively extended; a draft permit for NH is expected in FY26 with new permitting requirements.

Compliance with these two components of the Phase II regulations requires the City to conduct additional operation and maintenance activities and make additional capital expenditures. Many of the current regulatory requirements involve sampling, data collection, monitoring, and management. Responsibilities of existing staff have been adjusted to optimize the hiring of additional staff and share staff with the Water and Sewer divisions to optimize efficiencies. The Stormwater Division is currently comprised of 5.5 staff members with associated support and administrative staff from the Highway Division.

The City has taken a pro-active approach to stormwater management. In 2007, the City completed a Stormwater Master Plan which outlined a series of actions to comply with the EPA's stormwater requirements. This plan was updated in 2022. Actions completed included creating a stormwater ordinance, mapping and inspecting all of the City's stormwater infrastructure, adopting best management practices which incorporate stormwater treatment, and increasing the funding for stormwater

infrastructure. In addition, to fund these new efforts the City has been exploring the potential of developing stormwater utility. This would create a new stand-alone enterprise fund for stormwater management and capital projects. A Work Session with City Council was held during FY23. It is anticipated that additional work sessions and utility options will continue to be explored in FY26, however, with the Conservation Law Foundation's (CLF) petition for residual designation in the Great Bay watershed, the utility option is on hold pending further evaluation.

Programs and Services

Administration - Provide overall guidance and direction of work tasks and division resources, supervision of outside consultant/contractor work, and development of special projects

- Annual compliance report and public outreach

Stormwater - Labor, equipment, and materials to maintain the City's stormwater infrastructure

- Storm drain maintenance (pipelines, catch basins & manholes)
- Oversight of annual catch basin cleaning program
- Inspection stormwater outfalls in accordance with the Stormwater Permit
- Annual street sweeping of all City streets
- Daily sweeping of streets in the Central Business District
- Litter control and disposal in the Central Business District

Goals and Objectives

Goal #1: Public Outreach

Objectives

- ✓ *Flyer distributed during Household Hazardous Waste Collection Days*
- ✓ *Mailer with Leaf Collection Information distributed in Fall*
- ✓ *"Pick up after your Pet" information distributed with all dog licenses and signs placed in parks*
- ✓ *Updated Information on Website*
- ✓ *Stormwater Outreach Videos Produced and Distributed via City's YouTube and Instagram pages*

Performance Measurements

- *Number of Outreach Mailings*

	<i>FY23</i>	<i>FY24</i>	<i>FY25 (Estimate)</i>
<i>Outreach Mailings Sent</i>	<i>7</i>	<i>4</i>	<i>5</i>

- *Record and report to EPA number of contacts via website*

	<i>FY23</i>	<i>FY24</i>	<i>FY25 (Estimate)</i>
<i>Number of Total Stormwater Page Website Views</i>	<i>914</i>	<i>1,603</i>	<i>1,600</i>
<i>Unique views to the Stormwater Homepage</i>	<i>532</i>	<i>919</i>	<i>900</i>

Citywide Goal Addressed

- *Invite and Honor Input from the Community and Encourage Increased Participation/Engagement of Youth.*

	Goal #2: Public Participation
	Objectives <ul style="list-style-type: none"> ✓ <i>Public Involvement in pre-construction process</i> ✓ <i>Coastal Resilience Initiative Public Forum</i> ✓ <i>Continue Partnership with Strawberry Banke Museum to showcase “Water Has a Memory” and “Think Blue” Exhibit, describing history of water, sewer and stormwater systems and promoting best management practices for stormwater management and water efficiency</i>
	Performance Measurement <ul style="list-style-type: none"> • <i>The Stormwater Team plans to continue to work with the Water Has a Memory Exhibit with upgrades planned for FY26</i>
	Citywide Goal Addressed <ul style="list-style-type: none"> • <i>Deliver Services and Programs with Courtesy, Professionalism, and Efficiency</i>

Goal #3: Illicit Discharge Detection and Elimination (IDDE)

Objectives

✓ Inspection and sampling of City's Outfalls

✓ GIS inventory of structures

Performance Measurements

• Track sampling

• Document number of identified illicit discharges

	FY23	FY24	FY25 (Estimate)
Number of Wet Weather Samples	52	13	30

Department of Public Works

Parking and Transportation Division

(Special Revenue Fund)

Mission

To coordinate the delivery of Parking and Transportation services in a professional and responsive manner by recognizing that a safe, reliable, and efficient transportation system is essential to our economic well-being and quality of life.

Department of Public Works-Parking & Transportation Division

Services Overview

- ✓ Parking Facilities and Services
- ✓ Traffic Operations, Planning and Safety Improvements
- ✓ Roadway and Bridge Design Projects
- ✓ Transit Facilities and Services

Did you know?

- ✓ The Parking and Transportation Division is 100% supported by Parking revenues? The Division does not require tax dollars to operate.
- ✓ 96% of Parking Revenues come from visitor use of the City's Parking System?
- ✓ In FY25, a total of \$6.36 million, which represents 63% of all revenues collected through the Parking System, was used to support non-Parking-related salaries and services such as school crossing guards, snow removal, and downtown maintenance?

By using Parking revenues to pay for these and many more services, the Division is proud to report that in Fiscal Year 2025 the median-value Portsmouth Single Family Residence saved \$456 in Property Taxes that would have been required to maintain service levels enjoyed by all residents and visitors.

Department Budget Comments

The FY26 Proposed Budget for the Parking and Transportation Division is \$10,016,449, consisting of salaries, benefits, an operating budget of \$5,934,646 (59.2% of total budget), and a non-operating budget of \$4,081,803 (40.8% of total budget). This budget represents a decrease from FY25 of \$432,325, or -4.14%.

As depicted in the chart to the right, Parking and Transportation is comprised of six cost centers: Daily Operations and Maintenance, Parking Facilities, Public Transportation, Debt Service, Capital Outlay, and Contingency. This budget maintains existing levels of service, with additional support for operational changes, new services, and debt service. Operational measures include the completion of the 2025 Parking Utilization Plan Study, completion of year two of the Hanover Street Garage Restoration project, and continued support of re-purposing of downtown High-Occupancy Parking inventory for outdoor dining. The Division maintains active daily management of the 300-space capacity reduction at the Hanover Garage Facility during the final year of its renovation project.

In FY25, the City saw a 2% reduction in year-over-year transactions from FY24. However, peak occupancy figures continue to be well above the Parking Industry-standard target of 85%. The repurpose of the City's downtown High-Occupancy Parking Inventory for outdoor dining will continue to impact supply, driving increased usage of the City's garage facilities as anticipated. The Foundry Garage is now regularly showing 85% capacity, with a number of hotel and residential projects in the immediate area that will further impact demand in FY26. The City has completed the 2025 Parking Utilization Plan Study, submitting recommendations to the Council on February 3rd, 2025. These recommendations and supporting data will guide the Division's future management of its parking assets with a view to modernizing long-term Citywide parking planning goals. Operational recommendations continue to be guided by the 2024 Parking Principles as well as Parking Industry best practices. The City continues its

relationship with Smarking, Inc., a data analytics firm specializing in aggregating real-time parking information. The Smarking system compiles live data from physical meter systems, the ParkMobile app and the City's garages to assist in making data-informed recommendations and management decisions. This data is highly useful when calculating the realized effects of policy decisions, such as re-purposing parking inventory to alternative uses, tracking the success of the Stay & Pay pricing model, and the elimination of the B-Zone parking rate structure. The Division is researching new wayfinding technologies, including geofenced electronic products for those drivers that use the ParkMobile app.

The Stay & Pay pricing model continues to deliver multiple positive outcomes. Eleven percent of residents and visitors choose to remain in a single space for an extended period as their individual needs dictate, meaning the City continues to realize its goal of 'turning' spaces over at the 3rd hour for 89% of users, ensuring availability for the next prospective visitor. The ParkMobile smartphone app is now the City's #1 meter collection point, which enhances both the Stay & Pay model and the Park Once Philosophy, as users can easily extend their session safely and remotely without moving their vehicle. ParkMobile's notification feature reduces Citation issuance by communicating with users when their session is soon to expire. The Stay & Pay model has had the additional effect of increased length of stay (LOS) in garage patronage, further reinforcing the City's Park Once Philosophy, which reduces pollution and the City's carbon footprint, encourages pedestrian travel and enhances bicycle safety.

Program goals from FY25 that have been met include:

- Continued management of changing available daily inventory and traffic pattern at the Hanover Garage, now in the final year of its three-year renovation
- Expansion of the Parking Division's Transportation Engineering unit to include an emphasis on "Signs & Lines", formerly budgeted in the Highway Division
- Cross-training staff members to help reduce overtime, increase flexibility and continue to provide unparalleled service levels to the public
- Shifting management of the crossing guard program to Parking Clerk's Office (PCO) team, cross-training staff wherever possible
- Continued management of the popular Downtown Workforce Parking Program, providing reduced-rate parking at the Foundry Place Garage for qualified employees of downtown Portsmouth businesses - for FY25, this program averages over 100 users daily, a 25% increase over FY24
- Completion of the 2025 Parking Utilization Plan Study
- Introduction of the ParkMobile Resident Verification Program in conjunction with the Tax Office

The Proposed FY26 budget of \$10,016,449 represents a decrease from FY25 of \$432,325, or -4.14% as compared to the budget approved for FY25. The following chart depicts a comparison between the FY25 budget and the FY26 Proposed Budget.

FY26 Proposed Budget Change From FY25		
Parking Facilities		54,251
Operations & Maintenance		159,166
Public Transportation		93,008
Debt Service		98,750
Capital Outlay		(850,000)
Contingency		12,500
TOTAL		\$ (432,325)

Programs and Services

Parking Facilities and Maintenance Services

- Operates and maintains public parking facilities, surface lots and surrounding on-street parking
- Responsible for the operation, maintenance, collection, and enforcement of physical and virtual metering systems
- Administers citation appeals and the adjudication process
- Conducts short-term and long-term Parking planning studies
- Develops and implements parking projects and programs
- Assists with snow plowing and removal operations
- Facilitates downtown solid waste collection and removal
- Manages downtown sweeping and trash removal

Traffic Engineering, Planning and Safety Improvements

- In coordination with the Highway Division of the Public Works Department, upgrade City traffic signals, signs, and pavement markings in accordance with City and federal standards including the Manual on Uniform Traffic Control Devices, Public Right of Way Accessibility Guidelines, and the Americans with Disabilities Act
- Staff the Planning Board's Site Plan Review Technical Advisory Committee
- Represent Portsmouth at the Rockingham Planning Commission Transportation Advisory Committee
- Provide technical reviews of all traffic studies relating to public and private developments and events
- Implement traffic calming as well as vehicle, pedestrian, and bicycle safety improvement projects
- Staff the Parking & Traffic Safety Committee and make recommendations to City Council
- Collect and analyze data related to traffic volumes, speeds, and pedestrian behavior patterns

- Review Flagging, Excavation and Outdoor Dining Permits
- Manage public engagement with Click N' Fix
- Maintain inventory of the City's roadway signage
- Review and approve NHDOT oversize/overweight truck permits on City streets
- Collaborate with Planning & Sustainability Department on updating and implementing Pedestrian/Bicycle Master Plan as well as City wayfinding sign program

Roadway and Bridge Design Projects

- Manage federally funded roadway and bridge projects under the New Hampshire Department of Transportation's (NHDOT) Municipally Managed Highway Program
- Maintain the City's Capital Improvement Program for Transportation projects
- Responsible for grant application of projects awarded through the Seacoast Metropolitan Planning Organization (SMPO), leveraging State and Federal funding
- Traffic Engineering Team assists the Planning Department with Transportation-related projects
- Awarded CRISI Grant from the Federal Railroad Administration for the redesign of the Bartlett Street railroad bridge

Transit Facilities and Services

- Coordinate the City's public transit services and facilities
- Administer the contract with the Cooperative Alliance for Seacoast Transportation (COAST) for transportation between the City and the surrounding region
- Responsible for submitting grant applications for transit facilities, services, and amenities to the Federal Transit Administration (FTA) and COAST through the SMPO

Goals and Objectives

Goal #1: Execute and Manage the Hanover Garage Restoration Project

Objectives

- ✓ The High Hanover Parking Garage, built in 1985, is now in the third year of an extensive renovation and maintenance project which began early FY23. The facility's available inventory will continue to be reduced up to 33%, or 300 spaces, for each of the project's anticipated three years. The Parking Division has reduced monthly contracts at Hanover in anticipation of the impact of this necessary upgrade, and works to facilitate necessary daily changes in directional signage, traffic patterns and inventory availability, while incentivizing the use of the Foundry Garage as an alternative

Performance Measurement

- Assisting the contractor to remain within targets with respect to available spaces, and percent of completion throughout the project

Citywide Goal Addressed

- *Maintain and Improve Infrastructure to Meet Needs of the Community*

 	Goal #2: Continue to provide outstanding customer service and related programs to support the Parking and Transportation policies of the City
	Objectives <ul style="list-style-type: none"> ✓ As more public events are scheduled in Portsmouth, develop enhanced event shuttle systems and wayfinding where appropriate, while continuing to research additional options where applicable ✓ Continue to expand participation in the Downtown Employee Parking Program at Foundry Place Garage ✓ Continue to update and repair signage and pavement markings throughout the City
	Performance Measurements <ul style="list-style-type: none"> • Track and report sales figures from the Downtown Employee Parking Program • Track and monitor length of stay and additional related metrics at the garage facilities and in the downtown on-street and lot inventory
	Citywide Goals Addressed <ul style="list-style-type: none"> • Leverage Local Resources And Partnerships To Improve And Support Needs Of Residents, Nonprofits, Arts And Culture Community • Deliver Services And Programs With Courtesy, Professionalism, Integrity And Efficiency

Goal #3: Actively manage alternative transportation systems that serve public needs under changing fiscal constraints

Objectives

- ✓ Continue collaborating with COAST and other public transportation providers to improve efficiency and quality of public transportation services
- ✓ Collaborate with Portsmouth Representative on the COAST Board of Directors

Performance Measurement

COAST ridership for routes that serve Portsmouth

<u>Services Provided</u>	FY23	FY24	FY25 (Estimated)	FY26 (Forecast)
Fixed Routes (13; 14; 40; 41; 42; 43; 44)	116,629	153,240	178,956	189,500
Regional ADA Services	14,328	16,631	18,999	21,850
Senior Transportation	6,570	6,289	6,406	6,725

Citywide Goals Addressed

- Leverage Local Resources and Partnerships to Improve and Support Needs of Residents, Nonprofits, Arts and Culture Community
- Proactively Pursue the Integration of Sustainability, Resilience, and Climate Change Mitigation Actions Throughout the Government and Community

Goal #4: Develop and maintain a safe, efficient, and integrated multi-modal transportation system that reflects economic, environmental, and social considerations

Objectives

- ✓ Continue to compile database of crash statistics, traffic volumes, speeds, and vehicle classes utilizing traffic counters, police records, and consultants' studies
- ✓ Continue to assist in the implementation of the City's comprehensive Bicycle and Pedestrian Plan
- ✓ Coordinate municipally managed design and construction of the Peverly Hill, Pannaway and Maple Haven sidewalk projects
- ✓ Coordinate ongoing upgrades to downtown traffic light systems and pedestrian signals to provide appropriate crossing times with concurrent phasing with vehicular traffic where possible
- ✓ Continue working with various neighborhoods regarding design and construction of traffic calming improvements
- ✓ Continue with the implementation of the City's wayfinding program
- ✓ Coordinate municipally managed design and construction of the Islington Street corridor project
- ✓ Coordinate Phase II of the municipally managed design and construction of the Woodbury Avenue corridor safety improvement project from Rockingham Avenue to Dennett Street
- ✓ Upon completion of the Cate Street Connector, coordinate study to evaluate traffic flow with a view to recommend upgrades to Woodbury Ave and Bartlett Street

Prescott Park

(Special Revenue Fund)

Prescott Park Oversight and Care

Prescott Park is overseen by the City Manager with funding provided by the Trustees of the Trust Funds as well as the City of Portsmouth. Care and maintenance of the Park is overseen by the Director of Public Works and Facilities while the financial well-being of the Park is under the auspices of the Finance Department. The Park's docks are staffed by the Recreation Department's seasonal staffing.

Mission

To underwrite the operations required for the upkeep and administration of Prescott Park, which is within the management control of the City Manager. This work is carried out in accordance with the terms of the Josie F. Prescott Trust and related revenue sources, the deeds for the Park land, and directives of the Portsmouth City Council.

Prescott Park

Services Overview

- ✓ Maintenance of Park Grounds
- ✓ Maintenance of Park Facilities
- ✓ Docking Services
- ✓ Stewardship of Historic Resources
- ✓ Permitting and Scheduling of Special Events
- ✓ Administration of Park License Agreements
- ✓ Capital Planning and Project Management

Prescott Park is funded by various sources, including the Josie F. Prescott Trust, the Marine Maintenance Trust (for costs associated with the dock services and facilities), and a transfer from the General Fund as well as funds from the City's Parking Division. Other revenues that defray the impact on the General Fund include fees associated with weddings, license agreements with large park users, and donations from the use of Four Tree Island.

Programs and Services

Park Maintenance and Facility Management

Prescott Park encompasses over 10 acres of valuable green space, offering public access to the Piscataqua River. The Park features a variety of cherished landscapes and historic structures, including the Prescott Formal Garden, Four Tree Island, multiple docks and wooden piers extending into the river, vibrant flower gardens, and expansive open lawn areas. Additionally, essential infrastructure such as seawalls and fencing contribute to the Park's structural integrity. A dedicated team, including a full-time Horticulturist, Park Foreman, Utility Mechanic, and seasonal staff, ensures the upkeep of all Park facilities and landscapes.

Event Coordination and Permitting

Beyond the operations of resident nonprofit organizations, Prescott Park hosts a diverse array of special events and permitted activities. These include programs such as Yoga in the Park, the Fairy House Tour, and formal gatherings in the Public Forum area. Event permissions and permits are managed through the City Manager's Office to ensure coordination and compliance with City regulations.

Docking Services

Prescott Park provides two docking facilities, North and South Docks, available for public use. These docks accommodate seasonal boaters, hourly rentals, and overnight docking for transient visitors. Additionally, select dock slips are designated for visiting vessels that offer public programs or services, enhancing the park's maritime accessibility.

Administration, Capital Planning, and Project Management

In addition to routine Park maintenance, the administration oversees Park license agreements, policy enforcement, and service management. Strategic planning for significant capital improvements is also a key responsibility, guided by the Prescott Park Master Plan, adopted by the City Council in 2017. This plan ensures long-term investments and enhancements that preserve and improve the Park's facilities and public offerings.

Goals and Objectives

Goal #1: To ensure Prescott Park is available for park and recreational purposes

Objectives

- ✓ Operate the Park in a manner that guarantees access by the public for parks and recreational purposes
- ✓ Ensure compliance with deed restrictions, City ordinances, and Park policies
- ✓ Administer agreements and monitor the programming and services of Park licensees
- ✓ Communicate with residents, Park users, Park visitors, and others about Park activities, operations, future planning, and other issues

Performance Measurement:

Park Reservations

	2023	2024	2025 (Est)	2026 (Est)
Weddings	20	18	18	20
Four Tree Island (Large Grill Reservation)	134	121	130	145

Citywide Goals Addressed

- *Maintain Financial Stability*
- *Meet or Exceed State and Federal Legal/Regulatory Requirements, Including Those for a Safe and Healthy Community and Environment*
- *Maintain and Improve Infrastructure to Meet the Needs of the Community*

Community Campus

(Special Revenue Fund)

Mission

To support current nonprofit tenants and provide recreation and wellness opportunities for the entire community and Seacoast Region.

Community Campus

Services Overview

- ✓ Recreation and after-school services
- ✓ Support local non-profit tenants and their participants
- ✓ Educational Services

Did you know?

Did you know that the Recreation Department is opening a [new, full-time afterschool program](#) starting in Fall 2025 at newly renovated space at the Community Campus?

Totals Part Time	-	-	-

Department Budget Comments

The Community Campus proposed budget for FY26 is \$964,133, representing a net increase of \$27,046 or 2.89% over FY25. The net budget increase is primarily due to contractual obligations. This Special Revenue Fund has been created to operate the Community Campus building and grounds. This budget supports building maintenance needs, existing activities, and food service.

The Community Campus Facility includes rental agreements in place with AIDS Response Seacoast, Child Advocacy Center, Krempels Brain Injury Center, Seacoast Community School, and New Hampshire Outright. It is also home to the Robert J. Lister Academy. The campus sits on 32 acres, two-thirds of which are wetlands protected habitat. The property includes walking trails, a playground, greenhouse, pickleball courts, and is adjacent to multiple athletic fields.

Programs and Services

Recreation and Afterschool Services

- Dedicated program space for current Recreation Department programs, events, and activities
- Organized youth and adult sports leagues
- Afterschool, vacation week, and summer programs and camps for grades K-8
- Preschool music and arts

Support Local Non-Profit Tenants

- Shared programming
- Food services

Educational Services

- Robert J. Lister Academy (alternative High School)

Goals and Objectives

Goal #1: Provide affordable, diversified, year-round activities for residents and others

Objectives

- ✓ Provide year-round recreational programs serving the varying needs of Portsmouth's residents, regardless of age, sex, race, or income level
- ✓ Provide activities for different periods of free time due for those not working in the traditional 9-5 setting
- ✓ Provide activities of a progressive nature so participants, from beginner to advanced, can be accommodated and satisfied
- ✓ Create a balanced program that addresses the needs of all users, athletic activities, and non-athletic activities

Performance Measurement

Number of Programs Provided

	FY23	FY24	FY25 (Est)	FY26 (Forecast)
Campus Programs	54	71	77	80

Citywide Goals Addressed

- ✓ Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government
- ✓ Deliver Services and Programs with Courtesy, Professionalism, and Efficiency
- ✓ Welcome and Support Diversity in the Workplace and Community

Indoor Pool

(Special Revenue Fund)

Mission

To provide aquatic programming for all ages and abilities with a focus on water safety.

Indoor Pool

Services Overview

- ✓ Swim Lessons
- ✓ Lap & Open Swim
- ✓ Aquatic Fitness & Training Classes
- ✓ Swim Team Rentals

Did you know?

Did you know that the Indoor pool is our most inter-generational facility, with program participants ranging from 6 months to age 96?

Department Budget Comments

The Indoor Pool's FY26 Proposed Budget is \$598,837, which represents a decrease of \$13,674 or -2.23%. This decrease reflects minor adjustments to part-time lifeguard costs. This Special Revenue Fund was created to operate the Indoor Pool after years of successful partnership with non-profit S.I.P.P. to help manage the facility.

Community Development Block Grant (CDBG)

(Special Revenue Fund)

Mission

To develop a viable urban community by providing decent housing, a suitable living environment, and expanded economic opportunity - principally for persons of low and moderate incomes living in Portsmouth.

Community Development (100% Grant Funded)

Services Overview

- ✓ Administration of Portsmouth's U.S. Housing and Urban Development-funded Community Development Block Grant (CDBG) Annual Entitlement Program
- ✓ Public and Non-Profit Facilities Improvement Projects
- ✓ ADA Accessibility Improvement Projects
- ✓ Public Service Agency Grant Program
- ✓ Administration of CDBG Disaster Relief Funds, if any
- ✓ Administration of the Home Town Program for First-Time Homebuyers

Position Summary Schedule

Positions Full Time	FY24	FY25	FY26
Community Development Director	1.00	1.00	1.00
Administrative Assistant I	1.00	1.00	1.00
Totals Full Time	2.00	2.00	2.00

Did you know?

- The Community Development Division has financially supported several notable brick and mortar projects across Portsmouth over the last 50 years? Some high profile projects include: Gosling Road Bicycle & Pedestrian Improvements; Atlantic Heights Neighborhood Revitalization; Redevelopment of Cross Roads House; Woodbury Avenue Cooperative Site and Housing Improvements; Operation Blessing Emergency Warming Center Facility Improvements; and many more. In addition to brick and mortar improvements, CD supports local agencies that provide critical healthcare, childcare, and homeless prevention services for vulnerable residents.
- The Community Development Division administers the Community Development Block Grant (CDBG)? This federal program, established in 1974, has improved the quality of life for Portsmouth's most vulnerable residents for nearly five decades, supporting everything from critical infrastructure to essential social services like medical and dental care, emergency housing and warming centers, elderly services, at-risk youth services, homelessness prevention, and mental health support services provided by local nonprofits.
- Since the 1970s, Portsmouth's CDBG program has literally transformed neighborhoods throughout the City? While many residents enjoy the improved streets, accessibility, and public spaces, few realize these projects specifically target areas where over 51% of residents in the Census Block Group earn low or moderate incomes.

Department Budget Comments

The FY26 Proposed Budget for administrative support for the Division is \$193,803.* This represents an increase of \$2,840 or 1.5% from the FY25 budget. The budget includes salaries and benefits and other general administration costs of the Community Development Block Grant (CDBG) Program. This increase is due to staffing changes and salaries within the department. Generally, CDBG program administration costs have increased over the years with larger and more complex CDBG-eligible infrastructure and construction pursuit.

**At the time of this budget preparation, the FY26 CDBG federal allocation has not been received. Budget will be adjusted as necessary upon final allocations.*

Programs and Services

U.S. Housing and Urban Development-funded Community Development Block Grant (CDBG)

– The primary purpose of the CDBG program is to develop viable communities by providing decent housing, suitable living environments, and expanding economic opportunities, principally for residents who earn low or moderate incomes. The City of Portsmouth receives and administers approximately \$525,000 annually in CDBG entitlement funds. Additional CDBG funds may be made available to the City for disaster relief and urgent needs.

Housing, Public Facility and Accessibility Projects – A variety of housing rehabilitation and public facility projects may be funded through the Community Development Block Grant (CDBG) Program in neighborhoods or at facilities where a majority of residents earn low or moderate incomes as determined by the U.S. Census. Public facility projects include reconstruction of sidewalks and curbs, planting of street trees, installation of public lighting, and playground and park improvements. In addition, CDBG funding may be used to remove barriers to accessibility in public areas for persons who are physically disabled. Housing projects are limited to rehabilitation or sitework as CDBG funds may not be utilized for new housing construction.

Public Service Agency Grant Program – Capped Community Development Block Grant funds are provided on a competitive basis to local public service agencies that provide housing, health, and other services to residents of Portsmouth who earn low or moderate incomes. Program funds are used to support operating costs such as salaries and utilities, program costs, or to subsidize client service fees.

Home Town, First Time Homebuyers Program – This program is funded through the Portsmouth Housing Endowment Fund. It is a collaborative effort between the City of Portsmouth and Citizens Bank, N.A. (Portsmouth, NH) to provide homeownership opportunities to eligible Portsmouth households. Through this program, eligible Portsmouth households may receive downpayment assistance, closing cost assistance, and/or low interest secondary loan financing.

Goals and Objectives

Goal #1: Preserve, expand and improve public services for residents who earn low or moderate incomes, and who require health, housing, childcare and related services

Objectives

- ✓ Administer the Community Development Block Grant (CDBG) funded Public Service Agency Grant Program for social service agencies in accordance with U.S. Housing and Urban Development guidelines and reporting requirements.
- ✓ Through grants, fund services such as homeless shelter, emergency warming shelter, childcare, short-term rental assistance, elderly nutrition, health and dental care, supportive services for persons living with HIV/AIDS, and programming for at-risk youth – primarily benefitting low to moderate income persons

Performance Measurement

Number of persons benefitting from Public Service Agency Grant Program			
FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
497	488	509	520

Citywide Goal Addressed

- ✓ *Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment*

Goal #2: Support improvements to government and non-profit public facilities that primarily serve individuals and families earning low to moderate incomes

Objectives

- ✓ Provide funding for public facility improvements to nonprofit agencies and/or toward eligible city-owned facilities through the CDBG public facilities grant program
- ✓ Fund CDBG-eligible public facility improvement projects in income-eligible areas of the City and/or to primarily benefit low to moderate income persons

Performance Measurement

Number of persons benefitting from Public Facility Improvements			
FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
602	441	500	520

Citywide Goal Addressed

- ✓ *Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment*

Goal #3: Support housing opportunities for families earning a range of low to moderate/middle income levels

Objectives

- ✓ Facilitate housing rehabilitation projects that benefit low to moderate income households
- ✓ Work cooperatively with the Portsmouth Housing Authority and other appropriate agencies to retain, rehabilitate, and, where appropriate, expand the stock of affordable housing
- ✓ Administer Home Town, the City of Portsmouth First Time Homebuyer Program in coordination with program partners including the Portsmouth Housing Endowment Fund
- ✓ Pursue housing initiatives consistent with the final report of the City's Housing Working Group

Performance Measurement

Number of households assisted through Home Town, the City's First-Time Homebuyer Program			
FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
1	0	5	6
Number of households assisted through Housing Rehabilitation			
FY23	FY24	FY25 (Estimate)	FY26 (Forecast)
15	0	124	125

Citywide Goal Addressed

- ✓ Enhance the supply of housing choices, especially the supply of below- market rate housing options.

	Goal #4: Ensure that individuals with disabilities have equal access to public facilities and services			
	Objectives <ul style="list-style-type: none">✓ Continue to carry out projects that remove architectural barriers and improve access to public facilities for people with disabilities			
	Performance Measurement			
	Number of persons benefiting from improved ADA accessibility

CITY OF PORTSMOUTH ROLLING STOCK PROGRAM

FISCAL YEARS 2026-2035

PUBLIC WORKS

POLICE

FIRE

SCHOOL

PARKING, STORMWATER, WATER, and SEWER

The Rolling Stock Program is intended to provide an overall schedule for the expenditure of City Funds on replacement of vehicles and equipment necessary to carry out daily city activities. All City departments with rolling stock requirements participate in the program to include Public Works, Police, Fire and School. Such a program serves to inform the City Council and the Community that certain expenditures for upgrading the existing equipment are to be expected in the years ahead. Even with this program's schedule, adjustments may be necessary in order to accommodate unforeseen circumstances.

CITY OF PORTSMOUTH, NH CAPITAL IMPROVEMENT PLAN

FY 2026 – FY2031

Citizen Request Subcommittee: October 15, 2024

City Council and Planning Board Joint Public Hearing: November 18, 2024

Planning Board Adopted: November 21, 2024

City Council Adopted: December 2, 2024

This page intentionally blank.

SECTION I: INTRODUCTION

The Capital Improvement Plan (CIP) sets forth a multi-year schedule and financing strategies for accomplishing necessary public improvements. Careful development of and adherence to the CIP ensures that needed facilities are provided within the City's financial capability. In combination with the annual City budget, the CIP has a major impact on the allocation of fiscal resources and is thus one of the most important documents considered by the City Council.

The purposes of the CIP are to:

1. Implement needed improvements on a scheduled basis
 - Provides a complete picture of the City's major development needs
 - Coordinates activities of various City departments and agencies
 - Assists in implementing recommendations of the City's Master Plan
2. Guide the allocation of fiscal resources
 - Establishes fiscal priorities for projects
 - Balances the use of funding sources
3. Help plan for future City expenditures
 - Discourages piecemeal improvements and duplication of expenditures
4. Ensure that needed facilities are provided within the City's financial capability:
 - Informs the taxpayers of anticipated future improvements
 - Helps to schedule major projects to reduce fluctuations in the tax rate

As used in the CIP, a capital improvement project is defined as a major fiscal expenditure that falls into one or more of the following categories:

- ✓ Land acquisition;
- ✓ Construction or expansion of a public facility, street, utility or public infrastructure;
- ✓ Rehabilitation of a public facility or public infrastructure provided the cost is \$50,000 or more;
- ✓ Design work or planning study related to a capital project or implementation of the Master Plan;
- ✓ Any item or piece of equipment, non-vehicular in nature, that costs more than \$50,000 and has a life expectancy of 5 or more years; or
- ✓ Replacement and purchase of vehicles which have a life expectancy of more than 5 years or cost more than \$50,000.

The capital planning process is coordinated by the Finance and Planning Departments under the direction of the City Manager. Capital project requests are initially formulated by City department heads and submitted to the Finance Department. Members of the public may also submit project requests, which are reviewed by City departments and incorporated into the departmental project submissions as appropriate.

Each project request includes the following information:

1. Project name

2. Project number. These numbers are broken down into 4 parts:

• Project Category

- VE – Vehicles & Equipment
- BI – Buildings & Infrastructure
- IS – Information Systems Management
- TSM – Transportation System Management
- EF – Enterprise Funds
- COM- Combined Funding

• Year of Project Submission

- i.e. -12 → FY2012 Submission

• Submitting Department

- ED – Economic and Community Development Department
- FD – Fire Department
- FI – Finance Department
- HL – Health Department
- IT – Information Technology Department
- LI – Public Library
- PD – Police Department
- PL – Planning and Sustainability Department
- PL/NH – Planning and Sustainability Department and the State of New Hampshire

- PW – Public Works Department
- PW/NH – Public Works & State of New Hampshire
- RC – Recreation Department
- SC – School Department
- SD – Sewer Division
- WD – Water Division

- Location within the CIP plan
 - Projects are given a throughout the document.

Vehicles and Equipment: Vehicles

○ City Council Goals

- Enhance the supply of housing choices, especially the supply of below- market rate housing options.

- Integrate sustainability, resilience, and climate change mitigation actions throughout City government and community.

- Invite and engage the entire community, especially those traditionally unreached, to increase participation and transparency in government.

- Support the needs of residents, businesses, nonprofits, arts, and cultural institutions by leveraging City and local resources.

- Explore opportunities to support all modes of transportation options.

○ Organization's Goals

- Welcome and Support Diversity in the Workplace and Community

- Maintain Financial Stability

- Meet or Exceed State and Federal Legal/Regulatory Requirements Including Those for a Safe and Healthy Community and Environment

- Deliver Services and Programs with Courtesy, Professionalism, and Efficiency

- Maintain and Improve Infrastructure to Meet Needs of the Community

- School Board and Charter Commissions

- Provide an Educational Environment that maintains School Board Goals and supports its pillars of Opportunity, Equity, Student Wellness and a Strong Sense of Community to Every Youth

- Protect the Community Through Fire and Crime Cessation and Prevention for its Residents and Businesses

8. **Project justification** (does the project meet one or more of the following criteria):

- Identified in planning document or study
- Improves quality of existing services
- Provides added capacity to existing services
- Addresses public health or safety need
- Reduces long-term operating costs
- Alleviates substandard conditions or deficiencies
- Provides incentive to economic development
- Responds to federal or state requirement
- Eligible for matching funds with limited availability

Identified in Planning Document or Study	Self-Assessment of PD	Satisfy
Operations: April 2015		Y
Improves Quality of or Provides Added Capacity to Existing Services		Y
Addresses Public Health or Safety Need		Y
Reduces Long-Term Operating Costs		
Alleviates Substandard Conditions or Deficiencies		
Provides Incentive to Economic Development		
Responds to Federal or State Requirement		
Eligible for Matching Funds with Limited Availability		
Timing or Location Coordinate with Synergistic Project		
Responds to a Citywide Goal or Submitted Resident Request		

Description: This program is a regular replacement schedule for the City's ambulances. The 2014 ambulance is scheduled for replacement in FY23. Funds include complete set-up including radio, lettering, striping, and equipment. 1/3 of the total cost of the vehicle is requested each year with a purchase after the third year.

Notes of Changes in Funding Plan: from FY22-27 CIP:

After City department heads submit their capital project requests, an Advisory Committee of the Planning Board meets with department representatives to review these requests. The Advisory Committee then evaluates and prioritizes each request and makes recommendations to the Planning Board.

The following factors are considered when prioritizing projects:

- **Project requirements** – Is the project required to meet legal, compliance, or regulatory requirements?
- **Timing** – How soon does the project need to be implemented to address the needs identified?
- **Strategic alignment** – To what extent is the project aligned with other city projects, policies, processes?
- **Public value** – How much value does the outcome of this project provide to the general public? How much public support is there for implementing this project?
- **Finance planning** – Is the project fundable in the time frame identified, are there available funding sources for this project?

The Finance Department incorporates the Advisory Committee's recommendations into a recommended Capital Improvement Plan which is reviewed and adopted by vote of the Planning Board in accordance with State statute. Finally, the Planning Board's adopted CIP is conveyed to the City Council for public hearing and adoption in accordance with City Charter requirements.

SECTION II: METHOD OF FINANCING

Capital improvement projects are funded from a variety of sources. These include General Fund (GF); Federal/State Grants; Bond or Lease; Revenues (Parking, Water and Sewer); State Revolving Loan Fund (SRF) and Public Private Partnerships (PPP).

General Fund – The most commonly used method of financing capital projects is through the use of the General Fund. The General Fund includes the money raised by the local property tax for a given year. When a project is funded with General Fund revenues, its entire cost is paid off within the year. The intent is to budget annually a certain amount from the General Fund (approximately 2% of previous FY General Fund total Budget) to address City priorities. If the City has the financial capacity to pay for a project in a given year, the cost to the taxpayer will generally be less than if bonded because there are no interest payments to be made. However, it does have the effect of lumping expenditures into one year, thereby giving a peak tax loading.

Grants – One source of grants is from other levels of government, for example, the Environmental Protection Agency, the NH Department of Health and Human Services, U.S. Housing and Urban Development, NH Department of Environmental Services, and the NH Department of Transportation. Generally, these Federal and State sources provide an outright grant or matching funds to go with locally raised funds. The City also pursues non-governmental private grants when applicable.

General Obligation Bonds – Bonds are used to finance major municipal capital projects. These are issued for a period of time generally extending from ten to twenty years during which time principal and interest payments are made. They are secured by the raising of property taxes. The time payment has the advantage of allowing the costs to be amortized over the life of the project and of allowing taxpayers to pay a smaller amount of the project's cost at a time. However, they do commit the City's resources over a long period of time and decrease the flexibility of how yearly revenues can be utilized. The City's bonding capacity is a limited resource. All projects that are to be bonded should meet minimum eligibility criteria and must have a life span at least equal to the bond life.

Revenues – The City has established two Enterprise Funds for Water and Sewer. The needs for these two divisions are met through the revenues raised from providing that particular service. Therefore, there is no impact on the City's tax rate. Additionally, the City has established a Parking and Transportation Fund (Special Revenue Fund). Revenues derived from the City's parking functions are transferred to this fund in order to operate the City's parking and traffic-related activities.

State Revolving Loan Fund – This is a program offered through the NH Department of Environmental Services for the purpose of providing low interest rate funding for approved water pollution control projects. State approval of applications does not bind the City to any of the individual projects but does lock into a low interest rate loan. Upon completion of projects, the loan becomes a serial bond payable by the City of Portsmouth Sewer or Water Fund to the State of NH. Payback is over a five-to-ten-year period and

Enterprise Revenues are utilized for that purpose. In addition, the City applies for State Aid Grant funding to assist in repaying SRF loans up to 30% of the total project cost.

Public Private Partnership – This method of financing involves joint funding of a particular project between the City and one or more private sector or non-governmental partners. This method is used for projects that will benefit the partners and help to minimize costs to local taxpayers.

Deciding on which method of financing should be selected for a given project is dependent on several factors. These include the cost of the project, its useful life, the eligibility of the project to receive funds from other than local taxes, long-term and short-term financial obligations of the City and a project's relative priority in terms of implementation. The Capital Improvement Plan seeks to maximize the potential benefits from all revenue sources.

Impact on Operating Budget

Description of box labeled “Impact on Operating Budget” is as follows:

1. Reduce – Will Generate Revenue and/or Reduce Operating Costs

The project will either generate some revenue to offset expenses.

2. Negligible – Will Increase Operating Costs by Less Than \$5,000 per Year

The project will generate less than \$5,001 per year in increased operating expenditures.

3. Minimal – Will Increase Operating Costs by \$5,001 to \$50,000 per Year

The project will generate between \$5,001 and \$50,000 per year in increased operating expenditures.

4. Moderate - Will Increase Operating Costs by \$50,001 to \$100,000 per Year

The project will generate between \$50,001 and \$100,000 per year in increased operating expenditures.

5. High - Will Increase Operating Costs by \$100,001 or More per Year

The project will generate \$100,001 or more annually in increased operating expenditures.

Operating Budget Impact
FY 26-31 Capital Improvement Plan

The following projects will have an impact on operating budgets. All other Capital Projects will have negligible impact on operating budgets.

By Project:

Page	Project:					FY 26	FY 27	FY 28	FY 29	FY 30	FY 31
II 30	VE-	24-	PD-	08	Police Body Cameras						
					Personnel	75,000	78,750	82,688	86,822	91,163	95,721
					Operating	90,000	90,000	90,000	90,000	90,000	90,000
					Total	165,000	168,750	172,688	176,822	181,163	185,721
					An FTE will be needed to administer the program and cost of annual maintenance and data storage will be needed.						
II 33	BI-	15-	PD-	10	New Police Department Facility	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31
					Personnel	0	0	0	0	48,000	50,400
					Operating	0	0	0	0	100,000	100,000
					Total	0	0	0	0	148,000	150,400
					By building a new Police Facility this project will increase utility costs due to the increased size along with a possible increase to custodian/maintenance costs						
II 54	BI-	19-	PW-	37	Prescott Park Master Plan	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31
					Personnel	0	0	50,000	52,500	55,125	57,881
					Operating	0	0	30,000	30,000	30,001	30,002
					Total	0	0	80,000	82,500	85,126	87,883
					An increase to operating budgets for maintenance can be expected.						
II 62	BI-	20-	PW-	46	Level 2 (120/208 Volt Single Phase) and Level 3 (480 Volt Three Phase) EV Charging St	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31
					Personnel	0	0	0	0	0	0
					Operating	0	0	0	0	0	0
					Total	0	0	0	0	0	0
					Any operating costs will be covered by revenue received						
II 63	BI-	26-	PW-	46A	New Parking Garage	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31
					Personnel	0	0	0	0	0	0
					Operating	0	0	0	0	0	0
					Total	0	0	0	0	0	0
					A New Parking Garage, if built, would have an impact to the Parking Funds operating budget. At this time it unknown the timing of construction or the impacts to operating budget.						
II 74	IS-	21-	FI-	50	Financial Software Upgrade	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31

I. VEHICLES AND EQUIPMENT

VE-18-FD-07: Personal Protective Clothing Replacement

Department		Fire Department
Project Location		Fire Station 1 , Station 2 and Station 3
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Reduce (will reduce operating costs)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Reduce
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: This project will continue the practice of replacing personal protective clothing every five (5) years so that all personnel have a primary and secondary set of structural firefighting gear that is no more than ten (10) years old as required by NFPA 1851. Best practices of firefighter cancer prevention allows each firefighter to have a secondary set of gear so that an acutely soiled set can be cleaned while the firefighter remains on duty and in service.

Description: In FY24 the Police Commission, with City Council support, voted to move forward with a body camera program and contract. This decision conforms to the Governor's Commission on Law Enforcement Accountability (LEACT) and fulfills a commitment, adopted by the Commission, from the Portsmouth Resident Advocacy Group [set of recommendations](#) to "improve police practices." After a thorough evaluation, a vendor was chosen.

In addition to the body camera program, the department submitted for Taser replacements in FY24. The improvements to this technology comes at a significant cost increase, since the last edition purchased.

The vendor chosen for the body cameras is also a sole source provider for Tasers. As a result, a "bundled" contract for both equipment items is reflected below over five fiscal years. Note: a 1% payment, to hold the pricing, was made in FY24 from GF. In FY31 a new contract will be negotiated.

Notes of Changes in Funding Plan from FY25-30 CIP:

Body Cameras and Tasers projects have been combined into one project (FY25 CIP #VE-25-PD-09 Combined with this project). The terms of the FY25 funding approved as part of the budget process was altered at the 6-17-24 City Council meeting to the funding shown below. \$18,038.12 was also paid out of FY24 as a 1.0% deposit.

This page intentionally left blank.

II. BUILDINGS AND INFRASTRUCTURE

BI-15-PD-10: New Police Department Facility

Department		Police Department
Project Location		To Be Determined
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		High (\$100,001 or more)
Operating Budget Impact Details	Personnel	2 Additional Custodial Staff
	Budget	Budget increases to run the new facility (electricity, heating, cooling of additional square footage)
Funding Policies	Percent for Art	Yes
	Green Building	Yes

Description: The results of the space needs study conducted in FY14 determined the current Police facility no longer meets the needs of the Department. This project would fund the design and construction of a new facility after a site selection study and conceptual design are complete.

As of November 2024, of the \$4.2 million in prior Fiscal Year Funding, \$1,400,000 was approved in the CIP to fund the preliminary designs once prospective sites were chosen, these monies have been authorized for bonding. The \$2,800,000 was allocated in FY23 to complete the pre-construction process but has not been authorized.

Note: The cost estimates provided are based on those provided in a prior study and the pricing is escalated to the FY24 estimated rates.

BI-07-SC-11: School Facilities Capital Improvements

Department		School District
Project Location		District Wide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Minimal (\$5,002 to \$50,000)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Air handling upgrade costs
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: The Portsmouth School Department has maintenance responsibilities for seven (7) buildings and the grounds that accompany them. These appropriations are used for buildings and grounds improvement projects including paving, roofing, energy efficiency upgrades, infrastructure replacement, and security enhancements. FY30 funding will support air handling upgrades in high school spaces impacted by State supported renovation of the CTE Center.

Studies Identified & Useful Website Links:

- [Portsmouth School Department Homepage](#)
- [FY25-FY30 CIP \(Prior Year\) Project Sheet](#)

Notes of Changes in Funding Plan from FY25-30 CIP:

Funding added to FY28 for District-wide paving and roof replacements and funding increased in FY30 from \$1,000,000 to \$3,000,000 to support air handling upgrades to areas adjacent to the CTE center.

BI-25-SC-13: Renovation of Portsmouth Career and Technical Education Center

Department		School Department
Project Location		CTE Center at PHS, Andrew Jarvis Drive
Priority		B (needed within 4 to 6 years)
Impact on Operating Budget		Minimal (\$5,002 to \$50,000)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Minimal increases in facility carrying costs
Funding Policies	Percent for Art	Yes
	Green Building	Yes

Description: The Portsmouth Career Technical Education Center is co-located on Andrew Jarvis Drive with Portsmouth High School. The program is an important element of ensuring students graduate college and career ready. The State of New Hampshire capital budget supports renovation of CTE facilities on a roughly 25-year rotation. The 30-31 biennium is expected to bring that support to Portsmouth. Renovation will include safety and security upgrades, updating of classroom and lab spaces, and introduction of facilities to support new programming initiatives to match needs in the labor market.

Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Costs addressing monitoring equipment annual costs and replacement.
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: In FY18, the CIP funded the rehabilitation of the first permanent document storage area (City archive) within City Hall. This Permanent Records Room features a new waterless [Inergen® Gas Fire Suppression System](#) (nitrogen 52%/argon 40%/carbon dioxide 8%), local temperature control and monitoring, humidity monitoring and archival quality shelving for many of the City's oldest and most important and legally required records not located in the City Clerk's vault. The facility also features a separate document quarantine area for documents contaminated with mold, red rot or maladies that may potentially spread to healthy documents. The Archive houses records from many departments including the City Clerk, Finance, Planning, Public Works, Human Resources, Trustees, and the Fire Department. The documents in this room range from the 1700's to current permanent records. All funding requests help with the expansion and continued maintenance of the current facility in addition to the relocation or building of a future archival space.

BI-18-FI-16: Permanent/Historic Document Restoration, Preservation, and Scanning

Department		Finance Department & City Clerk
Project Location		City Hall (1 Junkins Ave)
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Minimal impacts to IT storage costs
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: By law, the City is required to keep certain types of documents in perpetuity (i.e. tax warrants, assessing information, city council records, etc.). These historic/permanent documents, ranging in age from 20 – 300+ years, are not in current city use day-to-day by City Staff, and are being stored in the City Hall archive. Many of these permanent records are showing signs of maladies including red rot and mold that increase the rate of deterioration. The requested funds will be utilized to restore/preserve these permanent documents as well as scan them for preservation purposes to digital format (pdf/a) and/or microfilm. The monies requested fund both City Clerk and Finance Department Archival Records preservation. The total amount of funds needed to preserve the contaminated documents, overtime, will continue to grow as preservation costs increase and is likely to last decades with the current funding plan.

	Green Building	N/A

Description: Per RSA 33a, the City is required to keep many records in perpetuity. A number of these records are still actively utilized by staff on a day-to-day basis and are not held in the City's Archive. Many of these records are original paper copies of records that have no digital backup of any kind. This project would provide funds to scan these documents to a PDF/A format (as required by NH State law for permanent record storage) as a digital backup in the case of damage, destruction or theft of the original paper documents. The purpose of this project is to not only ensure compliance with the NH RSA but to also ensure continuity of services in the case of an emergency or disaster that links access to the paper originals.

Operating Budget Impact Details	Personnel	Contracted only
	Dept. Budget	General supplies for community process
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: A master plan is a planning document that serves to guide the overall character, physical form and development of a community (RSA 674:2). It describes how, why, where and when to build or rebuild a city. It provides guidance to local officials making decisions on budgets, ordinances, capital improvements, zoning and subdivision matters, and other development-related issues. The Master Plan shall include, at a minimum, the following required sections:

- A vision section that serves to direct the other sections of the plan. This section shall contain a set of statements which articulate the desires of the citizens affected by the master plan, not only for their locality but for the region and the whole state. It shall contain a set of guiding principles and priorities to implement that vision.
- A land use section upon which all the following sections shall be based. This section shall translate the vision statements into physical terms. Based on a study of population, economic activity, and natural, historic, and cultural resources, it shall show existing conditions and the proposed location, extent, and intensity of future land use.

Portsmouth last updated their master plan in 2016. At that time, the community articulated a vision for the future of Portsmouth. This included key themes that included goals and strategies for advancing the community values articulated in those themes. The plan also included focus growth areas where opportunities and challenges were explored, and actions were identified that would guide the development and transformation of those areas.

Under RSA 674:3 Master Plan Preparation – revisions to the plan are recommended every five to ten years. Portsmouth is nearing the end of the planning horizon for the current Master Plan, Portsmouth 2025. The development of a master plan involves significant community involvement to ensure development of the community vision is inclusive and broadly representative. Staff anticipates an 18-to-24-month process for completing the plan update. Funding would support professional services support for this community-wide process with consultant recruitment beginning in 2024.

BI-23-PW-34: Community Campus Facility Needs

Department		Public Works & Recreation Department
Project Location		Community Campus (Campus Drive)
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: This 20+ year old building needs ongoing maintenance. The roof at Community Campus is of large concern as there are several ongoing leaks that need to be mitigated. Also of concern, the aging fire alarm system and HVAC controls. These monies would be used to address those improvements as well as ongoing maintenance of plumbing infrastructure, playgrounds, retaining walls, and kitchen equipment that were not part of the recent upgrades to the facility.

Evaluation Criteria

Description: The City of Portsmouth has received recognition as a Tree City USA for over twenty years and has a long tradition of caring for urban forests. The City Arborist and the Trees and Public Greenery Committee administers this program which focuses on proactive plantings, managing street tree planting projects, inspecting, pruning and removing hazardous trees in the right-of-way. In addition, they provide information and resources to residents, homeowners and builders.

	Green Building	N/A

Description: The City of Portsmouth is responsible for the care and maintenance of Prescott Park and Four Tree Island. Among the abundant gardens and green space, there are several historic buildings, access ways, foot paths, period lights, plazas, fountains, park furnishings, and marine infrastructure that need significant rehabilitation or upgrades. In 2017, a Master Plan was completed identifying changes to the park, however, there are several projects that require funding. Identified projects include various improvements to the Shaw and Sheafe warehouses, Four Tree Island bathrooms, the upgrade and replacement of paved surfaces, replacement of perimeter fencing along the waterfront, wooden dock repair or replacement, electrical and lighting rehabilitation, and irrigation and fountain improvements.

Description: This project addresses City Hall complex's antiquated heating and air conditioning system. The remaining original system is deteriorating and does not provide reliable heating, cooling, and dehumidification. In recent years, half of the piping has been replaced. Problematic issues continue to be of concern that require additional investment. Concerns include pipe corrosion, heavy condensation and leaks, which may contribute to mold growth and results in additional maintenance.

Description: Consistent with the findings of the 2024 10-year Parking and Zoning Study, this project will meet anticipated future demand for 650 spaces of Parking inventory. Assuming similar size and scope to the Foundry Place Parking Facility, the Division anticipates similar operating budget and staffing Requirements. The FY25 numbers are reflected herein. As to construction costs, industry standard expectation as of this publication is \$35,000 per constructed space, equating to \$22,750,000.

BI-24-PW-47: Mechanic Street Wharf/Pier

Department		Public Works Department
Project Location		Mechanic Street
Priority		C (needed within 7 to 10 years)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impact Details	Personnel	N/A
	Dept. Budget	Minimal
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: This project will replace the “Snappy LaCava” Wharf that had been at 95 Mechanic Street. The project was bid with the recently completed sea wall replacement but due to a lack of funding was not completed.

Evaluation Criteria		
CORE FUNCTION	Responds to Federal or State Requirement	
	Addresses a Public Health or Safety Need	
	Alleviates Substandard Conditions or Deficiencies	
FINANCIAL BENEFIT	Eligible for Matching Funds with Limited Availability	
	Timing or Location Coordinate with Synergistic Project	
	Reduces Long-Term Operating Costs	
COMMUNITY PLAN OR IMPROVEMENT	Identified in Planning Document or Study	
	Improves Quality of or Provides Added Capacity to Existing Services	
	Provides Incentive for Economic Development	
	Responds to a Citywide Goal or Submitted Resident Request	Y

	Responds to a Citywide Goal or Submitted Resident Request	Y

Description: In order to improve cybersecurity, the city has assessed its technology environment and developed a remediation plan to address recommendations from Homeland Security CISA (Cybersecurity and Infrastructure Security Agency). This funding request is to address the CISA physical security recommendations. These recommendations apply to all 15 server and switch rooms/closets. These spaces need to be secured with (1) door card access (2) cameras (3) secure cable racks (4) color coded cabling (5) replacement of doors to eliminate windows giving visibility to the spaces, and (6) adequate reliable cooling.

Operating Budget Impacts	Personnel	N/A
	Dept. Budget	Annual subscription costs
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: Several different software tools that provide for the necessary financial functions of the City need to be upgraded and/or expanded to deliver contemporary business solutions and achieve Citywide efficiencies. The project is underway to find and implement the optimum solution of cloud-based applications to better address finance and accounting, human resources and payroll, purchasing and payables, billing and cash receipting, along with an important list of related functions. The core elements of this new solution are expected to be launched over the course of 2025 with more specialized components following as best coordinated. The revised FY26 request is consistent with the solution costs revealed in the recently completed request for proposals.

IS-26-PD-51: Public Safety Radio Communication System Replacement

Department		Police Department & IT Department
Project Location		Citywide
Priority		Equipment (non-vehicular)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: The public safety communications system provides seamless radio/dispatch transmissions throughout the city for Police and Fire. The system also allows for radio interoperability with statewide, federal, and some border agencies in MA and ME. The system currently includes nine radio antenna sites with "comm" stations in specific locations around the city. This insures there are no "bare spots" where radio transmission are not viable. The radio infrastructure also includes an operating system and consoles in dispatch for these transmissions.

The department migrated from an analogue radio system to a digital one in the late 1990's. The most recent upgrade/replacement to this digital system took place in 2017 and will be due for another upgrade/replacement 12-15 years from that date. 2030 is the planned start date for the project, as it takes over a year to design and install.

A needs study will be completed prior entering into a new contract to insure the department is using the most up-to-date technology so emergency communications throughout the city and the ability to connect to the state and federal systems will be un-interrupted. The next upgrade replacement is anticipated to cost over \$2,000,000. The funding requested is in preparation for this project.

Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: This funding is requested to implement projects identified in the 2024 Update to the 2014 Bicycle and Pedestrian Plan once the update is complete. Demand for bicycle and pedestrian facilities continues to grow and these funds will be used as opportunities become available to expand and improve the Citywide bicycle and pedestrian networks. The Bicycle and Pedestrian Plan when complete, will implement measures which will help make walking and bicycling in Portsmouth safer and more convenient Citywide.

TSM-15-PW-63: Market Square Upgrade

Department		Public Works Department & Planning and Sustainability Department
Project Location		Market Square
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: Market Square was constructed in 1977 with minor improvements completed over the years. Streets and buildings around the square have been updated but utility, sidewalk and lighting upgrades are now required. The Market Square study will be completed in FY25 and will inform Phase 1 capital investments in FY26. The intent of this study is to engage the community in a Citywide process that will allow us to better understand the vision, values, and funding priorities for Market Square through public outreach. This project will be implemented in multiple phases which are reflected in the funding requests for outyears FY28 and FY30. These phases will include streetscape improvements, pedestrian enhancements, and upgrades to water, sewer, drainage and will address citizen requests.

TSM-95-PW-64: Citywide Sidewalk Reconstruction Program

Department		Public Works Department
Project Location		Citywide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	Fractional FTE
	Dept. Budget	Minimal maintenance needs
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: The Public Works Department completed a conditional sidewalk assessment of City maintained sidewalks. The assessment contains detailed information on seventy-four (74) miles of sidewalk. These sidewalks are not included in parks, fields and other City maintained facilities. The results give staff a clear depiction of the overall conditions. This project consists of sidewalks identified as poor to fair condition. Reconstruction work is based on need and execution is coordinated with other street and utility improvement projects.

TSM-95-PW-64: Citywide Sidewalk Reconstruction Program

PROPOSED CAPITAL IMPROVEMENTS ON EXISTING SIDEWALKS:

- Maple Haven - North
- Kensington Road
- Lawrence Street
- Mendum Avenue
- Summit Avenue
- Woodlands Area
- South Side of South Street - Lafayette to Spinney Road
- Miscellaneous

The list above represents a backlog of high priority sidewalk projects as identified by the Conditional Sidewalk Assessment and other capital projects. The amount of work completed depends on available funds and construction bid prices.

TSM-10-PW-65: Citywide Traffic Signal Upgrade Program

Department		Public Works Department
Project Location		Citywide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Evaluation Criteria		
CORE FUNCTION	Responds to Federal or State Requirement	
	Addresses a Public Health or Safety Need	
	Alleviates Substandard Conditions or Deficiencies	Y
FINANCIAL BENEFIT	Eligible for Matching Funds with Limited Availability	
	Timing or Location Coordinate with Synergistic Project	Y
	Reduces Long-Term Operating Costs	
COMMUNITY PLAN OR IMPROVEMENT	Identified in Planning Document or Study	
	Improves Quality of or Provides Added Capacity to Existing Services	Y
	Provides Incentive for Economic Development	
	Responds to a Citywide Goal or Submitted Resident Request	

Description: The City continues to replace its antiquated signal systems. These replacements improve traffic flow, emergency response, safety, and efficiency at intersections. The upgrades include new traffic signals, controllers, improved compliance with pedestrian ADA requirements, and minor roadwork.

TSM-11-PW-66: Citywide Intersection Improvements

Department		Public Works Department
Project Location		Citywide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: The Parking and Traffic Safety (PTS) Committee receives numerous requests to address traffic volumes, vehicle speeds, and pedestrian safety. Many of these request's deal with street intersections which could be enhanced with minor modifications to the geometry of the streets at the intersections. This project would fund improvements to various intersections involving realignment, curbing, signage, and other traffic calming methods. Intersection modifications improve safety for both pedestrian and motor vehicle traffic. The Greenleaf Avenue and Lafayette Road intersection has been identified as a difficult intersection, which needs improvement.

TSM-16-PL/NH-67: Russell/Market Intersection Upgrade

Department		Planning and Sustainability & Public Works Department
Project Location		Russell and Market Streets
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Minimal (\$5,001 to \$50,000)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	Maintenance needs
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: The volume of traffic at the intersection of Russell Street and Market Street has increased over time. Traffic is expected to continue to increase due to nearby private development projects. Improvements are needed to address traffic flow and safety. This work would complement the recently completed Market Street Gateway Project. In addition, this project will progress in conjunction with the upcoming Market Street railroad crossing reconstruction project by NHDOT and coordinate with adjacent development.

	Responds to a Citywide Goal or Submitted Resident Request	

Description: This bridge is beyond its 50-year design life. It cannot handle heavy truck volumes and needs to be replaced. Residents have asked for the bridge to remain open if the median on Route 1 Bypass is extended past Cottage Street. This ensures emergency vehicle access to Portsmouth Hospital from the neighborhood. The City will continue to do temporary repairs until state funding is available for the bridge replacement.

Studies Identified & Useful Website Links:

TSM-20-PW-70: Coakley-Borthwick Connector Roadway

Department		Public Works Department
Project Location		Coakley Road and Borthwick Avenue
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	Maintenance needs
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: To improve traffic flow on the Route 1 Bypass, a plan for intersection improvements has been designed. The signal at the intersection of Coakley Road, Cottage Street and the Route 1 Bypass may be removed and the median on the Bypass extended through the intersection prohibiting left turns. To provide left turn access to and from the Bypass for the users of Coakley Road, this project would construct a connector roadway between Coakley Road and Borthwick Avenue. This project is subject to NHDOT approval and would be contingent upon acquiring the necessary right-of-way.

TSM-94-PW-72: Street Paving, Management, and Rehabilitation

Department		Public Works Department
Project Location		Citywide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	Yes

Description: The Pavement Condition Management Program started in 1993. An annual report updating the City's pavement management system is completed as part of this program. The City's network of roads are evaluated, and comprehensive budget requirements are analyzed to develop road-paving programs and timelines. The report provides recommended funding to maintain street conditions at current levels. These are capital costs that are implemented over a two-year period with an expected lifespan of 20 years. The Public Works operational budget includes maintenance costs with an expected lifespan of 10 years. A list of streets needing improvement is on the next page.

Evaluation Criteria

TSM-25-PW-77: State Street Two-Way Redesign

Department		Public Works – Highway Division
Project Location		State Street, Middle to Memorial Bridge
Priority		B (needed within 4 to 6 years)
Impact on Operating Budget		Moderate (\$50,000 to \$100,000)
Operating Budget Impacts	Personnel	N/A
	Dept. Budget	New facility carrying and maintenance
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Evaluation Criteria

CORE FUNCTION	Responds to Federal or State Requirement	
	Addresses a Public Health or Safety Need	
	Alleviates Substandard Conditions or Deficiencies	
FINANCIAL BENEFIT	Eligible for Matching Funds with Limited Availability	
	Timing or Location Coordinate with Synergistic Project	
	Reduces Long-Term Operating Costs	
COMMUNITY PLAN OR IMPROVEMENT	Identified in Planning Document or Study	Y
	Improves Quality of or Provides Added Capacity to Existing Services	
	Provides Incentive for Economic Development	
	Responds to a Citywide Goal or Submitted Resident Request	Y

Description: Consultants assessed converting State Street from one way to two-way traffic flow between Middle Street and Scott Avenue.

The initial cost estimate for this work is \$1.5M. This only includes reconstruction of traffic signals, minor intersection changes, and contingency and does not address all the necessary roadway and streetscape modifications which will be determined as part of a design effort.

It is important to note, the consultant's assessment "does not evaluate impacts on non-vehicular modes (bicyclists and pedestrians), emergency vehicles, and loading zones. Currently, truck loading has been observed to fully or partially block the travel lane due to trucks exceeding the width of loading areas, not fully pulling into loading areas, or using the travel lane instead of loading areas. Additional loading zones and possibly wider loading zones may be required, which would have impacts on the number of parking spaces or the sidewalk widths. Shifting the curb to accommodate wider loading zones would have significant cost implications".

The actual cost of this project will not be known until a design is completed but is anticipated to be significantly higher than \$1.5M. This design requires further study to determine potential needs and cost estimations.

WATER

EF-02-WD-78: Annual Water Line Replacement

Department		Public Works – Water Division
Project Location		Citywide
Priority		O (ongoing or programmatic)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Budget	N/A
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: The water distribution system consists of more than 150 miles of pipe. Many of the older pipes are 50 to 100 years old, undersized and at the end of their design life. Pipes are replaced programmatically as part of water specific capital projects, roadway reconstruction, and prior to annual paving. This item will fund the purchase and installation of pipe, valves and associated materials used to replace those pipes. This project provides funding for large full road reconstruction projects and individual pipe replacement projects.

Description: This CIP item accounts for the on-going need to repair and improve the conditions of our water storage tanks. Currently the Newington Booster Station Tank, Lafayette Road, and Spinney Road Water Storage Tanks are in need of painting, repairs, or replacement. An engineering assessment is ongoing to evaluate options for improving tank performance and minimizing water quality issues. Funds for tank improvement design are also included for planning purposes. After the engineering assessment, construction costs and improvement schedules will be adjusted accordingly.

Project Location		Greenland – Portsmouth DPW
Priority		A (needed within 0 to 3 years)
Impact on Operating Budget		Negligible (<\$5,000 per year)
Operating Budget Impacts	Personnel	N/A
	Budget	N/A
Funding Policies	Percent for Art	Yes
	Green Building	N/A

Description: This project consists of design and construction of a third water transmission main beneath Little Bay to improve the resiliency of the water conveyance system from our supply sources located in Madbury. The existing transmission mains are over 66 years old and preliminary investigations identified areas of degraded conditions. Phase I of this project has resulted in the installation of operational valves on the existing mains and taps with extended pipes to prepare for the new pipe across the bay. Due to regulatory requirements, modifications in the design, and increasing construction costs, the need for these additional funds is anticipated to complete the project.

EF-23-SD-86: Wastewater Reuse at Pease Wastewater Treatment Facility

Department		Public Works – Sewer Division
Project Location		Pease Wastewater Treatment Facility (WWTF) (Corporate Drive)
Priority		C (needed within 7 to 10 years)
Impact on Operating Budget		Negligible (<\$5,001)
Operating Budget Impacts	Personnel	N/A
	Budget	General Maintenance
Funding Policies	Percent for Art	N/A
	Green Building	N/A

Description: Reuse of wastewater is a sustainable and resilient initiative that can assist in reducing the impact of non-potable water demands on the drinking water system. Wastewater reuse requires additional levels of treatment and construction of a distribution system to carry the reuse water to the user. There are many applications for reuse water including, but not limited to, irrigation and water for cooling towers. Prior year's funds are being used to update the City's Water Reuse Feasibility Study and it will be used to inform future CIP costs and timing. The City is leaving the CIP item as a place holder for future reuse work.

Evaluation Criteria		
CORE FUNCTION	Responds to Federal or State Requirement	
	Addresses a Public Health or Safety Need	
	Alleviates Substandard Conditions or Deficiencies

	Provides Incentive for Economic Development	Y
	Responds to a Citywide Goal or Submitted Resident Request	

Description: The City is moving forward with a sewer separation project on Fleet Street. It is required through the City's [Long Term Control Plan](#) and [Supplemental Compliance Plan](#). The project includes water, sewer, drainage upgrades along with full streetscape rework and other pedestrian enhancements. Funding for this work will come from the Water and Sewer Enterprise Funds and the General Fund.

Given the scope of this project, it will need to be completed in phases. Phase 1, a new drain line from the [North Mill Pond](#), was addressed with FY24 Funding. Phase 2 will be the [Vaughan Mall](#) and upper [Congress Street](#) area. Phase 3 will be [Fleet Street](#) from [Hanover Street](#) to [Court Street](#) as well as a potential expansion of the project limits as determined during the design.

Market Square Upgrade project (TSM-15-PW-61) will be coordinated with this project.

Description: The City owns and maintains storm drains, catch basins and outfalls. Many of these structures are failing and need upgrades. The drainage system is repaired and upgraded as part of specific capital projects, roadway reconstruction and prior to annual paving. In addition to pipe work, the existing stormwater ponds and swales need to be maintained.

Funding for this work will come from the Sewer Enterprise Fund and the General Fund.

Notes of Changes in Funding Plan from FY25-30 CIP:

Increased FY26 annual funding for failing drainage.

CITY OF PORTSMOUTH PROPOSED SCHEDULE OF FEES FISCAL YEAR 2026

This page is intentionally blank.

The City of Portsmouth Fee Schedule is governed by City Ordinance Chapter 1 Article XVI: Adoption of Fees by Budget Resolution. This ordinance was adopted for the purpose of creating a more efficient system for the City to adopt and adjust municipal fees.

To the extent permitted by law and notwithstanding any ordinance previously adopted to the contrary, all municipal fees, whether established by ordinance or otherwise shall be adopted and may be amended by resolution during the annual budget adoption process.

Any municipal fee which is not in the final resolution adopted during the annual budget process, or any municipal fee which is determined to require a process other than adoption by annual budget resolution, shall remain at the level at which it was last validly adopted by the City.

Fee revenue in the General Fund raises approximately 2% of total General Fund Revenue.

The following are the FY 2026 Departments with recommended fee changes:

Department	Page
Planning & Sustainability	13, 15
Public Works	31, 32, 33
Recreation	35, 36, 38
Health	41
Parking/Transportation	43, 44, 45
Water/Sewer	47, 48, 49, 51
Prescott Park	60

Statistics On Local Fees Governed
by the Fee Committee and Local Ordinance:
Chapter 1, Article XVI.

GENERAL FUND

FY 2025 Budget	\$144,861,347
Fees as a percentage of total General Fund Revenues:	2%

Reinspection fees (residential and commercial)				
If, upon being called for any inspection, the work is not in compliance with this Code, verbal notice will be given as to the deficiencies and such deficiencies shall be noted on the code official's report. The permit holder shall be responsible for correcting the item(s) and for notifying the code official to reinspect said deficiencies. If when called to reinspect these deficiencies, all is correct, no further action will be taken. However, if during the first reinspection, the work in question has not been corrected, there will be a \$100.00 reinspection fee assessed, which must be paid at the Inspection Office before a third inspection will be made. For each subsequent reinspection of the same deficiency or deficiencies, a like procedure and fee shall be assessed.

Glossary of Terms

- A -

Abatement – An official reduction or elimination of one's assessed valuation after completion of the original assessed value.

Accrual Accounting – A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they are incurred.

Ad Valorem – A tax levied in proportion to the value of the property being taxed.

Agency Funds – One of four types of fiduciary funds. Agency funds are used to report resources held by the reporting government in a purely custodial capacity (assets = liability). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Amortization – The paying off of debt by regular payments of principal and interest sufficient to retire the debt by maturity.

Annual Comprehensive Financial Report (ACFR) – A comprehensive set of financial reports produced by the local government to comply with the reporting rules set by the Government Accounting Standards Board (GASB). The ACFR features three sections: introductory, financial, and statistical.

Appropriation – An authorization granted by a legislative body to make expenditures and incur obligations for specific purposes. Appropriations are usually limited in amount and to the time during which they may be expended.

Assessed Value – The fair market value placed upon real and personal property by the City as the basis for levying property taxes.

- B -

Balanced Budget – A budget in which estimated revenues equals planned expenditures.

Bargaining Units – A group of employees which, by reason of the similarity of their jobs, form a unit appropriate for bargaining with management on questions of wages, benefits and working conditions.

Basis of Accounting – The timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes.

Bond – A written promise to pay a designated sum of money (the principal) on a specific date at a specified interest rate. Bonds are generally utilized to raise monies for long-term financing for major capital projects. Payments for bonds are shown as debt service.

Bond Ratings – A rating of quality given on any bond offering as determined by an independent agency in the business of rating such offerings.

Budget – A plan of financial operation containing an estimate of proposed expenditures for a single fiscal year (July 1 through June 30) and the proposed means of financing them.

Budget Calendar – The schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

Budget Document – The instrument used by the budget-making authority to present a comprehensive financial plan of operations to the City Council.

- C -

Capacity Improvement Multiplier (CIM) – Calculation taking the current net book value of assets of the total system (Water system or Sewer system) divided by the sustainable system capacity in equivalent dwelling unit (the amount of water used by a typical single residence).

Capital Expenditure – Costs associated with acquiring, upgrading, and maintaining physical assets such as property, land, plants, buildings, technology, or equipment.

Capital Improvement Plan (CIP) – A six-year plan of proposed capital expenditures for long-term improvements to the City's facilities including, water, sewer, parking facilities etc.; identifies each project and source of funding.

Committed Fund Balance – Amounts constrained to specific purpose by a government itself, using its highest level of decision-making authority.

Community Development Block Grant (CDBG) – An annual Federal grant received from the Department of Housing and Urban Development. It is primarily used for housing rehabilitation and other grant eligible activities.

Compensated Absences – An accrued employee's right to receive compensation for future absences attributable to service already rendered (i.e.: vacation and sick leave).

Consumer Price Index (CPI) – A measure, calculated by the United States Department of Labor, commonly used to indicate the rate of inflation.

Contingency – A budgetary reserve set aside for emergencies or unforeseen expenditures for which no other budget exists. General Fund use of the contingency may only be approved by the City Council.

Contractual Obligations – The costs related to obligations performed for the City by individuals, businesses, or utilities.

Cyclical Revaluation – Refers to the revaluation of all taxable and non-taxable properties in a municipality, combining a complete measure and listing of all taxable and nontaxable properties over time and updating an establishment of the new base year, to arrive at full and true value as of April 1.

- D -

Debt Service – The payment of interest and principal to holders of the City's debt instruments.

Designated Fund Balance – Funds that have been selected and assigned for a specific purpose.

Designated Unreserved Fund Balance – Portion of unreserved fund balance that management would prefer to use available financial resources for a specific purpose.

- E -

Economic Development Commission (EDC) – A commission committed to ensuring the continued economic prosperity and preservation of the qualities that attract and retain businesses in the community.

Enterprise Funds – Account for the financing of services to the general public whereby all or most of the operating expenses involved are recorded in the form of charges to users of such services. The Enterprise Funds consist of the Water Fund and the Sewer Fund.

Equalization Ratio – Indicates the relationship between assessed value and market value. This ratio is determined for each municipality every year by the NH Department of Revenue Administration through a study of the qualified sales that occurred within the municipality during the previous year.

Equalized Value – Assessed value calculated by the state to ensure that property under its jurisdiction is appraised equitably at market value.

Expenditure – Actual outlay of monies for goods or services.

- F -

Fiduciary Funds – A category of funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own program.

Fiscal Year – A twelve-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and result of its operations. The fiscal year for the City of Portsmouth begins July 1 and ends on June 30.

Full Revaluation – Refers to the revaluation of all taxable and nontaxable properties in a municipality, with a complete measure and listing of all taxable and nontaxable properties to occur at the same time of the establishment of the new base year, to arrive at full and true value as of April 1. The term includes "full reappraisal" and "full reassessment." Rev 601.24

Full Statistical Revaluation – Refers to the process of a revaluation of all taxable and nontaxable properties in a municipality, using existing property data, to arrive at full and true value as of April 1. The term includes "statistical update" and "statistical reassessment." Rev 601.25

Fund – An independent fiscal and accounting entity which a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities that are segregated for the purpose of carrying on specific activities.

Fund Balance – The excess of an entity's assets over its liabilities also known as excess revenues over expenditures or net assets. A negative fund balance is sometimes called a deficit.

Fund Balance Policy – Policy to maintain fund balance at a predetermined target level.

- G -

General Obligation Bond – A bond for which the full faith and credit of the City is pledged for payment.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards used by state and local governments for financial accounting, recording and reporting. They govern the form and content of the basic financial statements of an entity; established by the Governmental Accounting Standards Board (GASB).

Goals – Statements of broad direction, purpose, or intent based on the needs of the community. A goal is general and timeless.

Government Finance Officers Association (GFOA) – A private, nonprofit organization which has actively supported the advancement of governmental accounting, auditing and financial reporting since 1906.

Governmental Accounting Standards Board (GASB) – The body that sets accounting standards, specifically for governmental entities at the state and local levels.

Governmental Fund Type – Governmental accounting includes eight types of funds: general, special, debt service, capital, enterprise, internal service, trust, and agency. These types are indicative of accounting procedures to be used and the function of each type.

- I -

Infrastructure – The basic facilities, equipment, services, and installations needed for the growth and functioning of a country, community, or organization.

Internal Control – Comprises organizational and operational methods adopted within a government to safeguard its assets, check the accuracy and reliability of its accounting data, promote efficiencies, and encourage adherence to policies.

- L -

Leave At Termination – Accumulated earned leave owed to employees when they leave municipal service.

Legal Level of Control – The lowest level of budgetary detail at which the government's management or finance officer may reassign resources without approval of the governing body. It is, at a minimum, expenditures for each department for each fund for which the budget is required.

Line-Item – Separate listing of each expenditure category along with the dollar amount budgeted for each.

- M -

Mills – One mill equals 1/1,000 of \$1, or \$1 of tax for every \$1,000 of value.

Mission Statements – Broad, general statements which summarize the aims and values of an organization.

Modification Factor (Mod Factor) – The mod factor is used when determining workers compensation premiums. The mod factor is a value that compares the claim profile of the employer to the claim profile that would be expected of an employer of similar size payroll in the same in the same industry. A value of 1.00 is average, meaning the frequency and severity of actual losses equaled the expected losses. A mod factor greater than 1.00 means the employer experienced worse than expected losses during the rating period, and a mod factor of less than 1.00 indicates the employer's losses were better than expected for the rating period.

Modified Accrual Accounting – A basis of accounting in which revenues are recognized in the accounting period when they become available and measurable, and expenditures are recognized in the accounting period in which the fund liability is incurred.

Municipal Service Agreement – An agreement between the City of Portsmouth, the Town of Newington, and the Pease Development Authority to provide municipal services in the airport district of the Pease Development Authority.

- N -

Net Position – The residual of all other financial statement elements presented in a statement of financial position.

Non-Operating Budget – Expenditures that are not directly attributed to the day-to-day operations of any one particular department: TANS, Debt Services, Contingency, Overlay Interest, County Tax, Capital Outlay.

- O -

Objective – The goal intended to be attained (and believed to be attainable) by the City of Portsmouth.

Operating Budget – Expenditures that are directly attributed to the day-to-day operations of a particular department: Salaries, Benefits, Supplies, Utilities, etc.

Overlay – An appropriation to fund potential tax abatements.

- P -

Partial Update – The process of analyzing market sales throughout the entire municipality to identify and implement needed value changes to the affected areas, or classes of property, to bring those properties to the municipality's general level of assessment utilizing the existing base tax year and providing an addendum to the existing USPAP compliant report.

Pease Development Authority (PDA) – A body politic and corporate of the State of New Hampshire located in Rockingham County, New Hampshire.

Performance Measure – An indicator of the attainment of an objective; it is a specific quantitative measure of work performed or services provided within an activity or program, or it may be a quantitative measure of results obtained through a program or activity.

Proposed Budget – The operating and capital budgets submitted to the City Council by the City Manager.

- R -

Reserve For Debt – Account where retained earnings are set aside to satisfy outstanding debts.

Reserve For Property Appraisal – Account where retained earnings are set aside to cover property appraisals.

Restricted Net Position – One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. It consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability or deferred inflow of resources relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability/deferred inflow of resources or if the liability will be liquidated with the restricted assets reported.

Retained Earnings – The accumulated equity balance in an enterprise or internal service fund resulting from operations over the years. This is the difference between fund assets and fund liabilities.

Revaluation – Refers to the act of re-estimating the worth of real estate of the entire municipality using standard appraisal methods, calibration of the CAMA tables and models, establishment of a new base year with a USPAP compliant report, and providing for statistical testing whether by either a Full Revaluation, Full Statistical Revaluation, Cyclical Revaluation, or Partial Update.

Revenue – The income received by the City in support of a program of services to the community; includes such items as property taxes, fees, user charges, grants, fines, interest income, and miscellaneous revenue.

Revised Statutes Annotated (RSA) – The State of New Hampshire's statutes.

Rolling Stock – The equipment available for use as transportation, such as vehicles owned by the City of Portsmouth.

- S -

Special Revenue Fund – A fund used to account for the proceeds of specific revenues that are legally restricted to expenditure for specific purposes.

Sustainability – Development which meets the needs of the present without compromising the ability of future generations to meet their own needs; refers to the use of ecosystems and their resources in a manner that satisfies current needs while allowing them to persist in the long term.

- T -

Tax Levy – Taxes that are imposed and collected.

Tax Rate – The amount of tax levied for each \$1,000 of assessed value.

Unassigned Fund Balance – A fund balance that has not been selected or assigned to a specific purpose.

Unrestricted Net Position – One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. It is the difference between total net position and its two other components (net investment in capital assets and restricted net position).

Urban Development Action Grant (UDAG) – An economic development initiative established by the US Department of Housing and Urban Development (HUD) in the early 1980's whose goals were to establish public/private partnerships that would stimulate economic development in communities' downtown districts.

User Fees – The payment of a fee for direct receipt of a public service by the person benefiting from the service.

Appendix IV: City Council Requested Budget Exercise

Consideration of a Zero Dollar/Percent Increase for the Fiscal Year 2026 Budget

Request of City Council

At the launch of the annual budget development cycle for the Fiscal Year 2026 (FY26) Proposed Budget, the City Manager and staff presented the City Council with a preliminary glimpse of the cost drivers and projections expected to impact the budget process. After reflecting on that January 15, 2025 introductory presentation, the City Council considered a motion by one of its members at their January 21, 2025 regular meeting to provide budget guidance to the City Manager for the FY26 Proposed Budget.

The Council reviewed recent releases of the Consumer Price Index (CPI) and reports of cost-of-living increases by the Social Security Administration, both as economic indicators and measures of inflation and change in cost-of-living. There was measurable attention paid to the completion in 2024 of a comprehensive property revaluation in the City that had a significant impact on property owners, specifically regarding the notable shift in valuation from commercial to residential properties. That discussion resulted in guidance from the Council directing the City Manager to prepare a FY26 budget with not more than a 2.9% increase over the previous fiscal year's budget.

There was another element of direction that came from the City Council discussion that evening. Included in the Council conversation was the suggestion that a zero percent (effectively zero dollar) change in the proposed budget should be considered. There were comments validating that such an expectation would not provide funding for collectively bargained labor cost items nor contractual increases without reductions in services and/or staffing levels. Ultimately the City Council opted for the guidance noted above, but that guidance was coupled with a clear request from the Council that the City Manager and staff provide insight into the impacts, options, and challenges that the City would face in adopting a zero percent budget change year over year.

This Appendix is provided as a budget exercise requested as part of this budget development cycle. Specifically, this effort is intended to inform stakeholders about the varied impacts to programs, services, and staffing that would need to be considered in the pursuit of a year over year zero percent (0%) budget change.

By The Numbers

Maintaining the FY26 budget at the FY25 level of \$144,861,347 would result in a shortfall of \$5,033,593 as compared to the Proposed FY26 Budget. This reduction would require careful examination of City operations and services to identify areas for cost-saving measures or reprioritization.

Budget Comparison:

- Fiscal Year 2025 Adopted Budget: \$144,861,347
- Fiscal Year 2026 Proposed Budget: \$149,894,940
- **Proposed Change:** \$ 5,033,593

This exercise must focus on City spending including:

1. **Personnel Costs:**

Human capital costs account for nearly 70% of the annual City budget. Maintaining current staffing levels or salary adjustments will be challenging. One of the largest investments residents make is in us, the people who drive this organization and deliver City services. This could have an impact on recruitment, retention, and employee satisfaction.

2. **City Services:**

Reduced funding will certainly require scaling back certain services, programs, or community initiatives to align with the adjusted budget.

3. **Capital Projects:**

Scheduled infrastructure improvements or maintenance projects could face delays or reductions.

4. **Long-Term Planning:**

Efforts to invest in the City's future, such as sustainability initiatives or economic development programs, might be hindered. Additionally, the ability to allocate funds annually for unforeseen expenses or emergencies could be constrained.

Reducing Budget versus Reducing Taxes

It is important to appreciate that in some cases, the choice of word or language can make a big difference. Very often in relation to the annual budget process, comments are offered about the change in budget. In this exercise, the City Council expressed interest in the consequences of restricting the change in the budget to zero percent (or zero dollar). It is the reference to the budget that specifically addresses the appropriation for spending; the adopted budget is the approved plan for expenditures. The total amount to be spent according to the budget is only one element of the calculation that leads to tax impact.

Change in the tax rate is driven by three intersecting elements: 1) the approved budget for spending; 2) the estimated offsetting revenues to be generated; and 3) the property tax base across which the tax burden is levied. This clarification is offered to point out that in a given year, even with a zero budget change, if the level of estimated revenues decreases or if the property base valuation decreases, the resulting tax rate may still rise. So, although a zero change in budget is a reasonable place to start, it may not unilaterally deliver a zero change in the municipal tax rate.

Consider these potential actions that would not actually help reduce budget change to zero but could contribute to limiting the growth of the tax rate.

- **Raising existing fees or introducing new fees:**
 - Fees, whether for permit or license, generate revenue. That revenue pays for a portion of the budgeted spending. The more revenue anticipated, the less money needs to be raised through property taxes.
 - Note that expenditures underlying the permit or license still need to be paid, such as payroll or supplies, so the budget needs to remain. The higher revenue may reduce the amount of taxes to be raised, however there is no budget reduction to help reach zero budget change.
- **Introducing pay-for-participation programs:**
 - Suggestions such as pay-per-bag solid waste disposal or pay-for-play athletic programs may be contemplated during budget deliberations.
 - As in the first example, these programs would generate new revenues, but the underlying work of waste collection or athletic coaching and supplies would still need to be budgeted and expended. While the higher revenues may certainly help reduce the amount of taxes to be raised, this suggestion would not help to achieve zero budget change.

What Would This Mean?

If the City of Portsmouth were directed to operate in FY26 with a zero-dollar increase from the previous year's budget, this would likely require significant reductions or revisions to various programs, services, and priorities. Aiming always to minimize the impact on residents and overall quality of life in the City and seeking to control costs while maintaining essential services, here are some areas that would most likely be impacted:

1. Salaries and Staffing:

- To balance a zero-dollar increase budget, the City would need to freeze or reduce cost-of-living adjustments to salaries and wages for employees to the extent allowable under contractual commitments. In some cases, staff positions could be left unfilled or eliminated through attrition to avoid layoffs.
- Staffing costs represent nearly 70% of the annual General Fund budget, which reinforces how the services provided by the City are significantly people-focused. An effort to make measurable budget reductions would quite certainly necessitate some adjustments to staffing levels somewhere within the departments of the City.
- Employee benefits, including health insurance and training programs, could also face reductions or adjustments to align with budget limitations.

2. Recreation and Cultural Programs:

- Funding for recreation programs (youth sports leagues, summer camps, afterschool activities, etc.) and cultural programs (art exhibits, concerts, public events) could be reduced. The City may opt to limit the scope or frequency of these offerings, charge higher fees, or consider other alternatives.
- Local programs that rely on discretionary funding could face cuts, potentially leading to fewer public events or less community engagement.

3. Social Services and Human Services:

- Certain non-essential social services or discretionary programs could face cuts, such as services for seniors, mental health programs, or outreach initiatives.
- The City could reduce or eliminate funding for Outside Social Services including nonprofits or community organizations that provide services like housing assistance, food programs, or youth outreach.

4. Library and Educational Programs:

- The public library system or educational programs offered by the City could experience cuts to their operating budgets. This could lead to reduced hours of operation, fewer programs for children or adults, and staff reductions.

5. Health and Environmental Initiatives:

- City programs focused on environmental sustainability, public health, and climate action could be scaled back. For example, green energy initiatives, waste reduction programs, or local environmental outreach efforts might be put on hold.

6. Economic Development Initiatives:

- Funding for economic development programs that promote tourism, business development, or other local economic interests could be reduced or eliminated. This might impact efforts to attract new businesses or support existing ones, especially in the wake of economic challenges.

7. Capital Improvement Projects:

- Capital expenditures (such as infrastructure improvements, road repairs, and building maintenance) are often among the first areas targeted for cuts in a zero-increase budget. This could mean delaying or scaling back major projects such as building renovations, road paving, sidewalk improvements, or upgrades to parks, playgrounds, and recreational facilities.
- Postponing or scaling down large capital projects could also include delaying the replacement of aging City vehicles, equipment, or technology.

8. Public Education:

- This is certainly difficult to contemplate, but even within the public schools there would need to be a review of programming choices, evaluation of optional services, and consideration of staffing levels as part of this exercise.

9. Public Safety Services:

- Fire, police, and emergency medical services (EMS) could face pressure to operate within current funding levels, which could lead to reduced staffing levels, limited overtime, or scaling back certain programs.
- Non-essential services within public safety, including community outreach programs or preventative safety programs, could be reduced or eliminated.

- There could also be a reduction in funding for Police and Fire Department training or equipment upgrades, though basic staffing and response times would likely remain prioritized.

10. Public Works and Maintenance:

- Routine City maintenance, such as street cleaning, snow removal, or park maintenance, could be scaled back. For example, fewer staff members could be assigned to non-essential tasks, or the frequency of certain services could be reduced.
- Non-essential public works projects, such as beautification or enhancements to public spaces, could be delayed or canceled.

In general, achieving a zero-dollar increase would require balancing cuts across multiple departments, with a focus on reducing non-essential services while maintaining core City functions. The City would likely prioritize maintaining public safety, health, and essential infrastructure, while scaling back or postponing programs and services that are less critical or more discretionary.
