

Maximize Your Plan Benefits! Find a Site of Service Radiology Center

Choosing Site of Service network providers for your care is a very important part of maximizing your Site of Service plan benefits. Your Site of Service plan gives you access to top radiology services when you need an X-ray, Ultrasound, MRI or CT scan. If you use a preferred, cost-effective radiology center, you will have a lower copay, or even no copay.

To find a Site of Service radiology center, follow these 4 Steps:

- 1. Visit the Anthem website.**
 - If you have an account on HealthTrust’s Secure Enrollee Portal (SEP), [log in](#) to your account and click the Anthem button on the SEP home page, then on the Anthem website, click “Find Care & Cost.”
 - If you do not have an SEP account, visit [anthem.com/find-care](https://www.anthem.com/find-care) and in the search field under “Use Member ID for Basic Search,” enter the alpha prefix – BPP – then click “Continue” to be directed to Anthem’s “Find Care” page.
- 2. On the “Find Care” page, enter your ZIP code and click the Imaging box.**
- 3. You will then see a list of radiology providers in your area.** Click on All Filters, then select Recognitions. Next, click on the type of imaging you would like to search for Site of Service Radiology providers.

Imaging (MRI or X-ray)

- 4. Please contact the provider directly** to confirm the services you need are Site of Service for the location. For example, you may see a radiology center listed that is Site of Service for X-rays but not for MRIs.

SAVE MONEY!

Choose Site of Service Providers!
